Warren County Public Health Looking for Participants

Mass Antibiotic Dispensing Exercise

Have you ever wondered what would happen if an old disease like Smallpox or a new disease not yet known were to start showing up in our hospitals, businesses, homes or schools?

Would you know where to get more information? If medications were available would you know where to go or how to access them? How would such a large undertaking happen?

Well, Warren County Public Health along with other local health departments throughout New York State has been planning for such an event for years. Now it is time to put the Medical Counter Measures Plan (MCM Plan) into practice.

Warren County Public Health will be conducting a full-scale Mass Antibiotic Dispensing Exercise (MCM Exercise) on March 12th, 2015. The MCM Exercise will test many facets of the MCM Plan including site activation, security, computer systems, simulated medication dispensing and more.

To simulate real life events Warren County Public Health is looking for 500 people to be a part of this exercise. Bring your family, bring your community group or feel free to bring yourself. Everyone is welcome. Groups of 10 or more will be entered into a raffle for an ice-cream social. The MCM Exercise will happen on March 12th, 2015 from 4:00pm - 6:00pm at the Queensbury Community Center. So please mark your calendars and Save the Date.

For more information please contact Dan Durkee at 761-6580 or email durkee@warrencountyny.gov.

It’s Medicare Open Enrollment!

Do You Need Help Understanding your Options?

Counseling Appointments with Linda Miller

~Wednesdays this Fall~

Linda will be at the Office for the Aging during Open Enrollment to offer you one-on-one help with Medicare and Part D.

~

Please call (518) 761-6347 for an appointment.
As Linda Miller, HIICP counselor and guest columnist pointed out last month, Medicare Part D Open Enrollment has again arrived. The enrollment period runs from October 15th through December 7th this year. This is the time to call the Warren/Hamilton Counties Office for the Aging HIICAP program at (518) 761-6347 for assistance in selecting the drug plan that is right for you. What questions should you ask to help you make your selection of a drug plan? Recently the National Council on Aging (NCOA) has stated that everyone needs to consider the four “C” questions, cost, coverage, convenience/access and customer service when choosing your plan. Let’s briefly look at each of these four areas.

Cost. Cost should not be the only factor in making your decision, but it probably ranks first in the minds of most consumers. It is important to remember that the plan with the lowest premium may not be the best plan for you. Let’s look at a few cost related questions:

What is the annual cost of the plan(s) being considered?
How much are the monthly premiums and have they gone up for 2015?
What are the extra costs of the plan, such as co-pays, co-insurance and deductibles? Have these changed for 2015?
Did you enter the coverage gap, or donut hole, this year? If so, is there a plan with better coverage for the drugs you take? Depending on your income, have you looked into the low-income subsidy (LIS)/Extra Help that will reduce your costs? Counselors will help you answer all of these questions.

Coverage. In second place, and close behind cost, is coverage. Do the plans you are considering cover all the drugs you believe you will need to take in 2015? When you call or go in person to a counseling session make sure you have a list of all the drugs you have been prescribed by your physicians. The information should include strength, dosage and how they are administered. Here are a few coverage related questions:

If you received a formulary exception from your 2014 plan, for example to cover a drug that was not a regular part of the formulary, has the formulary been changed to cover that medication in 2015? If not, you may need to look for a new plan that covers that particular drug.

Do you want to have your health care and prescription drugs covered by one single plan? If so, you will need to review the Medicare Advantage Plan options with your counselor. Ask your counselor to check on the rating of the plan. The five star rating is the highest awarded by Medicare but there are few such plans available in New York State.

Convenience/access. A third thing to consider is convenience/access. Do the plans you are interested in restrict access to the medications you are taking or may need to take? Here some additional questions:

Can you use your plan at a preferred price at the pharmacy you normally use?
Are you interested in obtaining your drugs through the mail? If so, does the drug plan you are interested in offer mail order delivery? If they offer this service, how do the mail order prices compare with those at your current pharmacy?
If you travel often or spend several months away from New York (winter in Florida for example), will your plan work while you are away from home?

Customer Service. For most consumers this is not the highest priority area but, if you are having trouble deciding between two plans that appear to be equal, customer service might be used as the deciding factor.

How easy is it to contact the plan and get quick and correct answers to your questions?
Does the plan send you refill reminders (if you want them)?

The Warren/Counties HIICAP program is now scheduling appointments for county residents to meet with certified counselors. Sessions will continue through December 7th. The number to call is (518) 761-6347. There are never any charges for this service.

A Glimpse at Medicare Costs and Plans for 2015 & a Reminder: Medicare Open Enrollment Extends from October 15th to December 7th

By Linda Miller

Last month’s article about **Open Enrollment and Making the Most of Your 2015 Medicare Benefits** noted that by this month we’d have new cost information. We recently found out some good news: the Part B monthly premium, which most individuals have deducted from their Social Security benefits, will stay the same for 2015. The Part B annual deductible also does not increase.

Summary charts for Medicare Part B, Part D Prescription Drug Plans and Medicare Advantage Plans follow:

**Features of Medicare Advantage Plans for 2015**

For 2015, there will be a total of **27 Medicare Advantage plan options in Warren County**. In **Hamilton County**, **20 Medicare Advantage plan options** will be available. These plans combine health (Part A & B) and Part D prescription coverage within a network of providers for one premium. The **monthly premiums** in both counties will range from **$0 to $276.50**. The **annual out-of-pocket maximum** for any Medicare Advantage plan next year will be **$6,700**; many plans offer lower out-of-pocket maximums.

Comparisons of plans can be made at the Medicare.gov website or by calling 1-800-Medicare (1-800-633-4227). The 2015 **Medicare and You Handbook** also has charts outlining plan information. If you need help, please call the Office for the Aging at 761-6347 for an appointment to meet with a HIICAP counselor.

November is: American Diabetes Month

American Diabetes Month®
In 2014, the Association will focus on teaching and inspiring the public to cook healthier by providing practical, hands-on tips for preparing “good-for-you dishes” that taste great.

They’ll be sharing relevant information such as healthy cooking tips, diabetes and nutrition facts, and recipe ideas, via their “America Gets Cooking to Stop Diabetes” web page

Overall Messages

1. Get Moving Mondays - After the weekend; people are not as excited about getting up and going on a Monday. We will provide some easy tips each Monday to help you get moving and keep up an active lifestyle all week long.

2. Tasty Tip Tuesdays - Many people are afraid of losing the taste when they make a recipe healthier. Every Tuesday we will take a traditional recipe and teach people how to substitute certain ingredients for healthier options without losing the taste.

3. What’s Cooking Wednesdays - With Thanksgiving kicking-off the holiday season, keeping yourself on track and eating healthy is very important. Each Wednesday, the public will vote on recipes that represent a healthy side dish, appetizer and/or dessert that they would like to see for a holiday meal. At the end of the month, we will unveil those winning dishes.

4. Get Together Thursdays or Any Day! - Encouraging people to get together with their friends and family and implement healthy cooking activities into their daily lives. Each Thursday we will highlight a suggested activity which can happen any day of the week.

5. Fact Check Friday - We want to challenge the public’s knowledge about nutrition and diabetes, so each Friday we will post a question to test what they know and encourage them to share it with their friends, family and/or co-workers.

6. Weekend Challenge to Stop Diabetes - Why not take the weekend and use it as an opportunity to get active and help raise funds to Stop Diabetes? We will provide fun fundraising activities for people to engage in and use their 48 hours to participate, or if they are too busy then do the 48 hours to donate!

Pepper Steak

Prep Time: 15 minutes  Total Time: 25 minutes  Serves: 4

Ingredients
2 garlic cloves
1 pound beef sirloin steak, raw
3/4 teaspoon black pepper
1/4 teaspoon salt
3 teaspoons balsamic vinegar
1 teaspoon olive oil, extra virgin
1 bell pepper, red, medium
1 bell pepper, green, medium
1 bell pepper, yellow, whole
1 onion, yellow
1 tomato, medium
2 teaspoons parsley, dried

Preparation:
