The Post Star

GUESTS

Steve Craig
New York State Police

Steve Mitchell
New York State Police

The meeting was called to order at 9:37 a.m.

Due to time constrictions we were unable to coordinate the course "An Overview of the Incident Command System".

We have started to update all the town emergency plans. We have done Queensbury's and the City of Glens Falls, both of which are quite extensive. Don Coalts is reviewing the City's and we are still waiting to hear from him. John Ellingsworth of the Glens Falls Fire Department said he would follow up on it as he also has some changes in their plan.

We have updated all the Red Cross School Shelter Agreements for the Adirondack Chapter.

We have begun receiving Energy and Transportation News. The front page announces that all LEPC Chairs have been added to their mailing list. This non-profit organization is interested in the safe transport of hazardous materials.

We have just received notification of the legally mandated activities for the LEPCs. Some of the things are select a chairman, establish by-laws, publish notices of meetings and activities, plan exercises, etc. Dave Capron offered to contact other LEPCs which he attends and get copies of their by-laws to use as a guideline.

There followed a short discussion of transportation routes, haz-mat teams, spills, and other haz mat concerns.

John Ellingsworth introduced Joe Shiel of Continental Insurance the newest member of our Committee.

Our next meeting will be September 13, 1994 at 9:30 a.m.

The meeting was adjourned at 10:02 a.m.
