

1. Amy reported the Tier 2 Report added eight (8) new chemicals and removed five (5) old ones
2. All but one or two reporters are now using the EPlan Reporting System.
3. Warren County was selected to participate, two weeks ago, in an all-day EPA Pilot Project concerning the Texas ammonium nitrate incident.
4. OES received a checklist from the State of various items they wanted to know were in the HazMat Plan. Two-thirds were covered and six did not apply. The remaining items will be addressed in the next Plan revision. Amy hopes to have a draft ready prior to the next EPR committee meeting.
5. Local Emergency Planning Committee (LEPC) By-laws:
 - ✓ Amy reported the LEPC and the Emergency Response and Preparedness (EPR) Committee were combined a few years ago. By-laws were revised at that time.
 - ✓ The most recent proposed By-laws revisions were emailed out to the committee prior to today's meeting for review/comment.
 - ✓ Amy reviewed the proposed revisions.
 - ✓ She will finalize the By-laws; and they will be sent out with the minutes.
 - ✓ The By-laws will be approved at the next EPR Committee meeting in July.
