Happy Memorial Day!

Defensive Driving Class by AARP

Thursday, June 15th, 9am • Indian Lake Meal Site

Watch for more information in the June newsletter or call 648-5412.

Spring Book Sale
May 10th -12th

Queensbury Senior Citizens Inc. Seniors On the Go!
Queensbury Center
742 Bay Road
Queensbury
Do you collect many things, animals, stuff?
Do you have difficulty “letting go?”

I can’t find anything…I know it was right here...maybe it is on the table under those magazines…

I haven’t used that kettle in years, though it is a nice one and I might use it someday.

I think I threw it out by mistake…
I had bills in one pile and trash in the other.

I can’t find my favorite black pants…I have trash bags full of clothes that I haven’t worn in years though I don’t want to get rid of them because they are in good condition.

It is too much to deal with…I wouldn’t know where to start to get rid of the stuff!

There is help…call NY Connects at 1-866-805-3931 to speak with us…your calls are confidential and we have options to help when you are ready to do so.

Plan now for your long term care needs. Call NY Connects @ 1-866-805-3931.

For information about other counties, call State NY Connects # at 1-800-342-9871.
May is Asthma Awareness Month
The Adirondack Asthma Coalition brings together those who care and worry about children and adults with asthma. They will be one of the featured presenters at our June Long Term Care Council Meeting.

Join us
for the June
NY Connects
Long Term Care Council Meeting

When: Wednesday, June 14 from 10am-noon

Where: Hamilton County Public Health, White Birch Lane, Indian Lake, NY

May is Osteoporosis Awareness Month
Protect Your Bone for Future Mobility

Osteoporosis is an elusive disease. Most people won’t have any symptoms until they break a bone. But falling and breaking a bone is not a normal part of the aging process.

Osteoporosis is a disease, and like many diseases it is both preventable and treatable. It’s important to be proactive about protecting bone health before you run into trouble.

People are encouraged to understand the risk factors associated with this condition. Preventative measures which promote healthy bones include sufficient calcium intake, achieving adequate levels of vitamin D, and performing bone healthy exercises.

Special Tips on Osteoporosis Awareness Month

The goal of osteoporosis treatment is to maintain existing bone and stop further loss.

Here are the things you can do:

- **Maintain a healthy weight** or lose excess weight
- **Stay active** and ask your doctor about bone strengthening exercises
- **Stop smoking** because it weakens bones
- **Limit alcohol** intake because it increases the risk of falling and getting a fracture
- **Prioritize fall prevention** especially if you are a senior
- **Get** your bone density **checked**

Enlist your doctor's help

If you’re concerned about your bone health or your risk factors for osteoporosis, including a recent bone fracture, consult your doctor. He or she might recommend a bone density test. The results will help your doctor gauge your bone density and determine your rate of bone loss. By evaluating this information and your risk factors, your doctor can assess whether you might be a candidate for medication to help slow bone loss.
**Steak Quesadillas with Creamy Cilantro Lime Dip**

1 10-inch flour tortilla  
3/4 C cheese, shredded, Mexican blend  
3 oz steak sirloin tips  
1/2 C red and/or green pepper, fresh  
1/2 C yellow onion, fresh  

pinch cumin  
pinch paprika or chili powder  
pinch garlic powder  
Cooking spray or oil (as needed)

1. Sauté sirloin tips in oil on medium heat until browned on the outsides and cooked throughout. Chop peppers and onion and add to the skillet until fork-tender. Sprinkle steak and veggies with cumin, garlic powder, and chili powder, set skillet contents aside.
2. Place flour tortilla on skillet, keeping stovetop on medium heat. Spread cheese evenly over the face of the tortilla.
3. Place steak and veggies on top of one-half of the tortilla, then wait until cheese begins to melt and the tortilla starts to get crispy.
4. Once cooking has completed, flip the non-steak-and-veggie side of the tortilla onto other half, forming the quesadilla.
5. Once cooled, cut quesadilla into fractions and enjoy with creamy cilantro lime dip.

---

**Creamy Cilantro Lime Dip**

1 C plain, Greek yogurt  
2 Tbsp fresh cilantro, chopped  
Juice of 1 fresh lime  
1/2 tsp salt

Wash and finely chop cilantro, then add all contents together and stir.

Enjoy as a dip with the above quesadilla recipe!

---

Enjoy this recipe that packs plenty of calcium. One quesadilla makes 2 servings.

Colorectal Screening... A bum rap?

While there are many jokes and puns regarding colorectal screening, the facts are anything but entertaining. Colorectal cancer is the leading cause of cancer deaths in the United States. The good news is that rates have been dropping, partially due to colorectal cancer screenings. The American Cancer Society says it is best to get tested before ever having any symptoms. Two common screening tests are the colonoscopy and a stool test, known as Fecal Immunochemical Test Kit or FIT Kit. A colonoscopy allows a doctor to look at the colon using a flexible tube with a light and camera that can find cancerous and precancerous growths in the colon. Stool testing kits test for blood in the stool may be a sign of cancer. Beginning at age 50, the American Cancer Society recommends colonoscopy every 10 years or stool testing every year. If you have a family history of colon cancer, screening may be recommended at an earlier age.

The Cancer Services Program at Glens Falls Hospital provides free colorectal screenings to income eligible, uninsured, or underinsured average risk individuals age 50 and older, through the use of the take home FIT stool kits. These stool kits can be sent directly to the patient’s home, along with a prepaid return envelope. The hospital also provides colonoscopy to eligible individuals of any age who have a family history of colon cancer, and eligible individuals over age 50 experiencing symptoms.

Call the Cancer Services Program at (518) 926-6570.

Cinco de Mayo

Spanish for "Fifth of May", is a celebration held on May 5. The date is observed to commemorate the Mexican Army’s unlikely victory over French forces at the Battle of Puebla on May 5, 1862, under the leadership of General Ignacio Zaragoza.

In the United States, Cinco de Mayo has taken on a significance beyond that in Mexico. In the U.S. the date has become associated with the celebration of Mexican-American culture. In Mexico, the commemoration of the battle continues to be mostly ceremonial, such as through military parades.

In the United States, Cinco de Mayo is sometimes mistaken to be Mexico's Independence Day — the most important national holiday in Mexico—which is celebrated on September 16, commemorating the Cry of Dolores that initiated the war of Mexican independence from Spain.
May 2017
Warren/Hamilton Counties Office for the Aging
Menu by: Catherine Keating-Stauch, RDN CDN

All meals served with 1% milk, bread, margarine, (Congregate site only - coffee, tea and juice). Diabetic desserts are available for those with diabetes. **Menus subject to change.**
