www.warrencountyny.gov/ofa/newsletters.php

Or contact the office at 761-6347 to be added to our email list.

We will be having entertainment, games and prizes this year.
Save this Date! Join us 10am-12 on Tuesday, September 12

Please join us for NY Connects Washington, Warren, and Hamilton Counties Long Term Care Council’s Brunch Meeting at The Glen at Hiland Meadows. Our meeting is open to anyone interested in making a difference in our communities.

For more information or to reserve your space, contact Kathy McLaughlin, LTCC Secretary at 1-866-805-3931 or mclaughlink@warrencountyny.gov. Reservations are necessary and due by September 6.

Congratulations to our newly elected NY Connects LTCC positions:
Secretary: Kathy McLaughlin, NY Connects, Warren-Hamilton Counties OFA
Co-Chair: Cynthia Mitchell, Interim Health Care Chair: Jocelyn Blanchard, SAIL

Kim Comisky with the Caregiver Support Initiative and Susan Dornan with NY Connects will be at the Bolton Senior Citizen Nutrition Site Thursday, August 24 from 11:30am-12:30 Providing an overview of long term care services & supports available.
No RSVP necessary and hope to see you there!

Plan now for your long term care needs. Call NY Connects @ 1-866-805-3931.
For information about other counties, call State NY Connects # at 1-800-342-9871.
Looking for a fun, flexible, “fill-in” kind of job?

SUBSTITUTES NEEDED

The following meal sites are currently looking to hire substitutes to fill-in when needed. Help us out during someone’s vacation or a sick day.

Help us serve the community around you.

Bolton Landing, Cedars, Queensbury, Chestertown, Johnsburg, Warrensburg Wells

Contact: Office for the Aging, 761-6347

How it Works: Consumer Directed Personal Assistance Program (CDPAP)

Person has Community Medicaid level insurance.
Person has a chronic illness or physical disability.
Person has a medical need for help with activities of daily living or skilled nursing services.
Person must be able and willing to make informed choices and assume full responsibility for hiring, training, supervising, and if necessary, terminating the employment of person providing services. Person must arrange for back-up coverage when necessary and also keep payroll records.
Person’s doctor must send completed Physician’s Order for Services to county local social services.
The County assesses whether person can participate and recommends the amount, frequency and duration of services. If in Mainstream Managed Care, please contact your plan for the assessment.

Call NY Connects at 1-866-805-3931 for more information

Some information about Activities of Daily Living (ADL’s)

Eating—Does person have ability to prepare meals and feed self? Does person require a special diet?
Mobility—Does a person need assistance? Does person uses devices? (cane, walker, wheelchair) Can person transfer self from one area to another without assistance?
Toileting—Does person have catheter/colostomy needs? Is there incontinence?
Medications—Can person administer their own medications?
Safety—Is person able to ask for help in an emergency situation? (Telephone someone, use Med-Alert)

Thank you!!

To Rae Skinner who painted our contribution box at the Cedars location.
She is quite talented and did a wonderful job!!!

Happy Birthday to our Volunteers celebrating in AUGUST!

Warren-Hamilton Counties Advisory Council

October 25th—Chestertown Meal Site
6507 State Route 9, Chestertown

We would love to have you join us for the Warren/Hamilton Counties Advisory Council meetings.

For Long Term Care Services & Supports call NY Connects at Warren-Hamilton Counties Office for the Aging at 1-866-805-3931.
A care partner must accompany guests who require personal care assistance.

This program is supported by The Queensbury Senior Center and grants from the Goldberg Foundation, New York State Department of Health and The Alzheimer’s Disease Caregiver Support Initiative.

For more information contact Kym at (518) 867-4999 ext. 215 or at khance@alz.org

Take the Time to Verify Your Ride!!
When arranging for transportation through a taxi company, uber driver, or other services, we want to make sure you are safe. Verify that the driver is there to pick you up, confirm that they are who they say they are, and that they know where you are going. If you feel unsafe, do not get in the car.

518 761-8224 • 742 Bay Road • Queensbury, NY 12845
The Queensbury Senior Center is located at the Queensbury Town Complex on the corner of Bay and Haviland.

Ongoing activities at a glance:

Transportation to center available - 24 hours notice

How to Spot and Treat Health Problems Caused by Heat

It’s important to recognize when hot weather is making you sick, and when to get help. Here’s a list of health problems caused by too much heat:

**Dehydration**

**WHAT IT IS:** A loss of water in your body. It can be serious if not treated.

**WARNING SIGNS:** Weakness, headache, muscle cramps, dizziness, confusion, and passing out.

**WHAT TO DO:** Call your healthcare provider or 911. Meanwhile, drink plenty of water and, if possible, "sports drinks" such as Gatorade™, which contain important salts called "electrolytes." Among other things, electrolytes play a key role in regulating your heartbeat. Your body loses electrolytes when you're sweating.

**WHAT TO DO:**
- **In an emergency:** Call 911. Meanwhile, drink plenty of water and, if possible, "sports drinks" such as Gatorade™, which contain important salts called "electrolytes." Among other things, electrolytes play a key role in regulating your heartbeat. Your body loses electrolytes when you're sweating.

**WARNING SIGNS:** A body temperature of 103 or higher; red, hot, and dry skin; a fast pulse; headache; dizziness; nausea or vomiting; confusion; and passing out.

**WHAT TO DO:** Call 911 immediately. Move to a cool, shady place, take off or loosen heavy clothes. If possible, douse yourself with cool water or put cloths soaked with cool water on your wrists, ankles, armpits, and neck to lower your temperature. Try and see if you can safely swallow water or sports drinks.

**Heat exhaustion**

**WHAT IT IS:** A serious health problem caused by too much heat and dehydration. If not treated, it may lead to heat stroke (see above).

**WARNING SIGNS:** Heavy sweating or no sweating, muscle cramps, tiredness, weakness, paleness, hot or clammy skin, dizziness, headache, nausea or vomiting, fast and weak pulse, fainting.

**WHAT TO DO:** Without delay, move to a cool, shady place, and drink plenty of cool fluids, such as water or Gatorade. Call 911 without delay if you have high blood pressure or heart problems, or if you don’t feel better quickly after moving to the shade and drinking liquids.

**Heat syncope**

**WHAT IT IS:** Fainting caused by high temperatures.

**WARNING SIGNS:** Dizziness or fainting.

**WHAT TO DO:** Lie down and put your feet up, and drink plenty of water and other cool fluids.

**DISCLAIMER:** This information is not intended to diagnose health problems or to take the place of medical advice or care you receive from your physician or other healthcare provider. Always consult your healthcare provider about your medications, symptoms, and health problems.
Summer Health Tips for Seniors to Beat the Heat

The summertime is a time of fun and relaxation for most people. But as we age, we should be more aware of the potential health risks that are uniquely associated with both our age and the changing seasons.

**Summer Health Tips for Seniors**

1. **Drink plenty of liquids.** Drink eight or more 8-ounce glasses per day of water and/or fruit juices every day to stay hydrated.

2. **Avoid caffeinated and alcoholic beverages.** Alcohol, soda, coffee and even tea can leave you dehydrated quickly. If at all possible, try to reduce the amount of these beverages, especially during hot weather. Plain or flavored water is a good substitute.

3. **Dress appropriately.** Wear loose-fitting clothes in natural fabrics like cotton. Dress in light colors that will reflect the sun and heat instead of darker colors that will attract them.

4. **Sunblock.** When outdoors, protect your skin from damage by wearing hats, sunglasses and a sunscreen of SPF 30 or higher.

5. **Stay indoors during extreme heat.** In extreme heat and high humidity, evaporation is slowed and the body must work extra hard to maintain a normal temperature.

6. **Air conditioning.** If you do not have air conditioning in your home, go somewhere that does. A movie theater, the mall or a friend or relative’s home or a community senior center are all good options.

7. **Take a cool shower or bath.** If you are absolutely unable to leave the house and do not have air conditioning, take a cool bath or shower to lower your body temperature on extremely hot days.

8. **Keep your home cool.** Temperatures inside the home should not exceed 85 degrees Fahrenheit for prolonged periods of time.

9. **Signs of heat stroke.** Know the signs of heat stroke (e.g. flushed face, high body temperature, headache, nausea, rapid pulse, dizziness and confusion) and take immediate action if you feel them coming on.

10. **Be Good to Your Eyes - To protect your vision at work and at play, wear protective eyewear.** When outdoors, wear sunglasses that block at least 99% of ultraviolet A and B rays. Sunglasses can help prevent cataracts, as well as wrinkles around the eyes.

**Exercise Smart**

If you enjoy outdoor activities such as walking or gardening, make sure to wear the proper clothing and protective gear. It is also important to keep track of time. Do not stay out for long periods and make sure to drink even more water than usual when exercising. Also consider getting outdoor exercise earlier in the morning or later in the evening when the sun is not at its peak.

**Give Your Diet a Berry Boost**

If you do one thing this summer to improve your diet, have a cup of mixed fresh berries -- blackberries, blueberries, or strawberries -- every day. They’ll help you load up on antioxidants, which may help prevent damage to tissues and reduce the risks of age-related illnesses. Blueberries and blackberries are especially antioxidant-rich.

---

**Spinach & Tortellini Salad**

9 oz pk Cheese Filled Tortellini
10 oz pk Chopped Spinach (thawed & drained)
1/3 cup Parmesan Cheese (Grated)

DIRECTIONS:
1) In a large pot of salted boiling water, cook pasta until al dente, rinse under cold water and drain. 2) In a large bowl, combine the tortellini, spinach, cheese, tomatoes and olives. Add enough salad dressing to coat. Toss and season with salt and pepper.

**Summer Vegetable Ratatouille**

- 2 Onions, Sliced into thin rings
- 3 Garlic Cloves, minced
- 1 Medium Eggplant, cubed
- 2 Zucchinis, cubed
- 1/2 cup Olive Oil
- 15 minutes. Stir occasionally.

DIRECTIONS:
1) Heat 1 1/2 tablespoon of the oil in a large pot over medium-low heat. Add the onions and garlic and cook until soft. 2) In a large skillet, heat 1 1/2 tablespoon of olive oil and sauté the zucchini in batches until slightly browned on all sides. Remove the zucchini and place in the pot with the onions and garlic. 3) Sauté all the remaining vegetables one batch at a time, adding 1 1/2 tablespoon olive oil to the skillet each time you add a new set of vegetables. Once each batch has been sautéed add them to the large pot as was done in step 2. 4) Season with salt and pepper. Add the bay leaf and thyme and cover the pot. Cook over medium heat for 15 to 20 minutes. 5) Add the chopped tomatoes and parsley to the large pot, cook another 10-15 minutes. Stir occasionally. 6) Remove the bay leaf and adjust seasoning.
