

## HEALTH SERVICES COMMITTEE

Warren County Health Services is governed by the Board of Supervisors who are the legislative body for the county. These individuals constitute the Board of Health according to Chapter 55 of the New York State Public Health Law. The board is responsible for the management, operation, and evaluation of the Health Services Agency.

The Board of Supervisors is charged to perform the following overall functions:

- To appoint a Director of Public Health and Early Intervention Official to provide day to day management of the programs
- To provide for the proper control of all assets and funds and to adopt the agency's budget and annual audits
- To enter into contracts with individuals and/or facilities to allow for services or reimbursement mechanisms as needed
- To ensure compliance with all applicable federal, state, and local statutes, rules, and regulations

A subcommittee of the full Warren County Board of Supervisors constitutes the Health Services Committee and advises the full Board of Supervisors regarding Health Services concerns. We appreciate the services of the following county supervisors:
