CALL 761-6425 FOR MORE INFORMATION

Vaccines for children will be available at all immunization clinics. VFA (Vaccine For Adults) is also available for adults 19 and older with no insurance. Please bring your immunization records. If you do not have insurance a flat fee of \$17.85 is requested, however, no one is turned away due to an inability to pay. We follow the CDC and ACIP guidelines for immunizations. For more information go to www.cdc.gov/vaccines. Please call 761-6580 with any questions or to make an appointment for Monday or Friday at the Public Health office.
