Members of the Board of Supervisors subscribed to the Constitutional Oath, as administered by Pam Vogel, Warren County Clerk. Those in attendance responded with a round of applause.

Clerk announced the first order of business would be the selection of a Temporary Chairman.

Mrs. Wood nominated Kevin Geraghty as Temporary Chairman, seconded by Mr. Sokol.

There being no further nominations, Mr. Strainer moved that the nominations be closed, and the Clerk cast one ballot for Mr. Geraghty as Temporary Chairman, seconded by Mr. Girard and carried unanimously.

Clerk requested Mr. Thomas and Mrs. Wood to escort Mr. Geraghty to the Chair.

Mr. Geraghty stated the next order of business would be the selection of a Permanent Chairman.

Mr. Geraghty apprised that he had been a member of the Board of Supervisors for six years, and he had been fortunate to serve as Budget Officer during Mr. Monroe's Chairmanship, as well as Mr. Stec's, both of whom had been a pleasure to work with. He requested a nomination for Permanent Chairman.

Mr. Taylor stated it was an honor to nominate Mr. Daniel G. Stec as Permanent Chairman, and Mr. Mason stated he would second the motion.

There being no further nominations, Mr. Kenny moved the nominations be closed, and the Clerk cast one ballot for Daniel G. Stec as Permanent Chairman. Mr. Dickinson seconded the motion, and it was carried by unanimous vote.

Mr. Geraghty, Temporary Chairman, requested Mr. Bentley and Mr. Loeb to escort Mr. Stec to the Chair.

Chairman Stec requested his wife, Hilary, to stand beside him and hold the family Bible while he was sworn into office.

Chairman Stec subscribed to the Constitutional Oath as administered by Pam Vogel, County Clerk of Warren County. The board members acknowledged Mr. Stec with a round of applause.

Chairman Stec wished everyone a Happy New Year and welcomed all in attendance to the first meeting of the year. He noted that twenty-one years ago today, he had taken another solemn oath when he married his wife. He added that she had been by his side throughout the years and the things that he had been privileged to accomplish in both his personal and professional career would not have been possible without her support. He introduced his wife Hilary, as well as his mother and father, Elsie and George Stec, and he expressed his appreciation for his family's support.

Chairman Stec advised he had attended the State of the State Address yesterday in Albany and acknowledged that Governor Cuomo had outlined an aggressive agenda, while rightfully reflecting on the success of his first year as Governor. He asserted that the State of New York, as well as Warren County, were on an upward and improving trend, to which he credited and thanked Governor Cuomo and the State Legislature for the work they had done.

Chairman Stec presented the following remarks:

**STATE OF THE COUNTY
JANUARY 5, 2012**

"Thank you to my fellow Supervisors for the continued support and confidence that you have placed in me in electing me to again serve as your Chairman. It is truly a privilege to serve in this capacity and I pledge to continue to maintain a high level of communication to assist us in our work on behalf of the residents of Warren County.

"In preparing this year's State of the County Address, I reviewed last year's address for use as a benchmark against which to measure our performance in 2011. I am pleased to report that as 2010 saw improvements over 2009 in the County's overall financial health and approach to governance, 2011 saw this improving trend continue substantially.

"In 2010, before this year's enactment of the Tax Cap Law, Warren County, facing shrinking revenues, reduced 2011 budget appropriations by \$518,000 and held the tax levy increase to 1.1%, the lowest increase in 15 years, without appropriating any fund balance to achieve this. However, the County's available fund balance stood at little more than \$3 million and cash flow was so anemic that the County needed to secure short term borrowing at the start of both 2009 and 2010 to meet its obligations.

"In 2011, working on the 2012 County Budget, despite reducing budgeted revenues by nearly \$2 million, the County was able to further reduce budgeted appropriations by just over \$3,000 and limiting the tax levy increase to just 1.7%, again without appropriating any fund balance to keep the levied amount down. In fact, the projection for the end of year 2011 undesignated fund balance is \$7.1 million, double what it was a year before, and short term borrowing will not be necessary in 2012 as it had been in 2010 and 2011.

"It is important to emphasize, the levy increases for the 2011 and 2012 budgets, two of the smallest percentage increases in the past two decades, done in two consecutive years, done in certainly the two worst years for non-property tax revenue collections, done during our County's worst economy since the Great Depression, was done without the appropriation of any fund balance. Many other counties and local municipalities in New York State are relying on fund balances (prior year over-taxation) to mask spending, control tax rates and comply with the State's Tax Cap Law. This was also achieved while resisting the temptation to increase the County's tax rate from 7%. Warren County remains one of five counties in New York State that has not increased sales tax above 7%.

"The long term issue now with any county budget in New York State will be that two New York State imposed forces are acting in opposition to one another: the issue of unfunded mandates and the imposition of a tax cap. The irony of New York State government (of all state

governments in this country) promulgating any financial and budgeting guidance is certainly not lost. Whatever the motivation was by the State Legislature and Governor in imposing the Tax Cap without any meaningful mandate relief, political or fiscal, it is an unsustainable model in the long run for county government. In mandating increases in scope, coverage and costs of various social programs, with double digit increases in significant budget items such as employee health insurance and mandatory local state retirement contributions common place it is simply mathematically impossible for county governments to maintain levy increases below 2% indefinitely. Sustainability will vary from county to county, with counties that have carried inflated appropriations and/or excessively high fund balances (prior year over-taxation) being able to consume their cushions for a longer period of time than those counties that do not have inflated budgets and fund balances. In the end, however, when the fund balances are gone and all inefficiencies are found and eliminated, without mandate relief the end result will be the elimination of non-mandated services and significant infrastructure decay. All that will remain will be the state mandated programs whose expense will outpace the state imposed limit for counties to raise taxes to pay for these state programs.

"If the state's mindset is that this is all temporary, so as to force local government to improve efficiencies and reduce excessive fund balances during a time of economic difficulty, fine. However, if this is not the case, then mandate relief, meaningful mandate relief, is a must. Frankly, the responsible thing to have done would have been for the tax cap to have been implemented in conjunction with mandate relief. Despite the loud cries from local government officials throughout the state last year, this did not happen. It must be our continued resolve to work with New York State Association of Counties and other counties to bring pressure to our Governor and State Legislators to make meaningful mandate relief a reality. One step Warren County undertook in 2011, in following Fulton County's lead, was the adoption of our Truth-in-Taxation local law which provided for us to compile and include a disclosure of the effect these unfunded state mandates have on the County property tax bill. This document was sent out last week with the property tax bills in an effort to educate our public on this fiscally critical issue. We will continue to look for any means available to shed a light on this unaddressed issue of unfunded mandates until the State Legislature and Governor take the required action.

"I personally reject the argument that mandate relief must somehow automatically translate to a simple one-for-one shift of expenses from local government back to state government, resulting in the same total taxpayer dollars being spent, just out of a different pocket. If this were what we were seeking that would just be silly. True mandate relief is the reduction of expenses, regardless of whether local property tax or state income tax pays for it. Of course, if these expenses can't be reduced, then the act of shifting them back to those making the mandates (the State) will at the very least give them pause to reconsider these mandates or avoid creating new ones if they would be held accountable by the public for them, not a horrible result. However, what we're seeking is actual relief, relief that can only be brought about by reducing what is spent, not who spends it. Specific, significant items the state should review and revise that would accomplish this include Medicaid eligibility standards, the prevailing wage law, the Wicks law and state procurement laws.

"2011 held several other milestones for Warren County, achieved working in concert with other municipal partners Warren County:

In 2011, Warren and Washington County made their final payments toward the Hudson Falls Burn Plant, as an aside, this happens to be a fine example of a very local and painfully expensive unfunded state mandate that local taxpayers paid for over two decades. Additionally, thanks in large part to the work of Supervisor Fred Monroe several years ago, the counties were able to renegotiate the burn plant deal, reducing the negative financial impact and resulting in the ability to sell the plant earlier this year, the proceeds of this sale benefiting both counties.

"Earlier this year we were able to participate in discussions with the Town of Lake George and our State Legislators that ultimately led to a reversal of the New York State Department of Environmental Conservation's (NYS DEC) position on its lease terms for Americade's use

of the Million Dollar Beach parking lot, ending a multiyear debate over this proposed lease rate whose escalation threatened the very continuation of this more than \$40 million economic impact event in the County. As a result of this effort it appears that Americade's future here in Warren County has been assured for many years to come.

"Warren County, in working with the Town of Corinth and Saratoga County, was able to change its stars regarding the Railroad line. After a thorough vetting, the County entered into a contract with Iowa Pacific and the Town of Corinth to upgrade our rail service prospects and connect our track to the rest of the country's rail infrastructure. This relationship is greatly exceeding Iowa Pacific's initial expectations and is proving to be transformative in North Creek. The prospect for freight service and economic development opportunity both south and north of our line holds great potential for not only Warren County but also northern Saratoga County and into Essex County.

"After nearly a decade of public discussion, our partner, the City of Glens Falls, was ready this year to make the move to consolidate police dispatch services. As the Towns of Queensbury and Lake George had experienced the anxiety years ago of consolidating police departments with Warren County, I can tell you that in my estimation from the Town's perspective, this was one of the boldest and wisest moves Queensbury made in the 1980's. I am confident that this dispatch consolidation will be as successful as those two were and that years from now it will be viewed very positively.

"Continuing the list of intermunicipal accomplishments, Warren County achieved this year, we completed the Exit 18/Main Street Project, a project ten years in the planning stages involving State, County, Town and City governments, as well as Water, Sewer, Electric, Gas, Cable and Phone utilities. It took 18 months to construct and was described by many involved as one of the most complex construction projects the New York State Department of Transportation (NYS DOT) had been involved in. It was completed on time and within budget and has been widely praised after completion for both its functionality and its attractiveness. It will help to transform both Queensbury and Glens Falls.

"We also continued to work with environmental groups on the important Gaslight Village Project. Demolition of the buildings on the site has been completed and plans have been developed and funding partially secured to transform this site into an environmentally functional and visually attractive recreation and tourist attraction that will enhance Lake George's ability to accommodate larger events important to our regional economy.

"Working again with these environmental groups, Warren County was a leader in the state invasive species fight. Warren County pledged municipal financial support in combating Asian Clams. The county then took the bold step to leverage its financial commitment to obtain funding support from neighboring municipalities with a stake in the health of Lake George. This was a good first step but much more needs to be done. Realizing this, Warren County also enacted the State's first invasive species law this year. This law was based on a draft of a law proposed but unacted on by our State Legislature. It has been further suggested that perhaps rather than New York State using Environmental Protection Funds to continue to purchase additional lands, while struggling to maintain the lands it already owns, that it would be much wiser to use these funds to combat invasive species, including Asian Clams in Lake George.

"Warren County also took action to reorganize our approach to Economic Development. Working with the Warren County Economic Development Corporation (EDC) we have reorganized the Warren County Local Development Corporation (LDC). This was an important step towards strengthening the tools that EDC has to work with. It also allowed us to reduce the County's planning staff and thus the county budget. More importantly, it contributes to the co-location of several Warren and Washington County economic development agencies under a single roof. This initiative is slated to take place early this year. In light of this, I've decided it makes most sense to recombine the Economic Growth and Planning Committees, to be chaired by Supervisor Taylor.

"2011 also saw unusual storm activity. The storms around Memorial Day and Tropical Storm Irene in late August devastated road infrastructure in the county, particularly in the Town of Thurman. To date application for federal assistance has been denied. This is unacceptable

and Warren County will continue to do all it can to support Thurman in its dealings with the Federal Emergency Management Agency (FEMA) and the New York State Office of Emergency Management (NYS OEM).

"Looking ahead the Beach Road and Gaslight Village Projects in Lake George will be a major focus. However, as I stated in last year's State of the County Address, the financial challenges we face must remain our main focus for 2012. We must continue the solid work we've done in the past two years in this regard. Working with the department heads and our County Administrator and his staff, I have no doubt that we will continue to find ways to improve our efficiencies, maintain a high level of service to our public, cut costs and protect the wallets of our taxpayers.

"We have several new Supervisors joining us this year. I congratulate and welcome them all to our team. I believe each of you will find your service here to be both challenging and rewarding. We have a great team here and we look forward to your contributions to it.

"I'm reappointing Stony Creek Supervisor Frank Thomas Finance Committee Chairman. I'll ask him and his Committee to continue to closely monitor county spending to ensure that the fund balance continues to recover. Likewise, I'll ask Budget Officer Geraghty and his committee to again start the budget process early in the year. Supervisor Conover will continue to chair the Personnel Committee. Filling vacant chairs on some of our larger committees, Supervisor Bentley will chair Public Works and Supervisor Wood will chair Public Safety.

"We've done much solid work in 2011. These are difficult times. We've made some difficult decisions in the past year and we will certainly be faced with more difficult decisions in 2012. With the help of the tremendous county workforce I'm confident that we will continue to improve Warren County government."

"Respectfully submitted,
Daniel G. Stec, Chairman

Mr. Dusek apprised of an emergency situation that had arisen and required action by the board today. He explained that the New York State Department of Health (NYS DOH) had completed a survey of the Westmount Health Facility, which was essentially an audit type of function, which he reviewed with the Chairman of the Health Services Committee. He asserted that it was necessary to hire a consultant as a requirement of that survey completion in order to correct some deficiencies. Mr. Dusek stated that the cost for such services was not to exceed \$3,500 and the consulting services would be provided through Leading Age New York. He further noted that the NYS DOH had advised that these services needed to commence immediately, otherwise there was a risk of losing federal funding for the Facility; thereby necessitating action by the board today.

Motion was made by Mr. Geraghty, seconded by Mrs. Wood and carried unanimously to waive the rules of the board requiring a resolution be in writing. Clerk noted it would be Resolution No. 25 of 2012 for the record.

Motion was made by Mr. Sokol, seconded by Mr. Thomas and carried unanimously to authorize a contract with Leading Age New York for consulting services relating to the Westmount Health Facility 12/20/11 Survey, for an amount not to exceed \$3,500. Clerk added it would be Resolution No. 26 of 2012 for the record.

Chairman Stec announced the 2012 Standing and Special Committees, and a copy of the Committee listings was submitted. A copy was also distributed to each Supervisor.

Chairman Stec took a moment to thank all County staff and Department Heads for their efforts, as well as all the volunteers throughout the County that assisted during the storms in 2011. He also remarked that a luncheon would be held in the new Committee meeting room immediately following the meeting and he invited all to attend. He complimented Frank Morehouse, Superintendent of Buildings & Grounds, and his staff for the recent renovations

made in the existing Board Room and also for the work completed for the new Committee meeting room.

There being no further business, on motion by Mr. Strainer and seconded by Mr. Monroe, Chairman Stec adjourned the meeting at 11:52 a.m.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, JANUARY 20, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:06 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Monroe.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 20.

Motion was made by Mr. Strainer, seconded by Mr. Bentley and carried unanimously, to approve the minutes of the December 16, 2011 Board Meeting, December 22, 2011 Special Board Meeting and the January 5, 2012 Organization Meeting, subject to correction by the Clerk of the Board.

Chairman Stec declared the Public Hearing on proposed Local Law No. 2 of 2012, entitled "A Local Law Authorizing Warren County to Enter Into Agreements with the Warren County Local Development Corporation to Perform Economic Development, Planning and Grant and Loan Administration Services on Behalf of Warren County" open at 10:08 a.m. and requested the Clerk read the Notice of Public Hearing for the record.

Clerk read the Notice of Public Hearing on proposed Local Law No. 2 of 2012, entitled "A Local Law Authorizing Warren County to Enter Into Agreements with the Warren County Local Development Corporation to Perform Economic Development, Planning and Grant and Loan Administration Services on Behalf of Warren County".

Chairman Stec advised that the Public Hearing would remain open for a few minutes in order to allow for any comment. In the interim, he noted, there were two presentations on the Agenda. Chairman Stec requested Chris Hunsinger, Director of Employment & Training Administration, to come forward for the first presentation. Mr. Hunsinger recognized Carol Rayder, who would be retiring on January 27, 2012 after working for the Employment & Training Administration for the past fifteen years. He expressed kind words of appreciation to Mrs. Rayder and thanked her for her fifteen years of dedicated service to the County and to the Employment & Training Administration. Mr. Hunsinger congratulated Mrs. Rayder on her upcoming retirement and wished her well in the future. Chairman Stec thanked Mrs. Rayder as well, and presented her with a Certificate of Appreciation for fifteen years of dedicated service to Warren County. Mrs. Rayder thanked the Supervisors for providing her with the great privilege of working with Warren County residents and added that she deeply appreciated the honor of being a Warren County employee. The board members responded with applause.

Next, Chairman Stec recognized Marie Edmonds, who was retiring on January 24, 2012 after twenty-eight years of dedicated service to the County. He acknowledged that the Board of Supervisors worked very closely with Ms. Edmonds on a regular basis and it had been an absolute pleasure to work with her. He referred to Ms. Edmonds as the stabilizing force in the Clerk of the Board's Office and noted she would be truly missed. Chairman Stec presented Ms. Edmonds with a Certificate of Appreciation for her years of service to Warren County.

Joan Sady, Clerk of the Board, thanked Ms. Edmonds for all she had done over the years for the Office and for being an incredible support to herself, as well as the entire staff. Mrs. Sady added that Ms. Edmonds would be greatly missed, as would her wealth of knowledge, which was irreplaceable. She wished her well in her retirement and noted that on Tuesday, January 24, 2012, there would be cake and refreshments in Ms. Edmonds honor in the new Committee Room, and she encouraged all to attend.

Ms. Edmonds thanked everyone for the recognition and stated it had been a pleasure to work for the County over the past twenty-eight years. The board members responded with applause.

Chairman Stec directed the board members to the Public Hearing that was still open for comment. There being no one wishing to speak on proposed Local Law No. 2 of 2012, Chairman Stec declared the Public Hearing closed at 10:16 a.m.

Chairman Stec advised the next item on the Agenda pertained to his reports. He mentioned that the retirement reporting information had been distributed to each Supervisor. Concerning his report, Chairman Stec referenced Resolution No. 45, Supporting the Application of Saratoga and North Creek Railway, LLC Before the Surface Transportation Board to Provide Rail Service on the Existing Approximately 29.71 Miles of Rail Track Known as the "Tahawus Line" Running from North Creek, New York with Terminus at Newcomb, New York. He apprised that Tahawus was an Indian word that meant "Cloud Splitter" and it was the name that the Indians had given to Mount Marcy. Chairman Stec noted that the rock located in Tahawus had some commercial value, offered an opportunity to the property owner to generate funds, could establish new jobs in the community and had a use in the market place. He clarified it was a matter of removing the material from Tahawus, thereby providing an economic value, as well as an environmental value; which had led to the preparation of Resolution No. 45. He added that supporting this request to re-activate the Tahawus line would be at no cost to the County and could start clearing obstacles towards meaningful economic development. Chairman Stec further informed that Essex County had recently adopted a resolution in support of this request, as did the Intercounty Legislative Committee of the Adirondacks, and each of the Towns in the County would be considering resolutions of support, as well.

Mr. McDevitt expressed his support of Chairman Stec's comments and added that it was very important to tell the world, at large, that Warren County was open for business.

Chairman Stec called for reports by Committee Chairmen on past month's activities or meetings and the following gave verbal reports:

Supervisor Monroe, Gaslight Village Ad Hoc; Supervisor Taylor, Economic Growth & Development; Supervisor Strainer, Community College; Supervisor Thomas, Finance; and Supervisor Geraghty, Budget.

Regarding the Gaslight Village Ad Hoc Committee, Mr. Monroe stated that Resolution No. 47 was generated from the meeting and would authorize an agreement with the Lake George Winter Carnival for use of the former Gaslight Village property for two events, tethered balloon rides and monster truck rides. He added that the Lake George Winter Carnival had also requested authorization for helicopter rides which was referred to the County Attorney for review and he asked Martin Auffredou, County Attorney, if he had a report to provide at this time. Mr. Auffredou apprised that he had researched the General Business Law and it did include a provision which applied to Lake George, and several other water bodies throughout New York State, which made it a misdemeanor for there to be flights over or on the waters of Lake George for a fee. He acknowledged that the Law had been the subject of some controversy; however, he said, it was a Law nevertheless. Based upon the presentation made to the Gaslight Village Ad Hoc Committee, he continued, his concern was that the Carnival would be paying the helicopter operator for said flight services, which was addressed in the intent of General Business Law 248. He opined his concern was focused on allowing County property to be utilized for that purpose.

Continuing his report, Mr. Monroe remarked that discussions were held concerning parking on the westbound lane of Westbrook Road, which was anticipated to generate substantial revenue and the matter would be discussed further at the next Public Works Committee meeting. Relative to questions surrounding the use of State grant funds, Mr. Monroe explained the Governor had announced a grant for the Gaslight Village project which included funds for porous pavement on Westbrook Road. He noted if the contracts could be executed in a timely manner for that grant program, pavement would be placed on the road; however, he said, if the contracts were not executed quickly, the plan would be to request the installation of parking meters on the gravel. He added that the Chairman of the Board had been requested to forward a letter to the Governor outlining the need for the grant to be

expedited in order to improve the economy and assist with this project. Mr. Monroe advised the Committee reviewed the status of the land swap which involved the County, the Village of Lake George, the Lake George Steamboat Company, the Fort William Henry and the three environmental groups (3 E's) and an agreement was close to being finalized. He asserted the importance of that agreement being finalized in order for Elan Planning, Design & Landscape Architecture to proceed with the design concept. Mr. Monroe mentioned the need for a management plan as the project progressed and events were established for the Festival Space. He recommended that the authority be delegated to the Superintendent of Public Works, Jeff Tennyson, for any necessary capital improvements or maintenance on the property for a specific "not to exceed" amount to be determined. He added that due to the time sensitive nature of booking events at the Festival Space, he suggested that a contract with the Village of Lake George be considered because of their experience with booking special events. Another important topic of discussion at the meeting, Mr. Monroe said, was the generous donation made by The Wood Foundation in the amount of \$750,000 for the development of the Park; thereby leading to the request that the Park be named "The Charles R. Wood Park" for a term of ninety-nine years, as outlined in Resolution No. 48 included in the Supervisors' packets.

Relative to the request to re-activate the Tahawus line as discussed by Chairman Stec, Mr. Monroe commented that when the line was in operation, it was a benefit to small and medium sized businesses along that portion of the track. He expressed his support of the request, and acknowledged the importance to the future of Iowa Pacific, the County's railroad operator, the future of the rail line itself and to the economy, as the price of oil continued to increase.

Mr. Girard announced that he had attended the IDA (Industrial Development Agency) and the LDC (Local Development Corporation) meeting recently in the City of Glens Falls, specifically because of the \$200,000 New York State Community Development Block Grant the County planned to return to the State. He referenced Resolution No. 43 in the packets, which would decline said grant award, and he expressed his concern with such. Mr. Girard apprised that this situation was indicative to the dissolution of the Planning & Community Development Department, which caused him great concern.

Paul Dusek, County Administrator, explained that there were entitlement funds and non-entitlement funds that were dispersed under these programs, and this particular grant was comprised of non-entitlement funds. He further stated that non-entitlement funds could not be disbursed to communities that received entitlement funds, and it was determined that the City of Glens Falls was considered an entitlement community. As a result, he said, loans could not be made with these funds to anywhere in the City of Glens Falls; thereby hindering the desire of the LDC and the City to utilize the funding. Mr. Dusek opined that the funds were so restricted in terms of how they could be utilized, and the amount of work it would take to try and make use of these funds had presented the question as to whether or not the County was using its' resources in the best manner. He acknowledged the concerns from the perspective of the Towns relative to the availability of Planning Department staff for securing grants; however, he continued, the restructured Planning Department intended to be there for the normal type of grants obtained for the municipalities. Mr. Dusek expounded that this was a transition for the County into a new economic development administration, including planning how future funds would be expended and this particular loan no longer fit into that mold. He stressed that this was not an indication that the Towns would suffer by the ability of the Planning Department to continue to secure and administer other grants.

Mr. Conover mentioned that the construct was that these funds would remain with the LDC and that staffing of the revolving loan funds, which were initially intended to be utilized as the match for this grant, would remain the oversight of LDC, as opposed to the entire program being transferred to the Warren County Economic Development Corporation (EDC). Mr. Dusek agreed and noted that the LDC would remain in effect as it had always been, and the administration services to the LDC would be changing from the County's Planning

Department staff to staff that happened to also be employed by the EDC. Mr. Dusek clarified that the EDC would not be coming into contact with these funds, but rather staff from the EDC would also be employed in the LDC to provide the administration of the funds.

Referencing Resolution No. 53 included in the packets, which would enact Local Law No. 2 of 2012, Authorizing Warren County to Enter Into Agreements with the Warren County Local Development Corporation to Perform Economic Development, Planning, and Grant and Loan Administration Services on Behalf of Warren County, Mr. Auffredou expounded that the language included in said Local Law was permissive language and any agreements entered into with the LDC would require prior approval of the Board of Supervisors.

With regard to the declination of the \$200,000 grant, Mr. Taylor stated that the grant was structured in a manner that only \$35,000 could be loaned to any one business and restricted to start-up businesses only. He added that it was further restricted so that the owners and the employees of the business had to be at a low to moderate income. He noted there was also a \$200,000 match required. Mr. Taylor informed that he served on the Loan Review Committee and it was extremely difficult to find the types of businesses that would be eligible under these grant requirements. Also resultant of the Economic & Growth Committee, he continued, was Resolution No. 42 included in the Supervisors' packets, which would authorize Out-of-State travel for the GIS Coordinator to attend a FEMA (Federal Emergency Management Agency) Training Program at no cost to the County. Mr. Taylor advised Resolution No. 44 in the packets would introduce Local Law No. 3 of 2012 and authorize a Public Hearing for a Local Law granting the Warren County Department of Planning & Community Development authority for review of zoning and planning matters referred by municipal referring bodies within Warren County pursuant to General Municipal Law Sections 239-l and 239-m, which was a result of the elimination of the Planning Board.

Mr. Loeb enthusiastically reported that the hardworking employees in the Department of Social Services and at the Countryside Adult Home were looking forward to 2012 as being a good and productive year.

In connection with the Community College Committee, Mr. Strainer apprised two resolutions were generated from the meeting, Resolution No. 51, Resolution Approving the Issuance of Certain Obligations by the Counties of Warren and Washington Civic Development Corporation to Finance a Certain Student Housing Facility Project for Adirondack Housing Association, LLC; and Resolution No. 52, Supporting the SUNY Adirondack Capital Project Reallocation Plan for 2012.

Mr. Westcott informed that he and Chairman Stec had recently met with representatives of NYSAC (New York State Association of Counties) to review a new State-wide program developed by a citizens group entitled "Enough Mandates.com". He explained that this was an initiative that grew out of concerned citizens, local business leaders and elected officials in a bi-partisan manner to try and determine ways to locally support efforts for mandate relief. Mr. Westcott announced that this program would officially be launched at the upcoming NYSAC Conference. Chairman Stec applauded Mr. Westcott's efforts in raising awareness for this new program.

Regarding the Finance Committee, Mr. Thomas advised Resolution Nos. 28 through 37 were generated by the Committee and consisted of the renewal of annual contracts as approved through the 2012 budget process and he reviewed them as follows: Resolution No. 28, Authorizing Payment to Lake Champlain-Lake George Regional Planning Board in the amount of \$7,000; Resolution No. 29, Authorizing Payment to Southern Adirondack Library System in the amount of \$25,000; Resolution No. 30, Authorizing Renewal of Agreement with Warren County Society for the Prevention of Cruelty to Animals, Inc. in the amount of \$8,000; Resolution No. 31, Authorizing Agreement with Adirondack Park Local Government Review Board for Funding of Operating Costs in the amount of \$7,500; Resolution No. 32, Authorizing Agreement with Adirondack North Country Association for Promotional and Economic Development in the amount of \$750; Resolution No. 33, Authorizing Agreement with Cornell Cooperative Extension Association of Warren County for Youth Camping Program at Skye

Farm Camp in the amount of \$25,000; Resolution No. 34, Authorizing Agreement with Cornell Cooperative Extension Association of Warren County in the amount of \$304,375; Resolution No. 35, Authorizing Agreement with City of Glens Falls for Capital Improvements and Operation and Maintenance for Various Recreational Facilities in the amount of \$99,000; Resolution No. 36, Authorizing Agreement with Economic Development Corporation, Warren County, New York, for Economic Development Program for 2012 in the amount of \$300,000; and Resolution No. 37, Authorizing Agreement with the Warren County Historical Society for Continuation of Historical Programs in the amount of \$1,250.

Concerning the Public Safety Committee, Mrs. Wood remarked that under the Office of Emergency Services (OES) portion of the meeting, the Committee discussed the status of the Emergency Services Training Center. She referred to Resolution No. 54 included in the Supervisors' packets, which would award the bid and authorize the purchase of a MASK confidence building (WC 04-12) and would further authorize the Laberge Group to perform professional services relating to the Emergency Services Training Center. Mrs. Wood added that the dispatch consolidation with the City of Glens Falls and the Sheriff's Office seemed to be going very well thus far.

Mr. Geraghty reminded the Town Supervisors to have their tax collectors forward their property tax collections to the County Treasurer in a timely manner, as it appeared the County would need to secure short-term borrowing in January; however, he said, such borrowing could be avoided if the collections were received soon. He mentioned the agreement with the Lake George Winter Carnival and the waiving of the fees for the use of the Festival Space, and he cautioned the Supervisors that the Park would have associated maintenance costs in the future and those fees would be needed to offset such costs.

Chairman Stec informed the next item on the Agenda was the report by the County Administrator. Mr. Dusek acknowledged the release of the Governor's Budget this past week and noted there were three significant issues included in that budget. He stated that the Governor had proposed Medicaid relief for the Social Services bills received by removing 1% of the 3% cap each year, and 1% for Warren County translated to a savings of \$123,000 in the County's budget. Mr. Dusek noted that the Governor had also introduced interesting proposals regarding the Early Intervention and Pre-School Programs, which was another mandate that cost approximately \$1.1 million of County taxpayer monies. The proposal made by the Governor, he continued, was that if there were additional costs sustained in future years for these programs, the State would share those costs with the County and the schools. Lastly and most intriguing, Mr. Dusek apprised, was the addition of another tier to the Retirement System which would raise the employees contribution from 3% to 6%, and would also increase the number of years to sixty-five for retirement. He opined that the Governor's Budget recognized specific areas and programs in which changes needed to be made and he added that he would continue to monitor these developments and report to the Supervisors with his findings.

Chairman Stec expounded that while the Governor's Budget fell short of where it needed to be relative to mandate relief, it was a step in the right direction. He reiterated previous remarks made by Mr. Bentley, noting there were forty-six other states that had set their Medicaid eligibility at 200% of the poverty level; whereas New York State was at 400% of the poverty level. He questioned how many billions of dollars that represented State-wide and how much could be saved by reducing the Medicaid eligibility to 200% of the poverty level.

Chairman Stec called for reading of communications.

Clerk read communications, including the following:

Warren/Washington Counties Industrial Development Agency, Executive/Park Committee and Civic Development Corporation;

Warren County Planning Board.

Martin Auffredou, County Attorney, in accordance with the provisions of County Law Section 502 and Social Services Law Section 66, hereby designates the order in which the Assistant County Attorneys shall exercise the powers and duties of this Office in the event of my vacancy, absence or inability: Amy C. Bartlett, First Assistant County Attorney; and Patricia C. Nenninger, Second Assistant County Attorney. This designation shall be filed with the County Clerk and the Clerk of the Board of Supervisors as required by law. Martin Auffredou, County Attorney.

Communications, resolutions and reports ordered placed on file.

Chairman Stec called for reading of resolutions and discussion.

Joan Sady, Clerk of the Board, advised that Resolution Nos. 28 through 44 were mailed. She noted that Resolution No. 43 was mailed and had been corrected. She stated that a motion was needed to approve Resolution No. 43 as corrected. Motion was made by Mr. Girard, seconded by Mr. McDevitt and carried unanimously to approve Resolution No. 43 as corrected.

Mrs. Sady announced a motion was needed to bring Resolution Nos. 27 and 45 through 54 to the floor. Motion was made by Mr. Bentley, seconded by Mr. Girard and carried unanimously to bring Resolution Nos. 27 and 45 through 54 to the floor.

Mr. Geraghty requested a roll call vote on Resolution No. 52, Supporting the SUNY Adirondack Capital Project Reallocation Plan for 2012.

Mr. Kenny requested a roll call vote on Resolution No. 45, Supporting the Application of Saratoga and North Creek Railway, LLC Before the Surface Transportation Board to Provide Rail Service on the Existing Approximately 29.71 Miles of Rail Track Known as the "Tahawus Line" Running from North Creek, New York with Terminus at Newcomb, New York. He noted that in the spirit of economic development and because there would be no financial obligation on the part of the County, for the first time in one hundred sixty-nine months, he would be voting in favor of a resolution relating to the railroad.

Mr. Loeb referred to Resolution No. 28, Authorizing Payment to Lake Champlain-Lake George Regional Planning Board, and questioned what value this served to the taxpayers of the County. Mr. Dusek apprised that the Regional Planning Board had become more of an agency that provided grant opportunities for the various municipalities in the region. He added that the County historically had a relationship with the Regional Planning Board, along with many other counties, all of whom contributed funds in an effort to support it. Mr. Dusek mentioned that the primary benefit of the agency was that it now focused more on grants and loans, as opposed to a planning initiative. He further stated that proposed Local Law No. 3 of 2012 before the board members today concerned the movement of the Planning Board reviews that used to be done locally to the Planning Department staff, which actually eliminated that need for the Regional Planning Board in terms of reviewing planning matters.

Mr. Loeb requested a more detailed explanation of Resolution No. 44, Introducing Local Law No. 3 of 2012 and Authorizing Public Hearing Thereon. He noted his concern with references in Section 4 of the Local Law, specifically the references to Sections 239-l and 239-m of the General Municipal Law, as well as similar Sections of said Law. He asked if it would be possible to provide a written explanation as to what the Sections were as outlined in the body of the resolution. Mr. Auffredou explained that the purpose of the Local Law was to authorize the staff of the Planning Department to serve as the planning agency of Warren County. He agreed that there were many citations included in the body of the Local Law; however, he said, those citations were necessary because this was a unique way of a county functioning with its' Planning staff. Mr. Auffredou stated he could prepare an additional

document for the Public Hearing that would describe each citation in the Local Law. He further advised that the Local Law was intended as a good way to have Planning staff review projects that would have potential inter or intra-County community impacts.

Chairman Stec called for a vote on the resolutions.

Resolution Nos. 27 through 54 were approved.

(Signed) DANIEL G. STEC, CHAIRMAN
Warren County Board of Supervisors

There being no one wishing to speak on proposed Local Law No. 3 of 2012, Chairman Stec declared the Public Hearing closed at 10:10 a.m.

Chairman Stec advised the next item on the Agenda pertained to his reports. He mentioned that at the appropriate time, three additional resolutions would be distributed and he would like to discuss one of them in his report. Last month at the NYSAC (New York State Association of Counties) Conference, he continued, it was suggested that the County consider refinancing the debt on the Corrections Facility to take advantage of current interest rates and simultaneously, a representative from Financial Advisors had inquired similarly. Chairman Stec stated it appeared the County could be in a position to save approximately \$400,000 over the course of the remainder of the loan, which was a \$13.8 million debt. He noted that a resolution would be distributed that would authorize an RFP (Request for Proposal) for those financial services. Also concerning the NYSAC Conference, Chairman Stec remarked that it was well attended and that he and Messrs. Westcott and Monroe were involved in a panel discussion relative to mandate relief; he thanked the aforementioned Supervisors for their initiative on this effort. Mr. Monroe expounded that Chairman Stec's metaphor of the 'bricks in the backpack', the bricks being the unfunded mandates that the State continued to put on the backs of local governments, was well received by all in attendance at the panel discussion. Mr. McDevitt posed a question for future discussions, asking what the three worst mandates were and if there were any "good" mandates. Chairman Stec acknowledged the question and added that such identification would be subject to debate, although there were certain mandates that had much larger economic impacts than others. Mr. Monroe commended Mr. Westcott for the tremendous job he had done providing information and supporting documentation on mandate relief, as well as the website he had created dedicated to such. He further stated that the point was to not be opposed to any particular mandate; however, he said, the goal was to get those that created a mandate to take financial responsibility for it. Chairman Stec referenced the Governor's proposal to cap Medicaid's growth, which was one of the largest mandates, at the local level in the next few years.

Chairman Stec called for reports by Committee Chairmen on past month's activities or meetings and the following gave verbal reports:

Supervisor Girard, Extension Service; Supervisor Taylor, Support Services and Economic Growth & Development; Supervisor Loeb, Social Services; Supervisor Kenny, Occupancy Tax Coordination; Supervisor Bentley, Public Works; Supervisor Merlino, Tourism; Supervisor Strainer, Human Services; Supervisor Sokol, Health Services; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Geraghty, Budget; Supervisor Conover, Personnel; and Supervisor Monroe, Gaslight Village Ad Hoc.

Regarding the Extension Service Committee, Mr. Girard informed the VITA (Volunteer Income Tax Assistance) Program was being carried out by Cornell Cooperative Extension and to date, five sessions had been completed. He added that the Program was being held today in Conference Room 6-103 in the Municipal Center. He concluded that the Program had been highly successful.

Concerning the Support Services Committee, Mr. Taylor stated that the County's Insurance Broker provided a presentation with regard to cyber security insurance, to which no action was taken; however, he said, the County Administrator would be further researching the matter to determine the County's risk. He added that Amy Clute, Self-Insurance Administrator, had also made a presentation on the Workplace Violence Prevention Plan which was incomplete at the time and therefore, the Committee deferred action on said Plan until next month. Mr. Taylor reported that the County had received a check in the amount of \$31,335 from NYMIR (New York Municipal Insurance Reciprocal) as the County's share of the Reciprocal's surplus.

Pertaining to the Economic Growth & Development Committee, Mr. Taylor remarked that the Committee authorized the submission of a grant application to New York State Empire State Development in the amount of \$483,000 and if awarded, \$420,000 would be directed to the Town of Thurman and \$63,000 would be directed to the Town of Bolton for the purpose of making improvements to damages caused by Tropical Storm Irene. He noted Resolution No. 131 included in the Supervisors' packets authorized Out-of-State travel for a staff member in the Planning & Community Development Department. Mr. Taylor added that the Committee also approved an Economic Development grant and Administration Agreement between Warren County and the Warren County Local Development Corporation (LDC), which was necessary in order to move forward with the changes to the Planning & Community Development Department.

In connection with the Social Services Committee, Mr. Loeb advised the majority of the requests presented were for approval for continuing education for several staff members. He referenced Resolution No. 124 included in the packets, which would authorize United Health Care and Fidelis Care to use an Interview Room one day per week to review and assist with Managed Care application questions and submissions for Warren County residents.

With regard to the Occupancy Tax Coordination Committee, Mr. Kenny informed that Robert Blais, Mayor of the Village of Lake George, provided a presentation on the Big Apple Circus and outlined their need for additional funds. Subsequently, he continued, the Committee approved the appropriation of \$15,000 from the Occupancy Tax Reserve fund for the event, as well as an Intermunicipal Agreement with the Village of Lake George for that purpose.

Relative to the Public Works Committee, Mr. Bentley apprised twenty-four resolutions were resultant of the meeting, the majority of which were for routine business for the upcoming construction season. He noted Resolution No. 114 would authorize the conveyance of the north bound lane of Westbrook Road to the County for use as a parking lot.

Regarding the Tourism Committee, Mr. Merlino reported Resolution Nos. 72 through 74 in the Supervisors' packets were generated from the meeting and authorized agreements with various vendors. He mentioned that Peter Girard, Creative Director and Tanya Brand, Group Tour Promoter, had made a presentation at the last Council of Chambers dinner, and those in attendance were very impressed with the Tourism Department's use of technology.

Concerning the Human Services Committee, Mr. Strainer advised Resolution Nos. 62 through 66 and No. 99 in the packets were resultant of the Office for the Aging portion of the meeting and he reviewed them as follows: Resolution No. 62, Authorizing Agreements Continuing Contractual Relationship for Community Services for the Elderly Program within Warren and Hamilton Counties Under the Community Services Program for the Office for the Aging; Resolution No. 63, Appointing Members and Non-Voting Members of the Advisory Council for Warren-Hamilton Counties' Office for the Aging; Resolution No. 64, Authorizing Agreement with Catherine Keating Stauch, R.D, to Provide Dietician Services for Elderly Residents Under the Supplemental Nutrition Assistance Program (SNAP) and the Title III-C

Programs for the Office for the Aging; Resolution No. 65, Authorizing Agreement for Emergency Respite Services with NEC Care, Inc. for the Office for the Aging; Resolution No. 66, Authorizing Agreement with Greater Glens Falls Senior Citizens Center, Inc. for the Administration of the Health Insurance Information Counseling and Assistance Program (HIICAP) for the Office for the Aging; and Resolution No. 99, Authorizing Warrensburg Mealsite to be Moved to Countryside Adult Home.

Mr. Westcott announced that at the suggestion of Supervisor Loeb, Chairman of the Social Services Committee, he had attended two of the three meetings in Washington County to discuss the future of their health care services for which he provided a report to Supervisor Loeb, Budget Officer Geraghty and Chairman Stec. He commended the Washington County Board of Supervisors for their handling of this very emotional and difficult discussion. He noted two years ago, Washington County had hired a consulting firm and the results of that report were available on Washington County's website. Mr. Westcott added that if Warren County were to ever consider taking similar action, it would be beneficial to meet with the neighboring County to discuss the process.

Pertaining to the Health Services Committee, Mr. Sokol advised that under the Westmount Health Facility portion of the meeting, the Committee approved a request to create the position of a Part-Time Clerk and to delete a position of Part-Time CNA, which would result in a savings of approximately \$1,700. He stated that the OMIG (Office of Medicaid Inspector General) would be conducting an audit of the Facility to review the capital portion of the Facility from January 1, 2007 through December 31, 2008, as well as the Co-Generation System. Under the Health Services portion of the meeting, Mr. Sokol expounded the reported salary savings was presented which reflected a decrease of approximately \$36,000.

With regard to the Finance Committee, Mr. Thomas asserted Resolution Nos. 90 through 98 were generated from the meeting and he outlined them as follows: Resolution No. 90, Authorizing an Intermunicipal Agreement with the Village of Lake George to Provide Funding to the Big Apple Circus; Resolution No. 91, Authorizing County Treasurer to Close Certain Capital Reserve Projects and Capital Projects; Resolution No. 92, Increasing Capital Project No. H306.9550 280 Land/Avigation Easement-Forest Enterprises Parcel; Authorizing Transfer of Funds and Amending Warren County Budget for 2012; Resolution No. 93, Establishing Capital Project No. H331.9550 280 County Bridge Projects; Authorizing Transfer of Funds and Amending Warren County Budget for 2012; Resolution No. 94, Increasing Capital Project No. H321.9550 280 Lanfear Road Bridge; Authorizing Transfer of Funds and Amending Warren County Budget for 2012; Resolution No.95, Increasing Capital Project No. H322.9550 280 Palisades Road Over Brant Lake Inlet Bridge (CR26); Resolution No. 96, Increasing Capital Project No. H277.9550 280 CR51/CR6 Beach Road Reconstruction; Authorizing Transfer of Funds and Amending Warren County Budget for 2012; Resolution No.97, Increasing Capital Project No. H199.9550 280 Corinth Road Reconstruction; Authorizing Transfer of Funds and Amending Warren County Budget for 2012; and Resolution No.98, Authorizing Disbursement of Funds from Capital District Regional Off-Track Betting Corporation to Warren County Soil & Water Conservation District.

In connection with the Public Safety Committee, Mrs. Wood apprised the majority of the resolutions resultant from the meeting dealt with housekeeping items. She stated that one notable topic of discussion was the purchase of a MASK Confidence Building which was discussed during the Office of Emergency Services (OES) portion of the meeting. She noted that following the review of the bids received and discussions with the New York State Department of State (NYS DOS), it was determined that the best course of action would be to invest more in capital in the actual building and less in the general engineering and such. Therefore, she said, approximately \$120,000 would be appropriated for the MASK Confidence Building and Washington County would be considering the same at their Board Meeting today. Mrs. Wood acknowledged the time line for this action was limited, although all parties involved believed it could be accomplished.

Mrs. Wood informed that the Bicentennial Team had begun to meet more frequently to review the plans for the events and other commemorative items that needed to be taken care of before next year. She added that the Citizens Advisory Committee had met last night and would be meeting more frequently as well, in preparation for 2013 and she would continue to provide reports to the board members in the future.

Relative to the Budget Committee, Mr. Geraghty remarked that a meeting had not been held recently; however, he said, he continued to carefully monitor Washington County's actions with regard to their nursing home. He opined Warren County could be headed in a similar direction and he cautioned the Supervisors that the same discussions would most likely occur amongst the County's Board in the near future concerning Westmount Health Facility and Countryside Adult Home.

Concerning the Personnel Committee, Mr. Conover apprised Resolution Nos. 80 through 88 included in the packets were generated from the meeting, the majority of which authorized the filling of vacant positions in various departments. He noted a lengthy discussion was held during the meeting regarding reimbursement for job related courses, specifically that said courses should fit into a curriculum consistent with the desired degree.

Regarding the Gaslight Village Ad Hoc Committee, Mr. Monroe asserted the Committee discussed the Big Apple Circus who had submitted a proposed contract which was referred to the County Attorney for review. He stated that the Committee approved the establishment of a smaller committee comprised of four County representatives and two representatives from the Village of Lake George to quickly execute decisions relative to operations and maintenance for the property. He noted the parking plan was reviewed and Resolution No. 114 in the packets authorized the conveyance of the north bound lane of Westbrook Road to the County for use as a parking lot, which would provide substantial revenues to the County. Mr. Monroe added that the plan was to have the parking in place by this summer season. He referenced Resolution No. 134 included in the packets, which would authorize the standardization of vehicle parking meters for the proposed Westbrook parking lot and other County-owned parking lots in the Village and Town of Lake George. He advised that a source of funding for the parking meters needed to be determined and the total amount was estimated at \$93,000; however, he said, there was currently \$40,000 available from past parking revenues, thereby leaving a remainder of \$53,000 to be secured. He expounded that short-term borrowing may be needed to obtain the parking meters for the upcoming season.

Mr. Monroe reported that he had been informed that the Office of the New York State Comptroller's website had a list of unclaimed funds for Warren County which should be researched as soon as possible. Chairman Stec suggested that the link to the website be made available on the County's website. Mr. Monroe added the Town's should also include it on their websites.

Chairman Stec informed the next item on the Agenda was the report by the County Administrator, Paul Dusek. Mr. Dusek referred to the State Comptroller's website, as mentioned by Mr. Monroe, and advised that last year, \$40,000 in unclaimed funds was realized for the County by utilizing said website. Mr. Dusek stated another matter for discussion concerned SUNY Adirondack. He remarked that different County departments had different internship programs with the College which was beneficial to the students and the County. He suggested that a uniform agreement with SUNY Adirondack be developed for internship programs, subject to his review.

Motion was made by Mr. Conover, seconded by Mr. Monroe and carried unanimously to waive the rules of the board requiring a resolution be in writing. Clerk noted it would be Resolution No. 136 of 2012 for the record.

Motion was made by Mr. Loeb, seconded by Mr. Conover and carried unanimously to authorize the County Administrator to enter into an agreement with SUNY Adirondack for an intern program for various County departments. Clerk added it would be Resolution No. 137 of 2012 for the record.

Mr. Dusek apprised he had been contacted by the Union for CSEA and they had requested impact negotiations regarding the proposed layoff of an individual at Westmount Health Facility; therefore, he said, an executive session was necessary to discuss Union negotiations.

Motion was made by Mr. Sokol, seconded by Mr. Merlino and carried unanimously that executive session be declared pursuant to Section 105 (e) of the Public Officers Law.

Executive session was declared from 10:46 a.m. to 10:56 a.m.

The board reconvened and Chairman Stec announced no action was necessary pursuant to the executive session.

Chairman Stec requested a motion to amend Resolution No. 87, Amending Table of Organization and Warren County Salary and Compensation Plan for 2012, specifically to change Cleaner #4 to Cleaner to be determined by the Administrator.

Motion was made by Mr. Conover, seconded by Mr. Girard and carried unanimously to amend Resolution No. 87 as outlined above.

Chairman Stec called for reading of communications.

Communications, resolutions and reports ordered placed on file.

Chairman Stec called for reading of resolutions and discussion.

Joan Sady, Clerk of the Board, advised that Resolution Nos. 58 through 123 were mailed. She noted that Resolution No. 90 was mailed and had been corrected. She stated that a motion was needed to approve Resolution No. 90 as corrected. Motion was made by Mr. Merlino, seconded by Mr. Bentley and carried unanimously to approve Resolution No. 90 and as corrected.

Mrs. Sady informed that the resolutions relating to the filling of vacant positions were Resolution Nos. 81, 82, 84, 85 and 86, and unless a roll call vote was requested, all would be approved in the collective vote.

Mrs. Sady announced a motion was needed to bring Resolution Nos. 57 and 124 through 135 to the floor. Motion was made by Mr. Dickinson, seconded by Mrs. Frasier and carried unanimously to bring Resolution Nos. 57 and 124 through 135 to the floor.

Chairman Stec noted three draft resolutions were being distributed and would be discussed by the County Attorney, copies of which are on file with the minutes. Mrs. Sady added the resolution authorizing the contract for Financial Advisory Services would be Resolution No. 138 of 2012; the resolution refunding the bond would be Resolution No. 139 of 2012; and the resolution amending Resolution No. 54 of 2012, regarding the MASK Confidence Building would be Resolution No. 140 of 2012 for the record.

Mr. Kenny requested a roll call vote on Resolution No. 103, Home Rule Request by Warren County for the Enactment of Senate Bill No. S.5670 and Assembly Bill No. A.8267 Entitled "An Act to Amend the Public Authorities Law and the Transportation Law, in relation to Establishing the Corinth and Warren Railroad Authority and Establishing the Powers and Duties of the Town of Corinth, the County of Warren and Other Municipalities Located Along the Railroad Line"; and Resolution No. 130, Ratifying Actions of the Chairman of the Board in Relation to Execution of a Grant Application by the Office of Emergency Services to the New York State Homeland Security Office.

Mr. Westcott requested a roll call vote on Resolution No. 100, Amending Resolution No. 637 of 2011; Approving and Adopting County Time Clock Policy and Procedure for the Time and Attendance System; and Resolution No. 109, Authorizing Agreement with Todd J. Monahan d/b/a SunKiss Ballooning and Authorizing Use of Floyd Bennett Memorial Airport-Warren County, New York for SunKiss Balloon Festival.

Mr. Girard requested a roll vote on Resolution No. 140, Amending Resolution No. 54 of 2012-Awarding Bid and Authorizing the Purchase of a MASK Confidence Building (WC 04-12) and Further Authorizing Laberge Group to Perform Professional Services Relating to the Emergency Services Training Center.

Mr. Strainer referred to Resolution No. 105, Authorizing Agreement with Linstar, Inc. to Provide Maintenance Services for the Airport Access Control System at the Floyd Bennett Memorial Airport-Warren County, New York, and he asked Jeff Tennyson, Superintendent of Public Works, if a log was recorded when these services were provided and Mr. Tennyson replied affirmatively. Mr. Strainer referenced Resolution No.122, Amending Resolution No. 1 of 2012; Adopting the Rules of the Board of Supervisors and he noted a correction was needed to state Section C rather than Section B. Chairman Stec acknowledged the necessary correction.

Chairman Stec requested Martin Auffredou, County Attorney, to review the draft resolutions that were distributed. Mr. Auffredou referred to Resolution No. 138, Authorizing Contract for Financial Advisory Services for a Bond Refunding and Possibly Other Bonds Authorized by Warren County During 2012 and 2013. He explained that the Purchasing Agent had issued a notice to professionals for proposals for financial advisory services, which was necessary any time a bond transaction occurred. He asserted that the resolution would also provide authority to the Chairman of the Board, the County Treasurer, the County Administrator, the County Attorney and the Purchasing Agent to collectively select who that financial advisor would be to assist the County with bond resolution transactions through 2013. He asked Michael Swan, County Treasurer, to expound on why this was an opportune time to refinance the bonds. Mr. Swan advised that the interest rates had decreased significantly in the bond market and refinancing \$13.8 million in bonds at this time could save the County a considerable amount of money, approximately \$670,000 over the course of the bond. He opined that it made excellent sense to pursue this at this time.

Mr. Auffredou directed the board members to Resolution No. 139, Refunding Bond Resolution Dated February 17, 2012, A Resolution Authorizing the Issuance Pursuant to Section 90.10 of the Local Finance Law of Refunding Bonds of the County of Warren, New York, to be Designated Substantially "Public Improvement Refunding (Serial) Bonds", and Providing for Other Matters in Relation Thereto and the Payment of the Bonds to be Refunded Thereby. He noted this resolution was prepared by Bond Counsel and both he and Mr. Swan had reviewed it. Mr. Dusek interjected that the interest rates continually fluctuated and therefore he cautioned the board members that there was no guarantee that a savings of

\$670,000 would be realized and if the interest rates increased drastically and suddenly, the County would not want to pursue this. In response to an inquiry relative to the County's bond rating, Mr. Swan advised that Moody's would need to be contacted to perform another rate analysis for the County; however, he said, he assumed that given the County's current financial state, which was much better than it was in 2009 when the last rate analysis was completed, the bond rating should improve.

Mr. Auffredou referenced Resolution No. 140, Amending Resolution No. 54 of 2012-Awarding Bid and Authorizing the Purchase of a MASK Confidence Building (WC 04-12) and Further Authorizing Laberge Group to Perform Professional Services Relating to the Emergency Services Training Center. He mentioned that Resolution No. 54 of 2012 authorized the competitive bidding process for the MASK Confidence Building, as well as the awarding of the bid in order to meet the deadline associated with the grant funds, which was March 31, 2012. He added that additional expenses incurred between now and March 31, 2012 that were eligible for reimbursement would also be in jeopardy if certain tasks were not accomplished by the deadline. Mr. Auffredou noted that at the recent Public Safety Committee meeting, Washington County representatives had expressed some concerns with the project; however, he confirmed that the Washington County Board of Supervisors had adopted a similar resolution at their Board meeting this morning. He remarked that Resolution No. 54 specifically talked about the Phase 2 professional engineering services of the Laberge Group and it authorized those services contingent upon receipt of approval from the New York State Department of State (NYS DOS). He stated that an email had been received from a mid-level professional at the NYS DOS, advising both Warren and Washington County to proceed with the project, including the purchase of the MASK Confidence Building; however, he said, the final written approval for the revised work plan and revised budget had not been received by the NYS DOS and would not be received by March 31, 2012. He added that the engineers had agreed to reduce their fees due to the increase in cost for the MASK Confidence Building. Mr. Auffredou apprised that the Building must be ordered, purchased and paid for prior to March 31, 2012 for the County to receive the 90% reimbursement from the State.

Mr. Auffredou pointed out that an Intermunicipal Agreement for the governance of the MASK Confidence Building was required and must be executed by March 31, 2012 in order for the County to receive the 90% reimbursement, as well. Although there was a risk involved, he continued, he was confident that a draft Intermunicipal Agreement could be prepared; however, he said, he could not guarantee it would be approved by both Warren and Washington County's Board of Supervisors prior to the deadline.

Brian LaFlure, Fire Coordinator/Director of the Office of Emergency Services, agreed with Mr. Auffredou that there was some risk involved with this project; however, he stated, both Warren and Washington County had answered the necessary questions relative to the Intermunicipal Agreement for the governance of the MASK Confidence Building. He noted that it was important for all of the Supervisors to understand the history involved with this project which began over ten years ago. In 2003, he asserted, both Warren and Washington County allotted money in their budgets for three different years to establish a Capital Project Fund for the creation of a multi-jurisdictional, multi-disciplined, Emergency Services Training Center. He noted between the two Counties, \$360,000 was accumulated in the Capital Project Fund, some of which was utilized to enter into an agreement with the Laberge Group to write the Municipal Shared Services grant, which was awarded in the amount of \$400,000. Mr. LaFlure informed that the original plan was to construct the Emergency Services Training Center on the SUNY Adirondack campus; however, he added, that plan was met with opposition. He explained the current location was a piece of property that the County had obtained through a tax foreclosure on the southern end of the Airport and consisted of thirty-two acres. Over the years, he continued, the status of the economy had continued to decrease severely leading to the decision to purchase a modular built, MASK Confidence Building. He asserted that \$123,000 of the \$400,000 grant would reimburse both Counties for expenditures to date. Mr. LaFlure apprised that when the deadline of March 31, 2012 was reached and the State

reimbursements had been received, a balance of \$146,000 would remain in the Capital Project Fund. He recognized the only concern with the project was the lack of an approval letter from the NYS DOS.

Mr. Kenny questioned how much money would be at risk if an approval letter was not awarded by the NYS DOS and Mr. LaFlure replied if all of the funds were utilized from the Capital Project Fund, an additional \$200,000 could be needed. Mr. Mason asked if the NYS DOS did not approve the project, would that additional \$200,000 be a shared cost with Washington County and Mr. LaFlure responded affirmatively, noting all costs associated with the project, as well as use of the Building, were split 50/50 with Washington County.

Mr. Auffredou reported that an Intermunicipal Agreement from 2008 outlined the 50/50 cost split with Washington County, and also required the second Intermunicipal Agreement for the governance of the project. One of the criteria to be considered in the second Agreement, he said, was ownership interests in the property. He recognized that Warren County owned the property; however, he noted, it was important to Washington County to have some type of equity or ownership interest in the property, which could be difficult to resolve prior to March 31, 2012.

Mr. Monroe noted the resolution stated that the Building not only needed to be ordered and purchased by March 31, 2012, but it also needed to be constructed by that date and Mr. Auffredou confirmed that was accurate. Mr. LaFlure countered that the Building had to be constructed and inspected by March 31, 2012; however, he said, it did not have to be done on the planned site; it could be done at the manufacturers location and pictures could be forwarded to the State for approval.

Julie Pacyna, Purchasing Agent, informed that she had just contacted the low bidder who had advised he had been awarded two additional projects and therefore, he could not guarantee completion of the MASK Confidence Building by the March 31, 2012 deadline. Mr. Auffredou suggested that the resolution be amended to include a contingency that it was subject to confirmation that the successful bidder could meet that deadline. In response to an inquiry, Mr. LaFlure stated that all extensions of the grant had been exhausted.

Chairman Stec requested Mr. Dusek contact Washington County to see if they were aware of the recent information as provided by Mrs. Pacyna, that the bidder may not be able to complete the Building by the deadline.

Mr. Auffredou recommended the following amendment to Resolution No. 140, "Resolved, that moving forward with the project, including the Phase 2 professional engineering services, the award of the bid for the MASK Confidence Building was contingent upon the successful bidder for the MASK Confidence Building being able to complete the Building prior to March 31, 2012."

Mr. Conover referred to the delivery of the Building and Mr. LaFlure's statements that it did not have to be on site for the inspection and approval to be made and he asked Mr. Auffredou to expound on the matter. Mr. Auffredou apprised that he had contacted a representative at the NYS DOS who confirmed that the Building was not required to be on site for the approval. He added that it could be assembled and inspected at the manufacturers site. He further suggested adding to the amended language in the resolution the following "the written confirmation of the selected contractor to be received prior to the purchase order being authorized".

Mr. Kenny questioned if the bidder had included the cost of assembly on their site in the proposal and Mr. LaFlure replied affirmatively, noting that assembly of the Building on the manufacturers site for inspection was included in the bid specifications. Mr. LaFlure further stated that the grant documents said that the NYS DOS would come to the site in six months to view the Building in use.

Mr. Monroe expressed his concern with paying for the Building prior to it being delivered to the permanent site, which he believed violated the County's Purchasing Policy. Mr. Auffredou opined that this was a special circumstance which was necessary in order to comply with the conditions of the grant.

Motion was made by Mr. Geraghty, seconded by Mr. Bentley and carried unanimously to bring Resolution Nos. 138 through 140, as amended, to the floor.

Mr. Dusek announced he had contacted Washington County to share the new information regarding the bidders concern of meeting the deadline of March 31, 2012 for the MASK Confidence Building and they advised they had adopted their resolution and were confident the deadline could be met.

Chairman Stec called for a vote on the resolutions.

Resolution Nos. 57 through 140 were approved. Proclamation-American Red Cross Month was submitted.

EXHIBIT "A"
Time Clock Policy and Procedure for the Time and
Attendance System

Policy

It is the policy of Warren County that each employee will be at his or her work station and ready to commence the day's duties at the employee's starting time. The following procedure will govern the usage of time management tracking in order to provide a uniform procedure for timekeeping. These procedures must be followed consistently to ensure conformance to federal and state wage and hour laws and to ensure that employees are paid correctly.

Employees are separated into two (2) separate categories as follows:

1. Hourly employees, also called non-exempt employees, must record their actual time worked for payroll and benefit purposes. Non-exempt employees are those covered by collective bargaining agreements as well as non-unit employees not considered exempt. Non-exempt employees must record the time work begins and ends, as well as the beginning and ending time of any departure from work for any non-work related reason.

Non-exempt employees may not start work until their scheduled starting time. Non-exempt employees will not be allowed to clock in more than six (6) minutes before their shift starts and may not clock out more than six (6) minutes after their shift ends unless overtime is approved.

Break rules are set by the department and the applicable collective bargaining agreement. Employees are not required to record break times.

Non-exempt employees who work in the field or are out of the office on work related activities will not be required to clock in and out for lunch.

2. Exempt employees are classified in positions as administrative, executive, or professional in nature. Exempt employees include but are not limited to department heads, deputy dept. heads, attorneys, accountants and other high level employees whose work involves professional services at the county. Exempt employees are not entitled to overtime. For a list of exempt titles see attached schedule A.

Exempt employees are required to clock in when arriving at their office. This one time entry indicates the employee will be working that day. If exempt employees will be working out of the office for any period of time they must contact the department payroll clerk to record the appropriate entry signifying a day's work. These employees are required to log any hours when they are not working with applicable leave credits as prescribed by management. Exempt

employees must certify hours weekly indicating they have met the standard applicable hours.

Employees are responsible for their time reporting. Any errors in your time record should be reported immediately to your supervisor, who will attempt to correct legitimate errors.

All employees are expected to report to work on time, as scheduled, with no grace periods allowed. This includes arrival at work and returns from lunch and break periods. Exceptions must be approved by the appropriate department head.

Altering, falsifying or tampering with time records is prohibited and subjects the employee to possible discipline, up to and including discharge. This includes clocking in or out for a co-worker regardless of the time management system in use.

Elected officials are not required to utilize the county's time management system.

RESOLVED, by the Board of Supervisors of the County of Warren, New York, as follows:

Section 1. For the object or purpose of refunding the \$13,800,000 outstanding principal balance of the Refunded Bonds, including providing moneys which, together with the interest earned from the investment of certain of the proceeds of the refunding bonds herein authorized, shall be sufficient to pay (i) the principal amount of the Refunded Bonds, (ii) the aggregate amount of unmatured interest payable on the Refunded Bonds to and including the date on which the Refunded Bonds which are callable are to be called prior to their respective maturities in accordance with the refunding financial plan, as hereinafter defined, (iii) the costs and expenses incidental to the issuance of the refunding bonds herein authorized, including the development of the refunding financial plan, as hereinafter defined, compensation to the underwriter or underwriters, as hereinafter defined, costs and expenses of executing and performing the terms and conditions of the escrow contract or contracts, as hereinafter defined,

and fees and charges of the escrow holder or holders, as hereinafter mentioned, and (iv) the premium or premiums for a policy or policies of municipal bond insurance or cost or costs of other credit enhancement facility or facilities, for the refunding bonds herein authorized, or any portion thereof, there are hereby authorized to be issued not exceeding \$14,700,000 refunding serial bonds of the County pursuant to the provisions of Section 90.10 of the Local Finance Law (the "Public Improvement Refunding Bonds" or the "Refunding Bonds"), it being anticipated that the amount of Refunding Bonds actually to be issued will be approximately \$13,505,000, as provided in Section 4 hereof. The Refunding Bonds described herein are hereby authorized to be consolidated for purposes of sale in one or more refunding serial bond issues. The County Refunding Bonds shall each be designated substantially "PUBLIC IMPROVEMENT REFUNDING (SERIAL) BOND" together with such series designation and year as is appropriate on the date of sale thereof, shall be of the denomination of \$5,000 or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity, shall be numbered with the prefix R-12 (or R with the last two digits of the year in which the Refunding Bonds are issued as appropriate) followed by a dash and then from 1 upward, shall be dated on such dates, and shall mature annually on such dates in such years, bearing interest semi-annually on such dates, at the rate or rates of interest per annum, as may be necessary to sell the same, all as shall be determined by the County Treasurer pursuant to Section 4 hereof. It is hereby further determined that (a) such Refunding Bonds may be issued in series, (b) such Refunding Bonds may be sold at a discount in the manner authorized by paragraph a of Section 57.00 of the Local Finance Law pursuant to subdivision 2 of paragraph f of Section 90.10 of the Local Finance Law, and (c) such Refunding Bonds may be issued as a single consolidated issue. It is hereby further determined that such Refunding Bonds may be issued to refund all, or any portion of, the Refunded Bonds, subject to the limitation hereinafter described in Section 10 hereof relating to approval by the State Comptroller. It is hereby further determined that such Refunding Bonds may be issued pursuant to Section 90.00 of the Local Finance Law in the event that the amount of Refunding Bonds to be issued does not exceed the maximum permissible thereby at the time of the sale thereof.

Section 2. The Refunding Bonds may be subject to redemption prior to maturity upon such terms as the County Treasurer shall prescribe, which terms shall be in compliance with the requirements of Section 53.00 (b) of the Local Finance Law. If less than all of the Refunding Bonds of any maturity are to be redeemed, the particular refunding bonds of such maturity to be redeemed shall be selected by the County by lot in any customary manner of selection as determined by the County Treasurer.

The Refunding Bonds shall be issued in registered form and shall not be registrable to bearer or convertible into bearer coupon form. In the event said Refunding Bonds are issued in non-certificated form, such bonds, when issued, shall be initially issued in registered form in denominations such that one bond shall be issued for each maturity of bonds and shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the bonds in accordance with the Book-Entry-Only system of DTC. In the event that either DTC shall discontinue the Book-Entry-Only system or the County shall terminate its participation in such Book-Entry-Only system, such bonds shall thereafter be issued in certificated form of the denomination of \$5,000 each or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity. In the case of non-certificated Refunding Bonds, principal of and interest on the bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to The Depository Trust Company, New York, New York, or to its nominee, Cede & Co., while the bonds are registered in the name of Cede & Co. in accordance with such Book-Entry-Only System. Principal shall only be payable upon surrender of the bonds at the principal corporate trust office of such Fiscal Agent (or at the office of the County Clerk as Fiscal Agent as hereinafter provided).

In the event said Refunding Bonds are issued in certificated form, principal of and interest on the Refunding Bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to the registered owners of the Refunding Bonds as shown on the registration books of the County maintained by the Fiscal Agent (as hereinafter defined), as

of the close of business on the fifteenth day of the calendar month or first business day of the calendar month preceding each interest payment date as appropriate and as provided in a certificate of the County Treasurer providing for the details of the Refunding Bonds. Principal shall only be payable upon surrender of bonds at the principal corporate trust office of a bank or trust company or banks or trust companies located or authorized to do business in the State of New York, as shall hereafter be designated by the County Treasurer as fiscal agent of the County for the Refunding Bonds (collectively the "Fiscal Agent").

Refunding Bonds in certificated form may be transferred or exchanged at any time prior to maturity at the principal corporate trust office of the Fiscal Agent for bonds of the same maturity of any authorized denomination or denominations in the same aggregate principal amount.

The County Treasurer, as chief fiscal officer of the County, is hereby authorized and directed to enter into an agreement or agreements containing such terms and conditions as she shall deem proper with the Fiscal Agent, for the purpose of having such bank or trust company or banks or trust companies act, in connection with the Refunding Bonds, as the Fiscal Agent for said County, to perform the services described in Section 70.00 of the Local Finance Law, and to execute such agreement or agreements on behalf of the County, regardless of whether the Refunding Bonds are initially issued in certificated or non-certificated form.

Principal and interest on the Refunding Bonds will be payable in lawful money of the United States of America.

The County Treasurer is hereby further delegated all powers of this Board of Supervisors with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00 of the Local Finance Law, for said Refunding Bonds, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

The Refunding Bonds shall be executed in the name of the County by the manual or facsimile signature of the County Treasurer, and a facsimile of its corporate seal shall be imprinted thereon. In the event of facsimile signature, the Refunding Bonds shall be authenticated by the manual signature of an authorized officer or employee of the Fiscal Agent. The Refunding Bonds shall contain the recital required by subdivision 4 of paragraph j of Section 90.10 of the Local Finance Law and the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the County Treasurer shall determine. It is hereby determined that it is to the financial advantage of the County not to impose and collect from registered owners of the Refunding Bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the Fiscal Agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the Fiscal Agent.

Section 3. It is hereby determined that:

(a) the maximum amount of the Refunding Bonds authorized to be issued pursuant to this resolution does not exceed the limitation imposed by subdivision 1 of paragraph b of Section 90.10 of the Local Finance Law;

(b) the maximum period of probable usefulness permitted by law at the time of the issuance of the Refunded Bonds, for the object or purpose for which such Refunded Bonds were issued is thirty years;

(c) the last installment of the Refunding Bonds will mature not later than the expiration of the period of probable usefulness of the objects or purposes for which said Refunded Bonds were issued in accordance with the provisions of subdivision 1 of paragraph c of Section 90.10 of the Local Finance Law;

(d) the estimated present value of the total debt service savings anticipated as a result of the issuance of the Refunding Bonds, if any, computed in accordance with the provisions of subdivision 2 of paragraph b of Section 90.10 of the Local Finance Law, is as shown in the Refunding Financial Plan described in Section 4 hereof.

Section 4. The financial plan for the aggregate of the refundings authorized by this resolution (collectively, the "Refunding Financial Plan"), showing the sources and amounts of

all moneys required to accomplish such refundings, the estimated present value of the total debt service savings and the basis for the computation of the aforesaid estimated present value of total debt service savings, are set forth in Exhibit "A" attached hereto and made a part of this resolution. The Refunding Financial Plan has been prepared based upon the assumption that the Refunding Bonds will be issued in one series to refund all of the Refunded Bonds in the principal amount of \$13,505,000, and that the Refunding Bonds will mature, be of such terms, and bear interest as set forth on Exhibit "A" attached hereto and made a part of this resolution. This Board of Supervisors recognizes that the Refunding Bonds may be issued in one or more series, and for all of the Refunded Bonds, or portions thereof, that the amount of the Refunding Bonds, maturities, terms, and interest rate or rates borne by the Refunding Bonds to be issued by the County will most probably be different from such assumptions and that the Refunding Financial Plan will also most probably be different from that attached hereto as Exhibit "A". The County Treasurer is hereby authorized and directed to determine which of the Refunded Bonds will be refunded and at what time, the amount of the Refunding Bonds to be issued, the date or dates of such bonds and the date or dates of issue, maturities and terms thereof, the provisions relating to the redemption of Refunding Bonds prior to maturity, whether the Refunding Bonds will be insured by a policy or policies of municipal bond insurance or otherwise enhanced by a credit enhancement facility or facilities, whether the Refunding Bonds shall be sold at a discount in the manner authorized by paragraph e of Section 57.00 of the Local Finance Law, and the rate or rates of interest to be borne thereby, whether the Refunding Bonds shall be issued having substantially level or declining annual debt service and all matters related thereto, and to prepare, or cause to be provided, a final Refunding Financial Plan for the Refunding Bonds and all powers in connection therewith are hereby delegated to the County Treasurer; provided, that the terms of the Refunding Bonds to be issued, including the rate or rates of interest borne thereby, shall comply with the requirements of Section 90.10 of the Local Finance Law. The County Treasurer shall file a copy of his certificates determining the details of the Refunding Bonds and the final Refunding Financial Plan with the County Clerk not later than ten (10) days after the delivery of the Refunding Bonds, as herein provided.

Section 5. The County Treasurer is hereby authorized and directed to enter into an escrow contract or contracts (collectively the "Escrow Contract") with a bank or trust company, or with banks or trust companies, located and authorized to do business in this State as said County Treasurer shall designate (collectively the "Escrow Holder") for the purpose of having the Escrow Holder act, in connection with the Refunding Bonds, as the escrow holder to perform the services described in Section 90.10 of the Local Finance Law.

Section 6. The faith and credit of said County of Warren, New York, are hereby irrevocably pledged to the payment of the principal of and interest on the Refunding Bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall be annually levied on all the taxable real property in said County a tax sufficient to pay the principal of and interest on such Refunding Bonds as the same become due and payable.

Section 7. All of the proceeds from the sale of the Refunding Bonds, including the premium, if any, but excluding accrued interest thereon, shall immediately upon receipt thereof be placed in escrow with the Escrow Holder for the Refunded Bonds. Accrued interest on the Refunding Bonds shall be paid to the County to be expended to pay interest on the Refunding Bonds. Such proceeds as are deposited in the escrow deposit fund to be created and established pursuant to the Escrow Contract, whether in the form of cash or investments, or both, inclusive of any interest earned from the investment thereof, shall be irrevocably committed and pledged to the payment of the principal of and interest on the Refunded Bonds in accordance with Section 90.10 of the Local Finance Law, and the holders, from time to time, of the Refunded Bonds shall have a lien upon such moneys held by the Escrow Holder. Such pledge and lien shall become valid and binding upon the issuance of the Refunding Bonds and the moneys and investments held by the Escrow Holder for the Refunded Bonds in the escrow deposit fund shall immediately be subject thereto without any further act. Such pledge and lien

shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the County irrespective of whether such parties have notice thereof.

Section 8. Notwithstanding any other provision of this resolution, so long as any of the Refunding Bonds shall be outstanding, the County shall not use, or permit the use of, any proceeds from the sale of the Refunding Bonds in any manner which would cause the Refunding Bonds to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986, as amended, and, to the extent applicable, the Regulations promulgated by the United States Treasury Department thereunder.

Section 9. In accordance with the provisions of Section 53.00 and of paragraph h of Section 90.10 of the Local Finance Law, in the event such bonds are refunded, the County hereby elects to call in and redeem each of the Refunded Bonds which the County Treasurer shall determine to be refunded in accordance with the provisions of Section 4 hereof and with regard to which the right of early redemption exists. The sum to be paid therefor on such redemption date shall be the par value thereof, and the accrued interest to such redemption date. The Escrow Agent for the Refunding Bonds is hereby authorized and directed to cause notice of such call for redemption to be given in the name of the County in the manner and within the times provided in the Refunded Bond Certificate. Such notice of redemption shall be in substantially the form attached to the Escrow Contract. Upon the issuance of the Refunding Bonds, the election to call in and redeem the callable Refunded Bonds and the direction to the Escrow Agent to cause notice thereof to be given as provided in this paragraph shall become irrevocable, provided that this paragraph may be amended from time to time as may be necessary in order to comply with the publication requirements of paragraph a of Section 53.00 of the Local Finance Law, or any successor law thereto.

Section 10. The Refunding Bonds shall be sold at public competitive sale or at private sale to an underwriter to be hereafter determined by the County Treasurer (the "Underwriter") for purchase prices to be determined by the County Treasurer, plus accrued interest from the date or dates of the Refunding Bonds to the date or dates of the delivery of and payment for the Refunding Bonds. Subject to the approval of the terms and conditions of such private sale by the State Comptroller as required by subdivision 2 of paragraph f of Section 90.10 of the Local Finance Law, the County Treasurer, is hereby authorized to execute and deliver a purchase contract for the Refunding Bonds in the name and on behalf of the County providing the terms and conditions for the sale and delivery of the Refunding Bonds a purchasing underwriter if sold at private sale. After the Refunding Bonds have been duly executed, they shall be delivered by the County Treasurer to the purchaser the Underwriter in accordance with said purchase contract upon the receipt by the County of said the purchase price, including accrued interest.

Section 11. The County Treasurer and all other officers, employees and agents of the County are hereby authorized and directed for and on behalf of the County to execute and deliver all certificates and other documents, perform all acts and do all things required or contemplated to be executed, performed or done by this resolution or any document or agreement approved hereby.

Section 12. All other matters pertaining to the terms and issuance of the Refunding Bonds shall be determined by the County Treasurer and all powers in connection thereof are hereby delegated to the County Treasurer.

Section 13. The validity of the Refunding Bonds may be contested only if:

1. Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2. The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

3. Such obligations are authorized in violation of the provisions of the Constitution.

Section 14. A summary of this resolution, which takes effect immediately, shall be published in the official newspapers of said County, together with a notice of the County Clerk in substantially the form provided in Section 81.00 of the Local Finance Law.

Mr. Strainer wondered if the Board of Supervisors still had a Sergeant of Arms and Chairman Stec replied in the negative. Mr. Strainer asked about a Chaplain and Chairman Stec stated that would need to be considered at a later date.

There being no further business, on motion by Mrs. Frasier and seconded by Mr. Taylor, Chairman Stec adjourned the meeting at 12:30 p.m.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, MARCH 16, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:00 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor McDevitt.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 20.

Motion was made by Mr. Girard, seconded by Mr. Taylor and carried unanimously to approve the minutes of the February 17, 2012 Board Meeting, subject to correction by the Clerk of the Board.

Chairman Stec began the meeting by introducing Mark Donohue, President and CEO of CWI (Community, Work and Independence), which was an organization located in the City of Glens Falls that aimed to provide effective programs and services to enhance the quality of life for people with disabilities or other barriers. Mr. Donohue thanked the Board for providing him the opportunity to speak about the organization he represented and noted that March was nationally recognized as Developmental Disabilities Awareness month; therefore, he added, organizations, such as CWI, were attempting to increase public exposure and awareness of what was happening in their field and industry, as well as about the people impacted by the services provided and the impact that the disabled had on the community, which was sometimes overlooked.

Mr. Donohue stated that similar to the County and other municipalities, CWI was dealing with budget issues, and over the last 18 months they had experienced over \$1.5 million in funding reductions, which had a substantial negative impact on the services provided. He said CWI continued to strive to provide more services with less funding and struggled with that goal daily; he added he was very proud to state that the reduction in funding had not effected the quality of services provided. Mr. Donohue continued to note that close to \$4.6 billion in State funding was provided annually for assistance to the disabled, which served as a testament by the State of New York to the importance of the services provided to those in need. He apprised there were substantial changes being considered by Governor Cuomo to this field for the future, including a plan for the State of New York to work with the Center for Medicaid at the Federal level to provide a niche for services to the disabled and provide capped service rates. Mr. Donohue said they expected this new program to become effective in 2016, but said they were currently planning for the unknown as the manner in which the Federal and State entities would implement future programming was still unknown; however, he stated, they would continue to advocate for continued services for those currently receiving them, as well as to provide for those in need.

As the new President & CEO of CWI, Mr. Donohue explained that one of his primary focuses was to educate the community as to the efforts and benefits provided by the organization. He announced that in 2013, CWI would celebrate their 50th anniversary and apprised that they served over 1,200 disabled people each month in Warren, Washington and Saratoga Counties and employed more than 760, making them one of the top employers for the region. Mr. Donohue expounded that through their partnership with SUNY Adirondack, CWI had assisted more than ten disabled students attending classes on a matriculated basis, and they were very proud to state that four of them would graduate with degrees that year, which was an impressive example of the advancement of disabled programming and the ability to integrate people into the community. He noted that CWI also provided transitional services within area school districts where they worked with school faculty, students and their families to assist persons with disabilities to plan their futures, which were now limitless in comparison

to what they used to be. Mr. Donahue further noted that CWI employed over 220 disabled persons in 60 area businesses including landscaping companies, restaurants, grocery stores and even the billing department at Glens Falls Hospital, and provided a clinic for speech, occupational and physical therapies within their realm of services.

Mr. Donohue stated that CWI hoped to develop new partnerships with the County and other municipalities to increase their funding source. He explained there was a \$3 million manufacturing outfit located in the Town of Queensbury which was run by CWI and employed disabled personnel in a workshop-type setting. He said they currently held 10 New York State preferred source contracts and they intended to begin promoting the facility regionally to increase local purchase contacts for toilet tissue, paper towels and many other products. Mr. Donohue noted that purchasing products from this facility would not only assist their organization, it would also support a Warren County business and keep money in the County. In closing, he stated the best way to educate the public on the services provided by CWI was by touring the facility to view their operations first hand and he invited anyone interested in doing so to contact him; he added that his office could also be contacted if any Supervisor was aware of a disabled person requiring assistance within their respective municipality.

Mr. McDevitt thanked Mr. Donohue for his presentation and also for the work he and his organization had done to assist disabled persons within the community. He apprised of his personal experiences in conversing with two disabled people working at the local Price Chopper supermarket and noted that this interaction had been humbling as these individuals worked very hard to be productive members of society. Mr. Donohue thanked Mr. McDevitt for his comments and noted that the budget constraints were the most difficult facet of the operation to address. He advised some of the disabled employees working for CWI had been with the organization for upwards of 35 years; he added these individuals were not at a functioning level that allowed them to be integrated into the workforce, but were able to work well in the workshop setting provided by the tissue and paper factory. Mr. Donohue stated that the Medicaid funding previously provided to fund these sorts of workshop-type facilities was fading, but he noted they had recently secured another State contract to provide firewood at State campgrounds.

Chairman Stec thanked Mr. Donohue for his announcements and accomplishments and congratulated him on CWI's upcoming anniversary.

Chairman Stec advised the next item on the Agenda pertained to his reports. He apprised that in light of his standing as Chairman of the Board for a northern-New York based County, he had recently been invited by Governor Cuomo's Office to attend a meeting in Lake Placid to testify in front of the Mandate Relief Council. Chairman Stec stated that mandate relief was important to all members of the Board of Supervisors, as well as many members of the community due to the impact on the local government, as well as to schools, businesses and hospitals, which affected the costs of services. He thanked Supervisors Monroe and Westcott for their leadership on mandate relief efforts which included participation on a NYSAC (New York State Association of Counties) panel. Chairman Stec advised that at the NYSAC meeting he had presented a hiking analogy with two people walking down a trail, one being the State and the other the local government/taxpayer. He added that in this metaphor the State was yelling at the local government/taxpayer to move faster, representing the tax cap, while putting rocks in their backpack, representing the unfunded State mandates. Chairman Stec said the metaphor was well received and understood while providing a bit of entertainment; he noted that he had shared the same analogy with Lieutenant Governor Duffy who chaired the panel at the Lake Placid meeting, as well as with Senator Little, Assemblywoman Sayward and Chairpersons from several other Counties.

Chairman Stec advised the dispatch consolidation with the City of Glens Falls had been completed which would save money for both municipalities without causing any lapse in service or protection. He extended congratulations to Mayor Jack Diamond and the staff working for the City of Glens Falls for completing all necessary work on their portion of the initiative, and he thanked Mr. Taylor and the rest of the Supervisors involved, as well as Sheriff

York and his staff, for their participation. Chairman Stec noted that this idea had been discussed for almost ten years before gaining the proper support allowing them to proceed and he felt this was the appropriate time to demonstrate that this had been the proper decision for the County and City.

Continuing, Chairman Stec apprised of an issue reported in *The Post Star* over the past few days, that being the availability and use of a synthetic marijuana drug that was causing a significant threat to the community and, in particular, to children. He said this was a serious threat that he felt could be more appropriately and uniformly dealt with at the State level, but noted that if they chose not to address the problem, the County had the authority to take a firm stand on the issue and should do so.

Finally, Chairman Stec thanked Supervisors Conover, Dickinson and Frasier for coordinating with himself in working with the Lake George Park Commission and the Warren County Soil & Water Conservation District in helping to fund the purchase of a boat washing station to assist with the eradication of invasive species in Lake George. He explained the equipment would cost about \$40,000 and the Lake George Park Commission did not have sufficient funds to make the purchase immediately; therefore, he said, assistance had been pledged by the Towns bordering the Lake to complete the purchase, rather than waiting for an alternative source of funding to be determined. Chairman Stec opined that the \$40,000 investment would turn out to be a benefit to the health of the Lake, which was of vital importance to the area.

Chairman Stec called for reports by Committee Chairmen on past month's activities or meetings and the following gave verbal reports:

Supervisor Taylor, Support Services and Economic Growth & Development; Supervisor Loeb, Social Services; Supervisor Kenny, Occupancy Tax Coordination; Supervisor Bentley, Public Works; Supervisor Merlino, Tourism; Supervisor Sokol, Health Services; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Conover, Personnel; Supervisor Monroe, Legislative & Rules; Supervisor Girard, County Facilities and Extension Services.

Concerning the Support Services Committee, Mr. Taylor noted that two resolutions had been approved, Resolution No. 174, Approving and Authorizing the Implementation of a Program on Workplace Violence Prevention for Warren County, and Resolution No. 175, Approving and Authorizing the Implementation of a Warren County Municipal Center Emergency Action and Response Plan. He further noted that the Economic Growth and Development Committee had approved three resolutions, two of those being for the Planning Department, Resolution No. 159, Amending Resolution No. 82 of 2010 Reducing the Amount of Funding and Revising the Scope of Services with Regard to a Grant Agreement with Adirondack North Country Association, and Resolution No. 160, Amending Resolution No. 695 of 2008 with the New York State Department of Environmental Conservation Relating to the 400th Explore New York Reimbursable Grant Agreement, and one pertaining to Economic Development, Resolution No. 161, Supporting the co-Location of Economic Development Programs and Services in both Warren and Washington Counties and to Support the Establishment of a New Revolving Loan Fund. Mr. Taylor reminded the Board members that during the 2012 Budget process they had decided to increase funding to the Economic Development Corporation (EDC), which he felt had been a wise decision and he noted that through his membership on the Warren County Local Development Corporation (WCLDC) and the Warren and Washington Counties Industrial Development Agency (WWCIDA), he was in a good position to see the results of the work being done by the EDC, first hand. Mr. Taylor apprised that due to a change in State regulations, the WWCIDA could no longer fund civic organizations and had therefore formed a Civic Development Corporation (CDC) that allowed them to become involved with civic projects, such as those involving hospitals and schools. He added that this also allowed them to provide bonding services for the SUNY Adirondack housing project, thereby retaining approximately \$100,000 of fee income within the community that would have otherwise been transferred to the dormitory authority. Mr. Taylor noted that

the WWCIDA had also been involved with the Hoffman Project, but said the association had intentionally been kept quiet until the Project was completed. He further noted they were ready to close on the sale of a parcel in the Airport Industrial Park and had recently shown another lot they anticipated would be purchased by an existing business looking to expand their operations. Mr. Taylor apprised the WCLDC had reorganized and reviewed their loan portfolio to address the shortcomings discovered; he added that new loan guidelines had also been developed, as outlined by proposed Resolution No. 161. He said the EDC, WWCIDA, WCLDC and the Washington County Local Development Corporation were all working together with very positive results. Mr. Taylor pointed out that the EDC had recently secured a \$250,000 State grant to fund the co-location of the economic development programs offered in both Warren and Washington Counties, as well as to establish a new revolving loan fund. He concluded that future plans were positive and new projects were occurring and he hoped that as the Budget Team began preparing the 2013 County Budget they would continue to support the EDC as new jobs were being created while standardizing the workforce.

With regard to the Social Services Committee, Mr. Loeb advised that most of the Committee action had been to approve training requests. He noted that Suzanne Wheeler, Acting Commissioner of Social Services, had instituted a new program which included peer voting for two staff members to be named each month as exemplary employees of the Department of Social Services. Additionally, Mr. Loeb stated that Ms. Wheeler had started inviting the head of one of the various divisions of the Department of Social Services to the monthly Committee meetings to speak on the functions of their respective portion of the Department. In closing, Mr. Loeb requested a roll call vote on Resolution No. 186, Supporting Senate Bill No. 4478 and Assembly Bill No. 8115, or a Reasonable Combination thereof, to Enable an Appropriate Approach to Mandate Relief by Suspending or Repealing the Triborough Amendment to the New York State Civil Service Law.

Referring to the Occupancy Tax Coordination Committee meeting held on February 28th, Mr. Kenny apprised the Committee had approved a \$100,000 expenditure from the Occupancy Tax Reserve to provide additional funding to the Asian Clam eradication efforts, as represented by Resolution No. 177 which was included in the resolution packet. He added that Resolution No. 176 authorized the expenditure of \$30,000 from the Occupancy Tax Reserve to cover the Treasurer's cost for administration in 2011. Mr. Kenny noted that Mike Swan, County Treasurer, had generously offered to provide future services at a reduced rate of \$15,000 per year for 2012 and beyond, which was greatly appreciated.

Respective to the Public Works Committee, Mr. Bentley advised the agenda packet included a number of resolutions approved at the prior Committee meeting, primarily consisting of typical housekeeping issues including contract awards and filling of vacant positions. He specifically pointed out three resolutions related to the development of the West Brook Parking Lot as being Resolution No. 201, Bond Resolution Dated March 16, 2012, Authorizing the West Brook Parking Lot Construction Project in Warren County, New York at a Maximum Estimated Cost of \$153,000 and Authorizing Issuance of \$153,000 Serial Bonds of Warren County to pay the costs Thereof and Authorizing the County Treasurer to Make Temporary Advances of Legally Available Funds; Resolution No. 202, Resolution Making SEQRA Determination Regarding the Proposed West Brook Parking Lot Construction Project in Warren County, New York and the Authorization by Serial Bond Resolution of Same Date for the Issuance of \$153,000 Serial Bonds of Warren County to pay the cost thereof; and Resolution No. 203, Establishing Capital Project No. H332.9550 280, West Brook Parking Lot, Authorizing Transfer of Funds and Amending Warren County Budget for 2012. Pursuant to an inquiry made by Mr. Dickinson, Mr. Bentley clarified that the agenda packet also included Resolution No. 196, Authorizing Intermunicipal Agreement with the Village of Lake George for Operation of County Owned Beach Road Parking Lot.

Mr. Merlino apprised that the Tourism Committee had not met during the past month, but noted that Kate Johnson, Tourism Director, and Tanya Brand, Group Tour Promoter, had attended a Travel and Vacation Show in Ottawa, CA which drew approximately 18,000

attendees; he added there had been around 20 exhibitors at the Show, including Warren County. He said that all of the information promoting Warren County had been given away at the show and he estimated that about 500 people had signed up for the raffle items being given away. Mr. Merlino announced that during the prior week he and Ms. Johnson had attended the Empire State Tourism Conference luncheon held in Albany, NY where the Last of the Mohicans production had received the Best Cultural Attraction Award for the State of New York. He commented that he was very supportive of the Office for the Aging meal sites, especially the one located in the Town of Lake Luzerne, and he was very pleased that Mr. Geraghty and Paul Dusek, County Administrator, had recently come to the meal site for lunch. He said this experience was helpful to the Budget negotiators as it allowed them to obtain a first hand view of the operations and confirmed support for the continuation of the meal sites. Mr. Merlino concluded that he felt Messrs. Geraghty, Dusek and the rest of the Budget Team were doing a very good job of maintaining the Warren County Budget in a more professional and business-like manner, and he applauded them for their efforts.

Referring to the Human Services Committee meeting held on February 23rd, Mr. Strainer advised the agenda packet included resolutions approved to renew general contractual services routinely provided. He pointed out Resolution No. 194, Authorizing Agreement with Adirondack Community Action Program of Essex County to Provide Home Delivered Meals to Hague Residents for the Office for the Aging, which provided for the delivery of meals to approximately eight to ten Town of Hague residents at a cost of \$2.30 per meal. Mr. Strainer apprised that he served as the liaison between the County and the Court offices located within the Municipal Center Building and noted that he had recently met with them on March 6th for their annual meeting. He said the Courts were still woefully short on space and he said he had advised there were two new conference rooms located on the second floor which could be utilized for meetings, if necessary. Mr. Strainer stated that one of the interesting points made during the meeting was that the number and type of criminal cases heard had been almost identical to those reported for the prior two years. He further noted that Bonnie Nadig, Commissioner of Jurors, had sent out 3,500 potential juror questionnaires and had received an 88% return response rate, which he felt was a good turnout. Mr. Strainer further pointed out that although many jurors initially tried to avoid jury duty, conversations held at follow up meetings indicated that most people who served on the jury actually found the experience to be both entertaining and rewarding.

Mr. Westcott stated that while he had no report to provide, he would request a roll call vote on Resolution No. 189, Introducing Resolution Authorizing an Increase in the Real Property Tax Exemption Limit for Persons Sixty-Five (65) Years of Age and Over in Combination with Sliding Scale of Increment Levels of Exemption and Authorizing Public Hearing Thereon.

With respect to the Health Services Committee, Mr. Sokol advised the February 24th meeting had been very brief and he felt the only noteworthy resolution approved was No. 149, Authorizing Settlement of Westmount Civil Money Penalty. He explained that pursuant to an inspection made by the New York State Department of Health (NYSDOH), ten deficiencies had been identified, nine of which were immediately corrected. He added that although the tenth deficiency had been addressed within a couple of days following the NYSDOH visit, a \$2,000 penalty fine had been assessed; however, he noted, this fine could have been much higher if the situation was not rectified as quickly as it was.

Concerning the Finance Committee, Mr. Thomas apprised that a relatively short meeting had been held on March 7th during which several routine resolutions were approved. As previously reported by Messrs. Kenny and Bentley, he noted Resolution Nos. 176, 177, 201 and 203 which confirmed actions taken by the Occupancy Tax Coordination and Public Works Committees in authorizing expenditure of occupancy tax reserve funding, issuance of serial bonds and establishment of a capital project for construction of the West Brook parking lot.

Relative to the Public Safety Committee, Mrs. Wood announced the Committee had been very busy during the past month and had approved several resolutions, including No. 172,

Authorizing Intermunicipal Agreement with the County of Washington for the Governance of the Warren-Washington Counties Regional Emergency Services Training Center, and No. 173, Authorizing Agreement with Rozell Industries, Inc. for use of a Crane for the MASK Confidence Building for the Warren and Washington Counties Emergency Services Training Center. She thanked Mr. Girard for allowing these resolutions to be approved at the County Facilities Committee meeting as the need for their approval had arisen after the Public Safety Committee meeting had been held. Mrs. Wood apprised that Resolution No. 172 needed to be in place prior to the end of March in order to meet grant specifications for the Fire Training Center; she added that Washington County was concurrently approving their version of the resolution as their Board meeting was being held on the same day. Referring to Resolution No. 173, she announced they had been given reason to believe that Rozell Industries, Inc. might be willing to donate their crane services for placement of the MASK Confidence building, which would be a nice savings for the Counties and she noted that in the event this was the case, a resolution was necessary to allow for the acceptance of the donated services. Mrs. Wood stated that meetings had been held each Tuesday to review the Fire Training Center project, including visits to the placement site, and she said she wished to publicly thank Mr. Bentley, Jeffery Tennyson, Superintendent of Public Works, and Martin Auffredou, County Attorney, for all of their efforts in bringing the construction of the MASK Confidence Building to fruition. She advised there were DPW crews working to prepare the site chosen for the Building and there was no reason to believe that the grant requirements would not be fulfilled. Continuing, Mrs. Wood noted Resolution No. 200, Approving Submittal of Local Government Efficiency Grant to NYS Department of State by co-Applicants, City of Glens Falls and County of Warren, for Financial Assistance in the Consolidation of Respective Dispatch Centers; she advised the City was currently working on an application for a \$200,000 grant opportunity to support the costs of the consolidation efforts and advised that this would allow the opportunity to recoup the \$50,000 to \$60,000 already expended, as well as provide additional funding for equipment upgrades.

Mr. Geraghty said he had nothing to report, but wished to thank Mr. Merlino for his kind words and he noted that he had enjoyed his visits to the meal site locations. Relative to the subject of unfunded mandates, he said that while these discussions continued, they should be leery of what was being touted in Albany as he did not feel the savings realized would be that great. Mr. Geraghty added that he was disappointed with the amount of time it was taking the State to address this issue.

In connection with the Personnel Committee, Mr. Conover stated that several routine resolutions had been approved pertaining to the filling of vacant positions. He added that the combination of Resolution No. 190, Introducing Local Law No. 4 of 2012 and Authorizing Public Hearing Thereon, and Resolution No. 191, Introducing Local Law No. 5 of 2012 and Authorizing Public Hearing Thereon, would revise the functions of the Personnel Officer and finalize the elimination of the Human Resources Department. Mr. Conover concluded that he felt these actions were a step in the right direction for Warren County.

Referring to the Legislative & Rules Committee, Mr. Monroe pointed out that Resolution No. 188, Confirming and Restating Resolution No. 146 of 2011 Opposing the Fee Purchase of the Former Finch and Follensby Pond Lands by the State of New York, was particularly important as one portion of the proposed State budget called for \$17.5 million in land acquisitions. He noted that the resolution opposed the fee purchase of the Finch and Follensby Pond lands for many reasons, including the negative impacts to employment, invasive species, building rights and assessed values. Mr. Monroe stated that Resolution No. 186, previously identified by Mr. Loeb, which pertained to support for Senate Bill No. 4478 and Assembly Bill No. 8115, had been approved by the Legislative Committee, as well as Resolution No. 187, Urging all Counties to Unite to Bring about Real and Meaningful Mandate Relief in New York State, and the previously mentioned Resolution No. 189, relating to an increase in the tax exemption limit for persons over age 65.

With reference to the County Facilities Committee, Mr. Girard advised the resolutions approved pertained to typical maintenance items for the Airport including approvals for staff training, as well as one authorizing the Superintendent of Public Works to scrap the bottle sorter located at the old "Ciba Geigy" property, *Resolution No. 168*, and another extending the lease agreement with Perkins Recycling Corporation, *Resolution No. 169*. Referring to the Extension Services Committee, he announced that Cornell Cooperative Extension was having success with the volunteer income tax assistance program, providing income tax preparation assistance for Warren County resident returns totaling over \$200,000 to date; he added that additional preparation sessions had been scheduled for Tuesday March 20th, at the CCE Office located in Warrensburg, Friday March 23rd at the Horicon Town Hall, and Friday March 30th at the Adirondack Tri-County Nursing Home in the Town of Johnsbury.

Chairman Stec informed the next item on the Agenda was the report by the County Administrator. Mr. Dusek began by thanking Mr. Merlino for his prior comments and noted that in working as Administrator he had come to realize that while constant financial review was very important, it was equally important to have a first hand view of the repercussions of the changes being made and he found the meal site visits to be a valuable experience. He reminded the Board that they had previously authorized an agreement with Aeon Nexus to complete a spend analysis for Warren County at a cost of approximately \$16,000, which was currently ongoing. Mr. Dusek noted that since that time, Aeon Nexus had been leading the effort to join several counties in a consolidation effort to perform spend assessments both on the county and regional level to determine whether there might be a means available to gain efficiencies by consolidating the expenditures of various municipalities, and as a result, they sought to apply for a State Efficiency Grant, similar to the one outlined by Resolution No. 200, as previously mentioned by Mrs. Wood. He advised that Saratoga County would be submitting the grant application on behalf of the joint effort, in which they would be joined by Albany, Rensselaer and Schenectady Counties, as well as the City of Troy and he believed Washington County would also be participating. Mr. Dusek said he recommended that Warren County join in the grant application and noted that approval of a resolution authorizing participation would be necessary prior to the March 21st submission deadline. Chairman Stec questioned what costs the County would be responsible for in association with the grant opportunity and Mr. Dusek replied that there would be a 10% Local Share and it was his understanding that the funds already expended in connection with the Aeon Nexus agreement could be used to meet it. Mr. Dusek added that in discussing the matter with Aeon Nexus representatives, there was some indication that the entire \$16,000 contract fee might be waived if Warren County joined the efforts to obtain the State Efficiency Grant funding. He concluded that if any negative repercussions arose in connection with the issue, he would advise the Board and rescind his recommendation.

Motion was made by Mr. Conover, seconded by Mr. Bentley and carried unanimously to waive the rules of the board requiring a resolution be in writing. Clerk noted this would be Resolution No. 204 of 2012.

Motion was made by Mr. Monroe, seconded by Mr. Conover and carried unanimously to authorize the County to participate in a joint State Efficiency Grant Application as previously noted. Clerk noted this would be Resolution No. 205 of 2012.

Resuming his report, Mr. Dusek noted that a brief executive session would be necessary to discuss an acquisition matter involving the Corinth Road Reconstruction Project and Chairman Stec suggested that it be delayed until the close of the Board meeting. With reference to concerns regarding unfunded mandates, Mr. Dusek apprised there was a process in place at the State level that would allow Warren County to bring three mandates of particular concern to the table for review, as noted by Mr. Monroe at the recent Legislative & Rules Committee meeting and outlined in a letter received from Senator Little. He said that although there did not appear to be a deadline for submission of these issues, he felt that the matter should be addressed as quickly as possible to identify the three mandates seriously impacting the County. Mr. Dusek recommended that a group of Supervisors be named to meet and

identify these mandates, which could be presented at the next Board meeting. Chairman Stec agreed that this was a good idea and he proposed that Messrs. Conover, Geraghty, Monroe, Westcott and himself be named to make these determinations; Mr. Dusek advised that he would coordinate a meeting and notify the Supervisors named by Chairman Stec.

Chairman Stec called for reading of communications.

Clerk read communications, including the following:

Minutes from:

Warren/Washington Counties Industrial Development Agency and its Executive/Park and Civic Development Corporation Committees.

Monthly Report from:

Communications, resolutions and reports ordered placed on file.

Chairman Stec called for reading of resolutions and discussion.

Joan Sady, Clerk of the Board, advised that Resolution Nos. 142 through 193 were mailed. She noted that Resolution No. 191 was mailed, but had subsequently been corrected and therefore a motion was needed to approve Resolution No. 191 as corrected. Martin Auffredou, County Attorney, expounded that Resolution No. 191 introduced proposed Local Law No. 5 of 2012, entitled "A Local Law Amending Local Law No. 3 of 1971 - A Local Law Establishing the Department of Personnel and Personnel Officer in the County of Warren". He noted that a slight correction to the resolution had been necessary after mailing in order to include a reference to a prior amendment of Local Law No. 3 of 1971 by Local Law No. 11 of 2006. Mr. Auffredou clarified that the purpose of Resolution No. 191 was simply to introduce the proposed Local Law No. 5 of 2012 and authorize a public hearing thereon. *Copies of revised Resolution No. 191 of 2012 were distributed to the Board members, along with two additional un-numbered resolutions provided by Mr. Auffredou.*

Mr. Auffredou explained that two additional un-numbered resolutions were being provided for the Board's consideration, the first of which would authorize an intermunicipal agreement with Essex County relating to County Attorney services provided on a reciprocal basis. He noted that this would allow himself and the Essex County Attorney to provide hearing or investigation officer services for one another's County on an as needed basis in the event of a conflict; he added that this agreement would be similar to the one currently in place with Washington County which allowed reciprocal services to be provided of up to 21 hours annually. Mr. Auffredou advised the agreement would provide the ability for either County Attorney to decline to provide hearing officer services at their discretion. He concluded that he had previously addressed the requested resolution with both Mr. Dusek and Chairman Stec and recommended its approval. Mr. Dusek interjected that the agreement with Washington County had been established during his term as County Attorney and had proven to be a very good arrangement in terms of saving money for the County through an exchange of services. He said that the agreement with Essex County seemed to be another opportunity to provide

intermunicipal cooperation while saving County dollars. Mrs. Sady advised that, if approved, this would be Resolution No. 205 of 2012.

Continuing, Mr. Auffredou explained the second un-numbered resolution distributed would complete the coordinated State Environmental Quality Review Act (SEQRA) review and issue a negative declaration for the Warren/Washington Counties Emergency Services Training Center. He continued that during a recent review of the project they had noted that although a considerable amount of SEQRA work had been done in 2009, it had not been completed, thus necessitating the resolution presented. Mr. Auffredou specified that in 2009, Part 1 of the SEQRA review had been completed, however Part 2 had not and was now necessary to fulfill the requirements of the grant associated with the project and accept delivery of the MASK Confidence Building. He pointed out that the proposed resolution included a copy of Part 2 of the SEQRA form, consisting of several questions relating to the project's impact and magnitude that had been answered by the project engineers, which was being presented for final review and approval of the Board of Supervisors. Mr. Auffredou specifically noted that as per the submission of the LaBerge Group, Project Engineer, the Warren/Washington Counties Emergency Services Training Center would have small to moderate impact to land in the nature of construction on slopes, areas where the water table was less than three feet or where bedrock was exposed; he added small to moderate impacts had also been indicated for water quality resources relating to the wetland areas located nearby, which would be protected. Mr. Auffredou expounded that impact on open space, noise and energy had all been answered in the same manner. He apprised that if the Board was in agreement with the resolution, it would authorize the Chairman to sign approval of the SEQRA review and the negative declaration provided, as recommended by himself and the LaBerge Group. Mrs. Sady advised this would be Resolution No. 207 of 2012, if approved.

Mr. Loeb pointed out that one portion of the SEQRA review noted that some form of blasting would occur on the property in connection with the project, while another section questioning whether natural materials from the property would be removed had been unanswered; he stated that if blasting was to occur, it would seem some materials would have to be removed from the property. Mr. Auffredou advised that the items Mr. Loeb referred to were included in the Section 1 portion of the SEQRA review which was completed and approved in 2009, but he said he could determine the appropriate responses to any unanswered questions and fill them in. He said that upon his visit to the Project site, he had noticed some bedrock outcroppings which he assumed might have to be blasted and removed at some point. Mr. Monroe noted the portion of the SEQRA review pertaining to the impact to water quality resources and he questioned whether construction was planned for wetland areas, to which Mr. Auffredou responded in the negative, advising they did not plan to build on wetlands; he added that the LaBerge Group had likely included that response to be overly cautious, which was a good thing.

Chairman Stec announced that a motion was necessary to bring amended Resolution No. 191 and Resolution Nos. 206 and 207 to the floor. Motion was made by Mr. Conover, seconded by Mr. Taylor and carried unanimously to bring Resolution Nos. 191, 206 and 207 to the floor.

Mr. Auffredou pointed out that Resolution No. 202 included a SEQRA review for the proposed West Brook Parking Lot project, the construction of which, along with the purchase of municipal pay stations, was to be funded using \$153,000 in serial bonds, as noted in Resolution No. 201. With the assistance of Mr. Tennyson and his staff, Mr. Auffredou apprised that the short version of the SEQRA form had been completed and was included with the Resolution document; he added that the short environmental assessment form had been completed because he did not feel the much longer, full version was necessary. In conclusion, Mr. Auffredou advised that in adopting Resolution No. 202, the Board would be approving and authorizing the Chairman of the Board to execute the short environmental assessment form and declare the issuance of a negative declaration for the construction of the West Brook Parking Lot and the issuance of the serial bond resolution.

Upon request for clarification by Mr. Conover, Mr. Auffredou advised that Resolution No. 201 was a bond resolution authorizing the procurement of \$153,000 in serial bonds for construction of the West Brook Parking Lot, while Resolution No. 202 approved the SEQRA review documents for the project.

Chairman Stec asked if there were any additional requests for roll call votes and Mr. Vanselow responded with his request for Resolution No. 188, Confirming and Restating Resolution No. 146 of 2011 Opposing the Fee Purchase of the Former Finch and Follensby Pond Lands by the State of New York, to be listed as such. Mr. Mason pointed out a spelling error on Resolution No. 173 which listed the company to be contracted with as "Rozelle" Industries, Inc. rather than "Rozell"; Mrs. Sady noted that the correction would be made subsequent to the meeting.

Mr. Strainer pointed out Resolution No. 148, Authorizing Agreement with P&NP Computer Services, Inc. to Provide Computer Services at Westmount Health Facility, and he questioned what computer services would be provided through this agreement. As an answer could not be provided, Mr. Strainer stated that he was opposed to approving the resolution without prior knowledge of whether the service contract was necessary to County functions and requested that the resolution be tabled until the issue could be clarified.

Motion was made by Mr. Strainer, seconded by Mr. Dickinson and carried by majority vote to table Resolution No. 148, with Mr. Thomas voting in opposition.

Referring to Resolution No. 189, which would authorize an increase in the property tax exemption limit offered to persons over age 65, Mr. Taylor noted that the City of Glens Falls offered similar exemptions to disabled persons and he questioned whether the same exemptions were offered at the County level. Teri Ross, Assessor for the Town of Queensbury, advised in the negative, but noted that this could be introduced by Local Law. Chairman Stec stated that this might be something to consider in the future.

With reference to Resolution No. 186, pertaining to the Senate and Assembly bills aimed at enabling mandate relief by suspending or repealing the Triborough Amendment, Mr. McDevitt stated that Governor Cuomo had shown to be a conservative gatekeeper in terms of fiscal sanity in the State of New York, showing a degree of discipline regarding public sector employees. In the final analysis, he said that Governor Cuomo would determine the effectiveness of mandate relief in the State and if there was one segment of the nation that had suffered with the ailing economy, it was State, County, Town and City employees, whereas Federal employees had not been effected. Mr. McDevitt opined that it was important to take measures that were effective and practical in terms of bringing about mandate relief, and he noted there were several individuals at the County level that had taken the lead in attempting to bring about mandate relief; he named a few as being Messrs. Stec, Geraghty, Monroe and Westcott and said they should be commended for their efforts. He added that if every County in the State practiced the same level of discipline and communication being employed by the individuals named, mandate relief could have been found on a State-wide level. Because this was not the case, Mr. McDevitt stated that he would not be voting in favor of Resolution No. 186, in light of the fact that he did not feel it was effective or practical as both bills would likely be immediately vetoed by Governor Cuomo, if they were even passed by the Senate and Assembly, making the entire effort a waste of valuable time. He concluded that he would happily vote in favor of the following Resolution No. 187, Urging all Counties to Unite and Bring About Real and Meaningful Mandate Relief in New York State.

Returning to Resolution No. 189, Mr. Merlino questioned whether they would have the opportunity to discuss altering the income tax exemption limits for persons over 65 and Chairman Stec replied affirmatively, advising this would be addressed through the Public Hearing process. Mr. Westcott stated that he had prepared a written statement proposing changes to the resolution, which he proceeded to read aloud; *a copy of the statement is on file with the minutes.*

Respective to Resolution No. 186, Mr. Loeb stated that the Triborough Amendment was put in place to support the various unions and he said he would take exception to anyone who would challenge the concept that if not for the union organizations, the standard of living would be much lower. He added that eliminating the Triborough Amendment would be a "union busting" measure as it allowed them some tools to work with since the union was prohibited from striking. As an example, Mr. Loeb cited his experiences in negotiating the labor contract with the City of Glens Falls Fire Department through his membership on the Glens Falls Common Council. He said the members of the Fire Department had benefitted from the Triborough Amendment which allowed their contract to continue while negotiating; he added that while some might complain that they were able to secure a better labor contract because of the Triborough Amendment, he would contend that it was the negotiating skills of the union leaders that had led them to reach the agreements secured. Mr. Loeb stated that good negotiating skills at the County level would assist them in attaining the best union labor agreements for County employees and he opined that if they attempted to make the bargaining field less even by eliminating the Triborough Amendment, a negative impact would be made on the quality of life across the State of New York. Therefore, he concluded, he would be voting in opposition to proposed Resolution No. 186.

Mr. Monroe commented that many of the town Supervisors had been involved with negotiating labor contracts and had seen statistics indicating that nationwide, only 4% of employees had paid-in-full health insurance, yet there were municipal employees that received them. He said this was something that needed to be addressed for public benefit in order to institute a reasonable parity between public and private sector employees by having public employees pay part of their health insurance costs. Mr. Monroe stated that it was very difficult to negotiate a change in health care benefits and that was why he felt it was important for the County to report their position on this issue, even if the State did not take action. For this reason, he said he would urge his fellow Supervisors to vote in favor of Resolution No. 186.

Mr. Vanselow apprised that he would also be voting in opposition to Resolution No. 186 and he applauded Messrs. Loeb and McDevitt for speaking their opinions on the matter. He said he felt this action would put the County one step closer to the elimination of collective bargaining units, as had happened in other parts of the Country, often with a considerable amount of resistance. Mr. Vanselow continued that public sector workers had suffered more than their fair share of reductions in the declining economy and he felt they should have some tools available to them in negotiating labor agreements.

Mr. Mason advised that he had spent ten years on the school board where he had been involved with labor negotiations for the teacher's unions. He said that while he fully appreciated that unions had built the middle class in the Country, he felt the current situation had to be re-balanced a bit to encourage both sides to negotiate. Mr. Mason pointed out that proposed Resolution No. 186 called for the New York State Senate, Assembly and Governor Cuomo to come together and agree upon a compromise to re-balance the situation and he said he would be voting in favor of the resolution.

Mrs. Sady informed that the resolutions relating to the filling of vacant positions were Resolution Nos. 153 - 158, and unless a roll call vote was requested, all would be approved in the collective vote.

Mrs. Sady announced a motion was needed to bring Resolution Nos. 141 and 194 - 203 to the floor. Motion was made by Mr. Sokol, seconded by Mr. Bentley and carried unanimously to bring Resolution Nos. 141 and 194 through 203 to the floor.

Chairman Stec called for a vote on the resolutions.

Resolution Nos. 141 through 207 were approved, with the exception of Resolution No. 148, which was tabled earlier in the meeting.

RESOLVED, that said Program shall take effect immediately and will be available for review by any Warren County employee at the Warren County Civil Service/Personnel Department.

SCHEDULE "A"**Warren County
Workplace Violence Prevention Plan and Program**

Section 27-b of the New York State Labor Law requires public employers (other than schools covered under the school safety plan requirements of the education law) to perform a workplace violence evaluation or risk evaluation at each worksite and to develop and implement programs to prevent and minimize workplace violence caused by assaults and homicides. The Law is designed to ensure that the risk of workplace assaults and homicides are regularly evaluated by public employers and that a workplace violence protection program is implemented to prevent and minimize the hazard to public employees.

The workplace evaluations must identify factors which may place the workforce at risk to occupational assaults or homicides. The results of the evaluation and the risk factors found are to be shared with employees initially and annually thereafter.

I. Board of Supervisors Policy Statement:

Warren County is committed to providing a safe workplace for our employees. We recognize that workplace violence presents a serious occupation safety hazard for workers. Therefore, Warren County has developed and shall implement this workplace violence prevention plan and program.

II. Defining Workplace Violence:

A. In accordance with Section 27-b of the New York State Labor Law and for the purpose of this workplace violence prevention plan, **workplace violence is any physical assault, threatening behavior or verbal abuse occurring in the work setting within Warren County.**

The workplace violence prevention plan has been developed to address three distinct types of Workplace Violence threats:

- **Type 1 Threat:** Physical assault, threatening behavior or verbal abuse by an assailant with no known legitimate relationship to the workplace who enters the workplace to commit a robbery or other criminal act.
 - **Type 2 Threat:** Physical assault, threatening behavior or verbal abuse by a recipient of a service provided by the County.
 - **Type 3 Threat:** Physical assault, threatening behavior or verbal abuse by a current or former worker, supervisor or manager, or another person who has some employment-related involvement with the County, such as a worker's spouse or lover, a worker's relative or friend or another person who has a dispute with one of our employees.
- B. Workplace violence may include threats in the following specific situations or when made in person, in writing, by telephone or electronic communication:
- Non-specific threats of violence by employee
 - Specific threats of violence by employee
 - Threats of violence directed against an employee by a non-employee
 - Violent confrontation by a spouse or significant other with an employee over a personal/domestic dispute
 - Threats or threatening conduct by disgruntled or ex-employees
 - Violent altercations between two employees or employee and supervisor
 - Multiple assaults by intruder
- C. Typical warning signs of potentially violent individuals may include:

Experts in the mental health profession state that prior to engaging in acts of violence, troubled individuals often exhibit one or more of the following behaviors or signs: over-resentment, anger and hostility, extreme agitation; making ominous threats such as: "bad things will happen" to a particular person, or a catastrophic event will occur; sudden and significant decline in work performance, irresponsible, irrational, intimidating, aggressive or otherwise inappropriate behavior; reacting to questions with an antagonistic or overtly negative attitude; discussing weapons and their use, and/or brandishing weapons in the workplace; overreacting or reacting harshly to changes in County policies and procedures; personality conflicts with co-workers; obsession or preoccupation with a co-worker or supervisor; attempts to sabotage the work or equipment of a co-worker; blaming others for mistakes and circumstances; demonstrating a propensity to behave and react irrationally.

III. Workplace Violence Prevention Risk Evaluation:

Warren County has performed "risk evaluations" of certain facilities identified in article V(f) as a means of inspection of workplaces to determine the presence of existing or potential hazards that might place employees at risk from physical assault, threatening behavior or verbal abuse. Warren County will be performing additional "risk evaluations" of the facilities so denoted in V(f). The County employed the following techniques in developing risk evaluations for the

facilities where the evaluations have been concluded and will also use the same techniques where the evaluations have not been concluded:

- An examination of the history of past incidents to identify patterns or trends which occurred in each workplace;
- A review of occupational injury and illness logs (SH 900) and incident reports to identify injuries that may have resulted from workplace violence incidents;
- Conducting workplace building security surveys.

IV. Risk Factors Identified In Section III Above:

A review of the activities carried out at Warren County's facilities and by County employees, indicates that threats of violence may be initiated by any of the three types of individuals listed in item II. above. Many of the County's employees work closely with the public in situations at the following locations/worksites:

- Municipal Center which includes the County Clerk, Treasurer, Board of Supervisors, Civil Service, County Court as well as several other County departments.
 - Human Services building which contains Social Services, Planning, Building Codes, Self-Insurance, Veterans Affairs as well as other County departments.
 - Highway Department
 - Buildings and Grounds
 - Westmount Nursing Facility
 - Countryside Adult Home
 - Public Safety building which contains the Sheriff's Department and the correctional facility
- Individual departments, within the County, who have constant contact with the public have their own Workplace Violence plans including DPW, Social Services, Health Services and Westmount Nursing Facility.

The County has determined that the following are some of the factors or situations in County workplaces that might place employees at risk of physical assault, threatening behavior or verbal abuse.

- Duties that involve the handling or exchange of monies
- Delivery of passengers, goods or services
- Duties that involve mobile workplace assignments (IE health care, probation, social services, building inspection, criminal justice settings.)
- Working alone or in small numbers (IE working late at night, during early morning hours or anytime the workplace is not fully staffed.)
- Duties that involve guarding valuable property or possessions
- Working in community based settings
- Bomb threats
- Working in rural or sparsely populated areas
- Working in a poorly lit environment

V. Workplace Violence Prevention Responsibility:

A. The County has identified the following responsibilities for implementing and maintaining the provisions of the Workplace Violence Prevention Program:

The County Administrators Office is responsible for implementation of the Plan and for coordinating the delivery of required annual employee workplace violence prevention training and for ensuring that all new employees receive a copy of the Plan and required training.

- The County Administrators Office is also responsible for annual plan review, ensuring that its provisions are implemented and answering all employee questions relative to Workplace Violence Prevention procedures.
- All County employees will attend Workplace Violence Prevention training and review the contents of the plan. Training will be scheduled and announced as necessary. In addition this plan will be available from Department Heads and/or supervisors and will be posted in employee accessible areas.
- The County Administrators Office will periodically review this Workplace Violence Prevention Plan and annual employee training requirements.

- Department Heads will also conduct a formal review of any workplace violence incidents and within 30 days of the occurrence of an incident may recommend enhancements to the existing Plan and procedures.
- It is the responsibility of the Warren County Sheriff's Department or State Police to respond to and investigate all workplace violence incidents that occur in workplaces. The Investigating Officer will provide a preliminary report to the County Administrator within 15 days of the occurrence of a workplace violence incident.

B. Injury and Illness Recordkeeping and Reporting Requirements for Workplace Violence Incidents:

Currently, Warren County is required to record and report workplace violence incidents in accordance with New York State Labor Law, Section 27-a (Public Employer Safety and Health Act). 12 NYCRR Part 801 Recording and Reporting Public Employees' Occupational Injuries and Illnesses, specifies conditions for employer recordkeeping and reporting requirements. Specifically, an employer is required to record an employee workplace violence injury if it results in death, days away from work, restricted work or transfer to another job, medical treatment beyond first aid and loss of consciousness.

Employers are also required to report employee workplace violence related fatalities and multiple hospitalizations to the Department's Public Employee Safety and Health (PESH) Bureau within 8 hours of the incident.

(Refer to 12 NYCRR Part 801 for complete information pertaining to employee recordkeeping and PESH reporting requirements).

C. Employee Communication:

To properly maintain a safe, healthy and secure workplace the County is committed to having an open, two-way communication policy between all employees on all workplace safety, health and security issues. This communication is designed to encourage a continuous flow of safety and health information between management and employees without fear of reprisal and is readily understandable. This communication system will provide and accomplish the following:

- Employee orientation and training on workplace violence prevention and worksite security policies, procedures and work practices.
- Periodic review of the Workplace Violence Prevention Plan and Program with all personnel.
- Training programs designed to address specific aspects of workplace violence prevention and security that are unique to the County.
- Discussion of Workplace Violence Prevention at regularly scheduled safety and health meetings.
- Posted or distributed workplace security information.
- A system for employees to readily inform management about workplace security hazards or threats of violence.
- Procedures for protecting any employee who reports a threat from retaliation by the person making the threat.

D. Preventing Workplace Violence at worksites:

There is no single ingredient that will prevent or reduce violence in the workplace. Preventative measures must be based on a thorough understanding of risk factors associated with the various types of workplace violence that could occur. While understanding the factors that lead to workplace violence are not always evident, sufficient information is available which can reduce the risk. However, strong management commitment, and the day-to-day involvement of department managers, supervisors, employees and labor unions, is required to reduce the risk of workplace violence. To that end, the County will utilize the following measures in developing and maintaining its Workplace Violence Prevention Program:

- Foster a supportive harmonious work environment: Create a culture of mutual respect to help reduce harassment and hostility in the workplace. Management will strive to communicate openly, give employees adequate control in their work and provide them

with support and recognition. Conflict and stress are lower when employees feel empowered to work independently and are motivated to work cooperatively.

- Train employees on how to resolve conflicts: Conflicts on the job can be reduced by developing employee skills in negotiating, communicating effectively, team building and resolving disputes.
- Develop effective policies to protect employees from harassment: Strive to build a culture free of harassment and discrimination and advance this goal by having systems in place to address infractions. Warren County will not tolerate physical assault, threatening behavior or verbal abuse. Further, all complaints will be expeditiously and thoroughly investigated. Appropriate action will be taken to those who violate this policy.
- Establish procedures for handling grievances: Employees will follow grievance procedures for reporting complaints of unfair treatment, discrimination or harassment.
- Provide personal counseling through an employee assistance program: Employees can use County resources to address personal concerns. If a physical assault, threatening behavior or verbal abuse incident occurs at work, support services can be made available by the County to help employees cope with their fears and concerns.
- Implement security programs that protect employees: The County has a variety of methods in-place to ensure worker safety. Such methods include: access control to facilities; employee background screening; and, employee safety awareness and training.
- Provide employee safety education programs: In addition to making workers aware of safety policies and employee support services, the County will provide education on ways to maximize safety at work.
- Train supervisory personnel on how to recognize signs of a troubled employee: The County will provide periodic information and/or training to managers and supervisors on how to recognize signs and symptoms of a potentially violent employee. Also, supervisory personnel can be instructed on how to be sensitive to signs of possible abuse among employees, such as frequent absences or depression.

E. Reporting Workplace Violence Incidents:

Any employee or representative thereof who believes that a serious violation of the Workplace Violence Prevention Plan and Program has occurred or that an imminent danger exists, should bring such matter to the attention of a Supervisor or Department Head in the form of a written notice. The referral is not required where imminent danger or threat exist to the safety of a specific employee or to the general health of a specific patient and an employee reasonably believes in good faith that reporting to a Supervisor or Department Head would not result in corrective action.

When a workplace violence incident results in a serious injury, emergency responders such as Police, Fire and/or Ambulance personnel will be promptly notified. The Warren County Sheriff's Department, County Administrator, Department Head and employee's supervisor will also be immediately notified. Based on the seriousness of the incident, the County Administrator may assemble a Workplace Violence Management Response Team which may include the County Attorney, law enforcement, Employee Assistance Program Coordinator, various Department Managers, representatives from the Employee Safety and Health Committee, Employee Union representatives and other others as deemed necessary. This team will evaluate the details of the violent incident, implement required employee safety measures, coordinate with the victim's family, other employees, the media and law enforcement personnel, and refer victims to appropriate assistance and community service programs that may include crisis counseling.

F. County Worksite Security:

The County primarily provides services to County residents and visitors and its worksites must remain accessible to its clients as necessary. Therefore there is no intention to fortify facilities. The County will provide training to all employees as the primary means of reducing workplace violence. The County will utilize barriers, controlled entries, etc. where such are

necessary. In addition, the following physical security measures are also employed at the various facilities as appropriate:

- Maintain exterior lighting, especially in areas where employees walk to their cars.
- As needed, prune landscaping to eliminate hiding places near entrances, walkways and parking areas.
- Keep all non-public entrances closed and locked. Post signs (where necessary) indicating public entrances.
- Post emergency numbers for police, fire and medical services.
- Equip vehicles with two way radios as necessary.

The following details the specific risks and control measures for each of the County's facilities:

- Municipal Center: *to be completed following risk evaluations*
 - Human Services Building: *to be completed following risk evaluations*
 - Department of Public Works: Please see the DPW's site specific plan.
 - Health Services: Please see the Health Services specific plan.
 - Social Services: Please see the Social Services specific plan.
 - Westmount Nursing Facility: Please see the facility specific workplace violence plan.
 - Countryside Adult Facility: *to be completed following risk evaluations*
 - Public Safety Building: *to be completed following risk evaluations*
- Adopted by unanimous vote.

RESOLVED, that said Plan will be reviewed on an annual basis by the Warren County Support Services Committee, and be it further

RESOLVED, that said Plan shall take effect immediately.

SCHEDULE "A"

**Warren County Emergency Action and Response Plan
Municipal Center, 1340 State Route 9, Lake George, New York 12845**

1. ORGANIZATION

(See also Chain of Command in Section 2.3)

1.2 Training

Training is important for the effectiveness of an emergency plan. Before implementing an emergency action plan a sufficient number of persons must be trained to assist in the safe and orderly evacuation of employees. Training for each type of disaster response is necessary so that employees know what actions are required.

All employees will be trained in the following in accordance with the Employee Quick Response Card found in **Appendix A** of this document:

- Evacuation
- Lock Down
- Shelter-in-Place
- Duck and Cover

These Training Programs should be provided as follows:

1. Initially when the plan is developed.
2. For all new employees
3. When new equipment, materials, or processes are introduced.
4. When procedures have been updated or revised.
5. When exercises show that employee performance must be improved.
6. At least annually.

The Municipal Center will hold a minimum of two fire drills per year in the spring and fall, and at least one emergency drill from the Employee Quick Response Card e.g. Duck and Cover. There will be an evaluation of the performance made immediately by management and employees. Records of drills will be maintained. The emergency plan will be reviewed periodically and updated to maintain adequate response and program efficiency.

2. COMMUNICATION

2.1 Methods of Communication

During an emergency involving a fire or explosion, it may be necessary to evacuate all work areas. A method of communication is needed to alert employees to the evacuation or to take other action as required in the plan.

The communication procedure for notifying employees of the need to evacuate is through the use of the fire alarm. The fire alarm signal is an audible signal and a strobe light signal. The telephone would be used for contacting local authorities (i.e. Security, law enforcement officials, the Red Cross, Fire Department).

The Municipal Center has an "All Call" paging function through the phone system. This "All Call" notification will be used to advise employees of other response actions necessary in the event of an incident which does not require evacuation from the facility and notification via the fire alarm.

The process and zones for paging are as follows:

Dial ????

00 = All Zones

01 =

02 =

03 =

04 =

05 =

06 =

The Highest Ranking Person in the Chain of Command has the primary responsibility for setting up, directing, maintaining, and operating all communications in an emergency action situation.

During Non-Working Hours

The **Primary Method** of notification of key people while off duty is by cell phone or home phone using a department phone tree.

During Working Hours

The **Primary Method** of communicating during an all building emergency will be via 911.

2.2 Indirect Communications or Alarm Signals During Work Hours

The building is equipped with fire, heat and smoke detection systems that are monitored by Mahoney. The fire alarm signal will be used as a warning for conditions that warrant facility wide emergency action and evacuation. Once the alarm is raised, employees shall evacuate the facility and report to the emergency evacuation areas, see **Appendix B**

2.3 Chain of Command

A chain of command is established to minimize confusion so that employees will have no doubt about who has authority for making decisions. The chain of command for the Municipal Center is:

Name	Position	
Paul B. Dusek	County Administrator	761-6539
JoAnn McKinstry	Assistant to the County Administrator	761-7655
Joan Sady	Clerk of the Board	761-6563
Martin Auffredou	County Attorney	761-8708

In the event that no member of the Chain of Command for the Municipal Center is available at the time of an emergency, the Incident Command will be drawn from Warren County's HSB Chain of Command, or a member of the County Chain of Command may choose to become Incident Commander at a facility incident based on the scale or scope of the emergency.

If there is an emergency with affects both buildings, the Incident Command will be drawn from Warren County Municipal Center's administration.

2.4 The Preferred Means of Reporting Fires and Other Emergencies

1. Fire Alarm, Pull Down System
2. Verbal through the "All Call" feature on the telephone system
3. Notify the Security Desk via telephone at **6231**
4. Call **911**

(Also see **Communication Plan, Section 2.1 and 2.3**)

A list of Important Contacts and phone trees are documented in **Appendix C**.

3. ACTION AND RESPONSE**3.1 Procedures During Evacuation**

Employees shall not be expected to remain in operating areas during an emergency that requires facility wide evacuation, during normal operating conditions. During an emergency, employees should not turn off computers and printers but should shut off any heat producing equipment such as toasters and portable heating equipment. All employees and visitors will evacuate the building upon being notified to do so. Employees should bring their coats and car keys with the idea they may not be allowed to return only if they can be easily reached without delaying evacuation, and should proceed to the evacuation areas (see Appendix B). A member of the County's Chain of Command will form a temporary command center near the flag pole at the front of the Municipal Center until such time that fire department responders arrive and then the fire departments officer in charge will assume the position of incident commander and determine where the incident command site will be located.

3.2 Emergency Escape Procedures

A map of the facility can be found in **Appendix B** of this document. Evacuation routes are posted by each exit door, and in the event of an evacuation, employees and visitors should evacuate the facility by use of the nearest available marked exit. If the closest stairway or exit is unusable, another exit should be located and used.

Employees and visitors should not use elevators to evacuate the building.

3.3 Procedures to Account for Personnel

After emergency evacuation has been initiated, all employees and visitors will gather at the designated emergency evacuation area. The area fire marshal (see list in Appendix B) will verify the adequacy of the evacuation on their area and then report to the assigned outside areas. Members of the chain of command have been issued with Kenwood TK-290 portable radios as follows:

- **Paul Dusek** **Unit 14**
- **Joann McKinstry** **Unit 15**
- **Joan Sady** **Unit 16**

Members of the chain of command will report to each of the evacuation sites with their radios and will communicate evacuation status to the Incident Commander at the command post. The Incident Commander will be responsible for reporting the evacuation status to incoming police and other emergency services personnel including the status of non-ambulatory or disabled persons.

- Non-Ambulatory personnel, and any other persons not physically able to use the stairs should report to one of the two designated areas of refuge located in the north and south stairwells on the 2nd floor.
- All personnel who have evacuated to the evacuation areas will remain there until told that they may return to the building by the Incident Commander or Emergency Services.
- If the building cannot be re-entered or Emergency Services indicates that employees must be relocated, the fire marshals will lead persons from their evacuations areas to the main lobby at the Human Services Building and organize by department.

3.4 Medical Assistance

Warren County does not expect or require any employee to provide medical assistance or CPR to injured colleagues or visitors. If any employees have received training and choose to provide medical assistance or perform CPR on an injured colleague or visitor, they do so on a voluntary "good Samaritan" basis and are encouraged to follow universal precautions as taught to them in their certification classes.

The following is information should someone choose to assist an injured worker while awaiting the arrival of emergency medical services.

Rendering First AID/ CPR:

1. Perform a primary victim assessment:
 - Does the victim have an open airway?
 - Is the victim breathing?
 - Is the unconscious victim's heart beating?
 - Is the victim bleeding heavily?
2. Check for medical alert tag
3. Administer basic first aid as standard procedure
4. Render CPR as appropriate and in accordance with training.

Additional Medical Assistance

5. If person requires additional medical attention from a physician but the condition is not an emergency, transport victim to:

Glens Falls Hospital
(518) 926-1000

Emergency Conditions

6. If the condition of the victim is considered an emergency, call the emergency medical services by dialing **911**.

Be prepared to give:

- The victim's location
- Your phone number
- The nature of the emergency

Number of persons needing help and any special conditions

Condition of victim(s)

Always be the last person to hang-up the phone

4. TYPES OF EVACUATIONS TO BE USED IN EMERGENCY CIRCUMSTANCES

The following list has been compiled and thought to be the most likely emergencies at the facility:

1. Fire and/or associated explosions (Evacuation)
2. Escalation by clients and Workplace violence incidents (Lockdown)
3. Commercial traffic related incidents including chemical spills and bomb threat (Shelter in Place)
4. Natural disaster and weather events (Duck and Cover)

Procedures to be followed in the event of an emergency are located in **Appendix A**.

4.1 Fire and/or Associated Explosions (Evacuation)

The fire protection system consists of heat, smoke and fire detectors within the facility that are monitored by Mahoney. The means of egress from the building are indicated on the diagrams located in Appendix B, and exit routes are posted in corridors and office areas.

Portable fire extinguishers are located in common areas in the facility.

In the event of a fire (other than incipient), pull a fire alarm pull station and notify 911 of the nature of the emergency, location, severity, and number of injuries. Request the presence of the fire department, even if building employees can control the fire.

Building employees may operate fire extinguishers when attempting to control fires to aid in maintaining evacuation routes; however, employees are encouraged to evacuate the building and allow the fire department to control fires. The fire department has prime authority to direct fire fighting activities.

Note: An incipient fire is a small and contained fire producing small amounts of smoke.

4.2 Escalation by clients and workplace violence incidents (Lockdown)

In the event of an intruder or a client who poses a threat, employees should telephone 911 or use an accessible distress button. If an intruder enters the building, and is armed or indicates a threat to personnel, the following steps should be taken:

- Call 911 and do not confront the intruder.
- Follow instructions given by the intruder, particularly if they are armed.
- Do not violate the intruder's space, use loud tones or issue false promises or threats.
- Speak calmly and attempt to buy time until law enforcement can respond.
- Personnel who are not immediately in the location of the intruder, and who become aware of the intruder's presence should lock themselves in a separate room if possible after dialing 911. See **Appendix B** for list of lockdown areas located in the Municipal Center.

The exteriors of the building, including the parking areas, are provided with lighting. If an employee has any concern with regard to entering or leaving the parking lot, they should request assistance from the Sheriff's Department.

See **Appendix A** for Lockdown instructions.

4.3 Commercial traffic related incidents including chemical spills and bomb threat (Shelter in Place)

In the event of commercial traffic related incidents the Incident Commander will call for a "Shelter in Place". See Appendix A for Shelter in Place instructions.

Should an employee receive a bomb threat, he or she should complete the New York State Police Bomb Threat Card which is kept near each telephone (**Appendix D**) and immediately notify 911. See **Appendix A** for additional Shelter in Place instructions.

- Bomb Threat (Generic, Non-specific Bomb Threat, i.e. no specific date, time, location or method):
 - Instruct everyone to remain where they are, and scan their respective area for anything out of the ordinary.
 - Call 911.
 - Scan common areas for anything unusual. Do not touch anything.
 - If no device is found, decide whether to continue normal operations or evacuate. The Incident Commander may consult with police to make their decision.
 - If a device is found, follow steps for a "Specific" bomb threat.
- Bomb Threat (Specific):
 - Call 911
 - Announce "Shelter-in-Place".
 - Move people out of the immediate area where the device is found, or specific threat has been issued to, to another area of the building.
 - Assist first responders as necessary.

4.4 Natural disasters and weather events (Duck and Cover)

In the event of severe weather that can cause flying glass or loss of structural integrity, the Incident Commander will call for a "Duck and Cover", and have employees move into corridors and assume the duck and cover position. See **Appendix A** for Duck and Cover instructions.

SNOW AND ICE - General Considerations

1. Maintenance of exits
2. Maintenance of walkways
3. Watch for snow and ice loading on roof – post warning signs or barricades for clients and employees if ice and snow might fall from the roof
4. Prepare areas for plowing snow
5. The Incident Command will notify personnel of hazards when coming to work and determine who is able to get to work.

SEVERE THUNDERSTORMS/HURRICANES - General Considerations

1. Stay away from telephone lines and metal pipes, which can conduct electricity
2. Secure loose objects that may blow around the facility
3. Stay away from windows and doors
4. The Incident Commander will notify personnel of hazards when coming to work and determine who is able to get to work.

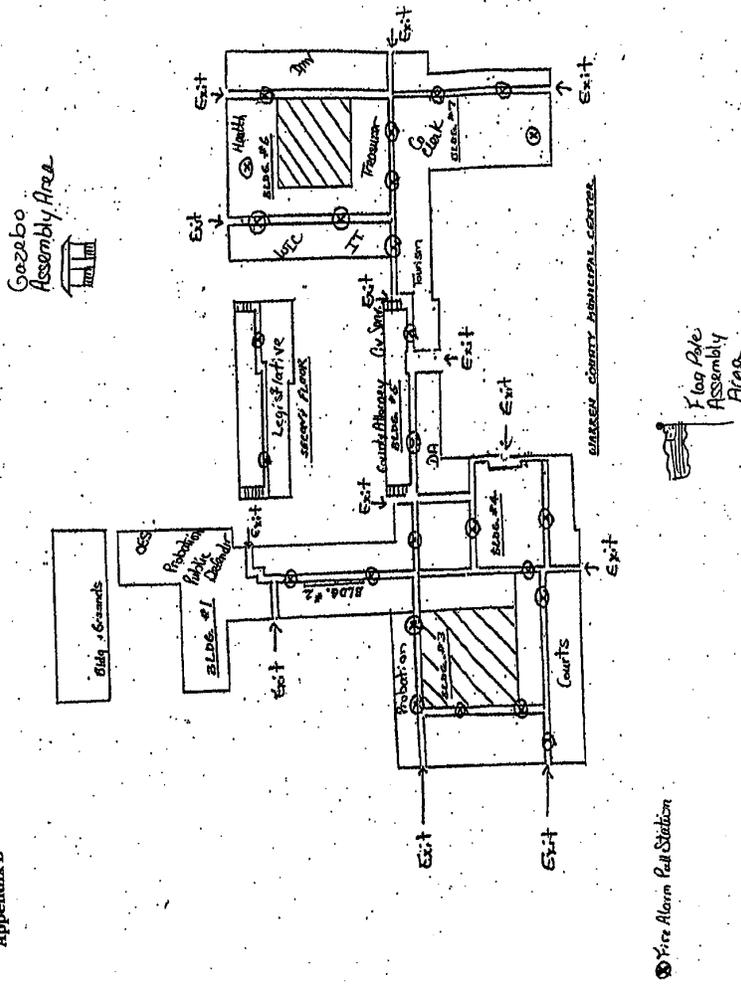

5. CRISIS RESPONSE PROCEDURES

5.1 Media Relations

In the interest of consistent community and media relations, employees shall not make statements on behalf of the County to representatives of the press, television, or radio, nor may they photograph, videotape, or record at the facility. Inquiries from the media must be referred to the County Administrator or emergency service administration. (Appendix E)

SUPPORTING SENATE BILL NO. 4478 AND ASSEMBLY BILL NO. 8115, OR A REASONABLE COMBINATION THEREOF, TO ENABLE AN APPROPRIATE APPROACH TO MANDATE RELIEF BY SUSPENDING OR REPEALING THE TRIBOROUGH AMENDMENT TO THE NEW YORK STATE CIVIL SERVICE LAW

WHEREAS, New York State and Local Governments within New York State are facing an unprecedented fiscal crisis fueled by the National economic recession, and burdened by some of the nation's highest real property tax rates and State mandates, and

WHEREAS, the Triborough Amendment to the New York State Civil Service Law precludes public employers from altering any provision of an expired collective bargaining agreement following expiration of the agreement until a new agreement is reached including step-up wage increases, salary adjustments and vacation and shift differentials, and which restriction can hamper negotiations toward the development of new collective bargaining agreements and can place undue and unfunded costs upon local governments, and

WHEREAS, proposed New York State Senate Bill No. 4478 and proposed New York State Assembly Bill No. 8115 would, if enacted, repeal and/or suspend the Triborough Amendment of the New York State Civil Service Law and afford needed financial relief to local governments, and

WHEREAS, proposed Senate Bill No. 4478 in particular would enact a new provision of the New York State General Municipal Law and New York State Civil Service Law including a freeze of public employee wages following expiration of a collective bargaining agreement and would provide, in particular, "any municipal corporation, by local law of a governing body of a municipal corporation may freeze and suspend for a period of not more than one (1) year, all increases in salary or wages of employees of the municipal corporation, which would otherwise take effect after the effective date of this section, pursuant to collective bargaining agreements, other analogous contracts or interest arbitration awards, now in existence or hereafter entered into. Additionally, any municipal corporation, by local law of the governing body of the municipal corporation, may further freeze and suspend for a period of not more than one (1) year, all increased payments for holiday and vacation differentials, shift differentials, salary adjustments according to plan and step-ups or increments for such employees", and

WHEREAS, the Warren County Board of Supervisors maintains that the enactment of the Senate Bill No. 4478 and Assembly Bill No. 8115 or a reasonable combination thereof, will serve to provide local governments with desperately needed mandate relief and will allow local governments to continue to provide adequate and necessary infrastructure and core services for residents while the local governments negotiate new collective bargaining agreements and will serve to help stabilize real property tax rates, now, therefore, be it

RESOLVED, that the Warren County Board of Supervisors does hereby express its support of the enactment of Senate Bill No. 4478 and Assembly Bill No. 8115, or a reasonable combination of both Bills which will enable an appropriate approach to mandate relief by repealing and/or suspending the Triborough Amendment to the New York State Civil Service Law, and be it further

Resolution introduced by Supervisors Monroe, Bentley, Thomas, Girard, Sokol, Wood and Frasier

**URGING ALL COUNTIES TO UNITE TO BRING ABOUT REAL
AND MEANINGFUL MANDATE RELIEF IN NEW YORK STATE**

WHEREAS, at the 2012 New York State Association of Counties (NYSAC) Legislative Conference in Albany, the membership of NYSAC adopted 28 separate and distinct Resolutions concerning the 2012/13 State Budget and its impact on County Agencies, and

WHEREAS, New York State mandates are the number one barrier to providing desperately needed real property tax relief to New Yorkers, and

WHEREAS, there are nine New York State mandates that consume more than 90 percent of the County property tax levy statewide, and that amount grows when the many other State mandates are included, and

WHEREAS, there is a need for counties to unify behind a common message to preserve local service and delivery and stabilize local property taxes, and

WHEREAS, Warren County is desirous of assisting NYSAC and all counties to continue efforts to inform and educate the public of the impact on local service delivery and property taxes should the State not provide significant and meaningful mandate relief in 2012; now, therefore, be it

RESOLVED, that the Warren County Board of Supervisors hereby unites with NYSAC and the Intercounty Legislative Committee of the Adirondacks to urge the enactment of significant and meaningful mandate relief measures by the New York State legislature, the Governor, and all Executive Agencies by consistently communicating with the Governor, all counties in New York State and to our State Legislators detailing the local impact of state mandates on local service delivery and property taxes, and be it further

RESOLVED, that the Clerk of the Board of Supervisors be, and hereby is, authorized and directed to forward copies of this resolution to the New York State Association of Counties; Governor Andrew M. Cuomo; New York State Senate Leader Dean Skelos; New York State Assembly Leader Sheldon Silver; Senator Elizabeth O'C. Little; and Assemblywoman Teresa Sayward.

**CONFIRMING AND RESTATING RESOLUTION NO. 146 OF 2011
OPPOSING THE FEE PURCHASE OF THE FORMER FINCH AND
FOLLENSBY POND LANDS BY THE STATE OF NEW YORK**

WHEREAS, by Resolution No. 146 of 2011, the Warren County Board of Supervisors expressed opposition to the proposed fee purchase by New York State of the former Finch and Follensby Pond Timberlands, and

WHEREAS, the Warren County Board of Supervisors desires to confirm and restate Resolution No. 146 of 2011, and

WHEREAS, The Nature Conservancy (TNC) purchased 161,000 acres known as the Finch Pruyn (Finch) Timberlands several years ago with the intent of selling 89,000 acres in conservation easements and 65,000 acres (to be added to the state forest preserve) of said land in fee to the State of New York (State), and

WHEREAS, the State and TNC have recently completed a deal on the 89,000 acre conservation easements that maintain productive forestry practices and enjoy the support of local governments that were directly impacted by providing said communities with several thousand acres in recreational enhancements, and

WHEREAS, the State of New York has indicated its desire to now purchase more than 60,000 acres of the former Finch timberlands and an additional 15,000 acres of the Follensby Pond timberlands in fee from TNC, and

WHEREAS, the Adirondack Park Agency (APA) is charged with the responsibility of determining state agency compliance with the Adirondack State Land Master Plan (SLMP) and to engage in a continuing planning process which recognizes matters of local concern, and

WHEREAS, the SLMP provides that: "due to the importance of the forest products industry to the economy of the Adirondack region, bulk acreage purchases in fee should not normally be made where highly productive forest land is involved, unless such land is threatened with development that would curtail its use for forestry purposes or its value for the preservation of open space or wildlife habitat", and

WHEREAS, the former Finch lands and the Follensby Pond lands are both highly productive forest lands, and neither are threatened with imminent development that would curtail its value of open space, and

WHEREAS, the proposed purchase of the Follensby lands will be partially funded by federal Forest Legacy program funds designed to purchase and protect working forests, and is not designed to fund fee acquisition lands where forestry would be prohibited, and

WHEREAS, the State is currently facing unprecedented financial challenges, and with the loss of thousands of state jobs the state Department of Environmental Conservation (DEC) is unable to properly maintain and manage existing, no less any newly acquired, lands due to staff reductions, and

WHEREAS, fee purchase and Forest Preserve designation of the Finch and Follensby lands by the state will result in the inability of any entity to participate in the carbon sequestration credit market that would provide millions of dollars in desperately needed revenues at a time when people are facing job losses and local governments are cutting vital services, and

WHEREAS, the education of our children and taking care of the less fortunate should be priority one - not more land purchases - particularly when the State already owns millions of acres of Forest Preserve and the role of private conservation groups like TNC should not be as a taxpayer subsidized real estate broker for the state, but rather their well-funded private conservation organization, with billions in assets, should be about land stewardship as advertised, and

WHEREAS, the purchase in fee of the Finch timberlands and Follensby timberlands by the State of New York is expected to have a devastating economic impact as it will result in significant loss of employment and economic opportunities that are vital to the region and its economy, now, therefore, be it

RESOLVED, that the Warren County Board of Supervisors confirms and restates its strong opposition to the fee purchase of the Finch timberlands and the Follensby Pond timberlands by the State of New York, and be it further

RESOLVED, that the Warren County Board of Supervisors requests Governor Cuomo to order a study of the economic and social impacts of state land acquisitions in the Adirondacks before any additional purchases of state lands are authorized, and be it further

RESOLVED, that the Clerk of the Board of Supervisors be, and hereby is, authorized and directed to forward copies of this resolution to the Twelve Counties of the Adirondacks; Governor Andrew M. Cuomo; Senator Charles E. Schumer; Senator Kirsten E. Gillibrand; Congressman Christopher Gibson; Senator Elizabeth O'C. Little; Assemblywoman Teresa Sayward; the Adirondack Park Agency and DEC Commissioner Joe Martens; DEC Region 5 Director Betsy Lowe, and DEC Region 6 Director Judy Drabicki.

Proposed Parking Lot and Pavement Modifications**

PROJECT DESCRIPTION

West Brook Road (CR 69) is composed of two roadways divided by a median, which West Brook occupies. As part of the proposed Festival Area located at the former Gaslight Village site, modifications to the existing north section (westbound) of West Brook Road are proposed to construct a parking lot adjacent to the Festival Area. These modifications include replacing existing conventional asphalt pavement with pervious pavement and widening of the existing paved area.

The project will include expand the existing road cross section (24 feet) by 5-20 feet to accommodate angled and parallel parking along the north side of the section, with parallel parking along the south side of the section as shown on the attached plan. The proposed parking area design is estimated to yield approximately 90 parking stalls.

Reasons Supporting This Determination:

(See 617.7(a)-(c) for requirements of this determination ; see 617.7(d) for Conditioned Negative Declaration)

The construction of the north section of West Brook Road and conversion of same into a parking lot with 90 vehicle parking stalls and vehicle pay stations is proposed to be commenced in the Spring of 2012 and completed in two phases with each phase comprising a forty-five (45) to ninety (90) day time period. During construction there will be short term impacts to land in the nature of typical construction impacts and disturbances. The project once completed will establish needed municipal public parking and a revenue source for Warren County. The parking lot is adjacent to a Festival space - part of the former Gaslight Village property - which will be the sight of many attractions and special events and there is an adjacent conservation easement area. No significant environmental impacts related to municipal financing of the project and the development of the parking lot were identified by the Board of Supervisors.

Mr. Strainer noted that the boys basketball tournament was being held at the Glens Falls Civic Center during the upcoming weekend and he encouraged all members of the Board of Supervisors to attend. Mr. Geraghty commented that this was a critical year for the tournament as the venue contract was ending and increased attendance levels would prove valuable in their next venue contract bidding process.

Mr. Dickinson noted that the Town and Village of Lake George would be holding a St. Patrick's Day event during the upcoming weekend entitled "Sham-Rock the Block", as well as a new art display Sunday afternoon at the Lake George Arts Project.

Privilege of the floor was extended to Joanne Gavin, Town of Lake George resident, who addressed the Board relative to the problems imposed by the sale and use of synthetic marijuana in Warren County, as well as surrounding areas. She cited examples of the dangers caused by the drug and encouraged the Board of Supervisors to take actions leading to the elimination of its availability in Warren County and noted that she did not feel the matter should be delayed until it was addressed at the State level, as indicated by Chairman Stec earlier in the meeting. Chairman Stec responded that Ms. Gavin had misunderstood his prior comments, he clarified that uniformity in this issue was important and while the State should act on the matter as quickly as possible, he suspected that would not be the case. He added that similar situations had occurred in relation to the funeral protest and sex offender housing issues which were addressed by the County through the adoption of Local Laws due to a lack of action at the State level; he added that this was an important issue that the County would likely handle in the same manner. Chairman Stec explained that, unfortunately, the adoption of a Local Law required approval at the Committee level, followed by approval of a resolution authorizing a public hearing and then the public hearing itself, which would take at least two months. Mr. Geraghty agreed that action should be taken as quickly as possible to contain this issue and it was shameful that the matter had to be addressed at the local level, rather than by the State. Chairman Stec asked Mrs. Sady to refer the issue to the Legislative Committee for further review and Mr. Bentley interjected that a joint meeting with the Criminal Justice Committee might be more appropriate as Kate Hogan, District Attorney, could present additional information on the harmful substance. Mr. Monroe noted that a legal opinion from Mr. Auffredou would also be helpful to advise on what actions could be taken to eradicate this problem. Mrs. Sady advised that the meeting would be scheduled, as requested.

Chairman Stec reminded the Committee of Mr. Dusek's prior request for an executive session to discuss a claim resulting from a property acquisition made in connection with the Corinth Road Reconstruction Project.

Motion was made by Mr. Bentley, seconded by Mr. Loeb and carried unanimously to declare an executive session to discuss matters surrounding the acquisition of real property, pursuant to Section 105(h) of the Public Officers Law.

Executive session was held from 11:54 a.m. to 12:12 p.m.

Upon reconvening, Chairman Stec announced that no action had been taken during the executive session.

There being no further business, on motion by Mr. Dickinson and seconded by Mr. Mason, Chairman Stec adjourned the meeting at 12:13 p.m.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, APRIL 20, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:00 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Loeb.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 20.

Motion was made by Mr. Taylor, seconded by Mr. Vanselow and carried unanimously, to approve the minutes of the March 16, 2012 Board Meeting, subject to correction by the Clerk of the Board.

Before beginning the meeting, Chairman Stec asked for a moment of silence in honor of Richard Kenny, Supervisor Kenny's brother, who had recently passed away, following which he offered Mr. Kenny condolences on behalf of all members of the Board of Supervisors for the loss of his loved one.

Chairman Stec announced that John Strough and Martha Strodel, representatives of the Warren County Historical Society, were in attendance to speak about the upcoming Rural Heritage Festival. Mr. Strough expounded that the Festival was scheduled to be held on August 11th at the Warren County Fairgrounds property and was aimed at exhibiting the rich history of Warren County through various demonstrations and displays and he advised that every Historical Society in Warren County would be assisting with the Festival in some manner. He noted that the event would also include 4-H presentations, a farmers market, vendors and a chicken barbeque in addition to other types of food, and he said he hoped this would be the first of many Heritage Festivals. Ms. Strodel apprised that the Festival would represent a celebration and education of the rural work and play traditions of Warren County and would be somewhat like a County fair with the focus being on rural traditions such as farming, logging and maple syrup production which were native work traditions for the area that continued to date. Ms. Strodel then introduced Delbert Chambers, member of the Town of Warrensburg Historical Society, who was in attendance to extend an invitation to the members of the Board of Supervisors. Mr. Chambers apprised of the Sticky Wicket Croquet Games and Picnic which the Town of Warrensburg Historical Society held as an annual fundraiser. He continued that the rules for the Sticky Wicket tournament were patterned after the European croquet game, but modified slightly to allow for individual play, rather than traditional two-person team play. Mr. Chambers stated that the event was very well received over the past 15 years and they had been asked by the Warren County Historical Society to hold an exhibition game at the Rural Heritage Festival. He said they were very excited to appease this request and were currently gathering a group of past tournament winners to play at the event. Mr. Chambers added that they would also extend an invitation to the members of the Board of Supervisors to join this competitive tournament and he said he would forward an email to each Board member with the pertinent details.

Pam Vogel, County Clerk, addressed the Board, speaking as representative for the Warren County Bicentennial Committee. She pointed out Resolution No. 232 of 2012, included in the resolutions distributed to the Board members, which would name the Black Eyed Susan as the Warren County Bicentennial Flower. Mrs. Vogel advised this flower had a long standing botanical history in Warren County and would be a fitting tribute to the event. She noted that they intended to integrate the Black Eyed Susan into their Bicentennial programs and materials, as well as to introduce the flower through school programs. In conclusion, Mrs. Vogel thanked the members of the Board of Supervisors for their support of the Bicentennial Committee and Chairman Stec responded by thanking Mrs. Vogel for her efforts.

Chairman Stec announced that Dave Wick, who was in attendance, would be leaving his position as District Manager of the Soil and Water Conservation District to accept a position as Executive Director of the Lake George Park Commission; he commended Mr. Wick for his past work with the Conservation District and said he wished him the best in his new position. Mr. Wick thanked Chairman Stec for his comments and he noted that although the Conservation District had been created by the Warren County Board of Supervisors in 1956, it was not truly a County Agency, but had always operated as if it were. He said that in prior years, the Conservation District had encountered financial difficulties which the Board had assisted with and he said he felt the District had responded in kind, providing assistance wherever necessary. Mr. Wick stated that he had served as District Manager since 1993 and had continuously maintained an excellent working relationship with the County, which he hoped would be extended to his replacement, Jim Lebrum, and carried over to his new position; he added that the Lake George Park Commission was facing some big issues which he hoped to resolve with the assistance of the County and other surrounding municipalities. Mr. Wick extended his best wishes to Chairman Stec in his bid for the Assembly, stating that he felt Chairman Stec would do very well. Speaking as Chairman of the Board of Directors for the Soil and Water Conservation District, Mr. Thomas stated that the District had not always maintained the current level of expertise which allowed them to incorporate top level stormwater innovations in their operations, due in large part to Mr. Wick's contributions and management. Mr. Thomas thanked Mr. Wick for all of his past efforts and said he wished him the best in his new position.

Chairman Stec reminded the Committee members that submission of affidavits and activity logs for retirement reporting purposes must be submitted to the Clerk of the Board's Office no later than May 7th in order for the appropriate resolution to be prepared for the May 18th Board meeting.

Resuming the agenda review, Chairman Stec declared the Public Hearing on proposed Local Law No. 4 of 2012, entitled "A Local Law Repealing Local Law No. 12 of 2006 - A Local Law Establishing a Department of Human Resources in Warren County" open at 10:25 a.m. and requested the Clerk read the Notice of Public Hearing for the record.

Clerk read the Notice of Public Hearing on proposed Local Law No. 4 of 2012, entitled "A Local Law Repealing Local Law No. 12 of 2006 - A Local Law Establishing a Department of Human Resources in Warren County".

Chairman Stec declared the Public Hearing on proposed Local Law No. 5 of 2012, entitled "A Local Law Amending Local Law No. 3 of 1971 - A Local Law Establishing the Department of Personnel and Personnel Officer in the County of Warren" open at 10:26 a.m. and requested the Clerk read the Notice of Public Hearing for the record.

Clerk read the Notice of Public Hearing on proposed Local Law No. 5 of 2012, entitled "A Local Law Amending Local Law No. 3 of 1971 - A Local Law Establishing the Department of Personnel and Personnel Officer in the County of Warren".

There being no comment on either proposed Local Law, Chairman Stec declared both Public Hearings closed at 10:29 a.m.

Chairman Stec declared the Public Hearing on proposed resolution entitled "Amending Resolution No. 298 of 2005 - Authorizing Increase in Real Property Tax Exemption Limit for Persons Sixty Five (65) Years of Age or Over in Combination with Sliding Scale of Increment Levels of Exemption" open at 10:30 a.m. and requested the Clerk read the Notice of Public Hearing for the Record.

Clerk read the Notice of Public Hearing on proposed resolution entitled "Amending Resolution No. 298 of 2005 - Authorizing Increase in Real Property Tax Exemption Limit for Persons Sixty Five (65) Years of Age or Over in Combination with Sliding Scale of Increment Levels of Exemption".

Chairman Stec apprised it had been seven years since the County had last modified the income limits for the senior real property tax exemption, and he said it had been much longer since the Town of Queensbury had last taken action on the issue. He reminded the Board

members that a change in the exemption limits would affect only the County portion of the property tax and would have no impact on the Town or School portions; he clarified that although both the Towns and Schools could take action to implement similar exemption limits, they were not obligated to do so. Chairman Stec stated that due to the number of complaints from senior citizens who no longer qualified for the tax exemption due to the recent increase in Social Security benefits, the Town of Queensbury had unanimously voted to increase the exemption limit to \$29,000, as proposed by Resolution No. 251 which was included in the resolution packet. He noted that a public hearing on the matter had been held at the Town level where no negative public comments on the issue were made. Chairman Stec reminded the Board members that during the prior Board meeting limited discussion on the issue had been held indicating that while there was broad support for an increase in the exemption limit, not everyone was comfortable with the \$29,000 limit proposed.

Deanne Rehm, Assessor for the Town of Lake Luzerne, distributed information she had previously prepared for Mr. Merlino's review to the Board members; *a copy of the handout is also on file with the minutes*. Ms. Rehm proceeded with an in depth review of the information distributed, during which she pointed out that although it was not mandatory for the Towns to adopt the same exemption limits as the County, the Town of Lake Luzerne had traditionally done so as it made the tax billings easier for the Town taxpayer to comprehend. She said it was important to note that for every million dollars the Town of Lake Luzerne lost in assessment value, one penny was added to the tax rate; she added that while this did not seem like a considerable increase, she would submit that every year the Town Board struggled to maintain and establish their annual budget to include an amount that would not lead to a tax increase. Ms. Rehm advised that adopting the resolution increasing the tax exemption would raise that tax rate at the Local level as much as \$.03.

The senior tax exemption allowance was a measure offered by the State which provided a mechanism to assist the elderly population by reducing County, town and school taxes in accordance with specified income limits, Ms. Rehm stated. She said the State reviewed and revised the exemption allowance regulations and limits every five to seven years in order to maintain appropriate income figures; however, she added, neither the local municipalities or the schools were obligated to offer the exemption. Ms. Rehm advised that once implemented, the Town Assessors served as the "gatekeeper" for the exemption as they were charged with reviewing all applicable income and residency data to determine who was eligible for the benefit. She advised that when the exemption limits were last revised in 2005, the number of eligible persons in the Town of Lake Luzerne doubled. Ms. Rehm cautioned the Board members that allowing this exemption did not eliminate the need for the tax to be paid, it simply shifted the burden to other taxpayers. She noted that raising the exemption limit to the proposed \$29,000 income threshold would cause an estimated \$5,448 in tax payments to shift from the eligible elderly population to the remaining Town taxpayers and she estimated the results at the County level to be in the area of \$140,000 to \$200,000.

Ms. Rehm noted that following a State-wide review, the State of New York had determined that an increase in the income level for the real property tax exemption up to \$29,000 was allowable; however, she noted, this figure was not appropriate for Warren County. Instead, she said she would propose a compromise that would allow the income level be raised to \$24,000, which would reduce the amount to be shifted to approximately \$40,000. Ms. Rehm counseled that even if the increase were approved on that day, it would not become effective until January of 2014. She advised that the dollar amounts to be shifted to other taxpayers were based on estimates as income information was not available for all taxpayers, only those who had previously applied for the exemption status. Ms. Rehm stated that when developing the 2012 Budget, the Board of Supervisors had agonized over their ability to determine a source of funding to retain the County mealsites at a cost relatively close to that which would be transferred to other taxpayers if the exemption were allowed; she added that if the Board decided to allow an increased exemption at the \$29,000 income limit, she had no doubt that they would encounter other budgetary issues when trying to maintain a minimal tax increase

while still accounting for the increase to taxpayers not eligible for the exemption. Once again, Ms. Rehm asked the Board members to keep in mind that when allowing an increased benefit to the elderly population they would be increasing the tax burden to the remaining taxpayers of Warren County.

Chairman Stec stated that he had followed Ms. Rehm's projections and agreed with her assessment that the total County level would not change through the proposed exemption increase, although they would be altering how it was acquired. Additionally, he said he would agree that increasing the tax exemption limit to \$24,000, rather than \$29,000, would reduce the amount of tax to be shifted to the remaining taxpayers to an amount in the neighborhood of \$40,000, which he felt was inconsequential as the total represented approximately 1/10 of 1% of the County's \$38 million budget. He concluded that he was open to the compromise proposed and he thanked Ms. Rehm for her research and the documentation provided.

Ms. Rehm pointed out that a person eligible for a 5% tax exemption would save approximately \$27 to \$30 per year, which was not a huge benefit. Chairman Stec countered that although the benefit to the taxpayer might seem insignificant, it helped the County and Towns to capture income data that will assist with impact projections when making determinations on future exemption limit changes. Ms. Rehm responded that while this was an excellent point, once the limits were changed to allow an exemption level as low as 5%, it was unlikely that it would ever be rescinded. Additionally, she noted that retired people were apt to have more valuable homes and she cited that the typical assessed value for an aged homeowner in the Town of Lake Luzerne was in the \$100,000 range, while she had noticed there were some homeowners receiving the reduced tax rate benefit in the Town of Queensbury whose homes were valued in excess of \$750,000.

Johns Hodgkins, resident of the Town of Queensbury, spoke in opposition to the exemption increase based on his research which indicated that 17% of Warren County's population was over age 65, with the average retired income being \$21,500, as per census information. Additionally, he noted that New York State had the fifth highest property taxes in the nation and Warren County's spending had doubled over the past fourteen years, rising at triple the rate of inflation; he advised that over the past five years his personal property taxes had increased over 50%. Opportunity and businesses were leaving New York State, Mr. Hodgkins stated, and he noted that as a small business owner, he had difficulty securing contracts with other companies as they were leaving NY for opportunities in other States. He said his son would be graduating from college in the near future, and although he would like to remain in New York State, there was not much opportunity to be had. Mr. Hodgkins stated that most wanted to help those in need, but the senior tax exemption program was not intended to assist truly poor or needy seniors, and in a bazaar twist, often took from the poor, the truly needy and the responsible taxpayer and redistributed wealth to those who had substantial assets and guaranteed income. What disturbed him, he said, was that the beneficiaries of the program were not seniors without assets, wealth or income as they owned homes and received income through social security benefits. Mr. Hodgkins stated that a homeowner with a \$1 million home, who collected social security benefits, would qualify for the full exemption; he said the design of the program allowed relief for runaway property taxes, but only to those with wealth and financial security, and did nothing to lower taxes for responsible property owners or assist the most needy. There was a long list of property owners who would pay more if the proposal was approved, he said, and a vote in favor of the proposal would be a vote in favor of raising taxes for young families starting out with student loans, large mortgages and young children, as well as for middle aged homeowners struggling with the current economic realities, senior citizens that adequately prepared for retirement or made decisions to downsize to a home they could afford, and for businesses. Mr. Hodgkins stated that one of the largest expenses to his business was for property taxes and he said he paid \$1,000 per employee for property taxes alone. Increased property taxes would also affect rental rates, he said, regardless of the age of the renter. He commented that the County, schools, libraries, fire departments, etc. continued to raise taxes "a little bit" but those amounts

added up to a large sum at the end of the day. In conclusion, Mr. Hodgkins stated that as property taxes continued to rise, businesses were being driven out of the State, young families and children must leave and the primary source of income has become government agency checks, which made Warren County a sinking ship; he added that redistribution of tax payments was not the answer, but rather a change in the culture of spending. He said he commended the County on the reduction in Departments and spending as the simplest way to reduce property taxes was to hold Department Heads accountable for spending and vote against increased budgets, capital projects, and especially the senior tax exemption.

Lara Currie, Town of Queensbury resident, stated that she was also a small business owner, and while she was sympathetic and concerned about the aged population, she was also sympathetic to the plights of other residents suffering with unemployment and low income in the area. She said there was a considerable percentage of the population having difficulty meeting their mortgage and rental expenses already. In terms of the County Budget, Ms. Currie commented that she was in favor of reduction and would welcome a more holistic approach to the budget establishment process by including tax caps and providing the community with the ability to attend public budget sessions, especially if they could be held in the evenings after working hours.

George Winters, Town of Queensbury resident, stated that the Board needed to make better efforts to reduce the budget as a whole and settle upon better business decisions for the County. He pointed out several poor business decisions which he perceived to have led to increased spending on the part of the County such as constructing the Human Services Building on the Municipal Center Campus, instead of rebuilding at the site of the former Social Services Building in order to harness the full capacity of the co-generation facility, the purchase of new Sheriff's Patrol cars that did not receive the same mileage as the previously purchased models, negotiations that had led to paid administrative leave for the former Commissioner of Social Services and paid insurance for County employees. He said there were a number of items that could be reduced in the County budget to assist all taxpayers.

Doug Beaty, Town of Queensbury Resident, stated that he was concerned with the precedent the increased tax exemption limit would set which he perceived would put added pressure on the County's school systems to adopt similar limits, regardless of the levels selected. He noted that student enrollment in the Queensbury school system had consistently declined over the past seven years, due in part to increasing property taxes which discouraged young home buyers from moving to the area. Mr. Beaty said the State of New York was one of the highest taxed states in the Country and he questioned when the increases would stop. In conclusion, he advised that while he was respectful of the County's aged population, he felt it was important to speak against the increase as although it would represent a minor savings to some taxpayers, there would be an increase to many.

John Mandwell, Town of Queensbury Resident, noted the exemption status was based on the income of qualifying homeowners, but did not take into consideration the additional household income that might be provided by other dwellers in the home. He further noted that the exemption did not account for the significant resources held by qualifiers for the exemption due to the value of their properties. He said that adding consideration of total household income and property values to the eligibility determination process could assist in lessening the impact to other taxpayers while still providing exemption status for those who needed it.

Chairman Stec advised that while there were a few seniors receiving exemptions that owned high valued properties, the majority did not and he advised that they were bound by the rules imposed by the State in terms of how the exemptions were determined. He added that while it would be helpful to know the total household income information, State guidelines prevented them from attaining it as they were only permitted to consider the income of the property owner(s).

Sean Garvey, of the Garvey Auto Group, began by thanking the members of the Board of Supervisors for their dedication to their positions and opined that they were not sufficiently compensated for their efforts. Continuing, Mr. Garvey pointed out that the County Budget had

doubled over the last decade due to small incremental tax increases imposed. He said he could easily afford to pay much more in taxes than he did currently, but felt it was time for the Board to stop spending, stop increasing taxes, stop all capital projects, freeze the tax rate and implement a plan to reduce the size of the local government and the amount spent.

As there was no further public comment to be heard, Chairman Stec called for comments from Board members. He began the comment session by apprising that the reason the County Budget had increased significantly over the past ten years was because the State had begun requiring that they include major passthrough funds, such as the sales tax distributed to the Towns, as well as unpaid school taxes, which represented a combined total of close to \$28 million that was not previously included in the Budget. He clarified that these were not actual increases to the budget as they had always been paid, this was just a change in accounting procedure. Chairman Stec advised there were a number of passthrough type funds included in the Budget that did not represent actual costs to the County taxpayer and a more accurate accounting method would be to list the total levy, plus the appropriated fund balance. He added that there were also unfunded State mandates to be considered as they were continuously transferred from the State to the local governments, causing budget increases.

Mr. Kenny stated that he felt the \$29,000 income limit proposed was skewed by the larger metropolitan areas of the State and he agreed that Ms. Rehm's suggestion to lower the limit to \$24,000 made sense. He noted that the \$29,000 limit would mean a total household tax increase of approximately \$3.00 per year in the City of Glens Falls and he said he assumed the \$24,000 income level would decrease that figure to below \$2.00 per household annually, further mitigating the responsibility. He concluded that he was supportive of raising the income limit to \$24,000, as proposed.

Chairman Stec noted that a revised version of Resolution No. 251 listing a \$24,000 income limit had been prepared in anticipation of the Board's inclination to alter the limit, copies of which were distributed to the Board members. He said he felt the exemption limit increase was appropriate and would assist the senior population that had paid their share of taxes for the majority of their lives.

Mr. Monroe said that Mr. Mandwell had made a very good point about the unintended consequences of the senior tax exemption which might allow certain persons to qualify regardless of the fact that there was additional income and liquid assets in the household, and he questioned whether the exemption qualifications could be changed to account for this occurrence. Martin Auffredou, County Attorney, apprised that they were confined by the rules of the State which did not allow the ability to review these additional income sources. Ms. Rehm added that they were only permitted to review the incomes of the property owner and spouse, but were not allowed to review incomes of persons residing in the home who were not married to the property owner, nor were they able to seek out income information for IRA or other similar accounts which were not considered to be income. She concluded that the income designations and parameters were outlined by the State and the County was confined by them; she added that she was unsure whether anything could be done at the County level to change the exemption procedures. Mr. Monroe advised that he was comfortable with the revised resolution listing the \$24,000 income limit.

Mr. Merlino stated that although he was in favor of senior benefits, he felt they should table this issue for a year to determine whether taxes could be reduced at the Town level as that would assist the aged population more than the tax exemption would. He continued that he anticipated a difficult budget year and the efforts to increase the senior tax exemption would require a lot of work to save a relatively small amount of money for each qualifying senior.

Mr. McDevitt advised that he was in support of the \$24,000 limit proposed and he thanked Ms. Rehm for the documentation she had prepared which had proved to be very informative. He commented that over the last 12 years the entire Country had faced a neutral job creation, and the situation was not unique to New York State or Warren County. Mr. McDevitt said the incremental costs of senior citizens entering nursing homes or accessing social services benefits were very expensive and he felt that the most cost effective and moral approach was to keep senior citizens in their homes as long as possible.

Mr. Conover noted the tax exemption schedule offered varying discounted percentages, ranging from 5% to 50%, based on income and he questioned whether it might be sensible to use the 20% limit as the lowest discount offered, thereby eliminating the 5%, 10% and 15% levels. Chairman Stec responded that removing these levels would not make a significant change in the amount of tax to be transferred and might cause irritation amongst the seniors who no longer qualified due to the removal of certain income limits. Additionally, he advised that the tiered limit levels provided an excellent opportunity to secure income data from the aged population through the exemption application process, allowing the availability of more information to be used when determining if future exemption limit increases should be made.

Mr. Mason thanked Ms. Rehm for the documentation provided, noting that it had been very helpful. He stated that he was very supportive of the tax exemption for the senior population as they represented a valuable portion of the community. He added that his only question on the matter had been with the exemption income limit and he felt that a favorable compromise had been reached with the \$24,000 limit suggestion. To address the other issues poignantly stated by the public speakers, Mr. Mason stated that they needed to hold the line at budget time to address the concerns about reducing the size of local government.

Mr. Westcott stated that he could support the \$24,000 income limit, but would have preferred that Ms. Rehm's documentation be verified by the County Administrator before voting on the issue. He also thanked Ms. Rehm for the information provided. Mr. Westcott commented that the only drawback to the initiative was the slight tax increase to other taxpayers in Warren County and he said he wished this could be done in a manner that could provide relief through a rebate or tax cut paid for from County budget savings, rather than by other taxpayers. Mr. Westcott acknowledged the public speakers, thanking them for the comments and stating his appreciation for their participation.

Mr. Taylor noted he was concerned about another segment of the population consisting of disabled persons who might be affected by the tax increase. He said he was also concerned about people with other resources available that were receiving benefits unjustly. Mr. Taylor stated that while he would likely vote in favor of the resolution with the \$24,000 exemption limit, he also agreed with Mr. Merlino's suggestion that the matter be tabled in order to determine whether the exemption qualification guidelines could be challenged to include other reportable income or assets. Chairman Stec said that while he understood and appreciated Mr. Taylor's concerns, he would submit that the regulations imposed by the exemption qualifications were not being changed, simply the threshold limits for qualifications. He added that the confining regulations imposed by the State could not be changed. Mr. Auffredou interjected that the only way to change the qualification process would be to seek action to change the associated legislation, which would be very cumbersome; he continued that while the regulatory changes suggested were a good idea, they were constrained by the allowances provided by the State.

There being no further comment on the proposed increase to the real property tax exemption limit, Chairman Stec closed the Public Hearing at 11:36 a.m.

Motion was made by Mr. Dickinson, seconded by Mr. Bentley and carried unanimously to replace the version of Resolution No. 251 of 2012 included in the resolution packet with the alternate version distributed in order to change the proposed increase in the real property tax exemption limit from \$29,000 to \$24,000.

Chairman Stec advised the next item on the Agenda pertained to his reports. He apprised that on the following day he and Mr. Westcott would be traveling to Albany to participate in a mandate relief rally. Chairman Stec thanked Mr. Westcott for his leadership on this issue and noted that both he and Mr. Westcott would be speaking on the need for mandate relief, as would other elected officials and advocates for the issue which was very important. He cited that about 57% of the County's \$38 million levy was comprised of mandated programs and if the State would either reassume responsibilities, or preferably eliminate the need for the expense, the levy and tax rate could be cut in half.

Chairman Stec called for reports by Committee Chairmen on past month's activities or meetings and the following gave verbal reports: Supervisor Bentley, Public Works and Criminal

Justice; Supervisor Strainer, Human Services; Supervisor Sokol, Health Services; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Conover, Personnel; Supervisor Monroe, Gaslight Village Ad Hoc; Supervisor Girard County Facilities and Extension Services; Supervisor McDevitt, Mental Health; and Supervisor Taylor, Support Services.

Mr. Bentley announced that both the Public Works and Criminal Justice Committees had met during the past month, approving seven Public Works related resolutions and two Criminal Justice which were included in the agenda packet and he encouraged the Board members to support them.

Although he said he had no Committee related business to report, Mr. Merlino apprised that the Town of Lake Luzerne had passed a resolution supporting a ban on the sale of synthetic marijuana in Warren County as indicated by the introduction of proposed Local Law No. 6 of 2012 which was outlined in Resolution No. 257, included in the resolution packet.

Mr. Stainer commented that the Human Services Committee had met, although no resolutions had been approved. He pointed out that a pamphlet had been distributed to each of the Board members outlining the Employment & Training Administration's Summer Youth Employment Program which provided assistance to disadvantaged youth; he added that this was a good program and he hoped that each of the Supervisors would be able to attend the annual program picnic to see a first-hand accounting of the benefits provided. Mr. Strainer then noted that he had attended a meeting of the Advisory Council for the Warren-Hamilton Counties Office for the Aging which had been held in the Town of North Creek, during which they had discussed how they could better serve the senior population while saving money.

Mr. Mason noted that he had nothing to report, but questioned the dates listed in Resolution No. 216, Authorizing an Agreement with the Village of Lake George for Law Enforcement Services; he noted that the resolution listed the services as being for the months of May, July and August through September 2nd and he asked if the month of June should be included. Joan Sady, Clerk of the Board, responded that the request had been for specific dates, which did not include any in the month of June. Mr. Mason proceeded to comment on Resolution No. 235, Approving Salary Study and Recommended Wage Adjustments and Authorizing Amendment of the County Table of Organization and Relevant Salary Schedules for 2012, Transferring Contingency Fund and Accounting or the transfer of Said Funds to the Appropriate Budget Account Lines and/or Numbers of the Department which have Employees Affected by the Salary Increase, advising that *The Post Star* had recently reported that "the analysis had only looked at salary figures and did not account for pensions or other benefits". He said he had a number of conversations with taxpayers about this statement and although he was unsure it was correct, he had advised that during the upcoming budget process the salary study would be reviewed and revised accordingly. Mr. Mason concluded that if the pension and benefit information was not included in the analysis, it should be, otherwise it was not a complete review.

Referring to the recent Health Services Committee meeting, Mr. Sokol apprised that in the Westmount Health Facility portion, the Committee had approved the filling of two vacant positions, which would derive a savings to the County, and had also discussed and approved a resolution tabled at the prior Board meeting relating to a service contract with P&NP Computer Services, Inc. He said that Westmount staff continued to work diligently to maintain their budget and it was duly noted that overtime costs had decreased approximately 4% in comparison to the prior year. Moving on to Public Health, Mr. Sokol advised the Committee had addressed a Pending Item pertaining to making an inquiry with the New York State Office of General Services to determine whether surplus vehicles could be purchased to supplement the Health Services fleet; however, he noted, they had found that the State would not sell the vehicles to the County because they preferred to sell them on the online auction site Ebay, where they felt more revenues could be received. He said that during a budget report it had been indicated that the salaries portion of the Health Services Department had shown a decrease of over \$25,000 in comparison to the same time period for the prior year. Returning

to the issue of the senior tax exemption issue, Mr. Sokol stated that although he was always interested in assisting the senior and youth population of the County, he agreed with Mr. Merlino's suggestion that Resolution No. 251 be tabled. Additionally, he said they should review the Youth Court program to determine whether additional funding could be provided.

In connection with the Health Services Committee report, Mr. Loeb requested an explanation on Resolution No. 211, Authorizing the Warren County Administrator to make Budget Adjustments for .2, .4, .7 and .8 Codes in the Same Manner as in-Code Transfers Without the Requirement of Committee Approval. Paul Dusek, County Administrator, explained that the Westmount Health Facility faced a continual need to adjust their operating budget for various salary codes, requiring them to bring requests to the Health Services Committee before any action could be taken. He further explained that this request would not provide any additional funding to the facility, it simply allowed them to transfer existing funds with his review and authorization in order to qualify for reimbursements and pay invoices from correct codes, without necessitating Committee approval which delayed the process. Mr. Dusek advised that this had been a continuous problem as it delayed bill payments and these measures would streamline the process and allow expedited payments.

Concerning the Finance Committee, Mr. Thomas noted the resolution packet included eight resolutions approved by the Committee, including Resolution No. 252, Seeking Special State Legislation to Authorize the Sale of the Warren County Fairgrounds Property, and Resolution No. 253, Bond Resolution Dated April 20, 2012 - A Resolution Authorizing the Beach Road (CR51) Reconstruction Project Warren County at a Maximum Estimated Cost of \$7,961,653; Authorizing the Issuance of \$2,600,000 Serial Bond of Said county to pay the Costs Thereof and Authoring the County Treasurer to Make Temporary Advances of Legally Available Funds. He noted that the \$2.6 million bond would provide the necessary cash flow to start the construction project estimated to cost in excess of \$7 million in anticipation of State and Federal grant funding, as well as the \$600,000 Local Share. Mr. Thomas then pointed out Resolution No. 261, Authorizing the Warren County Sheriff to Purchase Five (5) Patrol Cars and Authorizing the Warren County Treasurer to Transfer Funds from the Contingent Fund; he apprised that initially the Finance Committee had authorized a \$125,000 BAN (bond anticipation note) for the vehicle purchases, but it had later been determined that the monies should come from the Contingent Fund, rather than being borrowed.

Mrs. Wood provided a report on the last meeting of the Public Safety Committee, advising that the most important issue discussed was the completion of the MASK Confidence Building within the specified deadlines that allowed retention of grant funding. She thanked Brian LaFlure, Director of the Office of Emergency Services, and Amy Drexel, Deputy Director of the Office of Emergency Services, for their assistance, as well as Jeffery Tennyson, Superintendent of Public Works, and his staff along with the many firefighters that had volunteered; she added that the Washington County staff and volunteers had also proved pivotal in this endeavor. Mrs. Wood advised that the MASK Confidence Building would be ready to begin training in the near future. Additionally, she advised that the Bicentennial Committee had been holding monthly meetings to plan the upcoming bicentennial celebration and had established a website that was tied to the Warren County Tourism website. Mrs. Wood reiterated Mrs. Vogel's notation on Resolution No. 232, Resolution to Designate the Black-Eyed Susan as Warren County Bicentennial Flower. She then advised that Bicentennial Committee was currently working on their mobile exhibits which consisted of 17 panels that would be distributed around the County during bicentennial events; additionally, she noted that the Town Historians were reviewing and finalizing information for the Bicentennial booklet which would then be printed in anticipation of the upcoming celebration. Mrs. Wood advised the next meeting of the Bicentennial Committee would be held on May 22nd. In closing, Mrs. Wood identified one Public Safety resolution, Resolution No. 216, Authorizing an Agreement with the Village of Lake George for Law Enforcement Services.

Mr. Geraghty advised that he had no Committee report to present, but noted that he had been working diligently along with Mr. Dusek on union negotiations. Chairman Stec responded

by thanking Messrs. Geraghty and Dusek, as well as their respective support staff, for their efforts as these negotiations would have a significant impact on the County budget.

Mr. Conover announced that Resolution Nos. 235 - 247, 259 and 260 were derived from the last meeting of the Personnel Committee and he specified that Resolution Nos. 259 and 260 pertained to the consolidation of personnel functions between the Civil Service and Human Resources Departments and the resultant elimination of the Human Resources Department. He commended Messrs. Geraghty and Dusek and Kathy Barrie, Personnel Officer, for the work they had done in implementing the consolidation efforts as he felt it was a cost effective decision in the best interest of the County. Referring to Resolution No. 235, which approved the salary study and authorized wage adjustments as previously noted by Mr. Mason, Mr. Conover pointed out that the salary study listed the Warren County Sheriff's position was slated to receive an increase of \$1,720; however, he noted, this line should be removed because, as an elected official, the associated salary could only be increased by virtue of a Local Law. Mr. Dusek responded that this was correct and he suggested that an amendment to the resolution be made.

Motion was made by Mr. Conover, seconded by Mr. Monroe and carried unanimously to amend Resolution No. 235 to exclude the Sheriff position from the salary schedule.

Referring to the recent meeting of the Gaslight Village Ad Hoc Committee, Mr. Monroe noted that pursuant to Mr. Dickinson's affirmations, the Committee had approved Resolution No. 248, Resolution Supporting the Concept of the Town of Lake George Rejoining Ownership of the Gaslight Village Park. He noted that the Committee had approved the resolution under the assumption that a reversal of the past transfer of ownership would take place in order to allow the Town to rejoin; however, he stated, the Village of Lake George had since stated that while they were not opposed to the Town's rejoining, they were not interested in relinquishing any of their shares in the project. In light of this new information, Mr. Monroe advised that further discussions at the Committee level would be necessary. He also pointed out Resolution No. 249, Amending Resolution No. 193 of 2012 Changing Name of Committee from the Charles R. Wood Park Event and Operations Committee to the Park O&M Committee, and Resolution No. 250, Authorizing Intermunicipal Agreement with the Village of Lake George for Maintenance and Revenue Collection at the West Brook Parking Lot.

Mr. Dickinson stated that he was very disappointed that the Village was not open to the idea of allowing the Town to re-purchase shares of the project, especially in light of the great strides they had been making to consolidate services between the two municipalities. Chairman Stec stated his agreement that the Town of Lake George should be involved in the project in some manner.

With respect to Resolution No. 250, Mr. Geraghty questioned whether the resolution specified payment intervals for parking revenues and Mr. Auffredou replied in the negative. Mr. Geraghty suggested the resolution be amended to indicate that the revenues should be counted and distributed on a bi-weekly basis at no additional cost to the County.

Motion was made by Mr. Monroe, seconded by Mr. Geraghty and carried unanimously to amend Resolution No. 250 to indicate that the parking revenues collected should be counted and distributed to the County on a bi-weekly basis, at no additional cost to the County.

Relative to the County Facilities Committee meeting, Mr. Girard reported that the agreement with Perkins Recycling for lease of the Ceiba Geigy property was expiring and they expected the property to be vacated by the end of April. He said they intended to market the property for lease through an RFP (request for proposal) process. Mr. Girard advised that a report had been provided on the status of the proposed Runway Extension Project, during which it had been noted that although the majority of the project was slated to be funded by State and Federal grant monies, the State had indicated that they were facing difficulties in providing their portion which might cause the County to have to pay more than their \$200,000 Local Share; he added that Legislative efforts were being made to try and avoid this situation, but it seemed a typical action of the State to pass on costs to the local government. As for Extension Services, Mr. Girard announced that the contract held by Dr. James Seeley to serve

as Executive Director of Cornell Cooperative Extension was expiring and although he was interested in remaining in the position, it was subject to typical job advertisement and interview procedures. He advised that Dr. Seeley had performed fabulously as Executive Director and he hoped those efforts would continue.

Mr. McDevitt provided an accounting of the prior Mental Health Committee meeting, noting that a representative from the Glens Falls Hospital had spoken on his concerns relative to the elevated number of young people presenting themselves at the emergency room who were being clinically evaluated for mental health issues. Additionally, he noted that he had recently attended a short presentation at the Warren and Washington Counties ARC on autistic children which indicated a 500% evaluation differential between the States of Alabama and Utah which meant that the diagnostic procedures used were not as uniform as one might expect in dealing with this very serious issue.

Mr. Taylor pointed out four resolutions approved at the prior Support Services Committee meeting, including Resolution No. 219, Approving and Authorizing the Implementation of the Warren County Human Services Building Emergency Action and Response Plan; Resolution No. 220, Authorizing out-of-State Travel for Director of Weights & Measures to Attend the 2012 Annual Meeting of the Northeastern Weights & Measures Association; Resolution No. 221, Awarding Bid and Authorizing a Contract with Upstate Printing Company for Printing/Copying Services for Warren County; and Resolution No. 222, Authorizing Payment to Aeon Nexus Corporation for a County Spend Assessment.

Referring to Mr. Girard's report on Airport related business, Mr. Westcott noted that he had met with Ross Dubarry, Airport Manager, to discuss the possible lack of State funding for the Airport Runway Extension Project and had found that the State Share was approximately \$400,000; he added that if this funding was not provided at the State level, the County would need to determine an alternate source of funding.

Chairman Stec noted Resolution No. 257 introduced Local Law No. 6 of 2012 entitled "A Local Law Prohibiting the Sale and/or Use of Synthetic Cannabinoids in Warren County" and authorized a public hearing thereon; he then thanked Kate Hogan, District Attorney, for her leadership in dealing with this very serious issue and invited Ms. Hogan and Robert Lusi, Probation Director, to speak on the matter.

Ms. Hogan stated that Warren County had shown more leadership on this issue than many others around the State and she announced that the Franklin County District Attorney had contacted her that morning to obtain a copy of proposed Local Law No. 6 so that Franklin County might pattern theirs against it. She noted that since the Local Law initiative was approved at the Committee level, Governor Cuomo had used his executive power to order the New York State Department of Health to seize synthetic marijuana from any facility selling it; however, she added, this action did not make the substance illegal, nor did it provide the school systems with the authority to seize it. Ms. Hogan said that the widespread use and availability of the substance was very concerning and although Senator Little had proposed legislation to ban its use and sale, there was no Assembly sponsor for the bill. She concluded that there was a very real sense of urgency to address this issue and she strongly urged the Board to support the effort to eradicate the use and availability of synthetic marijuana in Warren County.

Mr. Dickinson commented that Joanne Gavin, Lake George resident, had been tantamount to this process in spreading awareness about the substance, touting its potential dangers and the need for its elimination; he added his appreciation for her efforts on behalf of the community. Chairman Stec extended his appreciation, as well, noting that Ms. Gavin had done her part to raise awareness on the issue and in response, the Board of Supervisors would do their part to address the matter. Ms. Gavin stated her appreciation to Ms. Hogan and to the Board of Supervisors for taking action as quickly as they had.

Mr. Lusi thanked and commended the Board members for taking action on the synthetic marijuana issue. He apprised that there were currently about 700 people on probation in Warren County and since December of 2011, it seemed that issues with synthetic marijuana

use had become a weekly occurrence for juvenile or young adults, either through probationers who had gotten into more trouble or ended up in the emergency room with medical complications following use of the substance. Mr. Lusi said that in preparing the pre-sentencing evaluation reports provided to the Courts, they found many cases in which the use of synthetic marijuana was embedded; he added that when they asked why the drug was being used, the typical response was "because it's legal". Mr. Lusi concluded that the proposed Local Law was an excellent start to address the issue and he encouraged support for the measure.

Chairman Stec informed the next item on the Agenda was the report by the County Administrator. In response to Mr. Mason's prior inquiry as to whether the Salary Study performed had taken into consideration employee benefits, Mr. Dusek advised that during the past couple of years, a process had been implemented to review positions when created to develop an appropriate salary range, during which they considered many factors, including the values of health insurance and retirement benefits. He noted that in some cases, this process was easier than others, especially when equivalent private sector positions were not available to use as comparison in order to discount the value of fringe benefits. Mr. Dusek stated that the same type of procedure was used in developing the Salary Study and he noted that in most cases when a private sector position was available, it could be noted that the public sector position salary was lower than the private sector because the fringe benefits counterbalanced them. He continued that the Salary Study was not a perfect document and was intended to serve as a starting point for position evaluations which could be amended and revised each year during the budget process. Mr. Dusek reminded the Board members that this procedure was very different than any used for non-bargaining unit employees in the past, as previous to this automatic percentage increases had been allotted. He concluded that Mr. Geraghty, himself and the Administrative support staff had put a lot of time and effort into the document provided which he would suggest be reviewed and improved every budget session and he reiterated that health and pension benefits were absolutely considered when making salary determinations.

Chairman Stec commended Messrs. Dusek, Geraghty and their support staff for the work they had done on the Salary Study as it had added a greater degree of open review and comment on the proposal by distributing the Study and allowing extensive review by the Personnel Committee before acting on it. He noted that the funding earmarked for wage adjustments had been carefully calculated and included in the 2012 Budget for this specific purpose. Chairman Stec stated that any time a governmental salary review/adjustment was proposed there would be a number of critical comments made, some informed and some not so. He concluded that while the Study document might not be perfect, he would note that the process endured to develop it included extensive review and consideration and had taken place in a very open and transparent manner, providing a very good working document for use in budget developments, and he commended all involved parties, once again, for their efforts.

Chairman Stec called for reading of communications.

Clerk read communications, including the following:

Minutes from:

Warren/Washington Counties Industrial Development Agency.

Monthly Reports from:

Probation;

Weights & Measures.

Annual Report from:

Warren/Washington Counties Industrial Development Agency.

Adirondack/Glens Falls Transportation Council, Final Report of the Quaker Road to Queensbury Avenue Connector Road Study;

Correspondence from representatives of The Lake George Citizens' Group, supporting the request from the Town of Lake George to re-join the Westbrook Initiative as a stakeholder; a copy of said correspondence provided to members of the Board of Supervisors.

Communications, resolutions and reports ordered placed on file.

Chairman Stec called for reading of resolutions and discussion.

Joan Sady, Clerk of the Board, advised that Resolution Nos. 209 through 258 were mailed. She noted that Resolution Nos. 235 and 250 were amended as indicated by prior action of the Board.

Mrs. Sady informed that the resolutions relating to the filling of vacant positions were Resolution Nos. 237 - 246, and unless a roll call vote was requested, all would be approved in the collective vote.

Mrs. Sady announced a motion was needed to bring Resolution Nos. 208 and 259 - 261 to the floor. Motion was made by Mr. Bentley, seconded by Mr. Dickinson and carried unanimously to bring Resolution Nos. 208 and 259 - 261 to the floor.

In connection with the previously noted Resolution No. 253, which authorized \$2.6 million bond funding for the Beach Road Reconstruction Project, Mr. Auffredou pointed out Resolution No. 254, Resolution Making SEQRA Determination Regarding the Beach Road (CR51) Reconstruction Project in the Village/Town of Lake George and the Authorization by Serial Bond Resolution of Same Date for the Issuance of \$2,600,000 Serial Bonds of Warren County to Pay the Costs Thereof, which authorized the Chairman of the Board to sign the short environmental assessment form completed, as well as the issuance of a negative declaration for the project as required to obtain bond funding. He noted an extensive SEQRA review had already been completed for the Beach Road Reconstruction Project, and this version related specifically to the procurement of bond funds. Mr. Auffredou concluded that Resolution No. 254 should technically be approved before Resolution No. 253. Chairman Stec advised that Resolution No. 254 would be voted on outside of the collective vote, before the others in order to comply with Mr. Auffredou's advisement.

Mr. Kenny requested a roll call vote for Resolution No. 251 and he spoke in favor of the previously noted Resolution No. 248, stating that he strongly urged the Village of Lake George to reconsider their decision to refrain from allowing the Town of Lake George to buy back the shares they had previously forfeited in the Gaslight Village property.

Chairman Stec called for a vote on the resolutions.

Before voting on any other resolutions, the Board members unanimously approved Resolution No. 251.

Resolution Nos. 208 through 261 were approved. Proclamations - National Crime Victims' Rights Week; Nursing Home Week; and Law Day in Warren County were submitted, as well as a Certificate of Appointment naming members of the Park O&M Committee.

APPROVING AND AUTHORIZING THE IMPLEMENTATION OF THE WARREN COUNTY HUMAN SERVICES BUILDING EMERGENCY ACTION AND RESPONSE PLAN

WHEREAS, by Resolution No. 175 of 2012, a Warren County Municipal Center Emergency Action and Response Plan has been developed, which addresses Emergency Response, Evacuation Plan and Assembly Areas in the event of an emergency at the Warren County Municipal Center, and

WHEREAS, a similar plan for the Warren County Human Services Building has been drafted and reviewed by Needham Risk Management, the Insurance Administrator and the County Administrator, now, therefore, be it

RESOLVED, that the Warren County Board of Supervisors hereby approves and authorizes the implementation of the Warren County Human Services Building Emergency Action and Response Plan, and be it further

RESOLVED, that said Plan will be reviewed on an annual basis by the Warren County Support Services Committee, and be it further

RESOLVED, that said Plan shall take effect immediately.

SCHEDULE "A"

Warren County Emergency Action and Response Plan Human Services Building, 19 Glen Lake Road, Queensbury, New York 12804

1. ORGANIZATION

1.1 List of Contacts for Further Information

Names or regular job titles of persons or departments at the Warren County Human Services Building facility located at 19 Glen Lake Road, Queensbury, New York who would be contacted for further information or explanation of duties under this plan:

Frank E. Morehouse, Jr. Buildings and Grounds 761-6494

(See also Chain of Command in Section 2.3)

1.2 Training

Training is important for the effectiveness of an emergency plan. Before implementing an emergency action plan a sufficient number of persons must be trained to assist in the safe and orderly evacuation of employees. Training for each type of disaster response is necessary so that employees know what actions are required.

All employees will be trained in the following in accordance with the Employee Quick Response Card found in **Appendix A** of this document:

1. Evacuation
2. Lock Down

3. Shelter-in-Place
4. Duck and Cover

These Training Programs should be provided as follows:

1. Initially when the plan is developed.
2. For all new employees.
3. When new equipment, materials, or processes are introduced.
4. When procedures have been updated or revised.
5. When exercises show that employee performance must be improved.
6. At least annually.

The Human Services Building will hold a minimum of two fire drills per year in the spring and fall, and at least one emergency drill from the Employee Quick Response Card e.g. Duck and Cover. There will be an evaluation of the performance made immediately by management and employees. Records of drills will be maintained. The emergency plan will be reviewed periodically and updated to maintain adequate response and program efficiency.

2. COMMUNICATION

2.1 Methods of Communication

During an emergency involving a fire or explosion, it may be necessary to evacuate all work areas. A method of communication is needed to alert employees to the evacuation or to take other action as required in the plan.

The communication procedure for notifying employees of the need to evacuate is through the use of the fire alarm. The fire alarm signal is an audible signal and a strobe light signal. The telephone would be used for contacting local authorities (i.e. Security, law enforcement officials, the Red Cross, Fire Department).

The Human Services Building has an "All Call" paging function through the phone system. This "All Call" notification will be used to advise employees of other response actions necessary in the event of an incident which does not require evacuation from the facility and notification via the fire alarm.

Dial 6640

- 00 = All Zones
- 01 = 1st Floor Hallways
- 02 = Family/Waiting Room 1st Floor
- 03 = Group Recert Room
- 04 = 2nd Floor Halls
- 05 = 3rd Floor Halls and Break Room
- 06 = Basement and Conference Rooms

The Highest Ranking Person in the Chain of Command has the primary responsibility for setting up, directing, maintaining, and operating all communications in an emergency action situation.

During Non-Working Hours

The **Primary Method** of notification of key people while off duty is by cell phone or home phone using a department phone tree.

During Working Hours

The **Primary Method** of communicating during an all building emergency will be via 911.

2.2 Indirect Communications or Alarm Signals During Work Hours

The building is equipped with fire, heat and smoke detection systems that are monitored by US Monitors. The fire alarm signal will be used as a warning for conditions that warrant facility wide emergency action and evacuation. Once the alarm is raised, employees shall evacuate the facility and report to the emergency evacuation areas, see **Appendix B**

2.3 Chain of Command

A chain of command is established to minimize confusion so that employees will have no doubt about who has authority for making decisions.

The chain of command for the Human Services Building is:

Name	Position	
Suzanne Wheeler	Acting Commissioner DSS	761-7647
Maureen Schmidt	Acting Deputy Commissioner DSS	761-6362
Amy Clute	Self Insurance Administrator	761-6529
Christie Sabo	Director OFA	761-8820

In the event that no member of the Chain of Command for the Human Services Building is available at the time of an emergency, the Incident Command will be drawn from the Warren County Municipal Center's Chain of Command, or a member of the County Chain of Command may choose to become Incident Commander at a facility incident based on the scale or scope of the emergency.

If there is an emergency which affects both buildings, the Incident Command will be drawn from Warren County Municipal Center's chain of command.

2.4 The Preferred Means of Reporting Fires and Other Emergencies

1. Fire Alarm, Pull Down System
2. Verbal through the "All Call" feature on the telephone system
3. Notify the Security Desk via telephone at **6248**
4. Call **911**

(Also see **Communication Plan, Section 2.1 and 2.3**)

A list of Important Contacts and phone trees are documented in **Appendix C**.

3. ACTION AND RESPONSE

3.1 Procedures During Evacuation

Employees shall not be expected to remain in operating areas during an emergency that requires facility wide evacuation, during normal operating conditions. During an emergency, employees should not turn off computers and printers but should shut off any heat producing equipment such as toasters and portable heating equipment. All employees and visitors will evacuate the building upon being notified to do so. Employees should bring their coats and car keys with the idea they may not be allowed to return only if they can be easily reached without delaying evacuation, and should proceed to the evacuation areas (see Appendix B). When the emergency allows, the Incident Commander will establish a Command Post in front of the main entrance where the Security Supervisor and Incident Commander will greet incoming emergency vehicles. If the nature of the emergency does not allow the command post to be in front of the main entrance, the Incident Commander will designate another command post.

3.2 Emergency Escape Procedures

A map of the facility can be found in Appendix B of this document. Evacuation routes are posted by each exit door, and in the event of an evacuation, employees and visitors should evacuate the facility by use of the nearest available marked exit. If the closest stairway or exit is unusable, another exit should be located and used.

Employees and visitors should not use elevators to evacuate the building.

3.3 Procedures to Account for Personnel

After emergency evacuation has been initiated, all employees and visitors will gather at the designated emergency evacuation area. The area fire marshal (see list in Appendix B) will verify the adequacy of the evacuation on their area and then report to the assigned outside areas. Members of the chain of command and others have been issued with Kenwood TK-290 portable radios as follows:

- Julie Montero for Suzanne Wheeler Unit 11
- Maureen Schmidt Unit 10
- Amy Clute Unit 13
- Security Supervisor Unit 5
- HSB Security Units 1 and 2
- MC Security Units 3 and 4
- Paul Dusek Unit 14
- Joann McKinstry Unit 15
- Joan Sady Unit 16
- Pam Vogel Unit 12

Members of the chain of command will report to each of the evacuation sites with their radios and will communicate evacuation status to the Incident Commander at the command post. The Incident Commander will be responsible for reporting the evacuation status to incoming police and other emergency services personnel including the status of non-ambulatory or disabled persons.

- Non-Ambulatory personnel and any other persons not physically able to use the stairs should report to one of the two designated areas of refuge located in the rear stairwells at the east and west ends of the building on each floor and press the button to speak with Emergency Services.
- All personnel who have evacuated to the evacuation areas will remain there until told that they may return to the building by the Incident Commander or Emergency Services.
- If the building cannot be re-entered or Emergency Services indicates that employees must be relocated, the fire marshals will lead persons from their evacuation areas to the main lobby at the Municipal Center and organize by department.

3.4 Medical Assistance

Warren County does not expect or require any employee to provide medical assistance or CPR to injured colleagues or visitors. If any employees have received training and choose to provide medical assistance or perform CPR on an injured colleague or visitor, they do so on a voluntary "good Samaritan" basis and are encouraged to follow universal precautions as taught to them in their certification classes.

The following information should someone choose to assist an injured worker while awaiting the arrival of emergency medical services.

Rendering First AID/ CPR:

1. Perform a primary victim assessment:
 - Does the victim have an open airway?
 - Is the victim breathing?
 - Is the unconscious victim's heart beating?
 - Is the victim bleeding heavily?
2. Check for medical alert tag
3. Administer basic first aid as standard procedure
4. Render CPR as appropriate and in accordance with training.

Additional Medical Assistance

5. If person requires additional medical attention from a physician but the condition is not an emergency, transport victim to:

**Glens Falls Hospital
(518) 926-1000**

Emergency Conditions

6. If the condition of the victim is considered an emergency, call the emergency medical services by dialing **911**.

Be prepared to give:

- The victim's location
- Your phone number
- The nature of the emergency
- Number of persons needing help and any special conditions
- Condition of victim(s)
- Always be the last person to hang-up the phone

4. TYPES OF EVACUATIONS TO BE USED IN EMERGENCY CIRCUMSTANCES

The following list has been compiled and thought to be the most likely emergencies at the facility:

1. Fire and/or associated explosions (Evacuation)
2. Escalation by clients and Workplace violence incidents (Lockdown)
3. Commercial traffic related incidents including chemical spills and bomb threat (Shelter in Place)
4. Natural disaster and weather events (Duck and Cover)

Procedures to be followed in the event of an emergency are located in **Appendix A**.

4.1 Fire and/or Associated Explosions (Evacuation)

The fire protection system consists of heat, smoke and fire detectors within the facility that are monitored by US Monitor. The means of egress from the building are indicated on the diagrams located in Appendix B, and exit routes are posted in the building.

Portable fire extinguishers are located in common areas in the facility.

In the event of a fire (other than incipient), pull a fire alarm pull station and notify 911 of the nature of the emergency, location, severity, and number of injuries. Request the presence of the fire department, even if building employees can control the fire.

Building employees may operate fire extinguishers when attempting to control fires to aid in maintaining evacuation routes; however, employees are encouraged to evacuate the building and allow the fire department to control fires. The fire department has prime authority to direct fire fighting activities.

Note: An incipient fire is a small and contained fire producing small amounts of smoke.

4.2 Escalation by clients and workplace violence incidents (Lockdown)

In the event of an intruder or a client who poses a threat, employees should telephone 911 or use an accessible distress button. If an intruder enters the building, and is armed or indicates a threat to personnel, the following steps should be taken:

- Call 911 and do not confront the intruder.
- Follow instructions given by the intruder, particularly if they are armed.
- Do not violate the intruder's space, use loud tones or issue false promises or threats.
- Speak calmly and attempt to buy time until law enforcement can respond.
- Personnel who are not immediately in the location of the intruder, and who become aware of the intruder's presence should lock themselves in a separate room if possible after dialing 911. See **Appendix B** for list of lockdown areas located in the Human Services Building.

The exteriors of the building, including the parking areas, are provided with lighting. If an employee has any concern with regard to entering or leaving the parking lot, they should request assistance from the Sheriff's Department.

See **Appendix A** for Lockdown instructions.

4.3 Commercial traffic related incidents including chemical spills and bomb threat (Shelter in Place)

In the event of commercial traffic related incidents the Incident Commander will call for a "Shelter in Place". See **Appendix A** for Shelter in Place instructions.

Should an employee receive a bomb threat, he or she should complete the New York State Police Bomb Threat Card which is kept near each telephone (**Appendix D**) and immediately notify 911. See **Appendix A** for additional Shelter in Place instructions.

- Bomb Threat (Generic, Non-specific Bomb Threat, i.e. no specific date, time, location or method):
 - Instruct everyone to remain where they are, and scan their respective area for anything out of the ordinary.
 - Call 911.
 - Scan common areas for anything unusual. Do not touch anything.
 - If no device is found, decide whether to continue normal operations or evacuate. The Incident Commander may consult with police to make their decision.
 - If a device is found, follow steps for a "Specific" bomb threat.
- Bomb Threat (Specific):
 - Call 911
 - Announce "Shelter-in-Place".
 - Move people out of the immediate area where the device is found, or specific threat has been issued to, to another area of the building.
 - Assist first responders as necessary.

4.4 Natural disasters and weather events (Duck and Cover)

In the event of severe weather that can cause flying glass or loss of structural integrity, the Incident Commander will call for a "Duck and Cover", and have employees move into corridors and assume the duck and cover position. See **Appendix A** for Duck and Cover instructions.

SNOW AND ICE - General Considerations

1. Maintenance of exits
2. Maintenance of walkways
3. Watch for snow and ice loading on roof – post warning signs or barricades for clients and employees if ice and snow might fall from the roof
4. Prepare areas for plowing snow
5. The Incident Command will notify personnel of hazards when coming to work and determine who is able to get to work.

SEVERE THUNDERSTORMS/HURRICANES - General Considerations

1. Stay away from telephone lines and metal pipes, which can conduct electricity
2. Secure loose objects that may blow around the facility
3. Stay away from windows and doors
4. The Incident Commander will notify personnel of hazards when coming to work and determine who is able to get to work.

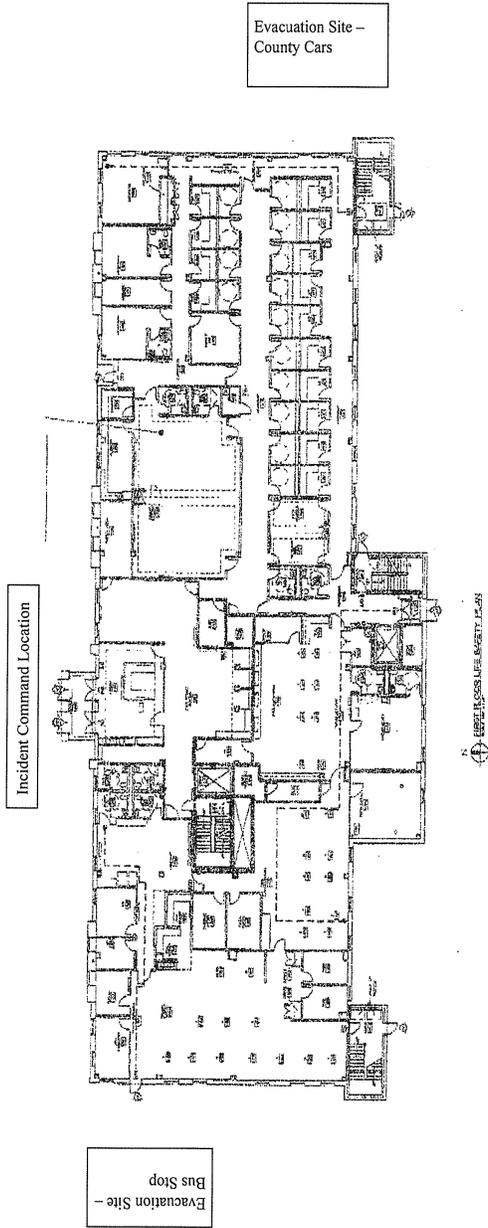

5. CRISIS RESPONSE PROCEDURES

5.1 Media Relations

In the interest of consistent community and media relations, employees shall not make statements on behalf of the County to representatives of the press, television, or radio, nor may they photograph, videotape, or record at the facility. Inquiries from the media must be referred to the County Administrator or emergency service administration. (Appendix E)

Bicycle Plan Goal:

Provide a framework for future improvements which will result in a more expansive and comprehensive network of bicycle facilities in Warren County.

1. Introduction*a. Purpose*

In association with the Warren County Safe & Quality Cycling Organization (WCS&QBO), the Adirondack/Glens Falls Transportation Council (A/GFTC) has prepared this Warren County Bicycle Plan. This plan is intended to identify existing conditions, create a methodology to select needed improvements, set priorities for short- and long-term goals, and facilitate implementation in the future. The goal of this plan is to provide a framework for future improvements which will result in a more expansive and comprehensive network of bicycle facilities in Warren County.

This plan has been created in conjunction with a public outreach process which takes into account the priorities of the local municipalities in Warren County. All existing community master plans have been reviewed, stakeholder interviews have been conducted, and a public meeting has been held to review the draft version of the plan. This process is intended to strengthen ties between the local municipalities, County DPW, A/GFTC, and the WCS&QBO, so that partnerships can continue in the future implementation of the priority projects.

b. Previous Studies/Process

This plan is in many respects an update to the Bicycle and Pedestrian Plan prepared by A/GFTC in 2000. As this plan was prepared with help from WCS&QBO, the focus of the update is solely on bicycle improvements within Warren County. Pedestrian systems will be addressed in a separate planning effort; however, in many cases, improvements to bicycle facilities will also benefit pedestrians.

To create the plan, the project team developed a work plan which included:

- An inventory of existing conditions
- A review of all available community plans and priorities for each municipality in the County
- Identification of priority network connections
- A methodology to select appropriate design features, and
- A plan for implementation

This process enabled the project team to identify feasible, real-world actions that can be taken to improve biking within the county in general. By coordinating implementation across local, county, and state levels, it is hoped that the plan will increase the efficiency and efficacy of improvements to the bicycle network.

c. Benefits of Bicycle Facilities

Biking, whether conducted as a mode of transportation or as a recreational activity, offers a wide variety of personal, social, and environmental benefits. On a personal level, biking is not only a method to become or stay physically active, but is also an affordable, fun transportation method available to all ages. Socially,

Warren County Bicycle Plan

biking reduces health care costs and vehicular traffic, can provide a healthy activity for families and children, and can provide an important component to the local economy in terms of tourism. In terms of the environment, biking can be an effective way to reduce dependence on the automobile, and subsequently reduce carbon emissions. Increasing opportunities for cycling can potentially increase the associated benefits, which include:

Figure 1 - Bicycle tourists (photo courtesy of Dauset Trails Nature Center)

Economic Development: Investing in bicycle infrastructure can attract tourists to an area, where they might otherwise spend their vacation dollars elsewhere. One example is North Carolina's Outer Banks, which generates \$60 million annually in economic activity through bicycle tourism, after spending \$6.7 million on bicycle infrastructure. This one-time investment has resulted in an annual nine-to-one return. An analysis of the demographics of visitors drawn to bike on the Outer Banks shows that the bicycle tourists tend to be affluent (50% earning more than \$100,000 a year and 87% earning more than \$50,000) and educated (40% with a masters or doctoral degree). Finally, expenditures by the 680,000 annual visiting bicyclists support 1,400 jobs in the area.¹

On a local level, it is estimated long-distance, multi-day bicycling vacationers in New York spend between \$100 and \$300 per day on food, lodging, and other items. A group of six cyclists, therefore, each spending \$250 per day on seven-day trip would add up to \$10,500.² This type of economic benefit could add up to significant revenue for the region.

Separate from tourism, economic benefits from increased bicycle infrastructure also abound. Portland, Oregon, well known for being a bike-friendly city, saw \$90 million in bicycle-related activity in 2008. Almost 60 percent of that activity was comprised of retail, rental, and repair, with manufacturing and distribution, bicycle events, and professional services.³

Bike trails can also raise the value of nearby homes. According to a study completed for the Delaware Department of Transportation, proximity to an off-road bike trail can raise the value of a home by 4% or more.⁴ This supports the idea that more and more people are seeking to live in bikeable communities.

Quality of Life: An increase in cycling is often associated with an increased quality of life. Numerous intangible benefits are associated with bicycling and walking. Having safe, accessible bicycle facilities can provide children and families with another option for recreation or

Warren County Bicycle Plan

transportation. According to the Pedestrian and Bicycle Information Center, "Providing more travel options can increase a sense of independence in seniors, young people, and others who cannot or choose not to drive. Increased levels of bicycling and walking can have a great impact on an area's sense of livability by creating safe and friendly places for people to live and work."³ A specific example comes again from Portland, where policies to encourage bicycling have reduced auto-dependency, saving the residents on transportation costs. In comparison with the median American city, Portland residents save \$2.6 billion a year in terms of miles traveled and hours spent in vehicles.³

Transportation: With the exception of recreational riders, every cyclist represents one less car on the road. Although many vehicle trips are less than three miles in length, which could easily be accomplished by most cyclists, 72 percent of these short trips are made in cars. Bicyclists in some areas may arrive at their destinations faster than if they had driven a car, since they can often bypass congestion and gridlock traffic.⁵

Public Health: Cycling is a great form of exercise, reducing the risks for many cardiovascular diseases. Enabling and encouraging residents to bicycle also results in public health benefits. For example, according to the American Heart Association, with each dollar a community invests in multi-use trails, \$3 in medical cost savings is realized.⁶

With all these benefits, many communities are demonstrating a strong interest in strengthening and improving bicycle infrastructure, on both a local and regional level. Warren County, and the communities within, has been active in pursuing ways to directly and indirectly improve the biking experience in the region. This has included innovative partnerships to promote bike education and events as well as physical projects such as the Warren County Bikeway. With this plan, Warren County is underscoring its ongoing commitment to encouraging bicycle activity for the benefit of residents, business owners, and visitors alike.

d. Terminology

Throughout this plan, a variety of specific terms are used. To reduce confusion, a short glossary has been provided:

Important Terms:

Bike ROUTE: The on- or off-road alignment designated specifically as accommodating to bicycles.

Bike FACILITY: The physical surface or feature used by cyclists.

Bike Routes: The alignments (on- or off-road) along which bicycles are specifically accommodated, as designated by the authority of the roadway owner. Bike routes typically feature directional and/or informational route markings. Note: Roadway not specifically designated as a "bike route" does not imply that it cannot or should not be used by cyclists. However, some cyclists may find that non-designated roadways are not as accommodating to cyclists.

<http://http://circ.ahajournals.org/content/early/2011/07/25/CIR.0b013e3182285a81>

Bike Facilities: The physical surface on which the cyclists ride. These may include, but are not limited to, multi-use trails, bike lanes, road shoulders, or vehicle travel lanes. A description of the different types of bicycle facilities is included in Section 4 of this plan. Bike facilities can also include other features designed to accommodate/encourage cycling, such as bike parking facilities.

Design Standards: The geometric specifications regarding pavement width and other elements which are recommended to be met in order to be considered a bicycle facility.

2. Existing Conditions

This plan is intended to guide the improvement of bicycle facilities and the future designation of bicycle routes throughout the County. However, this effort is not “starting from scratch”, but is rather the continuation of many years of work by several agencies. Warren County, along with A/GFTC, local bike groups, and individual municipalities, has been active in encouraging accommodations for cyclists. It is therefore important to take stock of the conditions for cyclists as they stand today.

a. Existing Bike Routes

Bicycle facilities in Warren County consist of on-road designated routes and multi-use trail systems. (See map 1) The centerpiece of this system is the Warren County Bikeway, a mainly off-road bike facility which extends from the City of Glens Falls to the Village of Lake George. This paved trail provides access to many important destinations and also links with the Feeder Canal Trail via on-road connections. In addition to the facilities shown in Map 1, other on-road facilities feature “Share the Road” or other bicycle-related signage.

The Town of Queensbury recently designated several roadways in the southwest part of the Town as on-street Bicycle Routes. The identification of these roadways as potential bike routes was facilitated by WCS&QBO prior to the commencement of this plan; the designation process described in Section 6 of this plan can serve as a model for other towns as well.

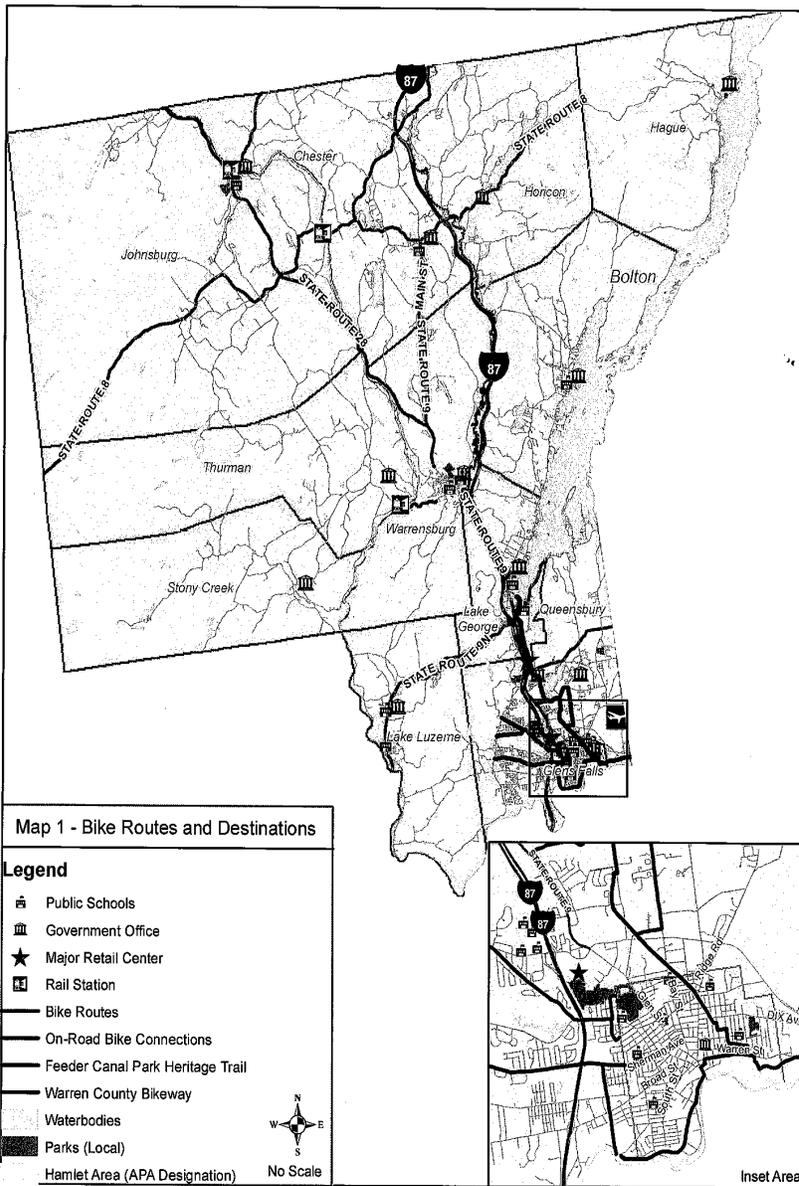

There are also other bicycle route networks and facilities surrounding Warren County, especially in Saratoga, Washington, and Hamilton Counties. These include networks such as the Saratoga County Heritage Trail, New York State Bike Route #9, the Champlain Canal Trail, and the “Bike the Byways” network. Creating and maintaining strong connections to these neighboring opportunities is a key aspect of this plan.

b. Existing Destinations

Warren County has a variety of potential destinations for bike trips. (See Map 1) Many of the hamlet areas, shown in pink on Map 1, serve as centers of activity for residents and visitors. Stand-alone employment centers are located throughout the County, including industrial parks and the Warren County Municipal Center. Schools also constitute important bicycle destinations. Finally, many of the

Warren County Bicycle Plan

recreational amenities and parks in the County are also biking destinations, both for tourists and for employees. These include active recreation amenities, such as amusement parks, shopping, and cultural features located in and around the city, village, and hamlets, as well as passive parks and natural areas spread throughout the County.

3. Priority Connections

The goal of this plan is to provide a framework for future improvements which will result in a more expansive and comprehensive network of bicycle facilities in Warren County. Most of these facilities are likely to be located along existing roadways. However, it is not realistic to assume that every roadway will be the focus of bicycle improvement projects, especially given current funding limitations. Conversely, even if a roadway meets the minimum requirements for the appropriate design standard, there may be reasons to refrain from pursuing designation as a bicycle route, at least in the short-term. Possible reasons to delay designating a roadway as a bicycle route include: location (does the roadway provide connections to other bike routes?); maintenance (will the bicycle facility require a level of maintenance which is currently not feasible?); and/or public input (are there local objections to formal designation as a bike route?).

As such, an important component of this plan involved setting priorities to identify which roadways are recommended to be designated as bike routes. To set realistic and feasible actions for this plan, several factors were considered, described in greater detail below.

a. Local Priority Routes

Local Priorities: Many municipalities have specifically addressed bicycle facilities in their planning documents, including:

- Bolton
- Chester
- Horicon
- Johnsbury
- Town and Village of Lake George
- Lake Luzerne
- Queensbury
- Warrensburg

Many of the local municipalities have addressed the need for bicycle facilities in planning documents; these ideas should be taken into account. As part of this plan, all local planning documents were reviewed to determine the stated bicycle transportation priorities in each municipality. On Maps 2 and 3, the roadways shown in red were specifically mentioned within the individual municipal plan as being suitable for current bike use, or desired for bike use in the future.

This analysis highlights the fact that not every community in Warren County has stated priorities concerning cycling. Some communities have identified specific on- and off-road alignments, while others include a general statement of support for bicycling issues. Still others make no mention of cycling at all; however, this should not infer that the community does not desire accommodation of bicycles on the roadways. Nothing in this plan is intended to prevent local municipalities from supporting the establishment of additional bicycle facilities, nor to obligate communities to engage in projects in the future.

b. WCS&QBO Priority Routes

Maintaining and promoting safe, functional bicycle facilities along the roads most used by cyclists is a key goal of this plan. To facilitate this, members of the WCS&QBO generated a list of cycling routes. These roadways represent the alignments of existing bike events, important connections to recreation destinations, and roadways which are enjoyable to ride. Although recreational riding is not the focus of this plan, it is important to recognize those routes which are favored by the biking community. These routes are shown in gold on Maps 2 and 3.

Warren County Bicycle Plan

c. A/GFTC Staff Priority Routes

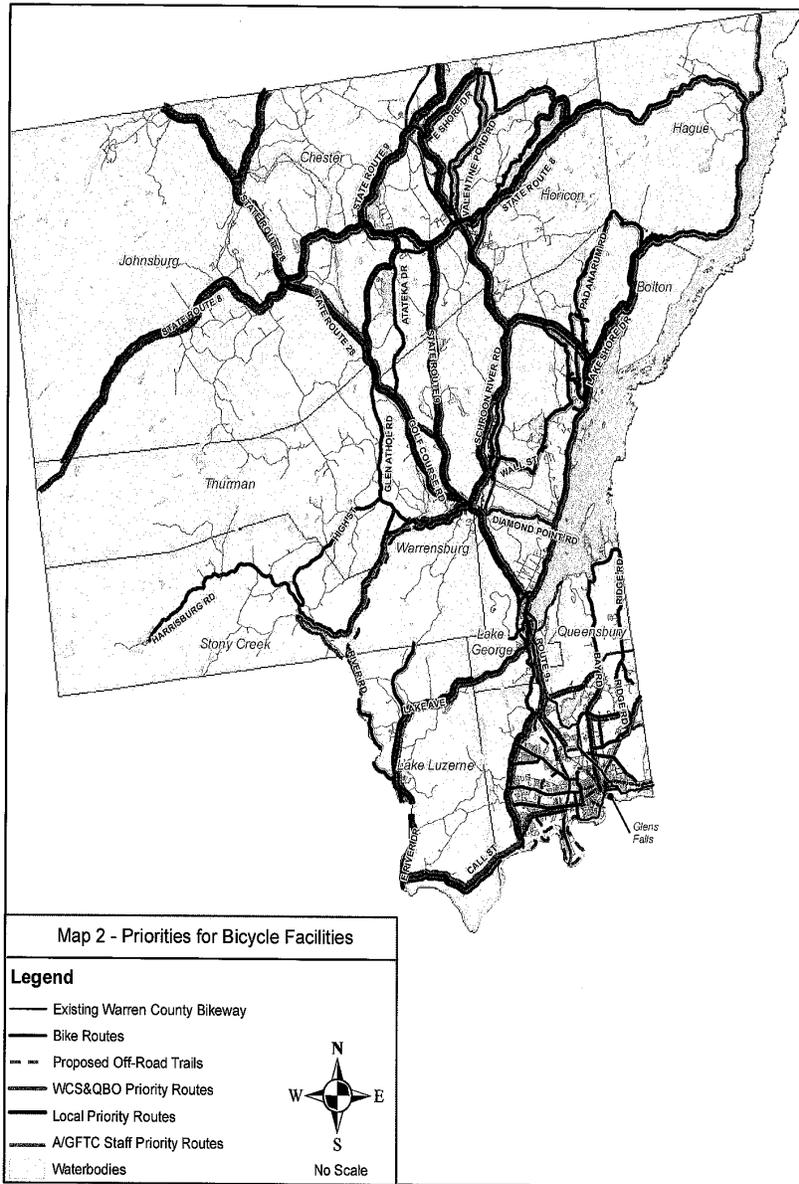

In addition to the priorities stated above, it will be important to include regional transportation needs into this bicycle plan. A/GFTC staff therefore identified several roadway alignments which fulfill a regional transportation role. These include connections to destinations within Warren County, as well as bike routes in adjacent counties. These routes, shown in green on Maps 2 and 3, were selected to allow for transportation connectivity, rather than just recreational enjoyment.

d. Priority Bicycle Network

As part of this plan, a methodology to prioritize the importance of roadway improvements was developed. Using this methodology, the Priority Network was developed. See Maps 2 & 3, as well as the more detailed maps for each municipality located in Appendix 1. This includes on- and off-road connections which are proposed to be the focus of bicycle improvements in the future. Showing the needs and desires of all three groups simultaneously allows for a rudimentary hierarchy to be assigned.

1. **On-Road Connections:** Roadways which have been selected by all three groups are considered high priority. Whenever feasible, upgraded bicycle facilities such as bike shoulders or shared use lanes should be included in improvement projects on these high priority routes. Those routes selected by two of the three groups are considered still important, but of a lower priority for implementation. If feasible, bicycle facilities should be included in any upcoming capital improvement projects. If bicycle facilities cannot be accommodated, "Share the Road" signage may be recommended to raise awareness of cyclists on the part of motorists. Roadways which are important to only one group are included in this plan as well, with the understanding that improvements along these roadways may take place in the long-term.
2. **Multi-use trails:** In terms of off-road connections, only those previously proposed in local planning documents have been added to the priority connections map. However, many other multi-use trails may be feasible. If pursuing an off-road connection is the preferred alternative, the need to acquire easements or rights-of-way should be the initial consideration. Trail alignments through recreation/open space areas may be a feasible option which minimizes property acquisition burdens. In addition, National Grid has a standard process and dedicated staff to evaluate whether they will grant access rights for multi-use trails, making them another potential partner.

This hierarchy is intended to provide one tool in the decision-making process. It may be useful in situations in which there is some leeway in selecting among several potential projects. However, the selection of capital projects involves other equally important factors. The remainder of this plan is intended to address the design, feasibility, and implementation of bicycle improvement projects.

4. Design Standards

a. Overview

Design standards for bicycle facilities can apply to the location, width, pavement, and other features such as drainage grates and protective railings. These standards may be applied to part of an on-road facility or an multi-use trail.

The selection of a bicycle facility depends on many variables: the type of cyclist likely to use the facility; traffic mix, volume, speed, parking, and sight distances (for on-road facilities); bicycle speed, grade, multi-use capacity, and roadway/rail crossings (for off-road facilities). Several agencies, including NYSDOT, FHWA, and AASHTO, have compiled manuals and guidance documents which can help to select the most appropriate design standards for each facility.

For the purposes of this document, the most commonly applicable design standards have been summarized below. This summary is intended to aid in the prioritization of improvement projects, by outlining minimum standards for the types of facilities most likely to be proposed in Warren County. The design standards are based on those in the NYSDOT *Highway Design Manual Chapter 17 (Bicycle Facility Design)*, and on AASHTO's *Guide for the Development of Bicycle Facilities*. Standards for features such as bridges or railings have not been included; refer to the appropriate guidance document for detail concerning these facilities.

This summary is not intended to limit the range of potential bicycle facilities in Warren County. As new standards are adopted, and different types of bicycle facilities tested and deployed, it is recommended that these new techniques be reviewed to determine if they may be appropriate to conditions in Warren County.

Warren County Bicycle Plan

b. Types of Bicycle Facilities

1. Bike Shoulders (aka Wide Shoulders)

Most appropriate for: Rural/suburban roadways with limited sections of curbing and without on-street parking

Design standards: 4'-wide (min.) shoulder for non-curbed roadways with speeds under 40 MPH. Width increased to 6' for higher-speed/higher-volume roadways, roads which exceed 5% grade for 6 miles or longer, or roads with curbs or other obstacles at the edge of pavement. (See Figure 2&3)

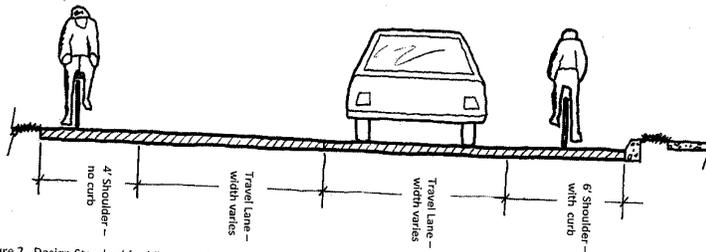

Figure 2 - Design Standard for bike shoulders

Figure 3 - Bike shoulders (photo courtesy of ANCA)

Advantages:

- Many bike shoulders already exist in the County
- No additional maintenance required beyond that which is required for the roadway
- Can sometimes be accommodated via re-striping
- Appropriate for rural and suburban areas
- No additional striping at intersections

Disadvantages:

- Less comfortable for beginning/average cyclists than bike lanes (see page 10)
- May require widening of the roadway in certain areas
- Can pose conflict with on-street parking

Warren County Bicycle Plan

2. Shared-Use Lanes (a.k.a. Wide Curb Lanes)

Most appropriate for: Roadways with width constraints

Design standards: 14'-wide desired/12'-wide minimum travel lane (See Figure 4&5). Some shared-use lanes deploy a "sharrow" roadway striping, which reinforces the need to share the road with cyclists.

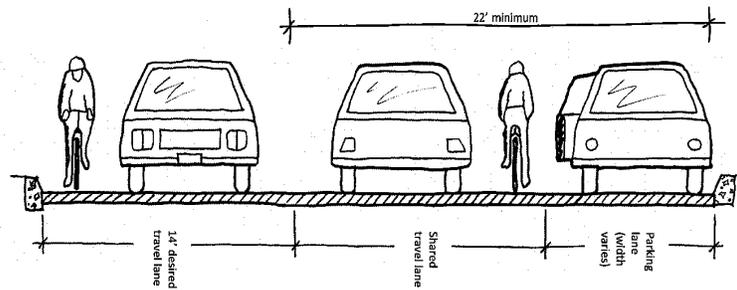

Figure 4 - Design Standard for shared lanes

Figure 5 - Example of cyclist in shared lane (photo courtesy of pedbikeinfo.org)

Advantages:

- Minimal striping or maintenance required
- Benefits to non-bicycle traffic: accommodates buses and truck turning movements/emergency maneuvers
- Greater lateral mobility for advanced cyclists (can use the whole lane if needed to avoid obstacles)

Disadvantages:

- Least comfortable for beginning/average cyclists
- Wider travel lanes can increase traffic speeds
- Can pose conflict with on-street parking

Warren County Bicycle Plan

Figure 6 - Striped bike lane (photo courtesy of pedbikeinfo.org)

Figure 7 - Example of bike lane signage

Figure 8 - Multi-Use trail

3. Bike Lanes

Most appropriate for: Urban roadways with curbing and on-street parking

Design standards: 4'-wide (with no on-street parking/curb) or 5'-wide (with on-street parking/curb) striped lane located between travel lane and parking lane/curb. (Figure 6)

Advantages:

- Channelizes bike traffic
- More comfortable for beginning/average cyclists to ride
- Minimizes cars swerving into other lane to avoid cyclists
- Higher profile/visibility for cyclists

Disadvantages:

- Intersections can become complicated with extra bike lane striping and signage (Figure 7)
- May require additional ROW width
- Mainly an urban roadway feature
- Can be blocked by parked cars
- Can pose conflict with on-street parking

4. Multi-Use Trail/Path (aka Off-Road Trail)

Most appropriate for: Areas with existing linear ROW (rail/utility corridors, for example) which link destinations

Design standards: 10'-wide recommended for a two-way path (12' preferred)

Advantages:

- Least potential for vehicle/bike conflict
- Most comfortable for beginning/average cyclists
- Potential to create direct links
- Recreation amenity

Disadvantages:

- Highest cost to implement – requires ROW acquisition, design, and construction
- Requires separate maintenance; many municipalities may be unable to provide maintenance

Figure 9 - Diagram of Share the Road signage

5. "Share the Road" Signage

Most appropriate for: Roadways which do not have sufficient shoulder width to support designated use for bicycles. Note that the signs themselves do not constitute a bicycle facility, but can be deployed along on-road connectors.

Design standards: Set by the Manual of Uniform Traffic Control Devices (MUTCD)

Advantages:

- Inexpensive to deploy
- No physical changes needed to roadway
- Roadway need not be a designated Bike Route to have Share the Road signs

Disadvantages:

- Does not provide dedicated space for cyclists
- Over-deployment dilutes the efficacy of the signs

5. Physical Feasibility Analysis

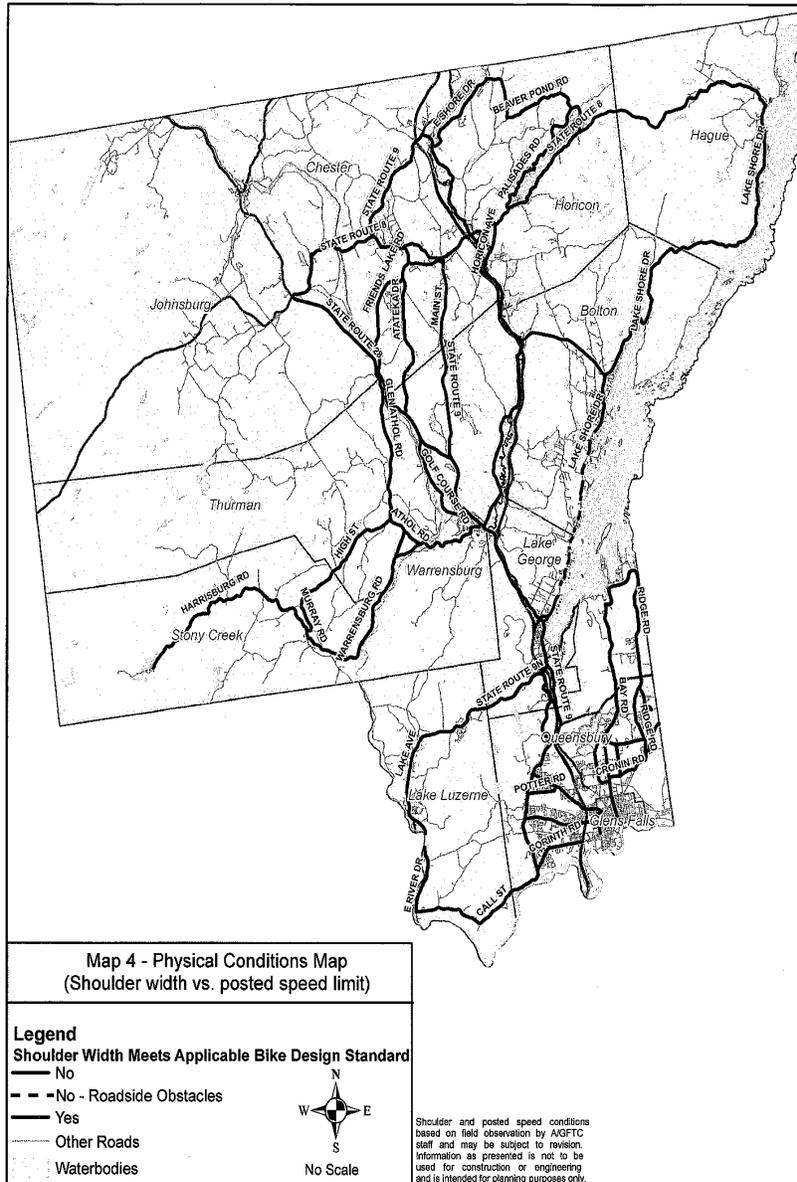

In addition to identifying the location of important bicycle connections (the Priority Network), and summarizing the applicable design standards for conditions in Warren County, this plan also analyzed whether roadways may currently have the requisite pavement width meet the Design Standard appropriate to the context. A GIS map was prepared which compares the existing shoulder width to the width required by the bike shoulders Design Standards outlined in Section 4.⁷ This assumption creates a conservative analysis, as the width necessary for the wide shoulder Design Standard is greater than or equal to the dimensions needed for any other type of bicycle facility. As such, it can be broadly assumed that a roadway which is wide enough to support the Design Standard for bike shoulders will likely also be wide enough for shared lanes, bike lanes, and so forth.

The existing shoulder width was based on GIS information, then verified via inspection by A/GFTC staff. For the purposes of this plan, the average paved shoulder width was measured for each section of roadway. Gravel shoulders were not included in this analysis. This analysis does not take into account the condition of the pavement. The shoulder width was then compared to the posted speed limit for the roadway. It should be noted that the posted speed limit is not the only factor which can be taken into account when determining the required width of a bike shoulder. Topography, functional classification of the roadway, traffic volume and mix, and sight distance are all other factors which can be taken into account to determine an appropriate bike shoulder width. Posted speed was chosen as the analysis method for this plan to facilitate the GIS analysis.

The results of this analysis are shown in Map 4, which indicates that the majority of roadways do not have current sufficient width to meet the wide shoulder Design Standard. It is crucial to note that lack of shoulder width does not imply that a roadway is inherently unsafe or unsuitable for use by cyclists. The intent of this mapping exercise was to determine which, if any, roadways could *currently* meet (or come close to meeting) the appropriate design standard. This information can be useful in helping roadway owners determine the scope of work required to create or enhance bicycle facilities in the future.

It must also be noted that many roadways in Warren County are "user highways". These are roadways in which the right-of-way width is the same as the pavement width. As such, widening these types of roads usually involves acquisition of property from adjacent landowners, which can significantly increase the cost and time frame of construction projects.

⁷ Not all roadways on the priority network were analyzed during the course of this mapping analysis.

6. Implementation

The priority network identified in Section 3 is intended to serve as a guide for the location of bicycle facility improvements. However, several other factors will play an important role in the timing and selection of projects which further this plan. These are listed below.

Complete Streets:

Complete streets provide transportation options for everyone by creating safer places to walk and ride bicycles. They also provide better access to public transportation, improve transit efficiency, and calm traffic. Complete streets create complete communities.

In the summer of 2011, the NYS legislature unanimously passed a statewide Complete Streets bill, which was signed by the governor and will go into effect February 2012.

This law calls for Complete Street Designs to be considered for all state, county, and local transportation projects that are undertaken by the Department of Transportation or receive both federal and state funding and are subject to Department of Transportation oversight.

Most projects that receive federal funding also receive state funding. However, the law is not applicable on many roads owned by villages, towns and counties.

- **Funding availability.** As of the date of this report, funding for stand-alone on-street bicycle features is so limited as to be essentially unavailable. However, other funding streams may become available which can further the implementation of this project. For example, there may be funding for off-road connections which would allow for extensions of the Warren County Bikeway, or for similar facilities to be constructed in the County.
- **Complete Streets/Integration with other transportation projects.** Given the current funding restrictions facing all aspects of transportation, combining vehicle and bicycle improvements in the same project may be the most efficient and effective course of action. Since New York State recently enacted Complete Streets legislation, it is likely that bicycle facilities will become a more prominent element in the design and construction of roadways at the State and County level. In addition, there may be opportunities to create or improve a bicycle facility during a local roadway or bridge project in the future, regardless of the priority level assigned as a part of this plan. Local agencies should take advantage of these opportunities as they arise.
- **Phasing of Improvements.** For high-priority roadways, it may be beneficial to adopt a phased approach to bicycle facility improvements. For instance, if there is insufficient pavement/right-of-way width to support creation of bike shoulders, or if the roadway was very recently improved (and therefore not likely to be the focus of a capital project in the near future), "Share the Road" signage can be added as a short-term solution. This would allow the roadway owner to designate the road as a Bike Route in the near future, while still allowing for future physical improvements to take place in the long term. In addition, phasing should take into account the location of the facility. Connections to existing bike facilities, and continuous routing between logical termini, are both important considerations.
- **Target Cyclist.** Cyclists can span a wide range of experience levels and skill. Experienced cyclists may feel more comfortable using certain types of bicycle facilities than do children or less-experienced adults. This plan does not differentiate between types of cyclists, as the goal is to encourage cycling for everyone. However, the desire to accommodate a wide range of cyclists should be balanced with the benefits of providing a facility where none currently exists, even if the facility may not be the most comfortable for every cyclist. This balance should be informed by factors such as proximate land uses,

Warren County Bicycle Plan

location of the proposed facility, and physical constraints of the roadway/trail area.

To further facilitate the decision-making process, a Bicycle Facility Improvement Process has been developed. In general, the end goal is to have all of the roadways in the priority network include a functional bicycle facility. Theoretically, the roadway owners could designate these roadways as bicycle routes at any time. However, most agencies would prefer that the roadways that they designate as formal bike routes meet (or come close to meeting) the criteria for accepted design standards, such as those listed in this plan, prior to making the designation.

The first step in that process is to select the appropriate Design Standards for the roadway in question. The next step is to determine whether the roadway will require additional improvements in order to be in compliance with the Design Standards. The flow chart on the following page is intended to help guide this process. Factors such as existing pavement width, available ROW, the feasibility of off-road connections, and whether the roadway is slated for improvements in the 5-year Transportation Improvement Program, are all considered.

This process anticipates that most roadway owners would require that bicycle facilities are largely consistent with the design standards prior to designation as a bike route; however, this is not prerequisite. The designation itself may be an internal process, or may be at the behest of a separate group. For example, the WCS&QBO recently petitioned the Town of Queensbury to designate several roadways as bike routes; the Town Board passed a resolution designating the roadways as this plan was being drafted. This process could be replicated for any town in Warren County. Similarly, this group, or any local municipality, may choose to petition Warren County to designate their roadways as bike routes.

New York State maintains a separate system of bike routes, designed to encourage long-distance connections statewide. However, they may be petitioned to add bike route signage along State roadways. These can then become an important part of a regional cycling promotion, such as the "Bike the Byways" efforts put forth by the Adirondack North Country Association.

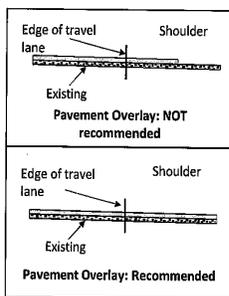

Figure 12 - Pavement Overlays

a. Other Improvements

The implementation process outlined above is intended to apply to large-scale improvement projects, which would apply to significant portions of a roadway. However, there are also opportunities to pursue small-scale improvements, which could also improve the biking experience in Warren County. These “spot” improvements are focused on addressing those small-scale issues which may not require significant funding to complete. Several examples are included below.

1. **Drainage grates.** The direction of the grating pattern on storm drains is an often-overlooked detail. (See figure 10). Grate openings which run parallel to the travel direction can cause havoc for thin bicycle tires. Ideally, grates should be selected which feature a “bike-friendly” pattern. If this is not feasible, the grate should be situated so that the pattern runs perpendicular to the travel direction.
2. **Individual hazards.** Over time, potholes and cracks can form in pavement, causing hazardous conditions for cyclists. Sudden changes in grade, whether because of pavement failure or manholes set at an improper elevation, can be difficult for cyclists to maneuver, especially at night. In the short term, pavement markings as specified in Chapter 3C of the Manual for Uniform Traffic Control Devices (figure 11) can help alert cyclists that a potentially hazardous condition exists. These hazards can then be eliminated or minimized as the appropriate roadway or utility project is undertaken in the future.
3. **Pavement overlays.** Even if no re-striping or widening is called for in a paving project, there may still be good opportunities to improve conditions for cyclists. Ensuring that the seam of the pavement does not occur in the middle of the shoulder, or is properly feathered, will provide a smooth, regular surface for cyclists. (See figure 12)
4. **Roadway sweeping.** Patches of gravel, especially on corners, can pose a threat to cyclists. With the help of the cycling community, it may be possible to identify areas where significant gravel accumulation is hampering safe cycling. Targeted road sweeping, even just a few times a year, can help to reduce the potential hazards.
5. **Bicycle Racks.** Lack of adequate bike racks is a frequent issue for cyclists. Although some communities are beginning to require provision of bicycle racks during project development approval, it can still be difficult for cyclists to find a safe place to lock their bike. As a starting point, bike racks should be provided in locations near public buildings such as schools, municipal centers, and post offices, as well as in public parking areas. Commercial businesses and employment centers should also be encouraged to provide bike racks as a service to their customers and employees.

Warren County Bicycle Plan

b. Partnerships

The improvements outlined in this plan are extensive, and will take a significant and focused effort to bring about. In addition, implementation will be at the hands of many different agencies. For on-road facilities, the implementation lead is likely to be the roadway owner. For off-road facilities, a wider variety of lead agencies is possible: local municipalities, recreation and open space groups, or the WCS&QBO itself. Any projects which involve acquisition of easements or rights-of-way will also involve the landowners as a key stakeholder. WCS&QBO, along with A/GFTC, will play important roles in maintaining open communication with these groups as implementation of bicycle improvement projects is undertaken.

In terms of maintenance, it can be assumed that on-road bike facilities will be the responsibility of whichever agency currently maintains the roadway itself, unless other specific provisions are made. For multi-use trails, there may be partnership opportunities to provide some or all maintenance services. This can take the forms of occasional volunteer events, such as trail-cleaning days, or a more formal maintenance agreement between agencies and groups to perform maintenance.

In addition, WCS&QBO, as a 501(c)3 non-profit organization, may be able to assist in identifying and implementing some of the spot improvements listed in this plan. For example, this group may be able to create and maintain an inventory of individual hazards, and may also be able to seek funding for the roadway owners to address these concerns. It may also be possible to partner to perform targeted road sweepings or trail maintenance, with help from the local and county DPWs. Sponsored community events such as these would also raise the profile of the organization and provide an important community education benefit.

c. Funding Sources

The following funding sources have historically been available for projects which involve bicycle facilities. Not all of these programs are currently active; conversely, new programs may arise which could be applied towards bicycle facilities. In selecting funding sources, it is important to keep in mind the stipulations and requirements of the funding agency. For instance, projects funded under NYS DOT's Transportation Enhancements Program must follow the State's design, bidding, and grant reporting process, which can be very involved.

WHEREAS, the County Administrator and County Attorney have advised that based on discussions with the NYS Legislature/legislative staff, that in order to proceed with legislation, a meets and bounds survey and acreage of the fairgrounds property and replacement property would be needed and that the Legislature would require that County property with water frontage would be substituted as parkland property for the fairgrounds property, and

WHEREAS, the County has identified certain property which can be offered as a substitution for the fairgrounds property being sold consisting of approximately 3.5 acres, and valued at Forty-Five Thousand Dollars (\$45,000) by the former Director of Real Property Tax Services, the same being 1) adjacent to the Schroon River in the Town of Warrensburg; 2) presently the subject of a County tax foreclosure action; 3) previously cleaned up contaminated property owned by the Warrensburg Board and Paper Company; and 4) the subject of an environmental study by the Town of Warrensburg using special DEC Brownsfield grant funds, and

WHEREAS, due to the previous contamination and the DEC Brownsfield funding, certain legal concerns were reviewed with the Finance Committee, and after considering this matter, the Finance Committee has recommended that the County proceed to seek the legislation required to sell the fairgrounds property, now, therefore, be it

RESOLVED, that the Warren County Board of Supervisors hereby authorizes the County Attorney's Office to draft such documents and take such action as may be necessary to seek special State legislation authorizing the sale of the fairgrounds to the bidder previously described with the understanding that the aforesaid bidder has offered to pay for the survey and with the further understanding 1) that completion of the sale of the property is not certain; 2) that due to a difference in value of the properties, the County would be required to use the difference towards improving and/or acquiring additional parkland properties with the current plan being to most likely use the funds toward the aforesaid 3.5 acre parcel; and 3) that upon successful introduction of the legislation, the County Board will be presented with the proposed legislation and a formal Municipal Home Rule request which will require further resolution of the Board of Supervisors.

Adopted by unanimous vote.

COUNTY OF WARREN
PROPOSED LOCAL LAW NO. 6 OF 2012

"A LOCAL LAW PROHIBITING THE SALE AND/OR USE OF
SYNTHETIC CANNABINOIDS IN WARREN COUNTY"

Be it enacted, by the Board of Supervisors of the County of Warren, New York, as follows:

SECTION 1. Title. This Local Law shall be known as "A Local Law Prohibiting the Sale and/or Use of Synthetic Cannabinoids in Warren County."

SECTION 2. Declaration of Legislative Findings/Intent/ Purpose. The Warren County Board of Supervisors finds and determines that a series of products have become available in the United States and in Warren County that contain chemicals, called synthetic cannabinoids, that produce effects similar to marijuana when ingested or inhaled. The Board of Supervisors finds that products containing synthetic cannabinoids are particularly attractive to teenagers and young adults due to their ready availability in small packages being sold at neighborhood stores at minimal costs. In addition, the Federal Drug Enforcement Administration has determined that the consumption of synthetic cannabinoids can have or contribute to adverse health effects such as extreme agitation, anxiety, nausea, vomiting, tachycardia, elevated blood pressure, tremors, seizures, hallucinations, paranoid behavior and loss of consciousness. Studies have also indicated that individuals using synthetic cannabinoids may develop chemical dependencies, demonstrate addictive behavior and suffer withdrawal symptoms when they stop using these chemicals. Due to the imminent threat the use of such synthetic marijuana or synthetic cannabinoids has to public safety, the Federal Drug Enforcement Administration employed its emergency powers in March of 2011 to render five of these substances illegal for sale by designating them as Schedule I controlled substances. This action was for one year, with an extension until August 29, 2012.

Accordingly, the Board of Supervisors finds and determines that for the protection of the safety, health, comfort, and general welfare of Warren County citizens, the protection of their property, the preservation of peace and good order, and suppression of vice, the County must take action to respond to this threat in the absence of any permanent laws or regulations enacted by the State of New York and/or the United States government.

SECTION 3. Enactment Authority. This Local Law is adopted pursuant to authority provided in section 10 of the Municipal Home Rule Law of the State of New York.

- a.) Parking a motor vehicle at the West Brook Parking Lot without payment of the prescribed fee or in excess of the time previously paid.

SECTION 8. Removal and Impoundment. In addition to any fines for non-compliance of this local law, in the event a motor vehicle is parked in the West Brook Parking Lot for more than one (1) hour without the payment of the prescribed parking fees, or if a motor vehicle is parked in the West Brook Parking Lot in violation of this local law, or in the event a motor vehicle constitutes an obstruction to traffic flow in the West Brook Parking Lot, Warren County, or its designated assignee may cause the motor vehicle to be removed from the West Brook Parking Lot and thereafter impounded. Any and all towing, storage, impoundment or related costs or expenses shall be borne solely by the owner of the motor vehicle. Proof of payment of these costs must be provided prior to release of the motor vehicle.

SECTION 9. Enforcement. The enforcement of this local law including the collection of the fees and fines set forth herein and any other parking regulations adopted by the Warren County Board of Supervisors concerning the West Brook Parking Lot, may be assigned and delegated to the Village of Lake George, New York or other assignee. The designated assignee and its personnel are hereby authorized to issue parking tickets or other necessary documents and to otherwise enforce this local law as established through an Intermunicipal Agreement between the County of Warren and the designated assignee.

SECTION 10. Severability. If any clause, sentence, paragraph, subdivision, section or part of this local law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any Court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this Local Law, or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

SECTION 11. Effective Date. This local law shall take effect immediately upon filing in the Office of the New York State Secretary of State.

CERTIFICATE OF APPOINTMENT

I, DANIEL G. STEC, Chairman of the Warren County Board of Supervisors, pursuant to the power vested in me by virtue of Resolution No. 193 of 2012, as amended by Resolution No. 249 of 2012, DO HEREBY APPOINT the following named individuals as members of the Park O&M Committee:

MEMBERS

Frederick H. Monroe
Eugene J. Merlino
William H. Kenny
Dennis L. Dickinson

ALTERNATE MEMBER

Superintendent of Public Works or his/her designee

Dated: April 20, 2012

(Signed) DANIEL G. STEC, CHAIRMAN
Warren County Board of Supervisors

Addressing the final order of business, Chairman Stec called for announcements.

Mr. Girard thanked Mrs. Wood for all of her efforts in relation to the construction of the MASK Confidence Building and he congratulated her, along with all involved parties, on its completion. He said that the ability to complete the facility in the constricted time frame allotted was a great reflection on the County and its staffing.

Mr. Kenny announced that on April 30th, he and Councilman Driscoll would be holding a Town Hall Meeting at the Big Cross Street School at 6:00 p.m.

Mr. Westcott reiterated Chairman's Stec previous announcement that the two of them would be attending the "Stop Mandates Now" rally being hosted by the Upstate Conservative Coalition. He said that both himself and Mr. Stec would be speaking at the rally and he invited any interested Supervisors to join them. Secondly, he noted that the Rotary Water Walk was scheduled to be held on May 5th to raise money for clean water efforts in Haiti. Mr. Mason interjected that they hoped all of the Supervisors and their spouses would join the effort and he said an email with pertinent details would be forwarded.

Mr. Dickinson apprised that the Inter-County Legislative Committee of the Adirondacks meeting had been held in Lowville, NY, where they had been warmly received and provided with a tour of one of the two major plants and viewed the 195 windmills in place there. He said that during the meeting they had approved a resolution expanding the definition of ATV's (all terrain vehicles).

Ms. Strodel noted Resolution No. 252, pertaining to special legislation sought to authorize sale of the Fairgrounds property, and she questioned whether the site would be available for the Rural Heritage Festival scheduled for August 11th. Chairman Stec clarified that the resolution requested legislation that would allow the sale, but did not authorize the sale; he added that he highly doubted that any action to sell the property would take place before August 11th. Michael Swan, County Treasurer, interjected that the prospective purchaser of the property had indicated that they would not seek to change the way in which the property was currently used and would honor any use contracts established prior to the property transfer. Mr. Strough stated that there were no other area properties with the same open area and

facilities as the Fairgrounds property and he cautioned that if the property were sold, a considerable investment would be required to re-establish event space in another area. Additionally, he noted that a new owner could raze the property for construction development. Rather than selling the property, he suggested that the County consider better advertisement of the location and increased efforts to market the property for event use, which would raise revenues. Chairman Stec responded that the potential buyer of the parcel had asserted that he would continue the current use of the property and did not intend to develop it.

There being no further business, on motion by Mr. Dickinson and seconded by Mr. Thomas, Chairman Stec adjourned the meeting at 12:33 p.m.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, MAY 18, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:00 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Taylor.

Roll called, the following members present: Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 20.

Motion was made by Mr. Strainer, seconded by Mr. Geraghty and carried unanimously, to approve the minutes of the April 20, 2012 Board Meeting, subject to correction by the Clerk of the Board.

Chairman Stec began the meeting by recognizing Gus Nusskern as the 2012 Outstanding Senior Contributor for Warren County as part of the New York State Senior Citizens' Day Celebration. He noted that Mr. Nusskern had served as Volunteer Chairman of the Queensbury Senior Citizens, Inc. group which organized the Grandparents Breakfast held by the Queensbury School system for the past 23 years. Chairman Stec continued that Mr. Nusskern was actively involved in organizing the details of the event, including recruiting, training and managing of volunteers, which provided breakfast to children and their grandparents for five days, serving up to 3,000 meals. He concluded that the event might not have been started if it weren't for Mr. Nusskern's faithfully donated time, energy and enthusiasm, which truly exemplified what it meant to be a dedicated volunteer. The Supervisors responded with a round of applause.

Continuing, Chairman Stec announced that representatives from the Tri-County United Way and Cornell Cooperative Extension were in attendance to report on the 2012 VITA (Volunteer Income Tax Assistance) Program. Barb Sweet and Kevin O'Brien, of the Tri-County United Way, as well as James Seeley, Executive Director of Cornell Cooperative Extension, spoke briefly on the issue, following which a short powerpoint presentation was provided that indicated a 23% increase in the number of appointments scheduled for the VITA program as compared to the prior year, as well as a 5% increase in the total value of income tax refunds prepared. A copy of the powerpoint presentation is on file with the minutes.

Chairman Stec declared the Public Hearing for proposed Local Law No. 6 of 2012, entitled "A Local Law Prohibiting the Sale and/or Use of Synthetic Cannabinoids in Warren County" open at 10:15 a.m. and he requested the Clerk read the Notice of Public Hearing for the record.

Clerk read the Notice of Public Hearing for Local No. 6 of 2012, entitled "A Local Law Prohibiting the Sale and/or Use of Synthetic Cannabinoids in Warren County".

Chairman Stec noted that after Warren County had begun the process to introduce the aforementioned Local Law, the New York State Department of Health had issued a ban prohibiting sale of synthetic marijuana in stores, allowing law enforcement personnel in Warren County and across the State, to undertake enforcement measures and he noted that he was aware of some progress wherein tickets had been issued for continued sale of the substance. However, he noted, because appropriate State legislation had not yet been approved to criminalize possession and use of synthetic marijuana, a Local Law would be necessary to provide prohibiting measures and enforcement within Warren County. Chairman Stec advised that although the State Senate had recently passed their version of a similar law that would criminalize sale, possession and use of synthetic marijuana, the State Assembly had yet to do so, which delayed the adoption of State-wide legislation of this nature. He noted this was not the first time the State had neglected to adopt essential Legislation, leaving it to be addressed at the local level and he further noted Warren County's adoption of local laws pertaining to location of sex offenders, prohibiting funeral protesting and addressing invasive species in

local water bodies as being examples of issues that should have been addressed at the State level, but were not. Chairman Stec concluded that Warren County would be one of the first in New York State to pass a local law prohibiting possession and use of the synthetic marijuana substance, which actually had worse side effects than natural marijuana.

Joanne Gavin, Lake George Resident, stated she was very pleased that the County was taking the initiative to enact local legislation to ban synthetic marijuana and she encouraged continued efforts to spread awareness about the dangers caused by the drug. Additionally, she said she hoped that Warren County officials would assist surrounding Counties seeking to adopt similar legislation, in an effort to push the substance further from the area.

Martin Auffredou, County Attorney, stated that while there was already a substantial record of support for proposed Local Law No. 6 of 2012, he had gathered additional information relating to synthetic marijuana and the dangers of its use, which he proceeded to distribute to the Board members; copies of the documents are also on file with the minutes. He continued that if the prohibiting legislation were enacted on a State-wide basis, his office would review it and determine whether it preempted the local version.

Mr. Loeb apprised of his concern with the name attached to the substance, noting that medical marijuana provided positive benefits and should not be associated with the harmful synthetic product the local law sought to ban. Chairman Stec responded that while there was considerable room for debate on the issue, it was not on the table for discussion at the current meeting.

There being no further comment on proposed Local Law No. 6 of 2012, Chairman Stec closed the Public Hearing at 10:22 a.m.

Chairman Stec declared the Public Hearing for proposed Local Law No. 7 of 2012, entitled "A Local Law Establishing Motor Vehicle Parking Regulations for the West Brook Parking Lot Located in the Village and Town of Lake George" open at 10:23 a.m. and he requested the Clerk read the Notice of Public Hearing for the record.

Clerk read the Notice of Public Hearing for Local No. 7 of 2012, entitled "A Local Law Establishing Motor Vehicle Parking Regulations for the West Brook Parking Lot Located in the Village and Town of Lake George".

There being no comment on proposed Local Law No. 7 of 2012, Chairman Stec closed the Public Hearing at 10:24 a.m.

Chairman Stec advised the next item on the Agenda pertained to his reports. He announced that on the prior day he had attended an event held by the Village of Lake George at the Festival Space located on the former Gaslight Village property during which the Big Apple Circus had formally announced that they would be holding performances on the site in July; he added that he felt this would be a very successful attraction for this year, as well as those to come, and he congratulated Robert Blais, Mayor of the Village of Lake George, on his efforts to bring the event to the area. In relation to the former Gaslight Village Property, Chairman Stec reported that discussions were ongoing relative to the desire of the Town of Lake George to recover the shares in the property that were previously sold under the prior Town Supervisor's administration. He explained that when Mr. Dickinson had initially asserted the desire to rejoin the Gaslight Village project it had been assumed that they would do so by re-purchasing the shares previously sold to the Village of Lake George; however, he added, subsequent indications had identified that the Village was not interested in relinquishing any of their shares in the property, but they were not opposed to the County doing so and supported the Town's efforts to rejoin the project. Chairman Stec stated that there had been some discussion relative to the County selling some, or possibly all, of its interest in the project to the Town and/or Village, and while he felt that the County should retain some vested interest in the property, he was not vehemently opposed to either option. He further noted that while the County currently maintained a controlling interest in the project, it was not necessarily critical that they do so as this did not allow them to dictate terms and decisions associated with the property as most, if not all, decisions were made by consensus of the involved parties. Chairman Stec concluded that while he would like to keep the discussion brief, he desired to

determine the feeling of the full Board on the matter and possibly refer the issue back to the Gaslight Village Ad Hoc Committee for further review.

Mr. Dickinson confirmed that the Town of Lake George was seeking a means to regain partial ownership interest in the former Gaslight Village property and he opined that the current ownership stature did not allow for a true democratic process as one party had more vested interest than the others. As a solution, he suggested that the Town be allowed to buy their way back in and for the ownership to be divided equally amongst the Town, Village and County, allowing equal voting status for each party. Mr. Dickinson asked that each of his fellow Board members consider this idea for discussion at a future Committee/Board meeting.

When asked to comment on Mr. Dickinson's proposal, Mayor Blais advised that this was the first he had heard of it and he was not prepared to address the issue. He advised that the Village Board had passed a resolution asserting their support for the Town of Lake George's initiative to re-join the Gaslight Village project through purchase of the County-owned shares and he confirmed that the Village was not willing to lessen their interest in the property. Mayor Blais noted that the Village would be losing revenues by encouraging events traditionally held in the Village to relocate to the Festival Space, and would also be losing revenues due to recent changes in the collection of monies from the County-owned Beach Road parking lot that had previously been retained by the Village. He stated the Village's belief that the Festival Space would be very successful and would raise revenues that far exceeded the expenses for maintenance of the property, allowing for excess revenues to be returned to the property owners at a rate equal to their vested property interest; he added that the prospective revenue returns were the reason that the Village had purchased additional property shares when the Town had sold them, and was also the reason that they refused to re-sell them. Mayor Blais reiterated that the Village supported the Town's rejoining the project through purchase of shares owned by the County, as well as the County's retaining 51% ownership of the property.

Mr. Girard questioned whether either the Town or the Village had sufficient funds available to purchase all of the County's ownership interest in the property, if they decided to sell it. Mayor Blais advised that they had the funding available, but said he could not confirm the Village's interest in proceeding in this manner without first consulting the Village Board. Mr. Dickinson stated that the Town would be interested in entertaining this option, as well, but said he also could not confirm any intent without reviewing the matter with the Town Board.

Mr. Taylor commented that if there was a willing buyer for the County's shares of the former Gaslight Village property, he would be in favor of selling them. He said the property had been purchased in order to forward an environmental project to benefit and protect Lake George and he felt it had grown into a much larger project that was not appropriate for County government to be involved in. Mr. McDevitt advised that he preferred for the County to maintain their involvement with the property until it was successfully cultivated and then revisit the possibility of selling their shares. He noted that a value for the County's shares would need to be determined and he surmised that, based on the County's investment in the property purchase, he would estimate the per share cost to be approximately \$21,000; Mr. McDevitt further noted that using this rate, the cost to sell 11 of the County's shares in the property to the Town of Lake George, leaving the County with 51% ownership, would total in the range of \$250,000. Chairman Stec agreed that a value would need to be determined for the County's shares in the property if they decided to sell them, and he advised that as of yet, no such determination had been made.

Mr. Loeb commented that he supported Mr. Taylor's statements and felt that the County should not be trying to micro manage goings on in the Village and Town of Lake George; additionally, he noted, he did not feel the property warranted an appropriate expense to the taxpayers of Warren County. He concluded that the County had successfully achieved its initial goals in assisting to purchase the property and begin the planning process for the environmental project and it was time for them to remove themselves from the scenario and allow the Village and Town of Lake George to continue its progression. Conversely, Mr. Kenny stated that he was in favor of the County maintaining a presence in the project, as well as their

majority ownership status. He noted that the County distributed approximately \$325,000 in occupancy tax funding annually to draw events to the area, but had no viable venue available for their placement; therefore, he added, the former Gaslight Village property and the designated Festival Space, posed a tremendous value to the County.

Mr. Monroe agreed that the property represented a major benefit to area, allowing provisions for water quality improvement measures and the opportunity for increased sales and occupancy tax revenues, all of which were important to the entire region. He pointed out that strong support had been shown by Governor Cuomo's administration and he felt it sent a bad message to proponents of the project if the County were to back away. Mr. Monroe advised the County's current investment in the property totaled \$1.3 million; however, he said, approximately \$10 million in Federal and State grant funds had been awarded to the project, as well as \$750,000 from the Wood Foundation. He stated that if this were a private business, they would be considering the total value of the project, which was in excess of \$10 million, rather than the \$1.3 million County contribution and he felt it was important to show commitment to the project and maintain the investments made. Mr. Monroe concluded that although most decisions regarding the property had been made based on the consensus of all involved parties, he felt it was best for the County to maintain its majority ownership interest.

Mr. Mason stated his support for the County removing itself from the project entirely, but said he did not feel there was sufficient support amongst the Board members to do so. Therefore, he advised, he was supportive of the sale of 11% of the County's shares in the property to the Town of Lake George to allow them to rejoin the project as quickly as possible, while still maintaining the County's majority ownership status of 51%, with discussions to resume at a later date relative to the possible sale of the County's remaining shares to the Village and Town. Mr. Westcott apprised he was supportive of the Town of Lake George resuming partial property ownership and he said he felt the property should be managed by the Town and Village. He commented that he did not have a clear understanding of the pros and cons associated with the County's continued involvement in the project and he asked that the County Administrator review the matter and provide an analysis detailing this information; until this information was provided, Mr. Westcott stated that he did not feel he had reviewed enough facts to determine whether or not the County should continue its current property ownership status. Mr. Bentley announced his opinion that at least one-third of the total property ownership should be sold to the Town of Lake George, for a fair price.

Mr. Geraghty recalled that the property had originally been purchased solely for the purpose of protecting Lake George, with plans for the Festival Space subsequently evolving. Since he said they were on their way to accomplishing their initial goals for the Lake's protection, he was in favor of the County removing itself from the project and he strongly supported the Town of Lake George re-joining. Mr. Geraghty stated that as long as they managed to recover their initial investment in the property, there would be no adverse affects to the County as sales and occupancy tax revenues would not be affected, provided that the Town and Village continued their efforts to bring events to the property.

Chairman Stec noted that the 3E's (Environmental Groups - Fund for Lake George, Lake George Association and Lake George Land Conservancy) had also partnered in the land purchase and should be consulted on their feelings regarding the potential change in ownership; he pointed out that Walt Lender, Executive Director of the Lake George Association, was in attendance and asked him to speak on the matter. Speaking only on behalf of the Lake George Association, Mr. Lender advised the County had been a great partner to work with and said he felt it would be best to forward the project working with the County, Village and Town of Lake George, as they would also like to see the Town re-join the project. However, he added, if the County decided to back away from the project, he did not feel there would be any objection, but stated that the 3E's would prefer to refrain from taking an official position on the matter until the County announced its decision.

Mr. Monroe recalled that in its initial stages, the Gaslight Village Project was simply a wetlands initiative aimed at protecting Lake George. He continued that the County had come

very close to refraining from joining in the Project, with the key to their involvement being control of the Festival Space area and the Conservation Easement, which had posed a huge benefit to Warren County at the time it was being proposed.

Mr. Sokol stated he was in favor of selling 11% of the County's property shares to the Town of Lake George as quickly as possible and deciding whether the County should retain any ownership at a later date, as previously proposed by Mr. Mason.

Chairman Stec said it seemed there were four options available, those being: 1) refrain from making any decision on the matter pending the availability of more information; 2) splitting ownership of the property evenly between the County, Town and Village of Lake George; 3) the County selling its interest in the property and removing itself from the project completely; and 4) selling 11% of the County's shares to the Town of Lake George in the near future and continuing consideration of whether the County should remain involved. Chairman Stec proposed an informal show of hands vote on the options provided, following which he said it appeared the majority were in favor of the County removing itself from the project completely. He proposed that the matter be referred back to the Gaslight Village Ad Hoc Committee for further review and determination as to how this might be accomplished, as well as the manner and amount for which the shares should be divided and sold to the Town and Village of Lake George. In response to a suggestion posed by Messrs. Taylor and Mason, Chairman Stec advised the Committee should also consider the immediate sale of 11% of the County's shares in the property to the Town of Lake George to allow them to re-join the project and make further determinations on the sale of the County's remaining property shares at a later date.

Chairman Stec called for reports by Committee Chairmen on past month's activities or meetings and the following gave verbal reports: Supervisor Taylor, Economic Growth and Support Services; Supervisor Loeb, Social Services; Supervisor Kenny, Occupancy Tax Coordination; Supervisor Bentley, Public Works and Criminal Justice; Supervisor Merlino, Tourism; Supervisor Strainer, Human Services and Community College; Supervisor Sokol, Health Services; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Conover, Personnel; Supervisor Monroe, Park Operations & Management (O&M); Supervisor Girard, Extension Services; and Supervisor McDevitt, Mental Health.

Referring to the Economic Growth & Development Committee meeting held on May 2nd, Mr. Taylor said they had learned there were 13 active EDC (Economic Development Corporation) projects ongoing, which was encouraging as this figure reflected an increase in activity as compared to prior years. He apprised the EDC had instituted a "Business Plan Competition" which essentially called for businesses to submit applications to receive a lot located in the Queensbury Business Park, free of charge. Additionally, he stated, Rainmaker Network Services had made a presentation on the ability to use old television band frequencies for Wi-Fi internet service; he noted that Mrs. Wood was working on this initiative for the Town of Thurman and he encouraged anyone looking for more information on the issue to contact her. Mr. Taylor then proceeded to point out Resolution Nos. 271, Amending Resolution No. 299 of 2010 Establishing Capital Project No. H312.9550 280 First Wilderness 2008 Building the Future to Change Source of Funding; 272, Authorizing Extension of Option Agreement with Hudson River Local Development Corporation; and 273, Authorizing Agreement with the Lake George Park Commission to Provide GIS Services, all of which were approved by the Economic Growth & Development Committee and were included in the agenda packet. Mr. Taylor apprised that the Support Services Committee had also met, primarily to discuss the copier project as would be approved in Resolution No. 324, Rejecting Proposal of Usherwood Office Technology; Awarding Proposal and Authorizing Agreement with National Business Equipment & Supply LLC for Print/Copy/Fax/Scan Output Assessment, Consolidation of Office Equipment and Contract for Multi-Function Copiers on a Cost per Copy Basis (WC 49-11), which was also included in the resolution packet. He added that if he was so inclined, Paul Dusek, County Administrator, could provide an outline of the copier project in his report.

Mr. Loeb advised there was no Social Services related business to note, other than the two requests which had been approved by the Personnel Committee relating to the

reorganization the Department of Social Services, those being Resolution Nos. 321, Authorizing the Acting Commissioner of Social Services to Fill the Vacant Position of Principal Social Welfare Examiner #3 Due to Creation, and 322, Authorizing the Acting Commissioner of Social Services to Fill the Vacant Position of Senior Social Welfare Examiner #4 Due to Creation. He noted the public demand for assistance services had increased dramatically, necessitating a change in the Department's organizational structure. Mr. Loeb said he would appreciate the Board's support of both resolutions. With reference to the last meeting of the Occupancy Tax Coordination Committee, Mr. Kenny pointed out Resolution No. 331, Amending Resolution No. 719 of 2011; Authorizing Agreements with Various Applicants for the Disbursement of 2011 Occupancy Tax Revenues. He explained the resolution would redistribute \$1,500 in refunded occupancy tax monies for a cancelled event with \$750 going to the New York State Public High School Association State Volleyball Championship and the other \$750 to the Coleman Collectors Club.

Mr. Bentley announced that the agenda packet contained twelve resolutions approved by the Public Works Committee, the majority of which were to address typical contract issues, and he specifically pointed out Resolution No. 283, Approving and Authorizing Third Amendment to County of Warren, Town of Corinth, and Saratoga and North Creek Railway, LLC Railroad Licensing and Operating Agreement, which would obligate the County and Town of Corinth to fund \$500,000 of the \$1 million in track upgrades proposed through a forgiveness of payment for revenues due over the guaranteed annual payment amount specified in the Operator Contract. Mr. Bentley advised the Criminal Justice Committee had also met and approved four resolutions, one of which, Resolution No. 318, formally appointed Joy A. LaFountain as Assigned Counsel Administrator.

Relative to the Tourism Committee, Mr. Merlino apprised that television commercials advertising the area as a summer tourism destination had begun airing on April 5th and would continue through August 5th. He noted that information requests were up and that many area properties were picking up event brochures, travel guides and placemats. Lodging properties had reported increased reservation rates for the upcoming summer season, Mr. Merlino announced, which might help after the uneventful winter season. He apprised that he and Kate Johnson, Tourism Director, had attended press conferences at the Saratoga Raceway, in Saratoga Springs, NY, and the Sagamore Hotel, in Bolton Landing, NY, as well as the one held recently at the Gaslight Village property regarding the upcoming Big Apple Circus performances; he commended Mayor Blais for his efforts, as well as everyone else who had assisted in attracting the event to the area.

Mr. Strainer advised that a recent meeting of the Human Services Committee had yielded Resolution Nos. 287 through 291, pertaining to the Employment & Training Administration, which were included in the agenda packet. He continued to note that the Summer Youth Employment Program would receive more funding than anticipated which was very pleasing as the program provided a positive experience for the youth it assisted. He continued that Resolution No. 334 related to the Office for the Aging and the plans proposed by the Towns of Bolton, Chester, Lake Luzerne and Warrensburg to reduce mealsite related costs, saving approximately \$40,000 annually. Mr. Strainer said the Warrensburg mealsite had been successfully moved to the Countryside Adult Home and they had recently found that tuberculosis testing was not necessary for all mealsite visitors, as was originally anticipated. He thanked Christie Sabo, Director of the Office for the Aging, Deanna Park, Director of the Countryside Adult Home, and Mr. Dusek for the work they had done to relocate the mealsite and provide a cost savings to the County. Also of note, Mr. Strainer advised that he had attended a groundbreaking ceremony at SUNY Adirondack for the student housing project and the Adirondack Balloon Festival Committee had big plans for their upcoming event which they hoped to unveil in the near future.

Mr. Westcott pointed out Resolution Nos. 308, Establishing the Mandate Relief Sub-Committee for Warren County and Appointing Members; and 309, Resolution Declaring May 16, 2012 to be "Mayday for Mandate Relief" and Urging the Mandate Relief Council to Take

Swift Action in Submitting a Package of Mandate Relief Proposals to Governor Cuomo and the State Legislature to be Voted on this Session. He said they had been working very hard to raise awareness for mandate relief and he thanked Chairman Stec and Supervisors Girard, Monroe, Taylor and Wood for their volunteer efforts on the "Enough Mandates" campaign and the "Mayday for Mandate Relief" effort endorsed by NYSAC (New York State Association of Counties) which was being implemented on a State-wide basis. Mr. Westcott reported that approximately 40 Counties had passed resolutions in support of the mandate relief initiative and were making a variety of efforts to raise awareness including holding town hall meetings, public hearings and press conferences; he noted that he had been asked to speak at press conferences in Rensselaer, Ulster and Otsego Counties. He said that the ultimate goal of the mandate relief effort was to work in a bipartisan way to identify solutions agreeable to both the Democratic and Republican parties that could be proposed to the State Legislature for meaningful mandate relief.

Referring to the Health Services Committee meeting held on April 26th, Mr. Sokol said that although no new business relative to the Westmount Health Facility was presented, he would note that the next Committee meeting would be held at the Facility where a tour would be given and a nice breakfast would be provided. As for the Public Health division, he advised the Committee had approved Resolution No. 295, Authorizing the Warren County Administrator to Send a Letter to the New York State Department of Health Regarding the Establishment of New Certified Home Health Agencies (CHHA's) in Warren County, and he noted that this would likely be an ongoing issue as, although this was a good revenue generating program for the County, the State felt that they had a "monopoly" on these services and there should be more competition. Mr. Sokol explained the letter approved by the resolution would ask the New York State Department of Health to provide oversight and monitoring of new CHHA's in Warren County to ensure fair business practices and ensure that all areas of the County would be served equally and fairly, preventing them from "cherry picking" patients from the more populated areas of the County while leaving the rest unserved.

Mr. Thomas advised the Finance Committee had met on May 9th and he briefly outlined the resolutions approved at that meeting which included Nos. 229 through 309.

Mrs. Wood apprised that the Public Safety Committee had held a brief meeting on April 30th where several resolutions had been approved which generally addressed regular Departmental business. She said the quarterly Emergency Preparedness meeting was also held and a very nice presentation had been provided at the Inter-County Legislative Committee of the Adirondacks meeting concerning a closed State facility which was being redeveloped for business.

Speaking as Budget Officer, Mr. Geraghty announced that the County had been issued a higher municipal bond rating which reflected all of the hard work and effort being put forth by the Department Heads and the Administrative staff. He then questioned whether an update would be provided relative to indications that the State-owned section of Beach Road would be repaired in connection with the Beach Road Project and Chairman Stec confirmed that the State had pledged to make the necessary repairs, although he said he was unsure whether a funding plan had been finalized to cover the costs thereof.

Mr. Conover noted that the Personnel Committee had met on May 9th and approved Resolution Nos. 310 through 323, all of which were typical Departmental requests. He pointed out Resolution No. 319, Appointing Wayne LaMothe as County Planner, and he stated the County was very lucky to have Mr. LaMothe on staff.

Before beginning with his Committee report, Mr. Monroe commented on plans for bringing broadband internet services to areas of Warren County where it was not currently available. He recalled that the County had applied for Federal stimulus grant funds in partnership with CBN Connect and several other counties to further this effort; however, he said, the grant application had been declined. Instead, Mr. Monroe noted, funding had been granted to support a plan by the Development Authority of the North Country (DANC) which allowed expansion of broadband internet services provided by ION Hold Co., LLC to include several

of the counties included in the CBN Connect grant application, leaving only Warren and Washington Counties un-serviced. He said he had the opportunity to speak with James Wright, Executive Director of DANC, and asked if there was any possibility of further expanding the broadband network to include Warren and Washington Counties, to which Mr. Wright responded that they would be willing to consider the idea and he asked for the opportunity to speak to the Warren County Board of Supervisors. Mr. Monroe requested that Chairman Stec contact Mr. Wright and schedule this discussion for an upcoming Board meeting as he felt this initiative, coupled with Governor Cuomo's announcement concerning the availability of an additional \$25 million in grant funding for the advancement of broadband services in New York, were the areas best opportunity to achieve these services. Chairman Stec questioned whether he should attempt to schedule discussion for the June 15th Board meeting and Mr. Monroe replied affirmatively; Chairman Stec confirmed that he would contact Mr. Wright with regard to this matter. Mr. Westcott interjected that David Salaway, Program Director for the New York State Broadband Program Office, should be contacted and requested to join this meeting, as well, and he volunteered to contact Mr. Salaway on the Chairman's behalf.

Proceeding with his Committee review, Mr. Monroe announced that the first meeting of the Park Operations & Management (O&M) Committee had been held at the request of Jeffery Tennyson, Superintendent of Public Works, to establish an operating budget, basically appropriating the unappropriated fund balance for anticipated parking and event revenues for 2012, as well as expenses incurred for parking related services provided by the Village of Lake George. Additionally, he said they had discussed expenses associated with necessary surveying services, which he believed had been completed. Mr. Monroe pointed out Resolution Nos. 278, Establishing the Operating Parameters for the County Owned West Brook Parking Lot; 306, Authorizing Use of Parking Revenue Generated at the Former Gaslight Village Property to Cover the Cost of a Survey for the Reconfiguration of the Festival Space; and 325, Approving the Plan of the Village of Lake George in Connection with Parking on the Former Gaslight Village Property During the 2012 Summer Season, all of which were approved by the Park O&M Committee. Concluding his report, Mr. Monroe apprised that the Federal Surface Transportation Board had approved the application submitted by the Saratoga North Creek Railway (SNCR) which would help to clean up an environmental issue in Newcomb, NY, which was along the route proposed for expansion of the railway system; he added that this assistance would provide benefits to SNCR, and to Warren County. He stated that the support of the towns and villages located along the railway had made a big difference in gaining the support and assistance from Federal and State legislators, as well as the Governor's Office.

With reference to the Extension Services Committee, Mr. Girard reported that Cornell Cooperative Extension continued to provide beneficial services to County residents as represented by the power point presentation provided earlier in the meeting and the gardening and nutritional education programs offered. The County Facilities Committee had met, he advised, and discussed a safety plan submitted by Mike Needham, of Needham Risk Management, which would include securing four of the nine entrances to the Municipal Center to change them from public to employee only access; he added that following a lengthy discussion on the matter, Mr. Needham had been asked to review the safety plan and represent it at a future Committee meeting. Mr. Girard noted that informal meetings had been held with Mr. Tennyson; Ross Dubarry, Airport Manager; and Mark Donohue, of the Adirondack Balloon Festival, to discuss parking arrangements for the upcoming Adirondack Balloon Festival event which could possibly lead to a new revenue source. He said the discussions had been positive and there were logistics and issues that would likely be discussed further at the Committee level. Returning to the topic of the Gaslight Village property and the County's involvement, Mr. Girard stated that due to the level of discussion and consideration needed for each decision in light of the number of parties involved, he felt it was best to leave operation of the property to the Town and Village, allowing the County to focus their time and attention on other existing events, such as the Adirondack Balloon Festival, to make them better.

Mr. McDevitt stated that it had been a busy month for Mental Health business in terms of raising awareness with respect to a serious issue across the Country relative to the suicide rates for military personnel. He noted that statistics reported a suicide attempt was made by a service person every 18 hours and they attributed these occurrences to the stressful nature of the positions, coupled with what could be labeled as an unpopular war by some parties. Mr. McDevitt said these statistics were very sobering and concerning as suicide touched all families, both directly and indirectly, and he felt that society needed to recognize these issues and discuss them more frequently. He advised that a two-hour walk entitled "Hike for Hope - Cody's Climb" would be held on Sunday, May 20th at Prospect Mountain in Lake George to raise money for suicide prevention; he said that he would be participating in the walk and encouraged any interested Supervisors to join, as well.

Chairman Stec informed the next item on the Agenda was the report by the County Administrator. As a followup to the notation made by Mr. Taylor, Mr. Dusek provided a brief update on the copier project that would be approved by proposed Resolution No. 324. He apprised the plan would garner a significant savings to the County, approximately \$141,000 in the first five years and up to a cumulative total of \$500,000, conservatively, over the next ten years, by reducing the number of printers used by County staff from 347 units to 123; he added that amongst the 347 units currently in use, there were about 172 different brands, which required different types of toners and supplies, as well as service contracts, which was costly. Mr. Dusek continued that the copier project would reduce the number of varying brands in place to 10 and would increase the current per unit user statistic from 1-2 to 8-10. He advised that savings would be attained not only through a reduction in machinery, but also through the introduction of multi-function machines which offered a lower per-page printing cost. Mr. Dusek credited Bill Mahar, Network Coordinator for the Information Technology (IT) Department, and Julie Pacyna, Purchasing Agent, with providing considerable effort to the establishment and organization of the copier project, including the RFP (request for proposal) that was released to determine an appropriate business to provide the desired copier/printer/fax units. He pointed out that some Departments had unexpired copier and machinery leases which would need to be addressed through a transfer of funds between Departmental budgets; he added that he would present this request to the Finance Committee once the shortages had been determined. Mr. Monroe questioned whether information was available to the Towns regarding this initiative in the event that they might like to employ similar measures and Mr. Dusek replied affirmatively, noting that a copy of the RFP document was also available and might be helpful to any municipality seeking to proceed in the same manner.

Continuing to the next agenda item, Chairman Stec advised that Martin Auffredou, County Attorney, would review the Negative Declarations under SEQRA (State Environmental Quality Review Act) which were included in Resolution Nos. 284 and 337. With reference to Resolution No. 284, Determining that the Installation of Taxiway Edge Lighting to Serve New T-Hangers at the Floyd Bennett Memorial Airport will not have a Significant impact on the Environment and Authoring Issuance of a Negative Declaration under the New York State Environmental Quality Review Act, Mr. Auffredou explained that pursuant to indications as to the need for lighting along the taxiway leading to the new t-hanger units being constructed, it had been determined that an environmental review was required. He advised that C&S Companies, the project engineer, had prepared the short form SEQRA documents included in the resolution, which indicated the project would not cause any significant environmental impact. By approving Resolution No. 284, Mr. Auffredou counseled that the Board would be adopting the findings indicated in the short-form SEQRA documents and authorizing the Chairman of the Board to sign them, as well as the issuance of a Negative Declaration. Similarly, Mr. Auffredou pointed out that Resolution No. 337, Conduction Review Under the New York State Environmental Quality Review Act and Enacting Local Law No. 7 of 2012, also included a short-form SEQRA review and Negative Declaration advising there would be no significant environmental impact relative to the establishment of the West Brook Parking Lot. When it was pointed out that the SEQRA document attached to Resolution No. 284 indicated the taxiway lighting project was

located in the Town of Glens Falls, rather than the Town of Queensbury, Mr. Auffredou advised this information could easily be corrected prior to the Chairman signing.

Communications, resolutions and reports ordered placed on file.

Chairman Stec announced there was one resolution to be introduced from the floor, copies of which were distributed to the Board members, represented as proposed Resolution No. 339. He explained that this resolution related to the former "Mullen Property" and a prospective environmental issue that prevented the County from taking ownership thereof in light of liability concerns. Chairman Stec stated that in relating these issues to Senator Little and NYSDEC (New York State Department of Environmental Conservation) representatives he had been assured there was an option available within the law that allowed incidents of ownership to take over the property for the purpose of performing an environmental evaluation, following which determinations could be made on how to proceed based on the findings of said evaluation. Chairman Stec stated that this process would alleviate prior concerns that the County's associating itself in any ownership manner to a contaminated property automatically added liability for environmental contaminations and their associated cost to the County. He advised the resolution presented would begin the process suggested by Senator Little and NYSDEC by authorizing acceptance of the proposal presented by Clark Patterson Lee for the Phase 1 Environmental Site Assessment, at a cost not to exceed \$2,100, as well as to authorize the County Attorney and Treasurer to commence with an In Rem Tax Foreclosure proceeding in the Warren County Supreme Court and seek to obtain temporary incidents of ownership of the subject premises for the purpose of the environmental review. Mr. Auffredou confirmed Chairman Stec's assessment of the proposed resolution, adding that a tax foreclosure proceeding had been commenced on the Mullen Property some time ago, and he needed to review the matter to determine whether the former action could be re-opened or if a new one needed to be started, thus the language in the resolution indicating that the County Attorney and County Treasurer would be authorized to commence and/or re-commence the process.

Mr. McDevitt questioned how the matter would be handled if the Phase 1 Environmental Site Assessment did not yield information sufficient to determine the level of contamination on the property and Mr. Auffredou responded it was his understanding that a prior environmental study may have been performed on the property, which they hoped to obtain a copy of. He added that the combination of the Phase 1 Assessment and the previous study performed should provide sufficient information to make the necessary determinations; however, he said, if the need for further studies was identified, the issue would be returned for additional Board approvals. Mr. Monroe noted there were other properties in the County facing similar contamination and foreclosure issues for which this process might be appropriate. Mr. Geraghty interjected there was only one other property facing similar issues and it was his understanding NYSDEC would be addressing that.

Chairman Stec called for a reading of resolutions and discussion, following which Joan Sady, Clerk of the Board, advised the Resolution Nos. 263 - 333 were mailed. She noted that

Resolution Nos. 294 and 305 were duplicated; therefore, Resolution No. 305 had been replaced with another resolution. Mrs. Sady informed that the resolutions relating to the filling of vacant positions were Resolution Nos. 316 - 322, and unless a roll call vote was requested, all would be approved in the collective vote.

Mrs. Sady announced a motion was needed to bring Resolution Nos. 262, 305 and 334 - 339 to the floor. Motion was made by Mr. Bentley, seconded by Mr. Dickinson and carried unanimously to bring Resolution Nos. 262, 305 and 334 - 339 to the floor.

Mr. Kenny requested roll call votes for Resolution Nos. 283, Approving and Authorizing Third Amendment to County of Warren, Town of Corinth, and Saratoga and North Creek Railway, LLC Railroad Licensing and Operating Agreement, and 320, Authorizing County Planner to Fill the Vacant Position of Associate Planner (Part Time) Due to Creation. Relative to Resolution No. 283, he commented that over the past 16 years, prior to SNCR's operation of the railway, \$80,000 per year had been included in the County Budget for rail related expenses, at a return of only approximately \$20,000 annually, leading to a loss of about \$60,000 per year. Mr. Kenny stated that if the County were to forfeit revenues for the next ten years, they would lose a whole generation of profits. He said he did not think it was fair to the taxpayers of Warren County to invest that kind of money into the railroad venture and forego any return of revenues. Mr. Kenny concluded that he was supportive of SNCR as the new Operator and felt they were doing a very good job, but he said he also felt that if the upgraded tracks stood to benefit them as they had indicated, they should provide for the upgrades without the County's investment. Mr. Bentley clarified that through the proposed agreement, the County and Town of Corinth would be foregoing revenues to be received over and above the guaranteed annual revenue figure for the remainder of the five-year Operator Contract term. He added that SNCR had also created a number of jobs for local residents that had not been available in the past, and those should be considered, as well. Mr. Dickinson commented that the railway represented one of the only classic methods of mass transit that went unfunded as the costs of roads and bridges were supported by gasoline taxes and he said he felt this was a small price to pay to have train service available in Warren County which would be faster, safer and provide a smoother ride with the upgrades proposed.

In response to Mr. Westcott's request, Mr. Dusek provided a brief background on the events leading up to the contract amendment, noting that SNCR had proposed approximately \$1 million in track upgrades and improvements to allow for faster, smoother train traffic, but had requested that the Town of Corinth and County provide for 50% of the repairs made through a forgiveness of revenues to be received, over the guaranteed annual revenue of \$87,000 which would have been placed in a reserve fund for catastrophic railroad failures. Mr. Dusek apprised that the SNCR proposal sought the forgiveness of revenues until either the 50% match was met, or the current Operator Contract expired, whichever occurred first.

Mr. Westcott questioned whether the additional revenues being forgiven could have been used in a manner other than to support the railroad and Mr. Dusek replied in the negative, advising that the revenues would have been placed in a reserve fund to be used in the event of a catastrophic railroad failure. Mr. Loeb stated his concern that preventing funds from being attributed to the reserve fund would be removing a layer of protection for Warren County taxpayers as they would not have funds available to repair the railroad in the event that a catastrophic failure were to occur.

Mr. Strainer pointed out that Resolution No. 285, Authorizing Extension of Lease Agreement with Perkins Recycling Corporation, sought to extend the lease agreement for a period of time that had already passed and he questioned whether Perkins was still renting the Ceiba Geigy site to which Mr. Dusek replied in the negative.

Chairman Stec called for a vote on resolutions.

Resolution Nos. 262 through 339 were approved as presented. Proclamations - Mental Health Month; and Older Americans Month were submitted, as well as a Certificate of Appointment naming members of the Saratoga-Warren-Washington Counties Workforce Investment Board.

Resolution introduced by Supervisors Thomas, Taylor, Sokol, Monroe, Bentley, Wood, Kenny, Merlino and Conover

**RESOLUTION DECLARING MAY 16, 2012 TO BE "MAYDAY FOR MANDATE RELIEF"
AND URGING THE MANDATE RELIEF COUNCIL TO TAKE SWIFT ACTION IN
SUBMITTING A PACKAGE OF MANDATE RELIEF PROPOSALS TO GOVERNOR
CUOMO AND THE STATE LEGISLATURE TO BE VOTED ON THIS SESSION**

WHEREAS, the State of New York mandates (requires) the delivery of State programs using local resources, causing some counties to dedicate more than eighty percent (80%) of their entire budget toward the funding of State mandated programs and fixed costs, and

WHEREAS, the New York State Association of Counties has identified just nine (9) state mandates that equal ninety percent (90%) of all county property taxes levied in 2010 (outside of New York City), consuming \$4 billion of \$4.4 billion in county property taxes levied. These mandates include: Medicaid, TANF/Public Assistance Safety Net, Child Welfare Protective and Preventive Care, Special Education Pre-School, Early Intervention, Probation, Indigent Defense, Youth Detention, and Pensions, and

WHEREAS, these State mandates are the root cause of high county property and sales taxes in New York State and have led to a decline in the delivery of important local services, and

WHEREAS, these State mandates continue to contribute to New York State bearing the highest in the nation local tax burden for residents and businesses, which severely damages New York State's ability to attract, create and maintain good paying jobs, as well as contributes to a decline in population, and

WHEREAS, when New York State enacted a property tax cap in 2011, a Mandate Relief Council was established to review specific mandates and advance legislative proposals to reduce the statutory and regulatory burden on municipalities, now, therefore, be it

RESOLVED, that Warren County hereby declares May 16, 2012 to be "Mayday for Mandate Relief" to demonstrate that the decisions made in Albany have a direct impact on the property tax levy and local community services here in Warren County, and be it further

RESOLVED, that Warren County hereby calls on the Mandate Relief Council to take swift action in submitting a package of Mandate Relief proposals to Governor Cuomo and the State Legislature to be voted on by our State Representatives during the 2012 State Legislative Session, and be it further

RESOLVED, that New York Association of Counties is hereby authorized to forward copies of this resolution to Governor Andrew M. Cuomo, to members of the New York State Legislature and to all those deemed necessary and proper.

RESOLUTION NO. 310 OF 2012

Resolution introduced by Supervisors Conover, Kenny, Sokol, Merlino, Taylor, Strainer, Dickinson, Girard and Mason

AMENDING RESOLUTION NO. 235 OF 2012; AMENDING AND/OR CLARIFYING THE SALARY STUDY AND SCHEDULE OF PER DIEM HOURLY INCREASES

WHEREAS, Resolution No. 235 of 2012, among other things, approved the salary study and schedule of per diem hourly increases and wage adjustments effective April 23, 2012, and

WHEREAS, since that time and as the salary study is implemented, it has come to the attention of the County Administrator that certain amendments and/or clarifications are needed to the salary study and schedule of per diem hourly increases, now, therefore, be it

RESOLVED, that Resolution No. 235 of 2012 and the salary study and schedule of per diem hourly increases are hereby amended and/or clarified, as necessary, to reflect the following:

1. The two (2) Fire Prevention and Building Code Enforcement part-time positions should reflect a salary not to exceed Nineteen Thousand Six Hundred Thirty-Seven Dollars (\$19,637) instead of Nineteen Thousand Nine Hundred Eighty Dollars (\$19,980), maximum, with the hourly rate set forth in the attached Schedule "A";
2. The Principal Account Clerk #1 position contains an erroneous start date and therefore the salary should be Seventeen Thousand Eight Hundred Ten Dollars (\$17,810) rather than Eighteen Thousand Eight Hundred Ninety-Four Dollars (\$18,894) with the hourly rate set forth in the attached Schedule "A";
3. The Infant Feeding Advocate less than part-time position in the Health Department was shown as not receiving any kind of increase or adjustment in salary, but it should reflect a Four Hundred Thirteen Dollars (\$413) increase or a salary up to Twelve Thousand One Hundred Eight Dollars (\$12,108), with the hourly rate set forth in the attached Schedule "A";
4. The PHN #14 position is clarified to show an increase in the hourly rate as the original salary study did not show an increase, and in fact, the schedule showed a zero increase since sufficient funds were available to cover the increased hourly salary;
5. The W.I.C. Clerk position was left off and was intended to be adjusted as part of the salary study and the same is included on the attached Schedule "A";
6. Five (5) temporary positions were left off and were intended to be adjusted as part of the salary study and the same are included on the attached Schedule "A"; and
7. Any remaining items listed on Schedule "A", which are not specifically mentioned above, are shown to clarify the hourly rate increases of each position, since the wage schedule did not specify hourly rates, and be it further

RESOLVED, that except as otherwise amended herein, Resolution No. 235 of 2012 shall continue in full force and effect.

RESOLUTION NO. 328 OF 2012**Resolution introduced by Supervisors Bentley, Kenny, Strainer, Monroe, Dickinson, Vanselow and Mason****REQUESTING NEW YORK STATE SUPREME COURT APPELLATE DIVISION, THIRD DEPARTMENT TO REVIEW REQUESTS FOR OBJECTION TO REASSIGNMENT OF APPEALS TO A PRIVATE ATTORNEY**

WHEREAS, the Warren County Public Defender's Office, in Resolution No. 491 of 2011, applied for and received specific funding from the Office of Indigent Legal Services in New York State for stipends for staff so they could begin handling Warren County appeals for indigent appellants in felony matters before the New York State Supreme Court Appellate Division, Third Department, and

WHEREAS, the indigent appellant routinely objects to the assignment of a public defender's office to handle his appeal, basing such objection on a perceived conflict of interest and in hopes that their appeals will be reassigned to a private attorney, and

WHEREAS, the Criminal Justice Committee of the Warren County Board of Supervisors has been advised that the New York State Supreme Court Appellate Division, Third Department often responds to these objections by reassigning appeals without considering the merits of the objection, and

WHEREAS, as a direct result, Warren County is required to pay for the perfection of an appeal by an assigned attorney at statutory rates, as opposed to said appeal being handled by the Public Defender's Office, and

WHEREAS, the Office of Indigent Legal Services does not pay any stipend to the Public Defender's Office in such cases and, as a result, Warren County will realize an unnecessary financial burden, frequently costing several thousand dollars for a single appeal, now, therefore, be it

RESOLVED, that due to funding concerns, the Warren County Board of Supervisors respectfully requests that in each case, the New York State Supreme Court Appellate Division, Third Department consider reviewing the appellant's objections and make reassignments of appeals only after a thorough analysis of the merits, and after considering input from the Warren County Public Defender's Office, and be it further

RESOLVED, that the Clerk of the Warren County Board of Supervisors is hereby directed to send a copy of this resolution to the New York State Supreme Court, Appellate Division, Third Department.

RESOLVED, that the Chairman of the Board of Supervisors, Clerk of the Board of Supervisors, County Administrator and County Attorney are hereby authorized to make such minor modifications to the Local Law as deemed necessary, and are authorized to execute, file and publish the Local Law and take all necessary actions for the promulgation thereof.

SCHEDULE "A"

**COUNTY OF WARREN, NEW YORK
LOCAL LAW NO. 6 OF 2012**

**"A LOCAL LAW PROHIBITING THE SALE AND/OR USE
OF SYNTHETIC CANNABINOIDS IN WARREN COUNTY"**

BE IT ENACTED, by the Board of Supervisors of the County of Warren, New York, as follows:

SECTION 1. Title. This Local Law shall be known as "A Local Law Prohibiting the Sale and/or Use of Synthetic Cannabinoids in Warren County."

SECTION 2. Declaration of Legislative Findings/Intent/ Purpose. The Warren County Board of Supervisors finds and determines that a series of products have become available

in the United States and in Warren County that contain chemicals, called synthetic cannabinoids, that produce effects similar to marijuana when ingested or inhaled. The Board of Supervisors finds that products containing synthetic cannabinoids are particularly attractive to teenagers and young adults. In addition, the Federal Drug Enforcement Administration has determined that the consumption of synthetic cannabinoids can have or contribute to adverse health effects such as extreme agitation, anxiety, nausea, vomiting, tachycardia, elevated blood pressure, tremors, seizures, hallucinations, paranoid behavior and loss of consciousness. Studies have also indicated that individuals using synthetic cannabinoids may develop chemical dependencies, demonstrate addictive behavior and suffer withdrawal symptoms when they stop using these chemicals. Due to the imminent threat the use of such synthetic marijuana or synthetic cannabinoids has to public safety, the Federal Drug Enforcement Administration employed its emergency powers in March of 2011 to render five of these substances illegal for sale by designating them as Schedule I controlled substances. This action was for one year, with an extension until August 29, 2012. Accordingly, the Board of Supervisors finds and determines that for the protection of the safety, health, comfort, and general welfare of Warren County citizens, the protection of their property, the preservation of peace and good order, and suppression of vice, the County must take action to respond to this threat in the absence of any permanent laws or regulations enacted by the State of New York and/or the United States government.

SECTION 3. Enactment Authority. This Local Law is adopted pursuant to authority provided in section 10 of the Municipal Home Rule Law of the State of New York.

SECTION 4. Definitions.

1. "Sell" means to sell, exchange, give, or dispose of to another or offer or agree to do the same by electronic means or otherwise.

Warren County Board of Supervisors

Moving on to announcements, Mr. Dickinson apprised that the Rotary Club had installed new flags and yellow ribbons on the flag poles located near the southern entrance to the Town of Lake George, with participation from various Girl and Boy Scout troops and over the Memorial Day holiday, a moving tribute would be held at the site which would include bagpipe music and he encouraged attendance.

Mr. Strainer questioned when tours of the new MASK Confidence Building would be available and Brian LaFlure, Fire Coordinator/Director of the Office of Emergency Services, advised that they had delayed providing tours of the Building until the appropriate lighting had been installed, which they hoped would be done within the next few weeks. He continued that a request had been received from the Secretary of State to tour the facility and they hoped to make this a nice event that the Supervisors could attend, as well. Mr. Strainer then noted that Cornell Cooperative Extension would be holding their annual golf tournament on August 25th at Cronin's Golf Course, which was one of the best in the area. He noted the prior funding reductions to Cornell Cooperative Extension's budget and said that any donations of prize items or food for the event dinner would be greatly appreciated. Mr. Strainer apprised the dinner held at the golf course could be attended regardless of tournament participation.

Mr. Bentley announced the Town of Horicon would be holding their annual Fishing Derby on the following day, beginning at 8:00 a.m. and they welcomed children from all parts of the County to attend.

Mr. Monroe noted that three proposals for final design services in association with the Gaslight Village property had been received, reviewed and were currently being negotiated.

Mike Swan, County Treasurer, clarified that the County had received approximately \$113,000 in revenue payments from SNCR for their first partial year of operation. He then noted that the refinancing of bonds for the Human Services Building was complete and would result in a savings of \$60,000 per year and a total of \$724,000 over the life of the bond. One reason the savings had been attained, he said was an increase in the bond rating and the other was the current state of the bond market.

Chairman Stec stated that on the prior evening he had participated in celebrating SUNY Adirondack's 50th Commencement Ceremony where 380 students had graduated. Additionally, he noted that on Sunday at 2:00 p.m. at the corner of Quaker and Bay Roads, at the Old Quaker Burial Ground, a ceremony would be held celebrating the 250th anniversary of the founding of the Town of Queensbury by the Quakers. Chairman Stec said that additional events celebrating the landmark quadricentennial anniversary would be held throughout the year.

As there were no additional announcements, Chairman Stec advised that a brief executive session would be necessary to discuss two matters of litigation.

Motion was made by Mr. Girard, seconded by Mr. Kenny and carried unanimously to enter into an executive session to discuss pending litigation pursuant to Section 105(d) of the Public Officer's Law.

Executive session was held from 11:59 a.m. to 12:14 p.m.

Upon reconvening, Chairman Stec announced that no action had been taken during the executive session.

Mr. Dickinson said he had a final announcement to make and he proceeded to express his displeasure with recent action taken by DPW staff to remove impediments placed by the owner of the Magic Forest amusement park on what was perceived to be County-owned property. He said that DPW staff had entered the property without proper prior notice to Mr. Gillette, removing items and taking actions that should have been first addressed in Court proceedings. Mr. Dickinson stated his feelings that these actions were un-American and denied Mr. Gillette due process, as was his right as a United States citizen. He noted that if Mr. Gillette were correct in his belief that the property in question was his, the County had knowingly trespassed upon and damaged private property. Mr. Dickinson stated that he would like to take the opportunity to offer his sincere apologies to Mr. Gillette for the actions taken by the DPW and he noted that while he could not ascertain which party maintained true ownership of the property in question, he agreed that Mr. Gillette had been wronged through the aggressive action taken by the DPW; Mr. Dickinson then thanked Mr. Dusek for maintaining a calm demeanor in assisting with this rancorous situation.

There being no further business, on motion made by Mr. Vanselow and seconded by Mrs. Frasier, Chairman Stec adjourned the meeting at 12:17 p.m.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, JUNE 15, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:10 a.m.

Mr. Daniel G. Stec presiding.

Chairman Stec apologized for his tardiness, explaining that earlier in the morning he and several other Supervisors had attended a ground breaking ceremony for the Local 773 Pipefitters Training Complex being constructed in the Tech Meadows Business Park located in the City of Glens Falls. He added that this was an important event for the community as it represented a good opportunity for the region from a job perspective, as well as for the benefits it presented for the local economy.

Salute to the flag was led by Supervisor Kenny.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 19.

Absent: Supervisor Dickinson - 1.

Motion was made by Mr. Taylor, seconded by Mrs. Wood and carried unanimously, to approve the minutes of the May 18, 2012 Board Meeting, subject to correction by the Clerk of the Board.

Before proceeding with the agenda review, Chairman Stec called for a moment of silence to mark the recent passing of an important community member to both Warren County and the City of Glens Falls, Joseph Vogel, who he said had passed on far too early at only 62 years of age. He noted Mr. Vogel's dedication to his community and to his spouse, the County's beloved Clerk, Pam Vogel, and said that Mr. Vogel would be greatly missed.

Commencing with the agenda review, Chairman Stec extended privilege of the floor to Dan Durkee, Health Educator, for the presentation of certificates to the winners of the 2012 Tar Wars Tobacco Free Education Program and Poster Contest for students in grades 4 and 5 in the participating schools in Warren County. Mr. Durkee made a power point presentation which displayed the winning posters and outlined the program objectives; *a copy of the power point presentation is on file with the minutes*. Chairman Stec presented each winner with a certificate commending their efforts, following which a round of applause was given.

Privilege of the floor was extended to Kathie Duncan, Chairwoman of the Board for the Glens Falls Hospital Foundation, who was in attendance to speak about the 2012 fund-raising campaign for the Charles R. Wood Cancer Center. Ms. Duncan announced that she and Claudia Higgins, the Foundation's Annual Fund Manager, wished to apprise the Board of the annual fund-raising project chosen by the Glens Falls Hospital. She noted the Glens Falls Hospital was a not-for-profit organization and, as such, there were no profits available to invest in technology or the important equipment needed to keep residents healthy. Therefore, Ms. Duncan stated, the Hospital Foundation undertook an annual fund-raising effort for a certain designated cause or equipment purchase. For 2012, she said, they had selected the purchase of a new linear accelerator for cancer treatment which was a highly sophisticated piece of equipment that would target cancerous tumors and shrink them without damaging healthy tissue. Ms. Duncan continued that the new equipment would significantly reduce the duration of radiation therapy; she noted that some current forms of radiation therapy required five to seven weeks of daily treatment and the new linear accelerator equipment would speed this process to three days, in some cases. She equated this as a change from hours of treatment, to minutes of treatment, preserving healthy tissue which up until now had been inadvertently destroyed. Ms. Duncan stated that the linear accelerator equipment cost approximately \$4 million and the Foundation had assumed a goal of raising \$2 million to make the purchase. She advised there were about 1,000 new cases of cancer diagnosed in the region every year,

which was an amazing statistic for a relatively small community, 60% of which required some sort of radiation therapy. Ms. Duncan continued that the equipment targeted for purchase represented an opportunity to improve the quality of life for area residents with cancer diagnoses by allowing them to stay close to home and receive the best cancer care possible. She stated that once purchased, there would not be more state of the art technology available within 100 miles of Glens Falls Hospital. Speaking as a cancer survivor herself, Ms. Duncan said this was a very easy cause to endorse as the availability of top technology would change lives in the community. Ms. Duncan then introduced Ms. Higgins to speak on the "Communities Against Cancer" campaign the Foundation was embarking upon in their challenge to raise \$2 million.

Ms. Higgins said the Foundation had quite a challenge ahead of them and noted that the Charles R. Wood Foundation had recently awarded them a \$150,000 matching grant which would be provided when funds of this amount were raised through new gifts to the campaign. She said the "Communities Against Cancer" campaign addressed communities in the broadest sense of the term, including civic communities, neighborhoods, schools, etc. and she said they hoped the County would embrace the concept, as well, and assist with raising awareness about the campaign and its effort to increase donations to the cause. Ms. Higgins apprised of a recent "Ladies Night" event held at Garden Time, a business located in the Town of Queensbury, where a portion of the proceeds from any sales made during a certain time frame were donated to the Charles R. Wood Cancer Center; she added that during the four hour event, over \$1,000 had been raised for donation. Additionally, she noted that students from the Glens Falls Middle School had elected to donate money from a bake sale they had held to the Foundation fund-raiser. Ms. Higgins said that as a form of symbolism, the Foundation was giving anyone who supported the fund-raising effort a magnet which they could write their name and community on and then stick to one of the vans the Foundation used to travel to events; she added that a magnet was given to the donor, as well, to place on their car as a show of support. Window decals were also being distributed to show support, she advised, and a website had been established with videos and information about the campaign. Ms. Higgins encouraged everyone to visit the website and watch the compelling video posted of Dr. Alex Frank, Director of Radiation/Oncology at the Charles R. Wood Cancer Center, confirming that the linear accelerator technology would make a big difference in the lives of the patients who benefitted from it. In conclusion, Ms. Higgins thanked the Board members for the opportunity to address them and said she hoped they would share in the efforts to raise awareness and include the Foundation in their upcoming events. *Ms. Higgins distributed promotional materials relating to the Communities Against Cancer Campaign, copies of which are on file with the minutes.* Chairman Stec thanked Ms. Duncan and Ms. Higgins for their presentation and wished them well in their fund-raising efforts.

Privilege of the floor was extended to Frank Hardick who was in attendance to address the Board regarding a proposal to create a not-for-profit museum showcasing businesses and industry in the tri-county area. Mr. Hardick thanked the Board for their time and attention and noted he had been a practicing engineer in the area for over 50 years, 90% of his work being in the industrial field. He said that for the past eight months he had been working on a campaign to introduce his vision for an industrial museum by contacting local people to suggest the idea, the response to which had been positive and resulted in the formation of a ten-person committee interested in pursuing the idea, six of whom were retired engineers. Mr. Hardick stated that the committee was contacting various companies and businesses throughout the County for information requested on a survey document that would be reviewed and processed over the next year; he added that a preliminary list of current companies in Warren County had been established, a copy of which was provided to Chairman Stec with a request that it be distributed to each member of the Board of Supervisors for their review to determine whether any businesses had been missed. *A copy of this list is also on file with the minutes.* Mr. Hardick stated the survey of Warren County businesses would begin during the following week and he noted the Washington County portion of the survey was 35% complete

and the Saratoga County portion would begin in September. He said it would take about a year to accumulate data on all existing industries, following which a report would be provided to the Board of Supervisors, at no charge. Mr. Hardick announced that the museum would showcase American made products in the tri-county area. Mr. Loeb commended Mr. Hardick on his efforts and said that he and many others thought this was a fantastic idea for the area.

Chairman Stec pointed out Mr. Dickinson's absence and he noted that Mr. Dickinson had contacted him prior to the meeting to express regret at his inability to attend, especially in light of the proposed resolution to support the redistribution of ownership in the Gaslight Village property to allow equal shares to the County, Town and Village of Lake George, which Mr. Dickinson strongly supported. He noted members of the Lake George Town Board were present to confirm their support of the initiative. Marissa Muratori, Lake George Town Board member, affirmed the Board's opinion that the Town of Lake George would be a very useful participant in the West Brook/Lake George Environmental Park Project and partial property owner. She offered her apologies for the continued deliberation on the matter and advised the Town Board felt they could be a useful project participant and purchase a share of the property responsibly, with limited impact to Town taxpayers. Ms. Muratori then read aloud a resolution adopted by the Town of Lake George supporting the purchase of one-third ownership of the former Gaslight Village property. Chairman Stec responded that no apologies were necessary for the continued discussion relating to the proposed re-distribution of property ownership and he noted there were always projects that seemed to take a lot of time and effort, such as this one, which were worth the effort in the end. Speaking for himself, Chairman Stec stated he felt it was appropriate for the Town of Lake George to re-join the project and he was not opposed to the equal ownership proposal for the County, Town and Village of Lake George, and he noted that Robert Blais, Mayor of the Village of Lake George, had made similar statements on the matter. He said that the resolution presented clearly stated the unanimous position of the members of the Lake George Town Board and he thanked Ms. Muratori for being present to make these affirmations in Mr. Dickinson's absence.

Chairman Stec advised the next item pertained to his reports. Returning to the topic of development at the Tech Meadows Business Park in Glens Falls, he said the construction of the Local 773 Pipefitters Training Complex was an opportunity for the entire County, and specifically the City of Glens Falls and Town of Queensbury where the facility was located, to benefit from the future jobs perspective. He noted that the Global Foundries facility, located nearby in Malta, NY, had employed 1,700 people to date, 1,200 of which were pipefitters; he added that the Training Complex to be constructed would include the only clean room facility located north of Saratoga Springs in the State of NY, which would prove to be a benefit to the area. Additionally, Chairman Stec advised the facility would act as an "anchor" tenant for the Business Park, hopefully attracting the desired manufacturing/ technical/industrial types of facilities for development of the remaining six lots available for construction.

Continuing, Chairman Stec recognized and commended Mike Swan, County Treasurer, for his work in identifying a potentially significant issue to the County from both a financial and fairness standpoint, after only six months of serving as County Treasurer. He explained that Mr. Swan and his staff had identified as many as 39 properties that they did not believe were submitting occupancy tax payments as required by law and they were currently working to identify which were either no longer in operation or paying by an alternate means as opposed to those facilities in non-compliance. Chairman Stec stated that this statistic was a testament to the other hundreds of facilities appropriately making occupancy tax submissions who were complying with the law, regardless of whether or not they were agreeable to the process. He added that he felt the occupancy tax program provided a successful investment source in the communities of Warren County and that the Occupancy Tax Committee had done a great job of judiciously managing and distributing the funds as was foreseen when the program was initiated. Chairman Stec stated that because there was a law in place governing the collection of occupancy tax, the County was obligated to ensure compliance and he encouraged Mr. Swan to proceed with the necessary actions.

Chairman Stec noted the first meeting of the Budget Committee to begin discussing the 2013 Budget had been held on the prior day and he thanked Mr. Geraghty, Budget Officer; Paul Dusek, County Administrator; and JoAnn McKinstry, Assistant to the County Administrator, for their hard work and diligence in preparing the significant, and very transparent, documentation presented at the meeting which, he said, represented a true picture of the budget situation. He repeated a comment made by Mr. Kenny during the meeting that in his many years of serving the Board of Supervisors, this was one of the most realistic and informational budget presentation provided this early in the year. Chairman Stec stated it did not appear there would be much funding available for discretionary spending in the 2013 Budget as most was attributed to programs and mandated expenses. He added that mandated expenses were of particular concern to County officials and he commended the newly formed Mandate Relief Committee for their current and future work on that topic. Chairman Stec advised that the County would face a restrictive budget year once again in 2013 and they would be forced to make many difficult and likely unpopular decisions to maintain it; he added that undertaking an open and transparent budgetary process would allow each of the Supervisors the opportunity to listen to the wishes of their respective constituents in order to represent them as best as they were able. He stated that the Board was very capable of making the tough decisions necessary in order to develop a successful budget, although he anticipated it would be a difficult process.

Continuing with the agenda review, Chairman Stec called for reports by Committee Chairman on the past month's activities or meetings and the following gave verbal reports: Supervisor Kenny, Occupancy Tax Coordination; Supervisor Merlino, Tourism; Supervisor Strainer, Human Services; Supervisor Sokol, Health Services; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Geraghty, Budget; Supervisor Conover, Personnel; Supervisor Girard, County Facilities and Extension Service; Supervisor McDevitt, Mental Health; Supervisor Taylor, Economic Growth & Development; and Supervisor Loeb, Social Services.

Referring to the Occupancy Tax Coordination Committee meeting held on June 5th, Mr. Kenny advised of Mr. Swan's reporting of a 4% increase in occupancy tax collections and notations that approximately 30 properties had been identified which were not making occupancy tax submissions as they thought should be. He noted that as reflected by proposed Resolution No. 342, the Committee had voted in favor of re-distributing \$4,500 in occupancy tax funding returned by virtue of a cancelled event with \$2,500 being awarded to the Warren County Safe & Quality Bicycling Organization, Inc. and \$1,000 each to the Sunkiss Balloon Festival and the Adirondack Chapter of the Antique & Classic Boat Society Inc., respectively. Mr. Kenny further noted proposed Resolution No. 375 which sought to award \$43,000 in occupancy tax reserve funding to the City of Glens Falls to partner in the purchase of a new basketball floor for the Glens Falls Civic Center to replace the current floor, which was 40 years old.

Mr. Merlino advised that the Tourism Committee had met and approved proposed Resolution No. 343, Amending Resolution No. 694 of 2011; Authorizing Attendance at 2012 In-State and Out-of-State Consumer Shows by Tourism Department Personnel and County Supervisors; and proposed Resolution No. 344, Authorizing Agreement with Kenyon Press for the Printing of the 2012 Warren County Fall Brochure for the Tourism Department. He said the Tourism Department staffed a booth in Lake George during the recent Americade event, distributing many brochures and providing information; he added that the Tourism Department would also be representing and promoting the County during the upcoming Centurion Cycling event.

Respective to the Human Services Committee meeting held on May 25th, Mr. Strainer advised the Committee review had pertained primarily to routine Departmental matters. He pointed out that proposed Resolution No. 407, Amending Resolution No. 287 of 2012; Authorizing Agreement with Washington-Saratoga-Warren-Hamilton-Essex Board of Cooperative Educational Services (BOCES) for Summer Youth Employment & Training

Program, had been authorized by a post-Committee meeting request to correctly reflect the amount associated with the agreement.

Mr. Sokol advised the Health Services Committee had met on May 25th at the Westmount Health Facility where a buffet-style breakfast and facility tours were provided. He noted that one Public Health item discussed had related to the Certificate of Need for Certified Home Health Agencies, and although there was currently no new information to provide, he would keep the Board apprised of any updates on the matter. As for business related to the Westmount Health Facility, Mr. Sokol referenced proposed Resolution No. 352, Awarding Proposal and Authorizing Agreement with the Clements Firm to Provide Debt Collection and Legal Services in Connection with County Owned Residential Facilities (WC 022-12), which would be used to collect outstanding debts on the County's behalf at a cost of 28% of the amounts collected. With reference to the sprinkler project being implemented at Westmount, which was required to be completed by August of 2013, Mr. Sokol apprised that project was ahead of schedule and should be completed by the end of July 2012, far ahead of the specified deadline.

Concerning the June 6th meeting of the Finance Committee, Mr. Thomas outlined the proposed resolutions approved which consisted of Nos. 340, 341, 375 - 385 and 405, and he noted that the Committee had briefly discussed the possibility of logging the County-owned property located across the street from the Municipal Center Campus.

Mr. Loeb questioned proposed Resolution No. 384, noting that it indicated \$231,000 in funding would be provided through the issuance of serial bonds and it appeared that repayment of the bonds would be made using County tax dollars. Mr. Thomas responded that the resolution had originated with the Gaslight Village Ad Hoc Committee who had approved it based on provisions that any bond monies encumbered would be repaid using funds donated or contributed by outside sources, specifically those received from The Wood Foundation, and that no County dollars would be used; however, he added, this verbiage was not included in the resolution. Martin Auffredou, County Attorney, interjected it was his understanding that the resolution accounted for all monies necessary to fund the project aspects identified in proposed Resolution No. 383, Bond Resolution Dated June 15, 2012. He continued it was their hope that donations promised by The Wood Foundation would be sufficient to advance the Lake George Environmental Park project and that the serial bond funding would not be necessary. Mr. Auffredou noted that the \$750,000 donation committed by The Wood Foundation was payable at a rate of only \$150,000 per year over a five-year term and the resolution would provide the proper permissions to attain serial bond funding for cash flow purposes, if necessary, with the serial bonds to be repaid using grants and donated funds as they were received. He concluded that the minutes from both the prior Gaslight Village Ad Hoc Committee meeting, as well as those from the current meeting, would support the assessment that if serial bond monies were accessed, it was expected that they would be repaid using grants and donations and that no County dollars would be encumbered for this expense. Mr. Monroe confirmed that this was also his understanding and he assumed the only expected out-of-pocket cost would be those associated with the bonding transaction costs, which he believed could be paid using funds received from the sale of property to the Town of Lake George, if they decided to proceed in that direction. Mr. Loeb responded that although he understood the intention of the Gaslight Village Ad Hoc Committee, the resolution did not adequately protect the taxpayers of Warren County from being responsible for the repayment of the serial bonds if other donations and contributions were unavailable. He continued that while he was supportive of the Park and felt it would be a great addition to the region, he also felt it was an extravagance the County could not currently afford. Mr. Monroe countered that a contract was being written to ensure receipt of the \$750,000 committed by The Wood Foundation and ensuring payment at a rate of \$150,000 per year for five years, unless The Wood Foundation chose to make payments sooner. He stated that proposed Resolution No. 384 authorized a serial bond to be attained, if needed, but did not necessarily commit the County to anything. In order to appease Mr. Loeb's concerns, Mr. Monroe suggested that the

resolution be amended to indicate that the encumbrance of serial bond funds would be contingent upon execution of the contract with The Wood Foundation.

Motion was made by Mr. Monroe, seconded by Mr. Loeb and carried unanimously to amend proposed Resolution No. 384 to indicate that encumbrance of serial bond funds would be contingent upon execution of the contract with The Wood Foundation.

Mr. Mason questioned whether proposed Resolution No. 383 allowed sufficient permissions for the full \$612,000 in serial bond funding indicated to be attained and used for purposes other than to support the establishment of the Lake George Environmental Park and Mr. Auffredou responded that they were required to reveal the intended use of the funding in the bond resolution. He continued that if they desired to use the funding to support another facet of the Park, they would need to address the matter once again to receive proper approvals by resolution. Additionally, Mr. Auffredou advised, using the funding in a manner other than identified in the approved resolution would be a violation of the Local Finance Law.

Mr. Geraghty stated his agreement with Mr. Loeb's concerns and confirmed that the matter had been discussed extensively at the Gaslight Village Ad Hoc Committee meeting, prompted by the concerns of Supervisors present who were not members of the Committee, to ensure any serial bond repayments would not be made using County dollars. Mr. Geraghty also confirmed that the Committee had indicated the County Treasurer was only authorized to begin the serial bond process if absolutely necessary. He said his concern was with the indication that the funds would be repaid using unknown grants and contributions which had not yet been committed. Mr. Monroe advised that reimbursing State grant funding was being received to support the project, but was not always received as quickly as expenses were incurred, possibly leading to the need for a stable cash flow source. He said that while the annual donation payments from The Wood Foundation might prove sufficient to serve this purpose, an alternate cash flow source was desired to ensure the continuation of Project construction.

Referring to proposed Resolution No. 400, Supporting Re-Appropriation of Ownership Shares of the Former Gaslight Village property among the County of Warren, Village of Lake George and Town of Lake George, Mr. Bentley suggested an amendment to the resolution indicating that after five years, the County would offer the sale of their 33% property share to the Town of Lake George. Upon Chairman Stec's request for counsel as to the validity of this request, Mr. Auffredou advised that it was not possible to bind the actions of a future Board; however, he said, the resolution could be amended to indicate the Board would consider sale of the County's ownership shares to one or more municipalities after five years. Mr. Auffredou cautioned that the value of the County's ownership in the property, as well as any future interest in purchase by other parties, was unknown.

Motion was made by Mr. Bentley and seconded by Mr. Taylor to amend proposed Resolution No. 400 to indicate that the County would reconsider sale of its ownership shares to one or more municipalities after five years; however, the motion failed with Supervisors Conover, Monroe, Girard, McDevitt, Kenny, Frasier, Vanselow, Merlino, Strainer, Mason, Westcott, Sokol, Geraghty and Stec voting in opposition.

Returning to the issue of the amendment to proposed Resolution No. 384, Mr. Thomas stated that he did not feel the amendment sufficiently clarified the issue at hand, and instead suggested that the resolution be amended to clearly indicate that funds from The Wood Foundation would be used to repay the \$231,000 in serial bond funds, in the event they were deemed necessary.

Motion was made by Mr. Thomas, seconded by Mr. Monroe and carried unanimously to further amend Section 3(c) of proposed Resolution No. 384 to indicate that if encumbered, the serial bonds would be repaid using donations from The Wood Foundation, specifically \$150,000 in 2013 and the remaining \$81,000 in 2014.

Resuming the reports by Committee Chairmen, Mrs. Wood advised that the Public Safety Committee had met and approved five resolutions, as represented by proposed Resolution Nos. 345 - 349, to address typical Departmental business.

Mr. Geraghty announced that the Budget Committee had met recently to unveil a five-year budget plan for the County. He said some of the program changes suggested in the budget plan had been reported by the local newspaper and he did not want County citizens to be alarmed by them as all would be subject to extensive review and consideration before any decisions were made. He added the County was very fortunate to have a number of responsible and dedicated Department Heads who he was sure would step forward and work with the Budget team, as they had in prior years, to develop an acceptable budget. Mr. Geraghty advised that copies of the documentation reviewed at the meeting were distributed to each member of the Board of Supervisors and he asked that they take time to study the information before the next Budget Committee meeting in preparation for discussion.

With regards to the meeting of the Personnel Committee held on June 6th, Mr. Conover noted proposed Resolution Nos. 358 - 363 had been approved and he highlighted proposed Resolution No. 361, Authorizing the Self-Insurance Administrator to Fill the Vacant Position of Deputy Insurance Administrator Due to Creation, noting that it was strongly recommended by the County Administrator and had received the full support of the Personnel Committee.

Mr. Monroe refrained from providing a report, but noted that another correction was necessary to proposed Resolution No. 384 under Section 3(a) to correctly indicate the grant funding source. He noted that the current version listed the New York State Department of Transportation and it should list the New York State Department of State Environmental Protection Local Waterfront Revitalization Grant Program, consistent with proposed Resolution No. 399 which authorized application for the grant funding.

Motion was made by Mr. Monroe and seconded by Mr. Conover and carried unanimously to amend proposed Resolution No. 384 as previously noted.

Mr. Girard advised that at their May 30th meeting, the County Facilities Committee had considered parking plans for the upcoming Adirondack Balloon Festival and subsequently approved a resolution allowing a fee to be charged for preferred parking during the event to raise revenues and offset the associated costs incurred by the County; he added that they were also considering other means by which they could collect donations to further defray costs. As for the Extension Services Committee, Mr. Girard said that Cornell Cooperative Extension had prepared a program reflecting the activities and assistance offered which he hoped each of the Supervisors would review at some point to learn more about the organization and their involvement in the community, which was a great asset to the area.

Concerning the Mental Health Committee, Mr. McDevitt advised that meetings had been held to make budget presentations for the various entities included under the realm of the Committee and he said he felt the Board would be pleased with the information presented. He noted that according to information provided at a previous meeting by the Glens Falls Hospital Behavioral Health Services Organization, the number of young children being seen in the emergency room for significant psychiatric issues had increased by 300-400%, which was particularly concerning, and they were trying to determine why this was occurring and if there was a way to solve the problem. Mr. McDevitt advised that following a presentation by CWI, he was surprised to learn the number of people employed by the organization which totaled approximately 750 within the community.

Mr. Taylor advised the Economic Growth & Development Committee met on May 31st and approved several resolutions, represented by proposed Resolution Nos. 387 - 397, which he outlined briefly. He noted that during a recent meeting of the Warren/Washington Counties Industrial Development Agency (IDA) the true-up for the burn plant had been discussed and indications made that the IDA owed Wheelabrator approximately \$425,000. The good news, Mr. Taylor said, was that Warren County would receive \$71,000.

Relative to the May 30th meeting of the Social Services Committee, Mr. Loeb advised Suzanne Wheeler, Acting Commissioner of the Department of Social Services, continued to be aggressive in ensuring her staff received the proper training for their positions and he noted that both the Social Services and Countryside Adult Home staff continued to do a great job of benefitting the citizens of Warren County. He then requested a roll call vote for proposed

Resolution No. 385, Resolution in Support of Senate Bill No. S5629-B and Assembly Bill No. A6575 an Act to Amend the Tax Law in Relation to Authorizing Certain Counties, Cities and School Districts to Impose up to a Four Percent Rate of Sales and Compensating Use Taxes Pursuant to the Authorities of Article 29 of Such Law and to Preserve the Authority of Certain Counties and City to Impose Such Taxes at Rates in Excess of Four Percent; and to Repeal Certain Provisions of Such Law Relating Thereto. Mr. Loeb said he disagreed with the proposed legislation and desired further discussion on the matter when it was deemed appropriate. Finally, Mr. Loeb noted that a Democratic candidate had been announced to compete with Chairman Stec in his bid for the State Assembly seat during the upcoming November elections. He stated that the Board worked well and very productively together but its true metal of quality would be tested through the election season. Mr. Loeb added that while he wished both candidates luck in their respective campaigns, he hoped the Board would continue to work together in the best interest of the citizens of Warren County. Chairman Stec responded by thanking Mr. Loeb for his comments and stating that he had no doubts that the Board would, indeed, continue its fine work, regardless of the upcoming election.

Chairman Stec announced the next agenda item pertained to the report by the County Administrator. Mr. Dusek advised that at a point deemed appropriate, he would require an executive session to discuss Union negotiation matters. He said he would defer to the County Attorney to expound upon a legislative matter brought to their attention on the prior day. Mr. Auffredou advised of proposed legislation coming before the State Assembly and Senate which could possibly be considered before the close of the current Legislative Session. He explained the proposed legislation pertained to Section 50(e) of the General Municipal Law which provided for the notification received as a precursor to a claim or litigation being filed against a County involving either personal injury or property damages. Mr. Auffredou apprised that the Law in its current state required that Notices of Claim be filed within 90 days of the event giving rise to the damages and served upon the responsible party at the County who was authorized by law to accept service on behalf of the County for actions pending, or to be pending, in Supreme Court; he added that the responsible parties were currently the Chairman of the Board, the Clerk of the Board, the County Treasurer and himself. He continued that the proposed legislation would change Section 50(e) of the General Municipal Law to state that the Notice could be served to the Secretary of State who was then supposed to promptly forward it to the responsible party at the County level. Mr. Auffredou said the concern raised by himself and Mr. Dusek, as well as members of the County Attorney's Association, was that this would provide a delay for Counties to be notified of claims filed and investigate them, which was the whole purpose behind the prior notification provision. He apprised of a telephone conference scheduled for the following Monday with members of the County Attorney's Association which he intended to participate in to further discuss this matter. Mr. Auffredou noted there was also an amendment to the legislation proposed which, in his opinion, could prove potentially devastating to Counties, in that as the Law stood currently, if there was a defect in the content of the Notice of Claim, one could make an application to the Supreme Court and if it was determined to be a good faith excuse, the Supreme Court was authorized to excuse the neglect; however, he added, the good faith could not extend to the timing or the manner in which the Notice was filed. He expounded the proposed change to the legislation would state that one could offer a good faith excuse to the Court for who was served and when; the concern being this would essentially eviscerate the defense any County would have to raise that a Notice of Claim was not served properly or in a timely manner. Mr. Auffredou stated that this was an important mechanism for the County to have and the changes indicated were of particular concern; therefore, he said, he was requesting approval of a resolution authorizing the Chairman of the Board, with his recommendation, to send a letter to the State expressing opposition, and/or concern, to the proposed legislation.

Motion was made by Mr. Bentley, seconded by Mr. Monroe and carried unanimously to waive the rules of the Board requiring a resolution be in writing; Joan Sady, Clerk of the Board, noted this would be Resolution No. 408.

Motion was made by Mr. Bentley, seconded by Mr. Mason and carried unanimously to authorize the Chairman of the Board to submit a letter to State officials, with advisement from the County Attorney, expressing concern and opposition to amendments to the General Municipal Law; Mrs. Sady noted this would be Resolution No. 409.

Chairman Stec noted that proposed Resolution No. 405 included SEQRA (State Environmental Quality Review Act) documentation for the Lake George Environmental Park Project and he asked Mr. Auffredou to proceed with an overview of the information included therein. Mr. Auffredou advised the Short Environmental Assessment Form (SEAF) attached to proposed Resolution No. 405 indicated no significant environmental impact would result from the Lake George Environmental Park and he said that if adopted, the resolution would authorize the Chairman of the Board to sign said document and issue a Negative Declaration for the project. He pointed out that copies of the SEAF, as well as the tentative Negative Declaration document, were attached to proposed Resolution No. 383. The Board members had no questions for Mr. Auffredou in regards to the information included on either the SEAF or Negative Declaration documentation.

Chairman Stec called for the reading of communications and Mrs. Sady read them aloud as follows:

Minutes from:

Warren/Washington Counties IDA.

Monthly Report from:

Weights & Measures.

NYS Dept. Of Civil Service, First Quarter Empire Plan Experience Report for 2012;
Capital District Regional Off-Track Betting Corporation, January and February 2012
Financial Reports and April surcharge in the amount of \$6569;

Town of Lake George, Res. No. 106 of 2012 authorizing the Board to enter into discussions and proceed with investigation into purchase of 1/3 interest in the West Brook Project.

Communications, resolutions and reports ordered placed on file.

Continuing with the agenda review, Chairman Stec called for a reading of resolutions and discussion.

With respect to proposed Resolution No. 377, Authorizing County Treasurer to Close Certain Road Construction Projects, Mr. Merlino noted that one of the road projects to be closed and the remaining funding transferred to the Corinth Road Reconstruction Project was located in the Town of Lake Luzerne. He said he was opposed to this action as there were other roads within the Town that could be repaired using these funds and he felt that when monies were attributed to projects within a town, any unused funding should remain to assist with other road projects. Mr. Merlino stated that although he understood the funds were being transferred to assist with expenses on a larger construction project, they could have been used to address a stretch of highway that he had received numerous resident complaints about. As with the amount of occupancy and sales tax revenues received, he said this was another instance where the smaller towns seemed to be "short-changed".

Mr. Strainer stated his opposition to proposed Resolution No. 374, Authorizing the Superintendent of the Department of Public Works to Charge a Preferred Parking Fee During the Adirondack Balloon Festival at the Floyd Bennett Memorial Airport, expounding that a considerable amount of taxpayer dollars were expended to maintain the Airport facility and the Adirondack Balloon Festival represented the only opportunity for all residents to use it. Therefore, he said, he was opposed to assessing parking fees during the event and he requested a roll call vote for the resolution. Mr. Loeb commented that the preferred parking fee would only be charged for a small portion of the parking in a prime location and Mr. Strainer responded that he felt this resolution would only open the door for more extensive parking fees to be charged in the future.

Concerning Resolution No. 385, which he had previously requested a roll call vote for, Mr. Loeb opined that approval of the resolution in support of Senate Bill No. S5629-B and

Assembly Bill No. A6575 would relay a message that Warren County intended to raise the local sales tax percentage at their first opportunity. He recalled impassioned discussions previously held by the Board regarding a proposed sales tax increase, following which they had wisely decided against, and he stated his opposition to the initiative being presented. Chairman Stec stated that he completely disagreed with Mr. Loeb's feeling that approval of the resolution guaranteed a sales tax increase, while conversely, Mr. Kenny agreed. Mr. Kenny added that he would vote against the proposed resolution and noted that the State had denied every request for a sales tax increase presented in 2012. Mr. Monroe apprised that of the 62 counties in New York State, all but 5 had increased the sales tax charged to an amount higher than 7%, and 3 of the remaining 5 were moving towards an increase. He commented that the increased sales tax revenues could be used to reduce property taxes which were required to be paid in a lump sum with the consequence of not paying being the risk of losing ones home. Regardless of opinions as to whether or not the sales tax should be raised, Mr. Monroe stated that the decision should be made at the County level, rather than at the State level, as would be accomplished by the proposed Senate and Assembly Bills. Mr. Taylor said he agreed with Mr. Loeb's comments, adding that they should make it as difficult as possible to raise the sales tax and noting his opinion that additional sales tax revenue would only encourage increased spending. Mr. Bentley stated that the 1,400 residents of the Town of Horicon contributed 5% of the County tax levy while in comparison, the 12,000 residents of the City of Glens Falls paid only 8% and he said an increase in sales tax would help to even this out appropriately. Mr. Thomas opined that it was not appropriate for the State to have the ability to essentially hold certain counties hostage by refusing to renew approval on increased sales tax amounts which were already being collected and included in the budgets being prepared. Mr. Strainer said he agreed with all of the points being made; his only concern was that there were no provisions in place to ensure that revenues received by virtue of an increased sales tax percentage would be dedicated solely to property tax reduction; he added that if these assurances were made, he would be in favor of the resolution. Responding to Mr. Strainer's comment, Mr. Girard advised that this would be part of the discussion undertaken when deciding whether or not to implement an increase. He noted that in past years they had been able to appropriately reduce the County Budget by reducing expenses, positions and programs where necessary but they were facing another difficult budget year which could be assisted by sales tax collections paid primarily by visiting tourists. Mr. Girard continued there were no more easy solutions to meet the budget constraints and a sales tax increase may become necessary, at which point they might need to vote in favor of the measure and deal with the consequences, even if it meant not being re-elected. Mr. Mason said that he too agreed with all of the opinions stated, but said he would be voting against the resolution. Mr. Taylor pointed out that when a sales tax increase was previously proposed, he had prepared an analysis which reflected that residents would be paying more through the sales tax increase than they would for the property tax increase proposed at that time. Mr. Monroe clarified that the issue at hand was not whether a sales tax increase was appropriate, but whether or not the decision should be made by the individual County or the State and he asked the Board members to keep this point in mind when voting on the resolution. Chairman Stec stated that although he was vehemently opposed to raising taxes and would vote against that measure, he felt the final decision should be made at the County level, rather than by the State. He concluded that the manner in which any Board member voted for Resolution No. 385 was not indicative of their feelings regarding a sales tax increase.

Mr. Thomas requested a roll call vote for Resolution No. 400, Supporting Re-Appropriation of Ownership Shares of the Former Gaslight Village Property Among the County of Warren, Village of Lake George and Town of Lake George.

Mrs. Sady advised that Resolution Nos. 341 through 403 were mailed. She informed that Resolution No. 398 was mailed and a corrected version was included in each Board member's resolution folder; Mrs. Sady noted that a motion was necessary to approve Resolution No. 398, as amended.

Motion was made by Mr. Geraghty, seconded by Mr. Sokol and carried unanimously to approve Resolution No. 398, as amended.

Mrs. Sady pointed out the resolutions relating to the filling of vacant positions were Nos. 359 - 363, and unless a roll call vote was requested, all would be approved in the collective vote. She then announced that a motion was necessary to bring Resolution Nos. 340 and 404 - 407 to the floor.

SCHEDULE "A"

DECLARATION OF USES AND RESTRICTIONS

PURPOSE

It is the desire and intention of Warren County ("County") to develop a business park for low impact, non-polluting technology and light industrial enterprises to create jobs and increase the tax base, to impose covenants, conditions and restrictions upon the land for the benefit of both the property and the community of which it is a part; and to ensure that the property is developed in ways that are compatible with both the natural and developed environments of the area. To these ends, County has adopted standards to:

- A. Insure property use and appropriate development of the park as a whole and for the improvement of each building site in the park;
- B. Protect the owners and tenants of building sites therein against any use which may be incompatible with the purposes of the park;
- C. Guard against the erection of structures built of improper or unsuitable materials;
- D. Encourage erection of harmoniously located, attractive improvements in the park;
- E. Secure and maintain proper setbacks from streets and provide adequate free space between structures;

- F. Provide ample uncontested space and circulation for all owners and tenants; and
- G. Provide maximum flexibility for expansion, changes in use and adaptation for owners and tenants.

The following standards are to be used by architects, engineers and builders when preparing plans for structures to be located within the industrial park. Nothing below is to be construed, however, as allowing exceptions to any local, state or federal statute, law or ordinance, nor does it guarantee approval.

BE IT ENACTED, by the Board of Supervisors of the County of Warren, New York, as follows:

SECTION 1. Legislation Intent and Purpose. This Local Law is enacted to supercede County Law Section 215 and authorize the Warren County Board of Supervisors ("Board of Supervisors"), in the name of and on behalf of the County of Warren, to enter into a lease of the property identified in Section 3 hereof and thereby obtain a reasonable return on property not needed for County purposes. The purpose of superceding County Law Section 215 is to avoid the need to advertise and lease a portion or all of the property identified in Section 3 hereof to the highest bidder following public auction. This will provide the Board of Supervisors, for the benefit of the County, authority to lease a portion or all of the property identified in Section 3 to a single tenant or to multiple tenants that the Board of Supervisors determines to be compatible with the nature of the property, the County's ownership rights and County goals and interests - as opposed to selecting a tenant based on the amount bid in response to specifications. Of concern is the retention of the ability to select and maintain sufficient control over a tenant, the use of the property and the terms of the lease agreement to: (1) help protect the County from liability arising out of possible environmental contamination for which the County agreed to be responsible for in an agreement made with Ciba-Geigy Corporation at the time of acquisition of certain real property (the real property described in Section 3 being a portion thereof) in 1991; (2) continue the use of a portion or all of the property as a recycling facility or other compatible uses; and (3) be able to terminate any lease on six (6) months notice in order to allow the property to be used for other more economically beneficial uses that may be identified by the Local Development Corporation for Warren County.

SECTION 2. County Law Section 215 Amended and/or Superseded. It is the intent of this Local Law to supercede County Law Section 215(6) which provides that property no longer necessary for public use "...may be sold or leased only to the highest responsible bidder after public advertisement." It is desired to provide authority for a private lease of certain County property more specifically described in Section 3 hereof under the circumstances set forth in this Local Law and without public advertisement or auction.

SECTION 3. Description of County Owned Real Property Affected by Local Law. The property which is the subject of this Local Law is described as follows: all or a portion of a recycling building and the bailer, scale and scale house, and other fixtures contained therein, and 5.1 acres of land or a part or portion thereof and a limited non-exclusive and non-transferrable license to use designated access roads. The property lies and exists on the southerly side of New York State Routes 254 and 32B (also known as Lower Warren Street) in the Town of Queensbury, Warren County, New York. While this Local Law anticipates initially a lease to a single specific entity, it is anticipated that the County shall lease only a portion of the identified property to a single specified entity and the property description shall

not be deemed to require the County to lease all of the identified property. Notwithstanding the foregoing, the Board of Supervisors is authorized to lease a portion of the property to a single specified entity and/or thereafter amend the lease with the single specified entity to include additional portions of the property or the property that are not the subject of the initial or any amended lease agreement between the County and the single specified entity, or enter into leases with one or more other tenants to be determined and as deemed appropriate by the Board of Supervisors for the rental of portions of the property not leased to the single specified entity. Further, any lease of a portion or all of the property may be subject to any terms or conditions deemed advisable by the Board of Supervisors. The Board of Supervisors shall also, at all times, have the authority hereunder to add other property rights as may be reasonably related to the described property.

SECTION 4. Authorization to Lease Certain County Property in the Town of Queensbury. The Board of Supervisors is hereby authorized and empowered, without public advertisement or auction and in the name of and on behalf of the County, to enter into a lease with D&G Recycling, LLC for a portion or all of the County owned real property described in Section 3 hereof together with such other reasonably related property rights as the Board of Supervisors may deem appropriate, provided that: (A) the monthly rental is in an amount determined by the Board of Supervisors to represent a reasonable return; (B) the lease is for a term up to but no longer than five (5) years; (C) the use of the property be limited to that of a recycling business or other uses the Board of Supervisors determines to be compatible with and appropriate for the property; (D) the Lessee provides insurance and agrees to defend, indemnify and hold harmless the County, its boards, officers, employees and agents to the extent to be determined by the Board of Supervisors; and (E) the lease agreement may contain such other and further terms and conditions as may be deemed advisable by the Board of Supervisors and be generally in a form approved by the County Attorney. Notwithstanding any terms herein to the contrary, this Local Law empowers the Board of Supervisors to enter into an amended or additional lease agreement with D&G Recycling, LLC or leases with other entities to rent all or part of the remaining portions of the real property described in Section 3 hereof that are not subject to the initial lease agreement between Warren County and D&G Recycling, LLC, provided that any such lease is subject to the terms and conditions specified "A" through "E" of this Section 4, and specifically the monthly or periodic rent represents a reasonable return and is in an amount approved by Resolution adopted by a majority vote of the Board of Supervisors, and, prior to execution of any such lease, the Board of Supervisors, by resolution adopted by a majority vote has made a determination as to whether the portion of the property described in Section 3 hereof to be leased is needed for County purposes.

SECTION 5. Nature and Extent of Authority. Determination that the County property is not needed. The authority provided in Section 4 hereof is optional and the Board of Supervisors shall at all times have the option of authorizing or not authorizing a lease of any portion or all of the property as allowed herein for by this Local Law or State Statute. Further, this Local Law shall not be deemed to require the Board of Supervisors to authorize a lease of the property in part or in entirety to D&G Recycling, LLC or any other entity or individual if the Board of Supervisors is unable to obtain an agreement upon terms agreeable to the Board of Supervisors, or if the Board of Supervisors should determine, at any time including after the date this Local Law shall become effective, that it is in Warren County's best interest, for whatever reason, not to complete any of the transactions authorized by this Local Law. Finally, the Board of Supervisors shall, by resolution adopted by majority vote and before authorizing any lease agreement, make a determination as to whether the portion of the property to be leased is needed for County purposes.

SECTION 6. Local Law Subject to Referendum on Petition. This Local Law shall not take effect until at least forty-five (45) days after its adoption nor until approved by the affirmative vote of a majority of the qualified electors of Warren County voting on a proposition for its approval if, within forty-five (45) days after adoption, there shall be filed with the Clerk,

a petition protesting against such Local Law, signed and authenticated as required by the Municipal Home Rule Law of the State of New York. The Clerk shall publish this Local Law or abstract thereof and take such further action as may be required by the Municipal Home Rule Law concerning this Local Law.

SECTION 7. Severability. If any clause, sentence, paragraph, subdivision, section or part of this Local Law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any Court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this Local Law, or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

SECTION 8. Effective Date. This Local Law shall take effect immediately upon filing in the Office of the Secretary of State.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, JULY 20, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:10 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Frasier.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 20.

Motion was made by Mr. Girard, seconded by Mr. Conover and carried unanimously, to approve the minutes of the June 15, 2012 Board Meeting, subject to correction by the Clerk of the Board.

Chairman Stec declared the Public Hearing for proposed Local Law No. 8 of 2012, entitled "A Local Law Superseding County Law Section 215 and Authorizing the Lease of a Portion of All of Certain County Owned Real Property in the Town of Queensbury Without Public Advertisement or Auction" open at 10:12 a.m. and he requested that Joan Sady, Clerk of the Board, read the Notice of Public Hearing for the Record; Mrs. Sady read the Notice of Public Hearing aloud, a copy of which is on file with the meeting minutes.

There being no comment on proposed Local Law No. 8 of 2012, Chairman Stec closed the Public Hearing at 10:14 a.m.

Chairman Stec advised he had no information to report; he called for reports by Committee Chairmen on the past month's activities or meetings and the following gave verbal reports: Supervisor Bentley, Public Works; Supervisor Merlino, Tourism; Supervisor Strainer, Human Resources and Community College; Supervisor Sokol, Health Services; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Geraghty, Budget; Supervisor Conover, Personnel; Supervisor Monroe, Legislative & Rules and Gaslight Village Ad Hoc; Supervisor Girard, County Facilities and Extension Services; Supervisor McDevitt, Mental Health; Supervisor Taylor, Economic Growth & Development; and Supervisor Loeb, Social Services.

Mr. Bentley announced that several resolutions had been approved by the Public Works Committee at their recent meeting. He advised proposed Resolution Nos. 456, "Resolution Amending Resolution No. 196 of 2012 - Authorizing Intermunicipal Agreement with the Village of Lake George for Operation of County Owned Beach Road Parking Lot", and 457, "Resolution Amending Resolution No. 250 of 2012 - Authorizing Intermunicipal Agreement with the Village of Lake George for Maintenance and Revenue Collection at the West Brook Parking Lot", were both approved through a post-Committee request process and he asked Martin Auffredou, County Attorney, to explain the purpose of both.

Mr. Auffredou recalled that Resolution Nos. 196 and 250 of 2012 had been adopted at prior Board meetings to authorize the Village of Lake George to operate the County-owned Beach Road and West Brook parking lots and establish a mechanism for the splitting of parking revenues collected which essentially allowed the Village to retain 75% of collections and called for the remaining 25% to be turned over to Warren County. He continued that following a recent meeting with Robert Blais, Mayor of the Village of Lake George, it had been determined that revisions to Resolution No. 196 of 2012 were necessary to a) clarify that the Village would remit 25% of the annual net proceeds to Warren County, with the term "net proceeds" to be defined as the gross revenues received in cash and/or credit card payments from the parking meters only, less any third-party contractual credit card processing fees charged to the Village; and b) to confirm that the Village would retain all fines and penalties collected for violations of local laws, rules and regulations enforced by the Village of Lake George, as identified in proposed Resolution No. 456. Mr. Auffredou expounded that proposed

Resolution No. 457 sought to amend Resolution No. 250 of 2012 to modify the termination language included in the intermunicipal agreement for operation of the West Brook parking lot. He advised the original agreement had included verbiage indicating the agreement could be terminated by either party upon 30 days written notice and they sought to alter the agreement to reflect that either party would be able to terminate the agreement by giving notice in December of any year of the five-year contract term.

As Chairman Stec advised it was the appropriate time to do so, Mr. Auffredou continued that an additional proposed resolution had been distributed to the Board members concerning the adoption of regulations prohibiting trespassing on County property surrounding the Hadley-Luzerne Bridge. He noted that the Bridge, which was jointly owned by Saratoga County, had become the site of numerous unsafe and offensive activities including jumping off of the Bridge into the turbulent and rock filled waters of the Hudson River below, interfering with vehicular traffic on the Bridge and littering and defacing of the walls beneath the Bridge with vulgar and unsightly graffiti. Mr. Auffredou apprised that in an effort to alleviate these issues, Saratoga County had proposed local legislation banning such activities from their portion of the Bridge and surrounding property and they had requested that Warren County do the same in order to stop such activities from legally taking place on the Warren County side of the Bridge and surrounding property. He stated that the proposed resolution would provide regulations similar to those being considered by Saratoga County and allow law enforcement officials to enforce them, rather than a local law which would take at least two months to approve due to public hearing requirements; however, Mr. Auffredou added, the regulations could be converted to a local law in the future, if that action was determined to be necessary.

Speaking as the Supervisor for the Town of Lake Luzerne, Mr. Merlino stated he was supportive of the proposed resolution and the regulations it would impose. He noted that although these problems had been present for some time, activities around the Bridge had recently increased following video postings on the popular YouTube website of people jumping from the Bridge or the surrounding rock ledges. Mr. Merlino advised these activities were very dangerous and he said a number of people had died over the years; he added that due to the conditions of the Hudson River beneath the Bridge, which included fast water and strong currents, professional rescue dive teams were not able to enter that section of water when a swimmer was lost. He confirmed that Saratoga County had adopted their local legislation earlier in the week and he stated his concern that if Warren County did not do the same, the activities would simply be moved to the Warren County side of the Bridge, where they remained legal. Mr. Auffredou interjected the penalty for violation of the imposed regulations would be a fine not exceeding \$100 and up to 30 days in jail. Chairman Stec announced that the resolution proposing trespassing regulations for the Hadley Luzerne Bridge would be No. 461.

Concluding his report, Mr. Bentley noted proposed Resolution No. 441, Increasing Capital Project No. H199.9550 280 Corinth Road Reconstruction; Authorizing Transfer of Funds and Amending Warren County Budget for 2012, and he clarified that the resolution actually sought to add monies being contributed by the Town of Queensbury and National Grid, but would not raise the total cost of the Project. Chairman Stec confirmed this point and advised it should be the last resolution of this type as the Project was complete and would be closed shortly.

Returning to discussion on proposed Resolution No. 456, Chairman Stec apprised he had been involved in the meeting with Mayor Blais and recalled that agreements had been made to indicate the County would expect remittance of 25% of all revenues collected from parking meters for the first year of the contract; however, he added, they would receive 25% of all revenues, including those for the Village's contracted events, for the following years. Chairman Stec explained Mayor Blais had reasonably requested that the Village's contracted events be removed from the revenue totals for the current year as the Village had already included those anticipated revenues in their 2012 operating budget. He then questioned whether the resolution could be amended to reflect these indications and Mr. Auffredou replied affirmatively.

Mr. Merlino advised that while the Tourism Committee had not met, the Tourism Department had been hard at work. He said television and print advertisements had been very successful, bringing in over 120,000 requests for travel information so far this year. Mr. Merlino noted the 2013 Travel Guide was currently in production and many events were being attended to promote tourism in Warren County. In conclusion, Mr. Merlino apprised that he and his grandchildren had attended the Big Apple Circus which was currently performing at the former Gaslight Village Property in the Village of Lake George; he added that the performance had been very enjoyable, although relatively expensive.

With reference to the Human Services Committee, Mr. Strainer said a regular meeting had been held on June 26th to address typical matters. He continued that on June 29th, a joint meeting of the Community College and Finance Committees had been held at SUNY Adirondack to discuss their proposed 2012-2013 operating budget, as represented by proposed Resolution No. 443, Approving Tentative Budget for SUNY Adirondack and Providing for Public Hearing. Mr. Strainer apprised during this meeting, staff from the Washington County Real Property Tax Services Office had made a powerpoint presentation detailing the number of college attendees in Washington County, as well as which educational institutions they attended, and he commented that this information had been very interesting.

Mr. Sokol announced the Health Services Committee had met on June 26th during which they had reviewed the Annual Financial Report for the Westmount Health Facility which reflected a very good fiscal condition and operation at a 3:1 revenue to expense ratio. He commented that the facility's strong financial state was due primarily to the amount of IGT (intergovernmental transfer) payments received in 2011 and he noted it was unknown whether future IGT contributions would remain at the same level or decrease. Additionally, Mr. Sokol advised that laundry services for Countryside Adult Home would no longer be provided by the Westmount Health Facility as they would be contracted to a private vendor; he said the Westmount laundry staff would be reduced accordingly, attaining a minimal savings in salary costs to the County. Referring to the special Health Services Committee meeting that had preceded the Board meeting that morning, Mr. Sokol stated two personnel related requests had been approved for the Westmount Health Facility, one to set the salary of the Leisure Time Activities Director at \$34,561 and the other to fill the vacant position of Leisure Time Activity Aide #2 which was a part-time position with a salary of \$14,529. He pointed out that the Leisure Time Activities Director required a specialized candidate with appropriate education who was able to deal with the complex needs of persons afflicted with dementia and he noted that in comparison to other facilities, the level of staffing for these types of services was relatively low. Paul Dusek, County Administrator, interjected that approvals had been provided by the Social Services Committee to fill the vacant part-time position of Leisure Time Activity Aide #2 and to set the salary of the Leisure Time Activities Director at \$34,561, contingent upon Union approval, as this position was in the bargaining unit.

Continuing with his review, Mr. Sokol noted proposed Resolution No. 451, Amending Agreement with Dorothy Grover, Physical Therapist, to Include Staff Education for Therapists, which would allow for one to two educational sessions to be provided each year at a cost of \$250 per session. He added that grant monies were available to fund the session costs and the resolution presented would allow the start of the process to attain it. Mr. Sokol pointed out proposed Resolution Nos. 433 and 434, authorizing the Director of Public Health/ Patient Services to fill the vacant positions of Public Health Nurse #15 and 35 due to resignation, and he advised that although approval was being requested for fill both positions, Patricia Auer, Director of Public Health/Patient Services, had agreed to fill one immediately and wait to fill the other until a need for the position was determined and confirmed by the County Administrator.

With reference to the most recent meeting of the Finance Committee, Mr. Thomas said a number of resolutions had been approved which were represented in the resolution packet and he specifically identified proposed Resolution No. 438, Ratifying the Actions of the Chairman of the Board Regarding the Execution of a Cooperative Agreement with New York

State Department of Environmental Conservation to Provide Fuel for Marine Patrols on Lake George, as well as Resolution No. 443, Approving Tentative Budget for SUNY Adirondack and Providing for Public Hearing. Mr. Thomas commented that the tentative budget for SUNY Adirondack for the 2012-2013 academic year totaled \$26,428,260, a 1.5% increase from the prior year, of which Warren County's portion would be \$1,844,538. Concluding his report, Mr. Thomas apprised the Finance Committee had discussed the possibility of attaining forestry services to log the County-owned property located on Route 9, directly opposite the Municipal Center campus, following which an RFP (request for proposal) was authorized for realtor services to re-evaluate the property and provide an opinion on the matter.

Mrs. Wood apprised that the Public Safety Committee had approved proposed Resolution No. 460, Authorizing a Memorandum of Understanding with Washington County to Serve as an Emergency Alternate Dispatch Center for the Sheriff's Office, at their June 25th meeting. Additionally, she noted a ribbon cutting ceremony had been held for the Emergency Services Training Center on July 13th and a demonstration of the Mass Confidence Building had been provided. She noted that a number of her fellow Supervisors had attended the event and she thanked them for being present; additionally, Mrs. Wood thanked Brian LaFlure, Fire Coordinator/Director of the Office of Emergency Services, and the DPW staff of both Warren and Washington Counties for their hard work and dedication in bringing the facility to fruition. Mrs. Wood advised Dede Scozzafava, Deputy Secretary of State for the State of New York, had also been in attendance for the event. Mrs. Wood then thanked Wayne LaMothe, County Planner, for his involvement in the preparation of an application that had been submitted which had allowed the Towns of Thurman and Bolton to receive a considerable amount of grant funding. In closing, Mrs. Wood noted that she had also attended the Big Apple Circus with her children and she echoed Mr. Merlino's prior comment that although the production had been very enjoyable, it had also been expensive. Mr. Dickinson pointed out that all of the seats offered for the Big Apple Circus were quite close to the ring with ticket prices ranging from \$10 - \$40 which allowed a means to reduce attendance cost.

Mr. Geraghty announced that lengthy meetings of the Budget Committee had been held on June 28th, July 11th and July 18th during which certain Department Heads had been asked to make presentations on prior and anticipated overtime costs and the County's health insurance broker had been invited to take part in discussions relative to the premiums associated with health insurance coverage for active and retired County employees. He said there was still a lot of work to do on the five-year Budget plan being developed and he noted a majority of the Board of Supervisors had been in attendance for the Budget Committee meetings which he felt reflected a considerable interest in the future of the Warren County budget. Mr. Geraghty advised work on the 2013 Budget would continue through the month of August, concurrent with planning efforts for the five-year budget plan. On the prior day, he said several Supervisors had attended the meeting of the Inter-County Legislative Committee of the Adirondacks that had been hosted by Herkimer County in Old Forge, NY. Mr. Geraghty explained that during the meeting, a presentation had been made on biomass, which was very interesting and could prove to be beneficial in Warren County.

Referring to the Personnel Committee meeting held on July 11th, Mr. Conover noted a number of resolutions were approved, as represented by proposed Resolution Nos. 432 - 437. He stated that considerable discussion had ensued relative to the setting of the salary for the Fish Management Specialist position within the Division of Parks, Recreation & Railroad which was included in proposed Resolution No. 432, pursuant to which Mr. Dusek had identified a flaw in the process used to set salary ranges for certain positions that would be addressed in the future. With respect to the previous notation made by Mr. Sokol regarding action taken by the Health Services Committee earlier that morning to set the salary of the Leisure Time Activities Director and to fill the vacant position of Leisure Time Activity Aide #2, Mr. Conover pointed out that a resolution waiving the Rules of the Board requiring prior approvals from the Finance and Personnel Committees in matters such as these would be necessary and he suggested that, when appropriate, the Chairmen of the Finance and Personnel Committees should introduce them.

Motion was made by Mr. Conover, seconded by Mr. Thomas and carried unanimously to waive the Rules of the Board requiring a resolution be in writing regarding authorizing the Administrator of Westmount Health Facility to fill the vacant position of Leisure Time Activity Aide #2 (part-time) at Westmount Health Facility and amending the Table of Organization and Warren County Salary and Compensation Plan for 2012. Mrs. Sady advised this would be Resolution No. 462.

Motion was made by Mr. Conover, seconded by Mr. Thomas and carried unanimously to waive the Rules of the Board with regard to filling of vacant positions as set forth in Letter D, Section 8 of the Rules of the Board. Mrs. Sady advised this would be Resolution No. 463.

Motion was made by Mr. Dickinson, seconded by Mr. Conover and carried unanimously to authorize the Administrator of Westmount Health Facility to fill the vacant position of Leisure Time Activity Aide #2 (part-time) at Westmount Health Facility due to resignation. Mrs. Sady advised this would be Resolution No. 464.

Motion was made by Mr. Conover, seconded by Mr. Thomas and carried by majority vote, with Mr. Taylor voting in opposition, to amend the Table of Organization and Warren County Salary and Compensation Plan for 2012 to set the annual salary of the Leisure Time Activities Director at \$34,561, contingent upon Union approval. Mrs. Sady advised this would be Resolution No. 465.

Mr. Conover noted this type of action should not be relied upon in the future as there were certain procedures in place to allow appropriate Committee review; however, he added, when dealing with the public health arena, sometimes concessions of this sort were necessary.

Mr. Monroe advised proposed Resolution No. 414, Authorizing Chairman of the Board of Supervisors as the Designated Representative to Execute a Grant Agreement with the New York State Environmental Facilities Corporation for Green Innovation Grant Program Funding for the Sustainable Advancement of the Lake George Environmental Park, had been approved by the Gaslight Village Ad Hoc Committee. He also noted proposed Resolution No. 430, Supporting the Actions of the Adirondack Gateway Council to Undertake a Broad and Far Reaching Study of the Broadband Needs and Strategy for Warren and Washington Counties, that was approved by the Economic Growth & Development Committee which he was a member of. Mr. Monroe apprised he and Mr. Conover had met with Ed Bartholomew, Economic Development Director for the City of Glens Falls, and representatives of the Adirondack Gateway Council and the Development Authority of the North Country to discuss broadband needs and they had received a lot of new information. He continued that a \$250,000 grant application had been submitted to further the broadband study efforts, and if approved, any Local Share required would be provided by the Adirondack Gateway Council. Mr. Monroe said these actions were encouraging as great strides were being made elsewhere in the State to introduce the availability of broadband internet services to areas currently lacking them and he hoped Warren and Washington Counties would be included in those efforts, as well. He announced that another consolidated funding application had recently been submitted for additional grant funds in the amount of \$900,000 for development of the Charles R. Wood Park and following meetings with representatives of the Wood Foundation, it seemed favorable that the Foundation would provide additional funds, over and above the \$750,000 already committed, for the advancement of the Park project. Mr. Monroe apprised a design development report had been prepared by Elan Planning, Design & Landscape Architecture, PLLC for the Charles R. Wood Park which he was willing to share with anyone wishing to peruse it. Finally, Mr. Monroe commented that in early July the Town of Chester had held a dedication ceremony for its newly completed Veterans' Memorial which had drawn a very large crowd. He said the Memorial portrayed the names of close to 1,000 Town of Chester residents who had served in the Armed Forces dating back to the Revolutionary War up to the more recent War on Terror. Mr. Monroe said it had been a moving ceremony which had included a military flyover at the end. Chairman Stec advised that he had attended the ceremony and agreed that it had been very touching. He said both the monument and the number of people in attendance at the dedication ceremony had been impressive.

Mr. Girard announced that pursuant to the July 3rd meeting of the County Facilities Committee proposed Resolution Nos. 412, Authorizing Amendment to Conveyance of an Easement to the Town of Warrensburg for Purposes of Maintaining and Using a Third Well on County Property in the Town of Warrensburg, and 413, Authorizing Submission of Grant Application to Federal Aviation Administration/New York State Department of Transportation for Avigation Easement/Land Acquisition for Five Parcels in the Runway 30 Approach, had been approved. He explained proposed Resolution No. 412 was necessary to allow the Town of Warrensburg to drill a third well on County property to replace another that had gone dry. Mr. Girard further explained that proposed Resolution No. 413 pertained to Runway 30, which was the shorter of the two Airport runways, and had nothing to do with the proposed Runway 1-19 expansion project. He advised that appraisals had been received for the easements necessary to address penetrations to the protection zone surrounding the runway which had to be removed to maintain the existing FAA (Federal Aviation Administration) designations and the proposed resolution would authorize submission of an FAA grant application for the funding necessary to purchase the easements. With respect to the Extension Services Committee, Mr. Girard announced Dr. James Seeley had been reappointed as Executive Director of Cornell Cooperative Extension which he felt was a good thing as Dr. Seeley had done an excellent job serving in the capacity of Executive Director and he congratulated Dr. Seeley on this achievement. In closing, Mr. Girard noted Cornell Cooperative Extension would hold their annual fundraiser on August 25th at Cronin's Golf Course in the Town of Warrensburg.

Concerning the Mental Health Committee, Mr. McDevitt advised he had attended a series of meetings on mental health related issues and found there were several different area organizations involved in assisting people with developmental and substance abuse based issues. He advised that the amount of State and Federal funding proposed for 2013 which would be funneled to these organizations though Warren County was in excess of \$2.4 million, the Local Share of which was in the neighborhood of \$100,000. Mr. McDevitt stated this ensured a degree of local control for these monies and he opined that many organizations were able to provide a number of beneficial services to those in need while managing the funds provided in a very thrifty manner. Proceeding, Mr. McDevitt noted his involvement with the Centurion Bicycling event which had been a well organized event held in a picturesque area that incurred no participation costs and he said he hoped the event would return to the area in 2013. In conclusion, he requested a roll call vote for proposed Resolution No. 425, Resolution Requesting that State Legislators Require Anyone Receiving Public Assistance be Subject to Drug/Alcohol Testing.

Mr. Taylor pointed out proposed Resolution No. 431, Amending Resolution No. 396 of 2012 Regarding Submission of Grant Application to the New York State Consolidated Funding Application for Local Waterfront Programs, Public Facilities, Parks, Transportation or Economic Development, which had been approved by the Economic Growth & Development Committee at their last meeting. He explained this resolution would amend the prior version to allow submission of grant applications for multiple programs, rather than just one. Mr. Taylor advised the EDC (Economic Development Corporation) was working diligently to improve the County's loan portfolio and were currently addressing some default loan issues. The Warren/Washington Counties Industrial Development Agency (IDA) had recently provided final approval for the Hudson Falls Park Properties Project, Mr. Taylor advised, and he said a small ceremony had been held to celebrate the receipt of Empire State Development Shovel-Ready Status.

Concerning the Social Services Committee, Mr. Loeb announced the Department of Social Services was running very smoothly with staff that were able to address the considerable list of rules and regulations they were required to follow while providing assistance with compassion and empathy. He commented there were many other Departments within the County which were being successfully managed, but none with as many rules and regulations as the Department of Social Services. Mr. Loeb said it took a

special person to deal with the clients assisted at the Department of Social Services, many of whom were in misery, with patience and understanding. He then requested an explanation for proposed Resolution No. 427, Resolution Urging the United States Congress to Repeal a Portion of the Universal Service Fund Surcharge that Provides Free Cellular Telephone Service to "Income Eligible" Individuals, as he did not feel it clearly stated its intent. Mr. Loeb continued that in many cases, the resolutions written failed to provide key information detailing to the need for, or purpose of, the proposed resolution and he requested that in the future they be written in a manner that more clearly stated their intent.

Speaking as Chairman of the Legislative & Rules Committee that had approved the resolution, Mr. Monroe said he did not recall discussion on the matter and said he would be agreeable to tabling Resolution No. 427 until an explanation could be provided. Mr. Thomas interjected that he recalled the discussion leading to the approval of the proposed resolution which he had either motioned or seconded. He stated his opinion on the matter that there were many people without cellular phone coverage or a need for one, and those citizens should not be required to help subsidize the costs of cellular phone coverage for others. Mr. Westcott suggested that the matter be tabled and a request forwarded to Congressman Gibson's Office for an opinion on the matter.

Motion was made by Mr. Westcott and seconded by Mr. Monroe to table Resolution No. 427 and seek an opinion from Congressman Gibson's Office relative to the provisions for free cellular phone service to income eligible individuals. The motion was carried by majority vote with Supervisors Bentley, Mason, Merlino, Taylor and Thomas voting in opposition.

Chairman Stec announced the next agenda item pertained to the report by the County Administrator. Mr. Dusek noted documentation had been distributed to each member of the Board of Supervisors providing statistical information relative to overtime use and reportings for the various divisions of the Sheriff's Office. He advised the information had been compiled as the result of a request made during the Budget Committee meetings asking for a comparison study of Departmental costs for the Warren County Sheriff's Office in relation to those of other surrounding Counties. Mr. Dusek proceeded with a brief overview of the documentation provided, a copy of which is on file with the minutes. He pointed out it had been difficult to determine what facilities the Warren County Sheriff's Office should be compared to and they had made selections based on population and distance in relation to Warren County. Additionally, Mr. Dusek stated it had also been difficult to classify positions as those considered to be part of the Law Enforcement Division varied from County to County; for example, he cited that some Counties included clerical positions under this designation, while others did not. For this reason, he said allowances had been made in the report to account for this issue by separating certain sections of the budget to make appropriate fiscal comparisons and he pointed out the various footnotes included in the documentation to outline these factors.

Mr. Strainer noted that Warren County had roughly half the population of Saratoga County and he questioned why the inmate counts for Warren County were so much higher than those reported for Saratoga County. Mr. Dusek responded the information provided reflected the information garnered by his staff upon calling each County facility; additionally, he pointed out that the City of Saratoga Police Department might have its own jailing facility where offenders were detained and those figures were not accounted for in this report. Mr. Dusek advised he would make inquiries to find this information. Mr. Strainer then questioned what the average stay for a Warren County incarcerate was and Mr. Dusek advised that he did not have this information available but said he would find out. Mr. Vanselow asked if the inmate figures included persons boarded in from other Counties and Mr. Dusek responded affirmatively; Mr. Vanselow concluded that this factor could be the reason for the difference in inmate population figures.

Mr. Monroe recalled prior discussions indicating that it was virtually impossible to fill the jail facility to capacity due to segregation regulations imposed by the State. He noted that the figures reported for Madison County reflected that all 124 of their available beds were filled

and he questioned how this was possible based on the State's regulations. Mr. Dusek replied he did not have a response for this question as the statistics provided were simply based on telephone inquiries made by his staff to provide basic inmate population information. He said that further research was necessary to determine the procedures used to allow facilities to be filled to capacity.

Mr. Mason said he was concerned with the use of budgeted figures in the report and preferred the use of actual budgetary expenses to provide a better comparison, even if they had to use the prior years expenses. He then pointed out the crime totals reported and noted it appeared that Warren County was severely crime ridden in comparison to other Counties of similar size. Mr. Dusek responded the crime figures reported had been obtained from the New York State Department of Criminal Justice Services and he said he had been surprised with the comparison, as well; he added that he would ask his staff to email Mr. Mason the crime statistic information for his review. Chairman Stec interjected the crime levels were likely affected by a number of factors including the influx of visitors to the area during the summer tourism season, the proximity of the Northway (I-87) and the possibility that the Warren County Sheriff's Office was more aggressive than surrounding Counties, just to name a few. Robert Swan, Undersheriff, interjected that another factor might be the specialized units employed by the Sheriff's Office, such as the Narcotics Investigators, which had led to increased arrests. Mr. Dusek reminded the Board members that Counties with city police departments, like the City of Saratoga Springs, had not been polled in this review and would increase the crime figures reported. Mr. Dusek stated that he would send a follow-up email to each member of the Board of Supervisors providing access to the information used relative to crime statistics, as well as the additional information requested on arrest and possible inmate figures for the City of Saratoga Police Department and the last year actual budgetary comparison figures requested by Mr. Mason.

Chairman Stec called for a reading of communications and Mrs. Sady read them aloud as follows:

Continuing the agenda review, Chairman Stec called for a reading of resolutions and discussion.

With respect to proposed Resolution No. 421, Authorizing Agreement with Edward Zibro d/b/a Warrensburg Bike Rally to use the Warren County Fairgrounds for Annual Bike Rally, Mr. Strainer noted that an event date was not included, but rather a vague time frame of "late May or early June" and he questioned whether this language would preclude other parties from using the property for events during this time. Mr. Auffredou indicated this generic language had been requested by Jeffery Tennyson, Superintendent of Public Works, and it was his understanding that Mr. Zibro had made commitments to bring the event to the area but it was difficult to specify exact dates, and that was why the time frame had been used. Mr. Tennyson added that the ten-day event had been held annually for the past ten years, always in the same time frame with the dates ranging to fit a time period encompassing two weekends and he said the time frame identified would allow them to shift the date of the event appropriately.

Mr. Auffredou noted that the resolution indicated annual concurrence from the Town of Warrensburg was necessary to continue the event. Mr. Strainer opined that the Fairgrounds property was a great asset to the County that should be better promoted to draw additional events to the area; he added his feeling that efforts to advertise the property might be hampered by the agreement if specific event dates were not indicated. Chairman Stec countered that the Warrensburg Bike Rally was a considerable event that maximized the use of the Fairgrounds property, rather than detracting from it. Additionally, Chairman Stec noted there were not many inquiries being made seeking use of the property, regardless of promotional efforts. Speaking as Supervisor for the Town of Warrensburg, Mr. Geraghty indicated the actual dates of the event would be revealed in the early spring of each year, long before the event was to be held, allowing for other events to be scheduled around it.

Mr. Westcott requested a roll call vote for proposed Resolution No. 413, Authorizing Submission of Grant Application to Federal Aviation Administration/New York State Department of Transportation for Avigation Easement/Land Acquisition for Five Parcels in the Runway 30 Approach. He stated that following his assessment of the Airport facility, he had learned it was an important infrastructure to Warren County and its users were very pleased with the services it provided. However, Mr. Westcott added, he felt that through his role as a Supervisor for the Town of Queensbury, it was his duty to scrutinize expenditures to determine whether they were appropriate and necessary, regardless of whether they were being made with grant funding, and to make sure that any grant dollars received were being spent wisely. He said the Airport had been operated for many years without the additional land and easement purchases proposed and he was not convinced they were necessary now. Additionally, Mr. Westcott stated his opinion that the proposed extension of Runway 1-19 was not necessary either and he asked the Board to reconsider the overall expansion of the Airport facility. In conclusion, Mr. Westcott summarized that while he was in favor of efforts to maintain the Warren County Airport in its current capacity because it was an important part of the County's infrastructure, he had serious reservations about the amount of money being spent at the facility in light of the State budget projections being made.

In response to a question posed by Chairman Stec, Mr. Tennyson clarified that Runway 30 was not being extended and he explained the acquisition of property and easements were necessary to address existing obstructions to protected airspace which had been an issue for some time. He said the FAA had been very patient with the County over the years as they addressed longstanding obstruction issues, allowing them to be attended to in small increments as funding allowed; however, he said, if they did not continue efforts to address the obstructions, the FAA would likely take steps to shorten the effective length of the runway, thereby changing the glide path and protected airspace so that the obstructions were no longer of consequence. Mr. Tennyson apprised the FAA grant funding attributed to this project was completely separate from that anticipated for the proposed Runway 1-19 expansion project. Mr. Westcott commented that regardless of the consequences, he maintained his opinion that the project should be tabled until a more thorough review could be performed to determine whether the County should be making purchases of private property and easements estimated to cost approximately \$700,000 which would require perpetual maintenance. Mr. Conover said it was important to keep in mind that the property/easement acquisition was intended to promote aviation safety and was based on the FAA program presently in place. He added that although he supported the initiative from the FAA's safety prospective, he did have some concerns about the financial issues and challenges presented.

Relative to his prior request for a roll call vote on proposed Resolution No. 425, Resolution Requesting that State Legislators Require Anyone Receiving Public Assistance be Subject to Drug/Alcohol Testing, Mr. McDevitt said he found the request concerning because every time the State became involved in processes such as this the County ran the risk of incurring substantial unfunded mandates; he added that if regulations such as those proposed came to fruition, a series of rules and regulations would be imposed by the State that the County would likely be required to impose at their own cost. Continuing, Mr. McDevitt noted

he also objected to approving resolutions for submission to the State that they knew would not be acted upon. He commented that although it should be automatically assumed that any social services benefits received should not be involved with alcohol or tobacco purchases, it would be very naive to think that it did not happen and he said if a person tested positive for alcohol use, it would be very difficult to prove that public assistance monies had been used to purchase the alcohol. Mr. McDevitt stated infrastructure, education systems and the availability of equal/adequate communication systems should be the County's primary focus and they should not become involved in establishing programs that ran the risk of incurring additional costs through State mandates. Mr. Kenny stated that he was in favor of the proposed resolution and stated quite simply that if a person could afford to purchase drugs or alcohol, they did not need public assistance. Mr. Strainer noted that the resolution should indicate that benefits would be affected following a positive testing for an illegal drug as some persons might be taking prescribed substances. Mr. Bentley commented that County DPW employees were subject to random drug testing where a positive result meant termination and he said he felt the same regulations should be applied to people receiving public assistance.

Mr. Vanselow pointed out one section of the proposed resolution which stated "...all payments for the drug/alcohol testing would be paid by the recipient, and if a negative test result occurs, the recipient would be reimbursed the cost of the test and the County Agency will reinstate the benefits being applied for..." and he questioned whether the act of testing would cause a suspension of benefits. Mr. Auffredou responded that prior to the Board meeting, Mr. McDevitt had contacted him to question this point, as well. He explained the resolution was simply asking the State to take certain action to require testing for individuals receiving public assistance and he advised that if such a law were passed, adequate safeguards would be developed and implemented by the State to ensure that benefits were not wrongly terminated, or that one positive test result would cease a person's benefits indefinitely. Mr. Vanselow apprised that other States with similar regulations had encountered issues with children being harmed by the cessation of benefits when a parent failed drug/alcohol testing and he said this was another potential issue to be addressed.

Chairman Stec stated that while he understood the points made by Mr. McDevitt and agreed the County resolution was not likely to prompt action at the State level, he did not believe they should refrain from approving or forwarding a resolution based on a pre-conceived notion as to how the correspondence would be received. He added that if the County had a strong opinion on a matter, they should share it, even though it might not be acted upon. Mr. McDevitt noted approximately 12% of Warren County's population received food stamps and the cost of administering alcohol and drug testing for these benefits alone would be substantial.

Relative to the amended verbiage requested for proposed Resolution No. 456, concerning the intermunicipal agreement with the Village of Lake George for collection of parking revenues at the Beach Road parking lot, which was discussed earlier in the meeting, Mr. Auffredou suggested the following be added: "Resolved, that beginning in 2013 and continuing thereafter for the balance of the contract term with respect to parking revenue generated through non-metered special events, the Village shall remit 25% of such revenue to the County and the Village shall retain 75% of such revenues." Chairman Stec stated that the verbiage proposed by Mr. Auffredou confirmed what was agreed upon in discussions with Mayor Blais. Mr. Tennyson pointed out there was a revenue source from annual leases that might not be captured as special events, such as those where events or vendors were set up in the parking lot areas and Mr. Auffredou suggested a further amendment to indicate the County would expect to receive 25% of all revenues including, but not limited to, non-metered special events and/or leases. Chairman Stec stated that as per prior discussions, the County would not receive a share of any revenues from the collection of parking tickets and fines and the resolution should indicate this, as well, and Mr. Auffredou agreed.

Motion was made by Mr. Bentley, seconded by Mr. Dickinson and carried unanimously to approve the amendments proposed for Resolution No. 456, as outlined above.

Mrs. Sady announced that proposed Resolution Nos. 411 - 457 were mailed. She noted that proposed Resolution Nos. 414 and 421 had been corrected subsequent to mailing and therefore a motion was necessary to approve them as amended.

Motion was made by Mr. Bentley, seconded by Mr. Sokol and carried unanimously to approve amendments to Resolution Nos. 414 and 421.

Proposed Resolution Nos. 433 - 437 and 464 related to the filling of vacant positions, Mrs. Sady advised, and she said that unless a roll call vote was requested, all would be approved in the collective vote. She then noted a motion was necessary to bring proposed Resolution Nos. 410, 458, 461, 464 and 465 to the floor.

Motion was made by Mr. Dickinson, seconded by Mr. Conover and carried unanimously to bring Resolution Nos. 410, 458 - 461, 464 and 465 to the floor. Chairman Stec noted that proposed Resolution No. 465 would require a roll call vote as it pertained to amending the Table of Organization and Warren County Salary and Compensation Plan.

Chairman Stec called for a vote on resolutions; Resolution Nos. 410 - 465 were approved with the exception of Resolution No. 427, which was tabled.

TO ENACT LOCAL LAW NO. 8 OF 2012

WHEREAS, a proposed Local Law was duly presented to the Board of Supervisors and considered by them, said proposed Local Law being entitled, "A Local Law Superceding County Law Section 215 and Authorizing the Lease of a Portion or All of Certain Warren County Owned Property in the Town of Queensbury without Public Advertisement or Auction", and

WHEREAS, the Board of Supervisors adopted Resolution No. 403 of 2012 on June 15, 2012, authorizing a public hearing to be held by the Board of Supervisors on the 20th day of July, 2012, at the Supervisors' Room in the Warren County Municipal Center on the matter of the proposed Local Law, and notice of such public hearing having been duly published and posted as required by law, and said public hearing having been held and all persons appearing at said public hearing desiring to be heard, having been heard, now, therefore, be it

RESOLVED, the Board of Supervisors of the County of Warren, New York, on this 20th day of July, 2012, does hereby enact and adopt Local Law No. 8 of 2012 as set forth in Schedule "A" annexed hereto, and be it further

RESOLVED, that the Chairman of the Board of Supervisors, Clerk of the Board of Supervisors, County Administrator and County Attorney are hereby authorized to make such minor modifications to the Local Law as deemed necessary, and are authorized to execute, file and publish the Local Law and take all necessary actions for the promulgation thereof.

SCHEDULE "A"

**COUNTY OF WARREN
LOCAL LAW NO. 8 OF 2012**

A LOCAL LAW SUPERCEDING COUNTY LAW SECTION 215 AND AUTHORIZING THE LEASE OF A PORTION OR ALL OF CERTAIN WARREN COUNTY OWNED PROPERTY IN THE TOWN OF QUEENSBURY WITHOUT PUBLIC ADVERTISEMENT OR AUCTION

BE IT ENACTED, by the Board of Supervisors of the County of Warren, New York, as follows:

SECTION 1. Legislation Intent and Purpose. This Local Law is enacted to supercede County Law Section 215 and authorize the Warren County Board of Supervisors ("Board of

Supervisors”), in the name of and on behalf of the County of Warren, to enter into a lease of the property identified in Section 3 hereof and thereby obtain a reasonable return on property not needed for County purposes. The purpose of superceding County Law Section 215 is to avoid the need to advertise and lease a portion or all of the property identified in Section 3 hereof to the highest bidder following public auction. This will provide the Board of Supervisors, for the benefit of the County, authority to lease a portion or all of the property identified in Section 3 to a single tenant or to multiple tenants that the Board of Supervisors determines to be compatible with the nature of the property, the County’s ownership rights and County goals and interests - as opposed to selecting a tenant based on the amount bid in response to specifications. Of concern is the retention of the ability to select and maintain sufficient control over a tenant, the use of the property and the terms of the lease agreement to: (1) help protect the County from liability arising out of possible environmental contamination for which the County agreed to be responsible for in an agreement made with Ciba-Geigy Corporation at the time of acquisition of certain real property (the real property described in Section 3 being a portion thereof) in 1991; (2) continue the use of a portion or all of the property as a recycling facility or other compatible uses; and (3) be able to terminate any lease on six (6) months notice in order to allow the property to be used for other more economically beneficial uses that may be identified by the Local Development Corporation for Warren County.

SECTION 2. County Law Section 215 Amended and/or Superceded. It is the intent of this Local Law to supercede County Law Section 215(6) which provides that property no longer necessary for public use “...may be sold or leased only to the highest responsible bidder after public advertisement.” It is desired to provide authority for a private lease of certain County property more specifically described in Section 3 hereof under the circumstances set forth in this Local Law and without public advertisement or auction.

SECTION 3. Description of County Owned Real Property Affected by Local Law. The property which is the subject of this Local Law is described as follows: all or a portion of a recycling building and the bailer, scale and scale house, and other fixtures contained therein, and 5.1 acres of land or a part or portion thereof and a limited non-exclusive and non-transferrable license to use designated access roads. The property lies and exists on the southerly side of New York State Routes 254 and 32B (also known as Lower Warren Street) in the Town of Queensbury, Warren County, New York. While this Local Law anticipates initially a lease to a single specific entity, it is anticipated that the County shall lease only a portion of the identified property to a single specified entity and the property description shall not be deemed to require the County to lease all of the identified property. Notwithstanding the foregoing, the Board of Supervisors is authorized to lease a portion of the property to a single specified entity and/or thereafter amend the lease with the single specified entity to include additional portions of the property or the property that are not the subject of the initial or any amended lease agreement between the County and the single specified entity, or enter into leases with one or more other tenants to be determined and as deemed appropriate by the Board of Supervisors for the rental of portions of the property not leased to the single specified entity. Further, any lease of a portion or all of the property may be subject to any terms or conditions deemed advisable by the Board of Supervisors. The Board of Supervisors shall also, at all times, have the authority hereunder to add other property rights as may be reasonably related to the described property.

SECTION 4. Authorization to Lease Certain County Property in the Town of Queensbury. The Board of Supervisors is hereby authorized and empowered, without public advertisement or auction and in the name of and on behalf of the County, to enter into a lease with D&G Recycling, LLC for a portion or all of the County owned real property described in Section 3 hereof together with such other reasonably related property rights as the Board of Supervisors may deem appropriate, provided that: (A) the monthly rental is in an amount determined by the Board of Supervisors to represent a reasonable return; (B) the lease is for a term up to but no longer than five (5) years; (C) the use of the property be limited to that of

a recycling business or other uses the Board of Supervisors determines to be compatible with and appropriate for the property; (D) the Lessee provides insurance and agrees to defend, indemnify and hold harmless the County, its boards, officers, employees and agents to the extent to be determined by the Board of Supervisors; and (E) the lease agreement may contain such other and further terms and conditions as may be deemed advisable by the Board of Supervisors and be generally in a form approved by the County Attorney. notwithstanding any terms herein to the contrary, this Local Law empowers the Board of Supervisors to enter into an amended or additional lease agreement with D&G Recycling, LLC or leases with other entities to rent all or part of the remaining portions of the real property described in Section 3 hereof that are not subject to the initial lease agreement between Warren County and D&G Recycling, LLC, provided that any such lease is subject to the terms and conditions specified "A" through "E" of this Section 4, and specifically the monthly or periodic rent represents a reasonable return and is in an amount approved by Resolution adopted by a majority vote of the Board of Supervisors, and, prior to execution of any such lease, the Board of Supervisors, by resolution adopted by a majority vote has made a determination as to whether the portion of the property described in Section 3 hereof to be leased is needed for County purposes.

SECTION 5. Nature and Extent of Authority. Determination that the County property is not needed. The authority provided in Section 4 hereof is optional and the Board of Supervisors shall at all times have the option of authorizing or not authorizing a lease of any portion or all of the property as allowed herein for by this Local Law or State Statute. Further, this Local Law shall not be deemed to require the Board of Supervisors to authorize a lease of the property in part or in entirety to D&G Recycling, LLC or any other entity or individual if the Board of Supervisors is unable to obtain an agreement upon terms agreeable to the Board of Supervisors, or if the Board of Supervisors should determine, at any time including after the date this Local Law shall become effective, that it is in Warren County's best interest, for whatever reason, not to complete any of the transactions authorized by this Local Law. Finally, the Board of Supervisors shall, by resolution adopted by majority vote and before authorizing any lease agreement, make a determination as to whether the portion of the property to be leased is needed for County purposes.

SECTION 6. Local Law Subject to Referendum on Petition. This Local Law shall not take effect until at least forty-five (45) days after its adoption nor until approved by the affirmative vote of a majority of the qualified electors of Warren County voting on a proposition for its approval if, within forty-five (45) days after adoption, there shall be filed with the Clerk , a petition protesting against such Local Law, signed and authenticated as required by the Municipal Home Rule Law of the State of New York. The Clerk shall publish this Local Law or abstract thereof and take such further action as may be required by the Municipal Home Rule Law concerning this Local Law.

SECTION 7. Severability. If any clause, sentence, paragraph, subdivision, section or part of this Local Law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any Court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this Local Law, or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

SECTION 8. Effective Date. This Local Law shall take effect immediately upon filing in the Office of the Secretary of State.

There being no further business to discuss, on motion made by Mr. Sokol and seconded by Mr. Westcott, Chairman Stec adjourned the meeting at 11:52 a.m.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, AUGUST 17, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:00 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Bentley.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 19.

Absent: Supervisor Merlino - 1.

Motion was made by Mrs. Wood, seconded by Mrs. Frasier and carried unanimously, to approve the minutes of the July 20, 2012 Board Meeting, subject to correction by the Clerk of the Board.

Before commencing with the agenda review, Chairman Stec recognized City of Glens Falls Councilman At-Large Dan Hall who was in attendance to make a presentation to the Board of Supervisors. Councilman Hall presented the Board of Supervisors with a framed panoramic photograph of the interior of the Glens Falls Civic Center hosting a sold out crowd in attendance for the Hometown Classic Jimmer Fredette basketball game held on December 8, 2010 which had subsequently been signed by Mr. Fredette who now played basketball at the professional level. He said the photo was being presented in appreciation for all of the efforts the County had made to assist both the City of Glens Falls and the Civic Center. A round of applause was given. Chairman Stec thanked Councilman Hall and the City of Glens Falls for their thoughtful gift and their kind words recognizing Warren County for its contributions. He said the current members of the Board of Supervisors, as well as their predecessors, had been as supportive as possible of the Glens Falls Civic Center and he noted that although the expenses associated with the facility were frequently scrutinized, as was typical with any facility of similar size, they recognized the tremendous economic impact it posed to the region. Chairman Stec continued that the County had partnered with the City of Glens Falls and private donors over the years to make several purchases for the Civic Center including new seats, video boards, sound systems and their most recent acquisition, an NCAA (National Collegiate Athletic Association) tournament played basketball court floor. He noted that the slightly used floor was essentially in "like-new" condition, but purchased for half the price of a new floor in unused condition, and would last for 20-30 years. Chairman Stec stated both the County and the City of Glens Falls were very pleased and proud of the accomplishments made by Mr. Fredette in achieving his status as a professional NBA (National Basketball Association) player, as well as the notoriety he had brought to his hometown of Glens Falls. Chairman Stec thanked Councilman Hall once again for the City's recognition of the County's efforts and advised that the photo presented would be hung prominently in the Board Room.

Commencing with the agenda review, Chairman Stec declared the Public Hearing for the proposed tentative budget for SUNY Adirondack for fiscal year 2012-13 open at 10:06 a.m. and he requested that Joan Sady, Clerk of the Board, read the Notice of Public Hearing for the Record; Mrs. Sady read the Notice of Public Hearing aloud, a copy of which is on file with the meeting minutes.

There being no comment on the proposed tentative budget for SUNY Adirondack, Chairman Stec closed the Public Hearing at 10:07 a.m.

Proceeding with his report, Chairman Stec advised the preliminary budgeting process was proceeding very well with meetings being attended by many members of the Board of Supervisors. He said a multi-year budgeting plan was being developed in a transparent manner allowing for thorough review, concurrently with a more specific plan for the 2013

County Budget. Chairman Stec advised several difficult decisions would have to be made through the budgeting process to maintain acceptable budget figures and he noted there was not much discretionary spending included in the preliminary budgets as they consisted mostly of funding for mandated programs. He pointed out one area of particular concern was Public Works budgets which although not mandated, were necessary for maintenance of the County's infrastructure, but represented a considerable cost. Chairman Stec concluded that the County had successfully faced more difficult budget situations in the past and he was confident they would do the same for the 2013 Budget.

Chairman Stec called for reports by Committee Chairman on the past month's activities or meetings and the following gave verbal reports: Supervisor Bentley, Public Works; Supervisor Strainer, Human Services; Supervisor Westcott, Mandate Relief; Supervisor Sokol, Health Services; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Geraghty, Budget; Supervisor Conover, Personnel; Supervisor Monroe, Real Property Tax Services and Gaslight Village Ad Hoc; Supervisor Girard, County Facilities and Extension Services; Supervisor McDevitt, Mental Health; Supervisor Taylor, Support Services; and Supervisor Loeb, Social Services.

Relative to the Public Works Committee, Mr. Bentley advised five resolutions had been approved. He pointed out proposed Resolution Nos. 487, Authorizing Supplemental Agreement No. 5 with Barton & Loguidice, PC for Additional Design Work Relating to the New York State Department of Environmental Conservation (NYSDEC) Owned Portion of Beach Road (CR 51/6) Reconstruction Project (PIN 1757.28), and 488, Authorizing the Implementation, and Funding in the First Instance 100% of the Federal-Aid and State "Marchiselli" Program-Aid Eligible Costs, of a Transportation Federal-Aid Project, and Appropriating Funds Therefore - Beach Road (CR 51/6) Reconstruction Project, which essentially allowed the engineering work for the NYSDEC owned portion of Beach Road to be included under the County's current engineering contract, as well as to provide appropriate grant funding reimbursements for the work so that there will be no cost to the County. Mr. Bentley also noted proposed Resolution No. 493, Approving and Authorizing Fourth Amendment to County of Warren, Town of Corinth, and Saratoga and North Creek Railway, LLC Railroad Licensing and Operating Agreement, which would allow the Saratoga and North Creek Railway to discontinue the Thomas the Tank Engine Event in favor of two others.

Mr. Westcott advised the Mandate Relief Sub-Committee had met and agreed to submit the first request for a mandate waiver; he then commended Paul Dusek, County Administrator, and his staff for the research work provided on this issue. He continued that the Committee had asked all of the Department Heads to identify any mandates associated with their respective Departments that were unnecessary or over-regulatory and could be submitted to the State through the mandate review process. Mr. Westcott explained the suggestions received from the Department Heads had been reviewed and narrowed down to the one chosen for submission, as represented by proposed Resolution No. 510, Requesting that New York State Mandate Relief Council Review Executive Law §§832 and §833, State Finance Law §98-b and County Law Article 18-b Concerning the Funding of Mandated Local Indigent Legal Services and Restrictions on the Manner in which the Services are Offered. He advised the proposed resolution sought a change to the current regulatory statutes so that the County would not be forced to spend money for services that were not necessary to the Public Defender's Office, allowing those funds to be transferred to other areas. Mr. Westcott concluded that although the mandate was well intentioned, it was not very well executed and its elimination could save the County up to \$200,000.

Relative to the Health Services Committee meeting held on July 27th, Mr. Sokol advised the installation of the new fire and sprinkler system at the Westmount Health Facility was nearing completion. He noted proposed Resolution No. 469, Authorizing Chairman of the Board to Execute an Amendment Agreement with North East Fire Protection Systems, Inc. for Change Order No. 1 due to Changes Discovered Relative to the Construction Services for Installation of Automatic Fire Sprinklers, Fire Alarm Panel Replacement and Carbon Monoxide

Detectors at Westmount Health Facility (WC 32-11), and advised that the items listed therein consisted of the final work necessary to complete the installation. Mr. Sokol advised proposed Resolution No. 469 had been amended to increase the amount of the change order by approximately \$1,900 to include the installation of a mag lock system and he further advised that the costs of all the work, including Change Order No. 1, would be covered by grant funding. With reference to proposed Resolution No. 470, Authorizing Agreement with Clinical Resources, LLC to Provide an Interim Director of Nursing at the Westmount Health Facility, Mr. Sokol apprised the person serving as the Director of Nursing had recently submitted her resignation and they were currently seeking another candidate to fill the position. In the meantime, he continued, the agreement with Clinical Resources, LLC would provide for the State mandated Director of Nursing position until it could be filled. As for the Public Health division, Mr. Sokol advised the resolutions proposed addressed typical contractual issues and he noted a recent newspaper article reporting on Warren County's recent efforts to assist Washington County by providing intravenous services which had been very positive.

Mr. Thomas apprised that during their August 8th meeting, the Finance Committee had approved proposed Resolution Nos. 466, 467, 503 - 508 and 520, all of which were included in the resolution packet. He briefly outlined each resolution, placing special emphasis on proposed Resolution No. 506, Resolution Establishing a Capital Reserve Fund to Finance a "Type" Capital Improvement; Authorizing Transfer of Funds and Amending Warren County Budget for 2012, which sought to create an Environmental Testing Fund to finance the costs of environmental restoration investigation projects with the source of funding for the Reserve to be proceeds from the annual tax foreclosure auction, as per the terms indicated in the proposed resolution. Respective to Resolution No. 508, Opposing \$50 Million Expenditure of State Funds to Purchase the Former Finch Pruyn Forest Lands, Mr. Thomas proposed an amendment to the included verbiage to properly indicate the Finance Committee's request for the \$50 million in funding earmarked for the land purchase to instead be appropriated for economic development of the various communities within the Adirondacks. Mr. Dusek questioned whether the intent of the amendment would be to continue opposition to the \$50 million expenditure of State funds for land purchases, as well as to request that the \$50 million in funds intended for this purchase be re-appropriated to communities located within the Adirondacks and Mr. Thomas replied affirmatively. Martin Auffredou, County Attorney, pointed out that in its current state, the resolution opposed the \$50 million expenditure for land purchases and requested that Governor Cuomo authorize a study of the economic and social impact of State land acquisitions in the Adirondacks before any additional purchases were made. Mr. Thomas responded that while a study was nice, funding for economic development would be more appropriate, in his opinion. Chairman Stec noted that the paragraph reading "RESOLVED, that the Warren County Board of Supervisors hereby strongly opposes the Fifty Million Dollar (\$50,000) expenditure of New York State funds to purchase forest lands, and hereby requests that New York State provide funding to local governments to offset reductions in State funding programs" could be amended to appropriately incorporate the revisions suggested by Mr. Thomas and he said he recalled the discussions held by the Finance Committee had included this desire.

Mr. Monroe commented that in their reportings, several newspapers had indicated that the land purchase was already confirmed, but he said he did not believe this was the case because Governor Cuomo had announced a contract to make the purchase over a five year time period, dependent upon the State Legislature's annual appropriation of the funds necessary to make the purchase. Given this information, he said, it was not a surety that the purchase was definitely going to occur. Mr. Monroe advised it was very clear to both the Adirondack Park Local Government Review Board and the Adirondack Association of Towns & Villages that the State's purchase of the lands would cause a serious negative impact to the economy of the Adirondack region, causing 300 jobs to be lost, based on NYSDEC reportings and 200 hunting and fishing cabins to be eliminated, causing the municipalities to lose the assessed value for the cabins and building rights, which would be extinguished rather than

transferred to the affected Municipality, causing further assessed value loss. Additionally, Mr. Monroe stated the purchase was contrary to the State's Master Plan which favored conservation easements over mass land purchases; he noted that since the Master Plan was adopted, the State had purchased 300,000 acres, not including the 69,000 acre purchase proposed. He said there was some indication that if the land purchases were realized, the State would provide for a mitigation plan to try and alleviate damages to the economy of those areas affected by the purchases; therefore he concluded, he felt it was entirely appropriate to request funding to provide mitigation efforts.

Mr. Merlino entered the meeting at 10:18 a.m.

Mr. Geraghty said that the State was using the slogan "Open for Business" in an effort to attract new entrepreneurship to the State; however, he advised, this did not apply to the Adirondack Park region because State land purchases in that area would not allow for new businesses to settle there and would actually force out existing businesses through designations applied by the State which would change the lands from working forests to forest preserves. Mr. Geraghty continued that according to representatives of the International Paper Mill, the acquisition of property proposed by the State would cause them to travel much further from their Ticonderoga, NY mill to collect the type of timber used to produce paper products. He added that he assumed the same negative results would be encountered by the Finch Paper mill located in the City of Glens Falls. In closing, Mr. Geraghty said he found it odd that the State was embarking on the "Open for Business" marketing campaign when actually the opposite was taking place in the Adirondack region and he felt this point needed to be impressed upon Governor Cuomo and his staff. Chairman Stec interjected he had recently attended a meeting with representatives of the Finch Paper mill to tour their facility and he said he could personally attest to their concerns with the State's plans for land purchases and the increased difficulties that would be imposed if they came to fruition. Mr. Monroe commented that one of the factors contributing to the growth of the City of Glens Falls was the local forestry availability which allowed local paper mills to thrive.

Mr. McDevitt said he strongly agreed with Mr. Monroe's comments and questioned whether Senator Little or Assemblyman Brewer had expressed a position on the issue. Mr. Monroe responded that Senator Little had been heavily involved in facilitating meetings between Governor Cuomo's staff and NYSDEC representatives to try and change the direction of the transaction. Chairman Stec advised he had recently viewed the YNN interview given by Mr. Monroe and Brian Towers, Supervisor of the Town of Wells and President of the Adirondack Association of Towns and Villages, concerning this topic which had been very professional and fairly presented counter arguments for the impending concerns, indicating that while some of the 69,000 acres slated for purchase were appropriate to be owned and protected by the State; however, a large portion of the acreage should be maintained as a working forest. Mr. Monroe apprised that as the result of a meeting with the Governor's staff and the Director of State Operations, they had been requested to develop a map detailing the sections of the 69,000 which were appropriate for use as a working forest as opposed to those areas housing truly unique features that should be purchased in fee by the State. He continued that through the Warren County GIS (Geographic Information Systems) Program, interactive maps had been produced to show various layers including wetlands, steep slopes, shallow soils, etc. which indicated that approximately 80% of the 69,000 acres was considered to be areas of working forest while the remaining 20% consisted of unique features which were appropriate for State ownership. Considering all of these factors, Mr. Monroe advised the goals of the State to protect the unique features could be accomplished for half the price currently anticipated for land purchases through the acquisition of conservation easements. Chairman Stec stated that there was a compromise available that would protect important forestry features while allowing the working forest to be maintained. Mr. Monroe responded that the final determination on the matter would essentially be dependent upon the decision of the State Legislature as to whether or not they were able to annually appropriate funds for the five-year plan to purchase the property.

Returning to the amendment to proposed Resolution No. 508 requested by Mr. Thomas, Mr. Auffredou suggested the resolution language be modified to include that the County "strongly opposes the \$50 million expenditure of New York State funds to purchase forest lands and hereby requests that New York State provide \$50 million in economic development funds to local governments". Mr. Monroe commented they were seeking substantial funding for a mitigation plan which would involve not only NYSDEC, but also Empire State Development and any other organization that could assist with the mitigation efforts. He said there was some indication that the State was willing to implement a mitigation plan and it was important that they be encouraged to provide funding for it. In response, Mr. Auffredou suggested that the resolution modifications include a notation that the funds would be used to mitigate damages to the local communities affected by the land purchase.

Mr. Bentley noted that proposed Resolution No. 508 indicated that a copy should be forwarded to DEC Region 5 Director Betsy Lowe; however, he said, Ms. Lowe had been replaced by Robert Stegemann and the resolution should also be corrected to accurately reflect this.

Motion was made by Mr. Thomas and seconded by Mr. Taylor to amend proposed Resolution No. 508 as outlined above.

Mr. Taylor thanked Mr. Thomas for suggesting the amendment, stating that although it might not be intentional, the actions taken by the State seemed to severely hamper economic developments in upstate New York while available economic development funds were funneled to the more southerly portions of the State and he said he felt this resolution was a great effort to raise awareness on the issue.

Chairman Stec called the question and the motion to amend proposed Resolution No. 508 was carried by majority vote with Mr. Vanselow voting in opposition.

Resuming the reports by Committee Chairmen, Mrs. Wood stated that the Public Safety Committee had met on July 30th and approved proposed Resolution Nos. 489 - 491, all relating to standard business items. She apprised that she and other members of the Board of Supervisors had attended the Rural Heritage Festival and Youth Fair which was recently held in the Town of Warrensburg at the Warren County Fairgrounds property, participating in the Sticky Wicket croquet tournament in which she had finished last. Mrs. Wood said the event had been very enjoyable and she was looking forward to participating, and placing higher, next year and she thanked the event organizers for including the Board of Supervisors in the event.

Mr. Geraghty reported that meetings of the Budget Committee had been held on July 26th, August 2nd and 14th to discuss the multi-year budgeting plan with some of the larger County Departments. He advised that during the following week they would begin meeting with each Department Head to formulate the 2013 County Budget and he said he was confident that favorable results would be achieved. Mr. Geraghty advised that the Department Heads were all aware of the challenge ahead to reach an acceptable budget figure and would assist with the effort.

With reference to the August 8th meeting of the Personnel Committee, Mr. Conover advised that proposed Resolution Nos. 494 - 502 were approved to address standard business matters. He pointed out proposed Resolution No. 501, Providing for Background Checks of Candidates for Managerial Level Employment with the County of Warren, which would authorize background checks for Department Head, Deputy Department Head or other positions of similar managerial status.

Mr. Monroe announced that the Real Property Tax Services Committee had met on August 13th to hold the "Last Chance" meeting where approximately 40 property owners were provided the opportunity to address matters pertaining to delinquent taxes owed. He said that many of the attendees had either paid their delinquent taxes on that day or arranged an alternate payment schedule to allow them to accomplish payment in order to avoid a foreclosure action. Mr. Monroe apprised that one large parcel with delinquent taxes totaling \$384,000 had been identified and it was noted that evidence of contamination on the property had been found and was in the process of being cleaned up. He continued there was come

concern that if the County were to foreclose upon the property the associated clean up costs would be higher than the amount of delinquent taxes owed; therefore, he said, the Committee had voted in favor of extending the payment deadline for one year to allow the contamination to be addressed. Mr. Monroe advised that proposed Resolution No. 506, previously outlined by Mr. Thomas, was particularly significant as it would help to avoid these types of problems in the future by providing an available funding source for first phase environmental inspections for these properties so that the level of contamination present would be known in advance. With reference to the Gaslight Village Ad Hoc Committee meeting held on August 1st, Mr. Monroe apprised discussion had continued relative to proposed changes in ownership for the former Gaslight Village Property in order to allow the Town of Lake George to regain ownership interest in the property. He summarized that although there had been a desire on the part of the County and Town of Lake George to redistribute the ownership shares to allow the County, Town and Village of Lake George to each have an identical one-third ownership stake, the Village was not willing to reduce their share; therefore, he continued, the initiative had changed to reduce the County's 62% ownership by half, allowing the Town of Lake George to re-join the project by purchasing 31% of the County's shares.

Mr. Dickinson asserted that Mr. Monroe's assessment of the situation was correct and the Town was interested in purchasing half of the County's property shares to resume their participation in the project. He noted that although he had publicly stated that he believed the Village would eventually concede to the notion that the ownership shares should be distributed evenly between the County, Town and Village, following conversations with Robert Blais, Mayor of the Village of Lake George, he reluctantly agreed with their position that there was no incentive for the Village to participate as the action would actually cost them more money; Mr. Dickinson stated that were he in the same situation, he would likely make the same decisions that Mayor Blais had. He advised that one of the points made by Mayor Blais in their discussions was that the Village of Lake George had developed and maintained a festival program which they relied upon to bring a considerable amount of revenue into the Village's budget; he added that the Village was willing to transfer the festivals from their own property to the former Gaslight Village property, and in doing so would suffer the loss of associated revenues. Because of this loss of potential revenue, Mr. Dickinson advised, the Village was interested in maintaining their 38% property ownership interest. Additionally, he said Mayor Blais had pointed out that when the Town of Lake George had previously decided to sell their property shares and had essentially stalled the progression of work on the property, the Village had stepped up and found the means to purchase the shares so that the project could resume. Mr. Dickinson said this decision had not been easily made by the Village, but the point was that when they were needed, they came through for the good and advancement of the project. At this point, Mr. Dickinson advised the Town of Lake George was very happy to be negotiating the purchase of 31% of the County's ownership shares and looked forward to re-joining the project and assisting with future efforts.

Chairman Stec observed that while he was not surprised that they were in the process of reaching an agreement, he was happy that the matter was being resolved. He said he understood the standpoint adopted by the Village of Lake George and was glad that the Town did, as well, especially in light of the unique relationship between the two municipalities. Chairman Stec stated that although it might have been a bit easier if all three parties carried the same ownership interest, it was not a necessity as the percent of ownership had no bearing on the voting process which required all decisions be made by unanimous vote of the interested parties. He noted there had been some indication that a considerable portion of the Board of Supervisors was interested in significantly reducing, or eliminating, the County's participation and ownership of the property, but there were legal issues with ownership and grant funding that would have to be addressed if the County left the project which were likely unsurmountable. Additionally, Chairman Stec stated that, practically speaking, the County's DPW staff was in the best position to complete the engineering for the property on behalf of the three municipalities who had fiduciary responsibilities to their overlapping constituents. He

concluded that it was important for the County to maintain some property ownership for these reasons and although no official action was slated to be taken at the current meeting, he asked if there was anyone opposed to the County splitting its ownership shares with the Town of Lake George.

Mr. Westcott stated that he was in favor of minimizing the County's ownership in the Gaslight Village property to as small an amount as possible, if not altogether, and he questioned whether the Town of Lake George might be interested in purchasing a larger share of the County's portion; Mr. Dickinson responded with an indication that the Town would not be financially able to purchase any more of the County's share than the 31% they were currently negotiating. Mr. Monroe noted that the Town's purchase would take some time to complete as there were legal issues to address, as well as the need to obtain the consent of the 3E's (Environmental Groups - *Fund for Lake George, Lake George Association and Lake George Land Conservancy*)

Mr. Girard reported that the efforts to develop a plan to collect parking revenues during the upcoming Adirondack Balloon Festival continued in order to cover the DPW overtime expenses incurred by the County. He said a meeting of the involved parties, including Mark Donohue, President of the Board of Directors for the Adirondack Balloon Festival; Ross Dubarry, Airport Manager; Jeffery Tennyson, Superintendent of Public Works; and Mr. Dusek had been held during which a not-for-profit firm had tentatively been named to collect parking revenues and donations and they were now working to set up a schematic plan for how the parking plan would be implemented. Mr. Girard stated that it appeared their efforts would be successful and that the County would collect sufficient monies to cover overtime expenses, provide an anticipated 10% share to the not-for-profit agency and possibly to provide a revenue source for the Adirondack Balloon Festival to cover revenue deficits if they experienced a year with inclement weather. He advised the plan being developed would provide guidance for future events.

Mr. Girard noted that earlier in the year the Airport Division had been removed from the Public Works Committee and placed in the County Facilities Committee providing a lot of new issues and information to be reviewed by the County Facilities Committee which included two members that were new to the Board of Supervisors and did not have a lot of knowledge about previously approved projects. He said that with the financial constraints being faced by the County, it was only natural that these new Supervisors would question the ongoing projects due to their associated costs, namely the Runway Extension Project planned for the longer runway and the plans to acquire additional property and aviation easements to mitigate penetrations to protected airspace as identified by the FAA (Federal Aviation Administration) for the shorter runway, both of which were part of the Airport Master Plan that had been in place for the past ten years and were intended to address safety concerns. Mr. Girard advised that while both projects would incur considerable costs, FAA funding would be provided to cover the majority, and he cited the proposed Runway Extension Project, which would incur a Local Share of approximately \$400,000 for the proposed Runway Extension Project which was estimated to cost \$8 million, as an example. Regardless of prior Board approvals and the availability of grant funds to cover the majority of the projected costs, Mr. Girard said there was still some reluctance on the part of the new Supervisors, Messrs. Mason and Westcott, to provide necessary approvals for grant applications to keep these projects moving along in a timely fashion due to the considerable costs involved and their commitment to ensure that taxpayer dollars, whether they be for the Local Share or State/Federal grant funds, were being spent appropriately. He added there was also some question as to whether the grant funds would have to be re-paid if the projects were not completed as anticipated. In order to alleviate some of the concerns identified, Mr. Girard requested a brief discussion on the background of the projects and the prior approvals granted.

Chairman Stec noted that while it was possible to alter decisions previously made by the Board, it was important to remember that at some point those actions might become financially difficult, especially in matters concerning grant funding that might have to be repaid.

He added that given the opportunity, some members of the Board of Supervisors may not have voted in favor of the runway projects if they had been in office when the decisions were made; however, he continued, due to the current factors, most felt it was best to keep the projects moving forward, similar to the way in which the railroad was viewed. Mr. Monroe suggested the best way in which to address the issue at the Committee level would be for Messrs. Westcott and Mason to make a motion to stop the runway projects and if sufficient support was available, a resolution would be brought to the full Board. Mr. McDevitt stated that every member of the Board wanted to be educated on the issues at hand, as well as to ensure efficient use of Federal dollars in projects such as this. He said it was his understanding that the County's Local Share for these projects would be 2.5%, with the remainder being funded by the type of FAA grant that was only provided for airport projects and was contributed to by surcharges collected for airline fares. Mr. McDevitt opined that it appeared the intent of the FAA's support of the Airport's Master Plan which included the two runway projects was to enable a rural community to be competitive in a global economy while providing the safest possible conditions. He concluded that based on those concerns, he felt the projects were an efficient and effective use of Federal and State grant dollars and he fully supported both of them.

In response to Chairman Stec's questioning as to the County's obligations for grant repayment if the projects were not continued, Mr. Tennyson advised multiple contracts and grant agreements were underway for the projects and responses to FAA grant applications recently submitted should be received in the near future. He continued that he believed capital projects had been established for both runway projects in anticipation of receiving the funds applied and he said he assumed that requests would be presented at the next County Facilities meeting to accept the aforementioned grant funds. Mr. Tennyson stated that if the County Facilities Committee did not approve the receipt of grant funds, they ran the risk of facing project delays and bid expirations. Generally speaking, he said, the County would be at risk for repayment of FAA grant funds if a project was cancelled, especially on a project as large as the Runway Extension Project which the Board had committed to through several resolutions, including one establishing the Airport Layout Plan that was updated every five years and served as the basis for what the County, State and FAA foresaw as the future of the Airport facility. As was previously mentioned, Mr. Tennyson confirmed the FAA grant funds awarded were contributed to by airport specific user fees that could only be awarded for airport projects and were not general tax dollars. He continued that the FAA used these funds to develop smaller rural airports, as well as to increase the overall network of airports in an effort to improve the system. Mr. Tennyson stated he did not foresee any emergency issues arising before the September Board meeting, but reiterated approvals would be necessary to accept grant funding to continue the progression of the projects under their current schedule.

Mr. Westcott apprised the issues at hand had arisen following the July 20th Board meeting when Resolution No. 413, Authorizing Submission of a Grant Application to Federal Aviation Administration/New York State Department of Transportation for Avigation Easement/Land Acquisition for Five Parcels in the Runway 30 Approach, was approved by majority vote with only himself voting in opposition. He said that following the meeting, he had been unexpectedly contacted by at least eight pilots based at the Warren County Airport, who wished to state their agreement with his opposing vote, leading him to meet with them personally to tour the Warren County Airport and fly to the Saratoga County Airport to view the manner in which their facility was operated. Mr. Westcott apprised that these activities had led him to perform further research on the Warren County Airport and the runway projects, following which he had developed a report that was presented at a recent County Facilities Committee meeting; he added it was his understanding that a follow-up meeting would be held to discuss the information presented in the report and that until the issues and questions identified therein were addressed, the runway projects would be put on hold and he said he was still waiting for an advisement as to when that follow-up meeting would be held. Mr. Westcott stated he had further recommended a public hearing be scheduled to present

findings so that everyone, including the pilots that had approached him and other citizens of Warren County, as well as members of the Board of Supervisors, would be provided with the facts associated with the projects in order to make proper decisions on the matter. He said he had also proposed that a task force be assembled to review the Airport Master Plan which had initially been approved in 2002 and was now 10 years old, as many things had changed and he said he would like to see some of the pilots based at the Airport become involved, as well as Warren County residents. Mr. Westcott advised that he was still in the fact finding stage himself and was not ready to propose a resolution of any sort. He explained he had been exposed to enough information causing him to question the wisdom of the Runway Expansion Project and leading him to vote against the resolution presented at the prior Board meeting and develop his own report on the initiative.

Mr. Taylor noted that Mr. Westcott was working with a group of constituents to make recommendations to the Board and he did not feel this process should be discouraged as many good ideas could come of it; however, he said, the situation was somewhat like the one presented in the movie *A Miracle on 34th Street* where the judge had a difficult decision to make regarding the delivery of mail to Mr. Kringle and his official decision had been that if the United States Post Office believed in Santa Claus, his Court would not rule against it. Mr. Taylor expounded that the FAA had studied the facility and determined that the Warren County Airport had a need for a runway extension and they should not take that decision lightly. He pointed out that if Warren County ceased its Airport projects, the FAA grant funds would be awarded to other regional airport facilities and noted that the Airport Master Plan had been established and approved some time ago and he did not feel they should change their direction quickly on proceeding with its implementation. With regard to the pilots that had contacted Mr. Westcott, Mr. Taylor advised there was a group of small aircraft pilots that did not require a longer runway and were not in favor of it and he believed the majority of the issues cited stemmed from the groups displeasure over the County's decision to name Rich Air as the FBO (Fixed Base Operator) for the Airport facility; Mr. Taylor said he felt the members of the Board should keep this fact in mind when considering the future of the expansion projects. In conclusion, Mr. Taylor stated that if the County had to fund a few hundred thousand dollars for an \$8 million project, he did not think that would be a bad deal for the County.

Mr. Merlino said he was sorry that Mr. Westcott was not present when the same group currently soliciting him had been in attendance encouraging the Board to refrain from expanding the Airport and he assumed their efforts had been in favor of maintaining a smaller, more private, facility. He stated that the Board had made their decision in favor of the Runway Expansion Project based on considerable review of information presented, as well as FAA findings, and he felt they should continue along the pre-determined path to bring it to fruition.

Mr. Mason commented that the information provided in the discussion had been helpful in answering some of the questions he had regarding Airport projects. He added that he now felt pretty well educated on the matter and was confident that future issues could be appropriately addressed by the County Facilities Committee without stalling progress. Mr. Mason advised that he had voted in favor of the resolution presented at the July Board meeting which Mr. Westcott had voted against, and he said that having a better understanding on the issue, he would not have changed his vote; however, he said, his concern about the Airport was based upon the current budgetary situation the County faced and the considerable amount of money spent at the facility. Mr. Westcott stated that while he was not in favor of closing or considerably reducing funding to the Airport, he felt that they needed to carefully review all of the expenses funded in the Budget and the amounts by which those expenses had increased.

Chairman Stec stated that he hoped these were the types of issues that would be discussed at the next County Facilities Committee meeting and he noted that although it was not impossible to change the course determined previously by the Board of Supervisors, it was important to note the consequences of doing so which might entail repayment of prior FAA

grant funds received. Mr. Westcott requested that copies of his report be distributed to all members of the Board of Supervisors so that each would have an understanding of the information he had developed, as well as those he had spoken with to garner it.

Concluding his report, Mr. Girard apologized for not being able to attend the most recent Cornell Cooperative Extension meeting and he noted their annual fundraiser would be held at Cronin's Golf Course in the Town of Warrensburg on August 25th. He said this was a very pleasurable event that helped a good cause and he noted that if any members of the Board were interested in attending, Cornell Cooperative Extension would appreciate their attendance.

With reference to the Mental Health Committee, Mr. McDevitt advised the City of Glens Falls had been subject to a favorable outcome in that Conifer Park, a private substance abuse counseling and treatment program, had withdrawn their application to operate a methadone treatment center within the City limits. He noted this decision had been made by Conifer Park pursuant to their studies reflecting the greatest need for these services to be in Saratoga County and he said he hoped they would consider their options in the future; he thanked Supervisors Girard and Loeb for their efforts in gaining this conclusion. Pursuant to the recent meetings of the Budget Committee, Mr. McDevitt stated his belief that expenditures for maintenance of safe roads in Warren County were not discretionary, but rather mandatory as they added to the County's competitive situation as far as economics were concerned. He continued that during these meetings he had stated his position that the County should modify its contractual arrangement with Siemens Industry, Inc. relative to the co-generation facilities and he hoped that a meeting would be scheduled with them to see if this was possible. Specifically, Mr. McDevitt identified the \$2,500 cost of annual energy efficiency studies performed by Siemens as being an unnecessary expense as the studies were predicated based on conditions that existed in prior years but were no longer present. He said these studies were a waste of County dollars and he hoped there was some way that the contract could be amended to remove these expenses. Chairman Stec said Mr. McDevitt had spent a lot of time reviewing this matter and had repeatedly requested action; he said he was not opposed to further review by either the County Facilities or Health Services Committees where the studies were typically presented. Mr. Dusek interjected there had been extensive exploration of the co-generation project over the past years and he advised that a meeting had been held with representatives of National Grid to determine whether there was a more cost effective way of addressing power needs, following which it had been found there was not. He continued that exploratory measures had been implemented to determine whether the electricity provided by the co-generation facility at the Westmount Health Facility could be extended beneath the adjacent highway or sold to other energy providers, but neither option was found to be viable. More importantly, Mr. Dusek noted recent discussions about the possible privatization of the Westmount Health Facility needed to be resolved because if they decided to move in this direction, the co-generation issue would be addressed; however, he said, if Westmount remained under the County's purview, further review on the surplus of energy generated by the co-generation facility would need to be performed to determine the options available. Another means for possible cost reductions which had been explored with Siemens that they had indicated a receptiveness to implement, was the possibility of reducing the service contracts held by the County in order to lower the associated costs; however, he added, the problem with doing this was that the County would no longer have the services provided by these contracts and a conscious decision needed to be made as to whether this action was in the best interest of the County. In conclusion, Mr. Dusek advised the privatization issue should be addressed and a determination made before any further studies or actions were taken. Mr. McDevitt advised he was involved in the discussion held with National Grid representatives and felt a positive outcome had arisen from the meetings as power efficiency measures had been suggested and subsequently implemented for the Warrensburg DPW Garage. He reiterated that he did not feel there was any value in the costs of the annual studies performed by Siemens with respect to efficiency of the project which were predicated on conditions that no longer existed. In response, Mr. Dusek advised that the

annual studies identified by Mr. McDevitt were included in their contractual commitment to the County and did not incur any additional cost; their was to prove that the system was working. He added that while he concurred the reports were not beneficial because the co-generation facility was not being used as identified in the original Siemens contract, they did not incur additional costs to the County. Chairman Stec stated that if the reports were no longer valued, it might be possible to discuss the possibility of lowering Siemens' contract costs based on contractually alleviating them from providing those services and he asked Mr. Dusek to set up a meeting with Siemens representatives, to include Messrs. McDevitt and Girard, as well as any other pertinent staff, to discuss this possibility.

Mr. Taylor apprised the Support Services Committee had met on July 30th and had approved proposed Resolution Nos. 484, Authorizing Administrator of Self-Insurance Department to Serve as a Director of the New York State Association of Self Insured Counties, and 485, Accepting Proposal and Authorizing Agreement with TechHealth, Inc. for Pharmacy Network Vendor for Self-Insured Workers' Compensation Program (WC 39-12). He said he felt it was a great asset to Warren County to have someone on staff that a State Association had nominated to assist with their operations. Mr. Taylor then noted the Deputy Self-Insurance Administrator position had been filled and he asked Amy Clute, Self-Insurance Administrator, to introduce her new employee. Mrs. Clute announced that Jessica Burnham had been chosen to fill the position and had done a great job in the two weeks she had been on staff.

In relation to the Social Services Committee meeting held on July 27th, Mr. Loeb advised the Department of Social Services staff continued to provide an excellent level of service for the people of Warren County. He advised that at the August 14th meeting of the Budget Committee there had been some discussion about debt levels and he requested the development of a detailed spreadsheet listing the different areas of debt incurred and identifying when and why they were incurred, as well as their associated interest rate and when they were due to expire in order to provide each member of the Board with a better understanding on the matter. Additionally, Mr. Loeb requested an update on the status of invasive species in Lake George, noting they had not received any new information on the topic as to whether the issue was being addressed appropriately. In response, Chairman Stec asked Mrs. Sady to contact the appropriate parties and request that they make a presentation at the September Board meeting. He said that during the last week he, Mr. Conover and Mr. Dickinson had been contacted by the Lake George Association and the Fund for Lake George on the matter and there had also been a briefing for members of Senator Gillibrand's staff on the status of the eradication which had included presentations by representatives from many involved groups. Chairman Stec advised the presentation had indicated a considerable amount of the Asian Clam infestation had been addressed; however, he added, the species had not been completely eradicated from Lake George and therefore efforts must continue to ensure there was no resurgence. Mr. Conover requested that Dave Wick, Executive Director of the Lake George Park Commission, be invited to the meeting, as well.

Mr. Merlino, who had arrived at the meeting late, reported that the Tourism Committee had met on August 1st and approved four of the proposed resolutions being presented, all of which addressed typical matters pertaining to production of brochures for the fall and spring seasons. He said the summer commercial campaign had ended that week, receiving approximately 45,000 requests for information, and he noted that on Monday, August 20th the fall commercial campaign would begin, running for six weeks. Mr. Merlino advised the fall print advertisements were in place and the fall brochures already printed were available for distribution. He then noted representatives of the Tourism Department were scheduled to meet with the Budget team on August 21st to present their 2013 Budget request. Relative to proposed Resolution No. 469, relating to a change order with North East Fire Protection Systems, Inc., as previously outlined by Mr. Sokol, Mr. Merlino commented that although State laws required that the lowest responsible bidder be chosen for municipal projects, it seemed that whenever the low bidder was used, change orders were necessary which essentially raised the total project cost to a higher level in the end. He said that although he would vote in favor of the resolution, he wanted to state his displeasure with the bid process.

Chairman Stec announced the next agenda item pertained to the report by the County Administrator and Mr. Dusek advised that he had nothing to report. Chairman Stec then called for the reading of communications and Mrs. Sady read them as follows:

Minutes from:

Warren/Washington Counties IDA and Executive/Park Committee.

Monthly Reports from:

Weights & Measures;

Probation.

Annual Report from:

Warren County Health Services.

Capital District Regional Off-Track Betting Corp., May 31, 2012 Financial Report and June Surcharge in the amount of \$8,166;

National Grid, semi-annual PCB Report;

Office of State Comptroller, notice of audit focusing on inappropriate social welfare and other government funded benefit payments to Warren County Inmates.

Communications, resolutions and reports ordered placed on file.

Continuing with the agenda review, Chairman Stec called for the reading of resolutions and discussion.

Mr. Dickinson noted a recent Supreme Court decision on a case in Lake George concerning a shoreline town's ability to review docks, boathouses and waterfront structures which had removed the Town of Lake George's right to use planning and zoning regulations to control such structures. He said that at the suggestion of the Town's attorney, they were embarking on an effort to petition the State Legislature to change the current Navigation Law and remove Lake George so that home rule regulations would prevail. In this respect, Mr. Dickinson advised, both the Towns of Lake George and Queensbury and the Village of Lake George had adopted similar resolutions seeking for the aforementioned action and he had discussed with Supervisors Conover and Frasier the possibility of similar resolutions being adopted by the Towns of Bolton and Hague, as well; he added that he intended to eventually visit all of the Towns surrounding Lake George to encourage their adoption of the resolution. Mr. Dickinson said he was requesting a County resolution supporting these efforts and advised of his intention to present all of the resolutions adopted to the State Legislature at the start of their fall session in representation of a united effort from all of the communities surrounding Lake George to reinstate prior regulatory measures.

Motion was made by Mr. Girard, seconded by Mr. Bentley and carried unanimously to waive the Rules of the Board requiring that a resolution be presented in writing. Mrs. Sady advised this would be Resolution No. 521.

Mr. Girard questioned whether any research had been performed to ensure that changing the current Navigation Law would not have any negative repercussions and Mr. Dusek responded that he appreciated this concern and advised the County Attorney's Office would have to review the matter to ensure this was not the case.

Chairman Stec advised similar special legislation had been requested and granted for other bodies of water and would not be unique to Lake George. He said he did not know if this action would have any negative side effects, but said he felt it was a good idea for the remaining towns surrounding the Lake to entertain resolutions similar to those adopted by the Towns of Lake George and Queensbury. Chairman Stec requested that Mrs. Sady forward the County resolution to Essex and Washington Counties for their review as both incorporate municipalities touching Lake George. He stated that he was unsure why any municipality currently regulating docks and boathouses would want to cease doing so and he said this was a very important issue to the Town of Queensbury and concluded that these were local issues that they were not comfortable turning over for State review.

Mr. Taylor said he also shared Mr. Girard's concern and questioned whether the suggested resolution could be approved contingent upon the County Attorney's review and assurance that it would have no negative effects. Mr. Dusek responded that passing the

requested resolution would allow Mr. Dickinson to move ahead with his efforts to reach out to the other municipalities located around Lake George and he noted there would be another Board Meeting in September where the issue could be addressed if the County Attorney's Office determined the action would have adverse effects.

Mr. Dickinson read aloud the proposed resolution, a copy of which is on file with the minutes.

Motion was made by Mr. Dickinson, seconded by Mr. Conover and carried unanimously to approve the aforementioned resolution. Mrs. Sady advised this would be Resolution No. 522.

Mr. Loeb requested a roll call vote for proposed Resolution No. 470, Authorizing Agreement with Clinical Resources, LLC to Provide an Interim Director of Nursing at the Westmount Health Facility.

Mr. Vanselow requested a roll call vote for proposed Resolution No. 508, Opposing \$50 Million Expenditure of State Funds to Purchase the Former Finch Pruyn Forest Lands, and the amendment previously noted thereto.

In response to a question posed by Mr. Monroe, Mr. Vanselow stated that he was opposed to the proposed resolution because he did not believe 100% of the residents of Warren County would be in support of it and he did not agree with the verbiage included in the first sentence of the resolution indicating that the State had already purchased the property, which it hadn't, and that the State would be acquiring 69,000 acres of productive working forest, which was not an accurate figure. He added there were other sections of the resolution which were also arguable and he advised that in light of the fact that a similar resolution had already been adopted by the Board of Supervisors, he was not happy with repeating action already taken. Chairman Stec said he agreed that the first sentence of the resolution was not accurately written and he suggested amending the document, once again, to accurately reflect the State was in the process of making the purchase and intended to purchase tens of thousands of acres of working forestry.

Motion was made by Mr. Monroe, seconded by Mr. Thomas and carried unanimously to further amend proposed Resolution No. 508 as suggested by Chairman Stec.

Mr. Vanselow noted that while he appreciated the additional amendment, he would still request a roll call vote as he maintained his opinion that it did not reflect the desires of all of Warren County's constituents.

With reference to prior discussion, Mr. Conover suggested another amendment to proposed Resolution No. 508 to indicate the County's willingness to develop a compromise that would allow for the State to purchase some of the property that should be protected while allowing a larger portion to remain working forestland.

Motion was made by Mr. Conover, seconded by Mr. Monroe and carried unanimously to amend proposed Resolution No. 508, once again, as outlined above.

Mr. Loeb explained his request for a roll call vote for proposed Resolution No. 470 was attributed to his concern that the rates and allowances allowed therein were somewhat expensive and the contract term was open ended. He said there were talented people already working within the Westmount Health Facility that could sustain the Director of Nursing position, possibly with support from another nearby County, such as Saratoga County, to facilitate the services necessitated by the position at a lower cost. Mr. Dusek responded that the nature of the contract allowed for termination if an alternate solution were developed. He added the resolution would provide immediate services in light of State regulations requiring a Director of Nursing to be on staff at all times and he noted there was some concern on the part of the Administrator of the facility because there were upcoming surveys that she wanted to be sure they were ready for. At this point, Mr. Dusek stated, it seemed appropriate to proceed with the contracted Director of Nursing services, although they would be expensive, while looking at other options and possibly finding someone to fill the position on a permanent basis. In conclusion, Mr. Dusek stated that the adoption of proposed Resolution No. 470 would not preclude the suggested options cited by Mr. Loeb. Mr. Kenny questioned whether any

member of the Westmount staff was qualified to assume the Director of Nursing position and Mr. Sokol replied in the negative, advising that two current staff members had been cited as possible candidates for the position but neither had been deemed appropriately qualified. Mr. Dusek advised that he had discussed and reviewed this situation on a couple of different occasions.

Mrs. Sady announced that proposed Resolution Nos. 467 through 508 were mailed and she noted proposed Resolution Nos. 469 and 507 were corrected subsequent to mailing; therefore, she advised, a motion was needed to approve both resolutions, as amended.

Motion was made by Mr. Dickinson, seconded by Mr. Bentley and carried unanimously to approve proposed Resolution Nos. 469 and 507, as amended.

The resolutions relating to the filling of vacant positions were Resolution Nos. 495, 496 and 497, Mrs. Sady apprised, and she noted that unless a roll call vote was requested, all will be approved in the collective vote. Mrs. Sady then noted that a motion was necessary to bring proposed Resolution Nos. 466 and 509 through 520 to the floor.

Motion was made by Mr. Sokol, seconded by Mr. Dickinson and carried unanimously to bring proposed Resolution Nos. 466 and 509 through 520 to the floor.

Chairman Stec called for a vote on resolutions; Resolution Nos. 466 - 522 were approved.

RESOLUTION NO. 508 OF 2012

Resolution introduced by Supervisors Thomas, Taylor, Sokol, Monroe, Bentley, Wood, Kenny, Merlino and Conover

OPPOSING \$50 MILLION EXPENDITURE OF STATE FUNDS TO PURCHASE THE FORMER FINCH PRUYN FOREST LANDS

WHEREAS, the State of New York is in the process of acquiring tens of thousands of acres of productive working forestland in the heart of the Adirondacks to add these lands to the State Forest Preserve and permanently remove them from wood and job production for Fifty Million Dollars (\$50,000,000) and New York State taxpayers will now be responsible to pay the maintenance costs and property taxes on the acquired lands at a time when New York's economy is suffering and the rural communities of the Adirondacks struggle to survive, and

WHEREAS, it is estimated that as a result of the State's purchase of these lands, more than three hundred (300) jobs will be lost, said purchase will increase the expenses for all forest product companies in the Adirondack region, whether small, family owned sawmills or large paper mills who will be forced to obtain primary raw material from more distant forests and therefor affect their ability to remain in business, and

WHEREAS, for many years these lands have been leased for recreational purposes by sportsmen's clubs comprised of people from across the northeast who spend large amounts of time on these lands, spend money in local communities, providing a much needed revenue for merchants and sales tax for local governments, and now these leases and revenues will disappear and more than two hundred (200) camps will be eliminated, and

WHEREAS, there is an increasing interest in and demand for the use of wood and plant material, "biomass" as an alternative to fossil fuels for energy production, but understandably, biomass operators require some assurance that there will be a long-term, stable supply of wood available before making the sizeable investment necessary to site and build facilities, and

WHEREAS, the State Land Master Plan clearly states, "Due to the importance of the forest products industry to the economy of the Adirondack region, bulk acreage purchases in fee should not normally be made where highly productive forest land is involved, *unless such land is threatened with development that would curtail its use for forestry purposes or its value for the preservation of open space or of wildlife habitat.*", and yet New York State has acquired three hundred thousand (300,000) acres of highly productive forest lands since the Master Plan was adopted, and

WHEREAS, not once since the possible acquisition of these lands first surfaced five (5) years ago has anyone made a credible argument that the lands, most of which are far-removed from easy public access, and all of which are owned by the Nature Conservancy and under the jurisdiction of the Adirondack Park Agency, were under any serious threat of residential or commercial development, yet the State has still chosen to acquire the lands and, in doing so, will accomplish exactly what the Master Plan says should be avoided - curtailing the use of the lands for forestry purposes, now, therefore, be it

RESOLVED, that the Warren County Board of Supervisors hereby strongly opposes the Fifty Million (\$50,000,000) expenditure of New York State funds to purchase forest lands, and hereby requests that New York State provide local governments with a like sum of funding for a mitigation plan to be used for economic development to offset damages that would be caused by this purchase, and be it further

RESOLVED, that the Clerk of the Board of Supervisors requests that Governor Cuomo order a study of the economic and social impacts of State land acquisitions in the Adirondacks before any additional purchases of State lands are authorized, and be it further

RESOLVED, that the Warren County Board of Supervisors was receptive to the idea that the State would acquire only a portion of the property, while leaving the majority of the property to continue to be used in its current capacity as forestland, and be it further

RESOLVED, that the Clerk of the Board of Supervisors be, and hereby is, authorized and directed to forward copies of this resolution to all other Counties of the Adirondacks; Governor Andrew M. Cuomo; Senator Charles E. Schumer; Senator Kirsten E. Gillibrand; Congressman Christopher Gibson; Senator Elizabeth O'C. Little; Assemblywoman Teresa Sayward; the Adirondack Park Agency and DEC Commissioner Joe Martens; DEC Region 5 Director Robert Stegemann, DEC Region 6 Director Judy Drabicki, the Adirondack Local Government Review Board and the Adirondack Association of Towns and Villages.

WHEREAS, the Office of Community Services requested to host a graduate level extern from the Forensic Mental Health Program of the Russell Sage College Graduate School of Health Sciences for the fall 2012 semester in accordance with Warren County policies and procedures related to internships/externships, now, therefore, be it

RESOLUTION NO. 510 OF 2012

Resolution introduced by Supervisors Westcott, Monroe, Taylor, Girard, Wood, Mason and Conover

REQUESTING THAT THE NEW YORK STATE MANDATE RELIEF COUNCIL REVIEW EXECUTIVE LAW §§832 AND 833, STATE FINANCE LAW §98-b AND COUNTY LAW ARTICLE 18-B CONCERNING THE FUNDING OF MANDATED LOCAL INDIGENT LEGAL SERVICES AND RESTRICTIONS ON THE MANNER IN WHICH THE SERVICES ARE OFFERED

WHEREAS, the New York State Mandate Relief Council has been established to review mandates that are unsound, unduly burdensome or costly so as to require to be eliminated or reformed, and

WHEREAS, there currently exists two (2) mandates with regard to the provision of indigent legal services that are unduly burdensome and costly and that through broad brush application across the State become unsound and create costs to local taxpayers that would not exist but for the statutory mandate, and

WHEREAS, one of the troublesome mandates exists within County Law, Article 18-B which not only directs that County governments will provide and pay for indigent legal services, but is also very specific as to how the legal services will be provided so that a County is not able to efficiently and economically contract directly with attorneys to provide for these legal services when the Public Defender is unable to do so as a result of a conflict, and

WHEREAS, the County of Warren has had experience with a contract defender and experienced savings when indigent legal services were delivered in that fashion, but such arrangement was eliminated when a Court ruled in another part of the State that such contracted services were not allowed under statute, and

WHEREAS, another troublesome mandate concerns the funding provided by the New York State Office of Indigent Legal Services pursuant to Executive Law §§832 and 833 and State Finance Law §98-b, which has the effect of slowly eliminating State funds in the amount of just over Two Hundred Thousand Dollars (\$200,000) per year that Warren County previously received in order to help offset some of the costs of providing indigent legal services, and

WHEREAS, the aforementioned statutes now require that funds provided by the State not supplant County funds and be used to improve legal services which requirement actually penalizes Warren County for already establishing and sufficiently staffing a Public Defender's office which provides adequate indigent legal services, and

WHEREAS, while Warren County has been able to identify some improvements that could be made to its Public Defender's office, much of the new funding needs to be used to offset the loss of the other State funding that used to be provided to the program, otherwise local taxpayers will experience increased cost and be unfairly or inequitably penalized, and

WHEREAS, it would therefore appear that both statutes are imposing burdensome requirements and costs that would not exist for the local County taxpayers but for the statutes, and further that the laudable goals of such statutes could still be accomplished by allowing for additional options and flexibility, now, therefore, be it

RESOLVED, that the Warren County Board of Supervisors hereby requests that the New York State Mandate Relief Council review the specific statutes and regulations and the effects of the same as more specifically outlined in the preambles of this resolution and that the Mandate Council take such actions as may be permitted under the rules and regulations under which it was established to address the inequities and costs established by these State mandates, and be it further

RESOLVED, that the Mandate Council consider changes to the statutes described in the preambles of this resolution which enable counties to contract with private firm conflict defenders and provide authority to the New York State Office of Indigent Legal Services to review a County's indigent legal services program and if found adequate, provide funding to the County without the need for the County to make further unnecessary improvements to its program so long as the County does not use the State funding to supplant the amount of County funds expended for the program as of 2012, and be it further

RESOLVED, that the Chairman of the Warren County Board of Supervisors, County Administrator, and/or County Attorney be and hereby are authorized to complete the information required on the Mandate Relief Council website or in consideration of the mandate and are hereby authorized to further describe the mandates outlined in this resolution and to further develop or expand upon the recommended changes as well as the estimated savings from the recommended changes and otherwise provide any other information that these County officials should deem necessary and/or advisable in seeking assistance from the Mandate Relief Council with regard to the mandates identified in the preambles of this resolution, and be it further

RESOLVED, that a copy of this resolution be sent to the New York State Association of Counties with the request that the organization provide assistance with this particular mandate relief, and be it further

RESOLVED, that the County Administrator contact other counties that may have similar concerns regarding the case of contract defender services and/or State funding for the indigent legal services mandate and that may be interested in submitting a similar application for mandate relief.

RESOLVED, that the Warren County Board of Supervisors supports the request of the Town of Lake George and any other municipalities surrounding Lake George for special legislation to authorize continued regulation of docks and boathouses on Lake George, and be it further

RESOLVED, that the Clerk of the Board of Supervisors be, and hereby is, authorized and directed to forward copies of this resolution to Essex County and Washington County.

Adopted by unanimous vote.

Concluding the agenda review, Chairman Stec asked if there were any announcements to be made.

Mr. Geraghty advised he had recently attended a United Way meeting regarding the income tax outreach program they provided in connection with Cornell Cooperative Extension. He noted this was a very important and valuable program for County citizens and he said he

hoped that each Supervisor would find a temporary site for the services to be provided within their respective townships if they were contacted with such a request. Chairman Stec advised he had also attended this meeting and agreed this was a valuable service and each Supervisor should be aware of its availability.

Mr. Strainer agreed with Mrs. Wood's prior indication that the Rural Heritage Festival and Youth Fair held at the Warren County Fairgrounds property had been a very nice event held in a beautiful setting. He stated that the Fairgrounds property was a lovely facility and he felt the County was losing potential revenue by not marketing it properly and he wondered how it could be better advertised. Mr. Strainer suggested that Cornell Cooperative Extension might be interested in assisting with the advertisement and marketing process, possibly receiving a portion of the rental fees received in return.

Mr. Vanselow said he concurred with statements made by Mrs. Wood and Mr. Strainer with respect to the Rural Heritage Festival and Youth Fair, adding that it had been a very enjoyable event. He then noted the annual Blue Grass Festival would be held at the Ski Bowl in the Town of North Creek during the upcoming weekend and he invited everyone to attend.

At Mr. Strainer's prompting, Chairman Stec announced the Town of Queensbury was celebrating its 250th anniversary in 2012 and they would be holding an event at the Queensbury Town Hall on August 25th from noon to 3:00 p.m. where a number of family events and activities would be held and all were invited to attend.

Mr. Loeb noted the Summer Youth Employment Program would be holding their annual picnic on August 23rd at noon at Crandall Park.

Mr. Monroe apprised he had attended a meeting of the Adirondack Park Agency where a remarkable presentation had been made regarding an "End State Planning" project established by two individuals named Jim Herman and Dave Mason, which they had started about one year ago. He said that Messrs. Herman and Mason had performed similar services for major corporations and Federal Government offices for many years prior to their retirement and subsequent relocation to Keene Valley, NY. He added that Messrs. Herman and Mason had donated a substantial amount of time and money to the project which included a series of two-day meetings throughout the Adirondack region and New York City where they had presented six scenarios pertaining to the projected state of the Adirondack Park 25 years in the future, as well as a series of 130 events that would have to happen, or not happen, to arrive at these scenarios. Mr. Monroe apprised that a portion of the presentation included polling the meeting participants to determine both the most desirable and most obtainable end results for the region; he continued that although Messrs. Herman and Mason had indicated that typically, the result deemed to be the most desirable was not the most obtainable, they had been very surprised to find that in the case of the Adirondack Park, a sustainable life and a usable Park were determined to be both the most desirable and obtainable outcomes named. Mr. Monroe advised Governor Cuomo's Environmental Secretary had attended the meeting, as well as the other representatives present for various environmental groups, local government, State officials, economic developers and other not-for-profit groups who had all generally agreed to work in the direction of achieving the outcomes deemed most desirous for the Adirondack Park area, which he felt was an amazing result. He apprised that a full copy of the report presented by Messrs. Herman and Mason could be viewed at the website www.adkfutures.org.

Mr. Geraghty noted that members of the Board of Supervisors had also attended a presentation by The Nature Conservancy regarding invasive plant species. He advised The Nature Conservancy offered information on invasive species plants in every community, and provided various documents that could be distributed outlining them in order to raise public knowledge and awareness. Mr. Geraghty said the Town of Warrensburg had ordered some of these materials for distribution and he encouraged any other Supervisors interested in procuring information for their respective towns to contact Mr. Monroe for the information on how to reach The Nature Conservancy.

Mr. Conover apprised that links had been added to the websites for both the Warren County Tourism Department and the Town of Bolton for a site providing direction as to the correct manner in which to clean, drain and dry boats to help stop the spread of invasive aquatic species and he requested that each of the Town websites be updated to include this link, as well, in order to provide additional outreach and education for residents and visitors, alike.

Chairman Stec extended privilege of the floor to any meeting attendees wishing to address the Board of Supervisors.

Dr. Fredd Sensor-Lee, PhD, provided an animated dissertation relative to the Blossoming on the Bikeway concept he had developed to cultivate flowers, plants, rosebushes, seeds and bulbs plantings along bikeways throughout the United States. He explained that in areas where the bikeways crossed various roadways, he proposed for neighborhood residents to join in the efforts to plant their own seeds/flowers and maintain them. Dr. Sensor-Lee said he had begun the project locally using the Warren County Bikeway due to the availability of a considerable amount of plantable land, and because he was a local resident who held the area near and dear to his heart and he wanted his home locality to be credited for the start of the concept. He advised the Blossoming on the Bikeway concept had been sanctioned in Saratoga Springs, NY and would eventually spread to other communities within the State of New York including Malta, Clifton Park, Albany, Mt. Vernon and on to New York City; he added that he envisioned the State of New York would become a model for the rest of the United States to follow. Dr. Sensor-Lee advised the flowers and plants placed along the Bikeway provided color and sculpture to the facility, garnering many comments from users of the Bikeway indicating the plant life provided an important aesthetic value that was previously missing. He noted that the program would provide children with the opportunity to plant flowers, plants or seeds which they and their respective family members could return to watch grow; he added that this idea also offered economic benefits as visitors were invited to bring their own seeds or plants to place along the Bikeway, providing them with an investment to return while benefitting nurseries and hardware stores where the plants and planting supplies were purchased. Dr. Sensor-Lee spoke sentimentally and with pride about his experiences in caring for the plantings along the Bikeway which included interactions with children and their interest in the beautiful plants and flowers, as well as with disabled persons being able to enjoy an outdoor adventure along the Bikeway. He concluded that the Blossoming on the Bikeway concept was a beautiful idea presented in the spirit of growth and he said he was proud of the concept's area roots and the fact that it would someday serve as an example for similar projects implemented across the United States. Dr. Sensor-Lee said he hoped that the members of the Board of Supervisors would support these efforts and he encouraged anyone with questions respective to the matter to contact him directly at 798-0234.

David Bulmer, Local Race Coordinator for the Centurion Cycling event, provided the members of the Board of Supervisors with an update on the results of the recent Centurion Cycling event which was held on June 22 - 24, 2012, based in the Village of Lake George. He apprised the event had included cycling race routes covering 175 miles during the three day event, incorporating races up Prospect Mountain in Lake George, a 25-mile race from Lake George to Lake Luzerne and back, and a children's race in the Village of Lake George, as well as the two longer 50 and 100 mile races. Mr. Bulmer stated the Centurion Cycling event had been deemed a tremendous success for its first year in Warren County, attracting approximately 900 riders over the course of the weekend. Following the event, he said the Centurion Cycling group had surveyed all of the participating riders and had, surprisingly, received over 200 responses within 2 weeks, 95% of which indicated that the event was excellent or very good and related that 92% of the participants intended to return for the 2013 event. Relative to the benefits the event presented in relation to the occupancy tax revenues received by Warren County, Mr. Bulmer advised of the responses received, 72% had traveled 1½ to 2 hours to reach the event, 70% had procured lodging at local facilities during the event and 35% had traveled from Canada; he added that of the percentage of Canadian visitors

indicated, 60% were from the Toronto area and he further advised that of the total number of responses received, 70% had indicated this was the first time they had ridden a bicycle in the Adirondack area. Mr. Bulmer stated that it had been very exciting to review the results of the surveys and see the number of people drawn to the area. He said the Centurion Cycling group was committed to bringing their event back to the area and were expecting rapid growth results similar to those achieved for the Canadian event which had increased its attendance levels from 1,000 riders in year one to 5,000 riders in year three. Mr. Bulmer commented that the Centurion Cycling group had been holding events in one form or another for many years in different areas across the Country and in some cases organization of the event had been difficult due to a lack of cooperation from local municipalities and State agencies. He continued that the event organizers had been pleasantly surprised with the level of support and assistance received from every division, municipality and State agency they had worked with to plan the Lake George event, as all had been very welcoming. Mr. Bulmer said that on the third day of the event when the longer races were held, the Warren County Sheriff's Office had allotted more than 35 Officers to provide safety services, leading at least one survey responder to comment that the Centurion Cycling event based in Lake George had been one of the safest and most well organized events they had attended. He advised that the warm welcome received from the area, the beautiful scenery and safe riding conditions were just a few of the reasons that the Centurion Cycling group was committed to bringing their event back to the area for years to come. Mr. Bulmer also noted that 70 riders participating in the event were part of the Crohn's and Colitis Foundation's charity group who had ridden in the race, raising approximately \$250,000 for their cause in the process. He further noted that the Crohn's and Colitis Foundation had brought 150-175 people to the area, renting 75 rooms at the Georgian Hotel in the Village of Lake George for 3 nights; Mr. Bulmer continued that the Crohn's and Colitis Foundation anticipated doubling participation in the 2013 Centurion Cycling event in Lake George which would officially become their annual charity event. In closing, Mr. Bulmer thanked the County Occupancy Tax Committee and all of the other agencies, departments and municipalities that had worked with the event organizers for their assistance and he said they looked forward to interacting with them again for the following years of the event, which they had committed to providing for at least the next four years.

Mr. McDevitt commented that he had attended the Centurion Cycling event and agreed that it was one of the most well organized events he had experienced. He noted that he had been wearing a Centurion Cycling t-shirt during a meeting with Congressman Owen who had indicated his familiarity with the group and his strong support for the event and the benefits for local communities. Mr. Bulmer thanked Mr. McDevitt for his comments and noted that if anyone had suggestions for how the event could be improved for future years, they would welcome them. Mr. Taylor questioned whether updated information would be provided relative to the realized economic impact to the area and Mr. Bulmer responded that he had received this information and would translate it into a report that could be distributed for review by the Occupancy Tax Committee and the rest of the members of the Board of Supervisors. He said that on average, the responses received indicated that the non-local people participating in the event spent approximately \$400 - \$500 in the area during the weekend. Chairman Stec congratulated Mr. Bulmer and the Centurion Cycling group on their efforts, advising that although they had initially suspected the event was a success, these reports had confirmed it. He added that it was especially heartening to hear that everyone involved had been cooperative and helped make the event a success and he also congratulated the Occupancy Tax Committee and the members of the Board of Supervisors for making an investment of occupancy tax funding to assist in bringing the event to the area, positively affecting the budget and the quality of life for the residents of Warren County.

There being no further business to come before the Board of Supervisors, Chairman Stec adjourned the meeting at 12:12 p.m.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, SEPTEMBER 21, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:00 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Vanselow.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 19.

Absent: Supervisor Merlino - 1.

Motion was made by Mr. Strainer, seconded by Mr. Monroe and carried unanimously to approve the minutes of the August 17, 2012 Board Meeting, subject to correction by the Clerk of the Board.

A moment of silence was observed in honor of Mr. Thomas Lawson who had passed away on September 13, 2012; Chairman Stec noted that Mr. Lawson had served as the County Attorney for 25 years, beginning in 1970.

Privilege of the floor was extended to John Strough, Member of the Warren County Historical Society/Queensbury Town Councilman, who spoke on the Rural Heritage Festival and Youth Fair which was held during the month of August at the Warren County Fairgrounds property. He advised the inaugural year of the event had been a success, drawing more than 600 attendees. Mr. Strough credited Martha Strodel, member of the Warren County Historical Society, as being the mastermind behind the planning of the Rural Heritage Festival and said the success of the event was due in large part to her efforts. He noted that they planned to repeat the event in August of 2013, in connection with the Warren County Bicentennial celebration. In closing, Mr. Strough commented that the site of the event, the Warren County Fairgrounds property, was a true gem that many did not know existed; he added, that if the property were marketed properly, the site would likely be used for many more events.

Mr. Merlino entered the meeting at 10:04 a.m.

Delbert Chambers, also of the Warren County Historical Society, spoke on the croquet tournament he had initiated in coordination with the Rural Heritage Festival which challenged the members of the Board of Supervisors to compete against one another. He advised competitive events, such as the croquet tournament, were a traditional part of festivals held throughout history, and in this case, allowed the upper echelon of the communities leaders to come into contact with their voting constituents. Mr. Chambers thanked those members of the Board of Supervisors who had promptly responded to his invitation to participate in the tournament, noting that Mrs. Wood and Messrs. Geraghty, Merlino, Strainer, Thomas and Vanselow had elected to compete; he added that he hoped more Supervisors would participate in the event being planned for 2013. Mr. Chambers announced that Mr. Merlino had won the tournament and he presented him with an award commemorating his victory. A round of applause was given, following which Mr. Merlino thanked Mr. Chambers and the members of the Warren County Historical Society, commenting that the event had been very enjoyable.

Commencing with the agenda review, Chairman Stec announced that Supervisor Loeb would make a presentation to the Warren County Youth Court members and staff in recognition of National Youth Court Month. Following Mr. Loeb's presentation, a round of applause was given to honor the hard work and dedication of the Youth Court members and staff.

Privilege of the floor was extended, once again, to Mr. Strough who made a presentation to the Board on behalf of the Town of Queensbury. Mr. Strough introduced Dr. Marilyn Van Dyke, Historian for the Town of Queensbury, and the two spoke on the history of the Town of Queensbury, which had been the first Quaker settlement in Warren County, dating back to

1762. A framed poster was presented to the Board of Supervisors which included many photographs depicting the history of the Town of Queensbury, in commemoration and celebration of the Town's 250th anniversary. Chairman Stec thanked Dr. Van Dyke and Mr. Strough for their gift, as well as for all of the time and hard work they had dedicated to the Town's anniversary celebration.

Privilege of the floor was extended to Marissa Muratori, Town of Lake George Board member, who made a brief statement relative to the Umbrella Group and their efforts to expand operations into Warren County. Ms. Muratori explained the Umbrella Group was an award winning not-for-profit organization whose primary focus was to assist the elderly and disabled population in an effort to help them maintain their independence and continue residing in their own homes, rather than an assisted living facility. She further explained the Umbrella Group intended to apply for AARP (American Association of Retired People) grant funding to expand their services into Warren County, but required a letter of support from the Warren County Board of Supervisors to do so. Ms. Muratori advised the services provided by the Umbrella Group were beneficial to Warren County because as the population increased, the number of elderly residents requiring assistance grew, as well.

Mr. Taylor questioned whether accepting AARP grant funding would require the Umbrella Group to become directly affiliated with the AARP and Ms. Muratori replied that she was unsure if this was the case. She added that in order to qualify for AARP grant funding, specific requirements had to be met which were consistent with the practices already being employed by the Umbrella Group. Mr. Taylor stated his support for efforts to assist elderly and disabled residents in maintaining and residing in their personal dwellings. Mr. McDevitt advised that he, too, supported these efforts and noted prior action taken by the Board of Supervisors to lower property tax rates for the elderly population. Mr. Dickinson advised the Town of Lake George was in full support of the Umbrella Group's efforts and was willing to provide them with the necessary office space to implement their program in Warren County; he added that he hoped the rest of the Board of Supervisors would support this initiative, as well. Mr. Loeb said that he felt the concept supported by the Umbrella Group was a good one, but questioned the specifics of the measures that would be taken to support the elderly and disabled population. Ms. Muratori advised the Umbrella Group essentially incorporated a group of retired senior citizens volunteering their time to help other disabled and senior citizens unable to maintain their independence by providing assistance for a plethora of necessities ranging from transportation for appointments to assistance with household or automotive repairs. She continued that in cases where volunteer services were not available, the Umbrella Group ensured that the appropriate assistance was received for fair and reasonable fees. Ms. Muratori advised the Umbrella Group employed a sliding scale membership fee ranging between \$100 and \$300 per year for these assistance services. In conclusion, she stated that the Umbrella Group was an excellent organization that she felt would provide transformational services for the elderly and disabled populations of Warren County.

Chairman Stec advised a letter of support for the Umbrella Group had already been prepared and signed and he requested a resolution ratifying his actions in executing the aforementioned letter, as well as another waiving the Rules of the Board which required resolutions to be presented in writing.

Motion was made by Mr. Dickinson, seconded by Mr. Merlino and carried unanimously to waive the Rules of the Board which required resolutions be in writing. Joan Sady, Clerk of the Board, advised this would be Resolution No. 562.

Motion was made by Mr. Dickinson, seconded by Mr. Merlino and carried unanimously to ratify the actions of the Chairman of the Board in executing a letter of support for the AARP grant application being submitted by the Umbrella Group. Mrs. Sady announced this would be Resolution No. 563.

Privilege of the floor was extended to Michael Garry, legal counsel for the Roaring Brook Ranch Resort located in the Town of Lake George, who discussed at length the prospective construction of a casino resort within Warren County. During his dissertation, Mr. Garry

apprised of a legal agreement with the St. Regis Mohawk Tribe which prevented construction of a casino by any other entity in a specified area of upstate New York comprised of eight Counties, one of which was Warren County, and the possible manner in which this impediment could be overcome, advising that the St. Regis Mohawk Tribe had indicated they would consider releasing Warren County from the agreement if the State of New York agreed to reduce the percentage of gaming proceeds received from the tribe. Mr. Garry noted Governor Cuomo's intention to establish a task force or panel that would review the area and determine where the best placement for a casino resort would be and he also pointed out the possible negative impacts to tourism in Warren County if the decision was made to place a casino in an alternate area. He encouraged the members of the Board of Supervisors to discuss the issue with their constituents in an effort to increase acceptance of the prospective construction of a casino resort in light of the positive benefits it would have on the economy and the local jobs it would create, similar to those provided by other establishments constructed in adjoining parts of the State.

Mr. McDevitt questioned whether there was a means by which the County could receive a portion of the gambling revenues collected by a casino resort and Mr. Garry replied that would depend upon the enabling legislation adopted. Mr. Girard asked if a public referendum would be held to allow each County to have some say as to whether they wanted a casino constructed within their limits and Mr. Garry responded that was not the procedure Governor Cuomo preferred as he did not want to wait another year for a public referendum to be held. Instead, he continued, the Governor's task force would agree upon seven possible sites to be identified for casino construction and there would be no local referendum held. Mr. Garry clarified that until the enabling legislation was drafted and approved, they would not know for sure whether measures for local approvals would be included.

In the event that the State decided to refrain from reducing the percentage of gambling revenues collected from the St. Regis Mohawk Tribe, Mr. Vanselow questioned whether it was possible to invite the Tribe to construct one of their casinos in the area. Mr. Garry responded this was a possibility as tribal agreements allowed the St. Regis Mohawk tribe to construct casinos anywhere within the range identified therein.

Mr. Monroe advised either outcome could have a considerable impact on Warren County and he suggested the issue be referred to the Legislative & Rules Committee to determine Warren County's position on the matter before any State legislation was approved.

Mr. Loeb stated his opinion that if a casino were constructed in an area outside of Warren County, although it might cause an initial downturn in tourism levels, the effects would not be lasting as people seeking to enjoy the beauty of the area would return; he added that not every Warren County resident foresaw casino construction as a positive for the area. Mr. Garry commented that a casino could be an additional tourism attraction for Warren County and would not detract from the beauty of the area. He added that the gambling industry was actually facing a downturn right now and counted on their resort attractions to bring in the bulk of their revenues.

Resuming the agenda review, privilege of the floor was extended to Dave Wick, Executive Director of the Lake George Park Commission, who made a powerpoint presentation entitled "Strategies for Prevention of New Invasive Species to Lake George", a copy of which is on file with the minutes. Mr. Wick's presentation included information on the types of invasive species found in Lake George and the areas currently being treated, as well as how the invasive species were being introduced and suggestions for an invasive species prevention plan.

Following the presentation, Mr. Conover questioned whether the State of New York intended to take any action on this issue and Mr. Wick replied he had recently met with NYSDEC (New York State Department of Environmental Conservation) representatives to discuss whether the Lake George Park Commission had the authority to close or restrict use of the three public boat launches on Lake George, two of which were the largest launches on the Lake, in order to stop the introduction of invasive species to Lake George. Mr. Wick replied that it appeared the Park Commission did have the authority, but would have to work with

NYSDEC to attain proper permissions from Governor Cuomo to do so. He advised that during the following week he would be hosting a boat tour of Lake George for the NYSDEC Assistant Secretary for the Environment, along with the Chairwoman and the Executive Director of the APA (Adirondack Park Agency), to discuss these issues; he added that the primary concern of all involved parties were the same as those previously cited by the Board of Supervisors, specifically fees, taxes and whether the eradication efforts would affect shoreline and other area businesses. Mr. Wick advised that the Lake George Park Commission shared these concerns and pointed out that the long term effects to shoreline businesses could be catastrophic if the invasive species infestation continued to a level such as the one occurring in Lake Tahoe, NV which was facing a serious Asian Clam infestation problem. He stated that measures were being taken to keep NYSDEC and other State officials well apprised of the infestation issues in Lake George in hopes of obtaining annual funding for eradication efforts and he said they were planning a trip to Washington, DC to raise Federal awareness of the issue, as well. Mr. Wick cited one difference between the Lake Tahoe and Lake George infestation eradication programs as being the amount of Federal funding support received and he advised the Lake Tahoe effort received 50% Federal funding support, while the Lake George eradication efforts currently received none. He explained part of the proposed invasive species prevention plan would include mandatory boat inspections and decontaminations. Mr. Wick continued that local boaters who only launched their vessels in Lake George would not be greatly affected by this program as their boat would be tagged to their trailer upon removing it and no further action would be necessary as long as the boat was only used in Lake George; however, he added, transient boaters would be subject to the mandatory boat inspections and decontaminations to ensure no new invasive species were being introduced to Lake George. Mr. Wick advised that because it was impossible to place the entire cost of the inspection and decontamination program costs on the transient boater population, additional funding from an outside source was necessary and Governor Cuomo's input was being sought to determine how this could be obtained.

Mr. Dickinson asked what could be done to restrict use of private boat launches owned by businesses, homeowners and other organizations to require boat inspections and decontaminations. Mr. Wick replied that any docking point with more than two boat slips on Lake George was considered to be a marina and all marinas were regulated by the Lake George Park Commission through a permitting process which allowed the Park Commission to require these marinas to abide by specified regulations. He said the permit regulations could be updated to indicate that marinas were not permitted to launch any boats not tagged as being only used in Lake George, with the consequence for violation being the possible loss of the operating permit issued by the Lake George Park Commission. Mr. Wick advised the Lake George Park Commission was currently discussing how to address the private/homeowner launches and he noted that although the Park Commission was not able to regulate all of them, they could require compliance checks for people launching in these areas. He stated that the process would be based on risk assessment and they would strive to provide the best possible regulatory program within the constraints of the funding available; Mr. Wick concluded they would be able to regulate about 98% of the launches on Lake George and implement compliance regulations for the remaining 2%. Mr. Dickinson stated that if it were up to him, he would immediately close Lake George to boat traffic to address the invasive species problem and begin re-opening it using the review and decontamination program suggested by Mr. Wick. He said that if action was not taken, the invasive species problem could easily get out of control and spread to an untreatable level.

Mr. Girard asked how restrictive the invasive species programs at Lake Tahoe had become and whether transient boats were still allowed to launch in that body of water. Mr. Wick responded that very specific preventive programming had been instituted for Lake Tahoe which essentially required every vessel to be inspected and decontaminated before launching and he noted that the body of water had less launch sites than Lake George, and all of them were controlled by the governing officials, which was not the case in Lake George. Mr. Wick

reiterated that the Lake George Park Commission provided regulation oversight for about 98% of the launches on Lake George, with the remaining 2% being primarily private homeowner launches for vessels that were not used in any body of water other than Lake George. He said the program being put together was as cost effective as possible and offered a very strong control component without making the process so onerous that it turned boaters away from Lake George. Mr. Wick advised letters of support for the proposed inspection and decontamination process had been received from several local organizations citing that the inconvenience and delay caused by the inspections were outweighed by the potential for further invasive species damages to Lake George; he added that many of the organizations they had anticipated would be unhappy with the new inspection process had actually turned out to be some of their biggest supporters.

Mr. Loeb thanked Mr. Wick for the presentation and said he was in full support of Mr. Dickinson's suggestion that Lake George be closed to boat traffic until appropriate programs could be implemented. He cited personal experiences in his youthful years when he lived in Sullivan County, located in the Catskill region of New York, which had been a thriving tourist area, but was not any longer. Mr. Loeb stated that Lake George stood to suffer the same consequences and loss of tourism and related revenues if they did not address the invasive species problem with all necessary expediency to save Lake George. He said he felt mandatory inspections and decontaminations for all vessels were necessary, as well as appropriate programming to completely eradicate the invasive species as quickly as possible and he encouraged Mr. Wick to seek as much funding as necessary from Warren County to make this happen. Furthermore, Mr. Loeb recommended that the Board of Supervisors take immediate action to provide a financial commitment to the eradication efforts, possibly introducing a new tax specifically for this means.

Mr. Conover noted that the best time to treat the Asian Clam infestation was in the fall and he was concerned that the funding anticipated to be provided to the efforts would not be available until 2013, which was beyond the prime treatment period. He then suggested that whatever financial commitment was intended for 2013 be made in the near future to provide treatments when they were most effective and he questioned whether this would be preferable. Mr. Wick responded that funding for treatments in the fall of 2012 would be more effective and he advised an estimate of \$1 million had been determined as the cost for treatment of the three sites previously treated, as well as an additional four sites where Asian Clams had been identified. He explained that extensive discussions had been held on how best to apply treatments and a plan had been developed; however, he added, the funding was not currently available to proceed with them.

Chairman Stec pointed out that the State of New York was the actual property owner of Lake George and he questioned whether there had been any indication that they intended to provide funding for the eradication efforts. He continued that the County had already donated more than its fair share to the effort and he said that even if all of the municipalities surrounding Lake George joined together, it would be a challenge to raise the \$1 million estimated for continued treatments. Chairman Stec advised there seemed to be two options available, one being to exceed the specified tax cap and the second being a reallocation of occupancy tax funds. Mr. Conover noted that although providing a multi-year contribution was preferable to the County, it was not as effective for the eradication effort as a lump sum payment would be and he suggested that the County bond the amount they wished to provide, allowing the eradication effort to continue and the debt to be repaid by the County over time. Chairman Stec agreed that financing the expenditure was a third option and would actually allow for the matter to be addressed in a less costly fashion than it would be if several repeat treatments were necessary due to a lack of funding. He said it was a shame that the State of New York had not addressed the issue already and it might not be a good idea to await State funding that may never materialize, allowing the situation to worsen in the meantime. Chairman Stec apprised he felt it would be most productive to determine the amount of funding available in the occupancy tax reserve fund as this might be the type of critical issue the reserve was intended

to address. He then noted a statute that allowed a municipality to address health hazards not addressed by a property owner and then bill the property owner for the actions taken and he questioned whether Warren County had any rights to proceed with the eradication of Asian Clams in Lake George and then bill the State of New York for the associated costs. Martin Auffredou, County Attorney, responded that he would need to perform more research to determine whether the statute Chairman Stec eluded to applied in this case. In the meantime, he continued, the best approach might be to determine how much Warren County could realistically provide within their current means and send a strong message to the State that Warren County was very serious about addressing the issue and looking to the State to take immediate action.

Mr. Westcott said the invasive species eradication was a huge effort and he questioned when they would need to resume those efforts to be most effective during the fall season, possibly allowing the Board of Supervisors a bit more time to consider the amount of funding they would be able to provide. Mr. Wick responded that the firm under contract to place the mats used to smother the Asian Clam species would begin work on October 9th; he added that the mats needed to be left in place for at least 45 days before they were removed in order to be effective. Mr. Wick concluded this time schedule did not leave a lot of room for delays and noted that if the mats were placed in late October it would be too late in the season to achieve an effective treatment. Mr. Bentley stated that the State of New York collected millions of dollars for their Environmental Protection Fund and instead of using these funds to make unnecessary purchases of additional land that will have to be maintained using taxpayer dollars, he felt they should appropriate funds to address the invasive species issue in Lake George. In the meantime, Mr. Bentley said he would propose using the occupancy tax reserve funds available to further the eradication effort during the most effective period. Chairman Stec advised that Paul Dusek, County Attorney, was reviewing the status of the occupancy tax reserve fund to determine the amount available.

Mr. McDevitt said that he sympathized with the need for funding and supported the concept, but questioned whether it was possible to give the Board of Supervisors a bit more time to consider the considerable expenditure before making any rash decisions. Chairman Stec agreed that further discussion would be prudent to ensure that a well thought out determination was reached and he suggested that the issue be referred to a joint meeting of the Occupancy Tax and Finance Committees, followed by which a special Board meeting could be called, if necessary, to provide the funding in a timely fashion.

Mr. Monroe stated that this issue strongly questioned the priorities of the State of New York, especially in light of the fact that they were considering committing \$50 million to purchase more land while allowing the environment and economy to degrade. He continued that if the County contributed additional monies to the invasive species eradication effort in Lake George, they should challenge the State of New York to match that amount as the efforts should be funded by other State agencies; additionally, he agreed with Mr. Bentley that a statement should be made about the priorities of the State of New York, which were clearly wrong. Chairman Stec agreed and noted that when the County made their initial investment to the effort, they had challenged other municipalities surrounding Lake George to do the same. He said they should not have to leverage local dollars against an environmental priority the size of what had been identified in Lake George, but it appeared that was what would be necessary to address the issue.

Mr. Mason commented that the effort to address the invasive species in Lake George had two facets, one being to actually remove the invasive species and the other to impose boat inspections and decontaminations to stop the introduction of new invasive species, or resurgence of those eradicated, in Lake George. He then questioned whether the County could impose the boat inspections and decontaminations by Local Law. Mr. Wick responded that while it was his understanding that the County could adopt a Local Law of this nature, the regulations imposed had to be enforced and the question became whether funding was available to support the enforcement measures on a local and regional basis. Mr. Mason

suggested the adoption of a Local Law be referred to the appropriate Committee to be considered and adopted as quickly as possible. Mr. Auffredou agreed that the County could adopt a Local Law as proposed by Mr. Mason, but reiterated Mr. Wick's point that if adopted, enforcement measures would have to be taken and he advised a determination would have to be made as to how the enforcement measures would be implemented and funded. Mr. Mason responded that when discussed at the Committee level, determinations could be made as to how funding would be determined; he said that the Local Law mandating boat inspections and decontaminations was necessary because it did not make sense to spend millions of dollars to eradicate the invasive species, only to allow their reintroduction through a lack of regulatory local legislation.

Mr. Strainer said he agreed with Mr. Monroe's point that it was ludicrous for the State of New York to make a large and expensive land purchase when there are other environmental issues, such as the contamination of Lake George by invasive species, that should be addressed instead. The problem, he continued, seemed to be that the State was not willing to provide funding for the eradication efforts because other municipalities were doing so at the local level. Mr. Strainer questioned whether Governor Cuomo and other members of the State Legislature had been privy to the information presented on the need for invasive species eradication and Mr. Wick replied in the negative, but advised that NYSDEC representatives would be arriving in the area for a boat tour during the following week and he intended to update them on the situation during that visit. Additionally, Mr. Wick noted a meeting with APA representatives was scheduled in early October to continue to raise awareness on the issue; however, he said, it was very difficult to gain access to representatives at the executive level, such as Governor Cuomo, who were able to provide the funding necessary to support the eradication efforts. Mr. Wick advised there was one area the Board of Supervisors might be able to assist with, that being the \$850,000 Consolidated Funding Grant Application which had been submitted to the Regional Economic Development Council by the Lake George Watershed Coalition and was currently being processed and ranked. He continued that the grant funds were intended for invasive species management on Lake George and the majority of the grant funding could be attributed to Asian Clam management. Mr. Wick encouraged any members of the Board of Supervisors with contacts at the Regional Economic Development Council to advise of the prospective effects invasive species could have on the economic sustainability of the area.

In response to a question posed by Mr. Strainer as to the need to remove the mats placed in Lake George for eradication treatment procedures, Mr. Wick advised the mats had been removed in accordance with APA regulations, as well as in light of initial concerns with regard to possible destruction of the mats which could get caught in the ice and ripped. He said conversations with APA representatives were planned to discuss leaving the mats in throughout the winter months and removed prior to the boating season to reduce the cost of placing and removing the mats and improve the efficiency of the eradication efforts. Mr. Wick advised that if the mats were ripped, they could be fixed later.

Mr. Taylor agreed with prior comments that more time and consideration was necessary to make a decision as to the amount of funding that could be provided by the County and where it would be appropriated from. He said he was bothered by the fact that wealthy landowners residing along the shores of Lake George were not participating financially in the eradication efforts. Mr. Taylor pointed out that the residents surrounding Glen Lake had formed an association to independently fund the eradication of invasive species in that body of water without municipal assistance and he said he felt the residents surrounding Lake George should become involved in a similar process. Mr. Wick agreed with this point and advised the Lake George Park Commission was considering every possible funding mechanism for the eradication efforts, one of those being the creation of a Park-wide taxing district; he further advised the boundaries of the Lake George Park were already established and the formation of a new Park-wide taxing district would require action from the State Legislature because the district included more than one municipality. Mr. Wick continued that it was possible to create

a new legislative district Park-wide and this was one of the suggestions being considered, although he expected a considerable amount of political muscle would be necessary to achieve it and he said an indication as to whether or not the Board of Supervisors was in favor of this idea would be immensely helpful.

Mr. Geraghty cautioned the members of the Board of Supervisors that they should not make an arbitrary decision about dedicating funding and should first carefully discuss and consider the matter. He said there were a lot of expenses to be considered, for example the rising retirement costs projected for 2013, as well as the mandated tax cap. Mr. Geraghty supported the idea of referring the matter to the Occupancy Tax and Finance Committees for further discussion and suggested that a serious effort be made to reach out to Governor Cuomo and his team to increase awareness of the need for financial assistance to support the eradication effort. Chairman Stec pointed out that a \$1.1 million increase was projected for retirement contributions in 2013 and that increase alone would exceed the 2% tax cap increase figure of \$780,000. Mr. Geraghty said he agreed that the County should contribute funding to the eradication effort, but believed the State should be providing the bulk of the funding since they claimed ownership of Lake George. Mr. Wick advised the State had provided \$200,000 in funding for the eradication effort in 2012; however, he added, this was not the level of participation many believed was proper. He also agreed that it was difficult to understand why the State was willing to expend \$50 million to make additional, unnecessary land purchases in light of all the other outstanding environmental issues that were not being addressed.

Mr. Monroe commented that while the invasive species issue was a problem for Lake George, it was also a concern of other uninfected bodies of water that could be contaminated by transient boaters leaving Lake George. He said that although he understood the point that boats leaving Lake George would not be inspected or decontaminated due to a lack of funding, this caused a problem for other bodies of water that the boats might be launched in next, unknowingly spreading the invasive species to other waterways in Warren County and points beyond. Mr. Monroe advised that while Lake George should be the primary concern, a broader view was necessary to protect other bodies of water, as well.

Mr. Westcott opined that a financial funding plan as well thought out as the eradication program was necessary to include all of the vested parties effected by the issue to assist with the associated costs. Mr. Wick replied that the Lake George Park Commission had considered a number of different angles to address the financial constraints faced. He said they had received contributions from a number of municipal entities and he planned to meet with all of the hotel owners along the strip of Lake George identified for treatment to discuss the issue and suggest that financial contributions be made to advance the eradication efforts.

Mr. Sokol questioned whether the balance of the occupancy tax funding available had been determined and Mr. Dusek replied affirmatively, advising there was approximately \$650,000 available, including the \$500,000 occupancy tax reserve. Speaking as the Chairman of the Occupancy Tax Committee, Mr. Kenny advised the actions of the Board of Supervisors were based on protocol and therefore, he said, the matter should be referred to the Occupancy Tax and Finance Committees for review and Chairman Stec said this would be his recommendation also.

Mr. Conover commended the actions of the eradication task force and the volunteers donating their time and energy to the effort. He said he wanted the Board of Supervisors to be aware that a number of sites where invasive species had been identified were not being treated, due largely to a lack of funding, and this was concerning due to the species' ability to rapidly reproduce. Mr. Conover noted that the Village of Lake George and the four Warren County municipalities located along Lake George accounted for two-thirds of the assessed value of the entire County. He said the invasive species should not be dismissed as inconsequential and if they were able to raise sufficient funding to treat other sites, they should do so.

In response to the suggestion previously made, it was the consensus of the Board that the issue of providing additional funding to the invasive species eradication in Lake George

should be referred to a joint meeting of the Occupancy Tax and Finance Committees for further review.

Mr. Taylor questioned whether a \$500,000 contribution to the eradication effort would make a big impact and Mr. Wick replied that the Lake George Park Commission had determined the funding they currently had available would be sufficient to perform eradication work in four new sites identified and any additional monies received would be used to control the most dense Asian Clam populations. He said he could not make any assurances that a 100% successful eradication process was guaranteed but could advise the best scientists across the Country were working on the issue to obtain the best possible results. Mr. Wick apprised they had not been happy with the treatment results for the Boon Bay area or near the Village of Lake George; however, he said, they had identified the issues leading to the less than favorable results and felt that if those factors were addressed and the measures re-applied, better results could be achieved, or at least the ability to triage the area and reduce the number of Asian Clam to a level that prevented massive algae blooms, allowing the public beaches to be kept open. Mr. Wick said he had not anticipated any type of financial commitment from the County at the current meeting, but was tremendously grateful that it was being considered.

Mr. McDevitt questioned whether a resolution enthusiastically supporting the Lake George Watershed Coalition's Consolidated Funding Grant Application had been approved previously and Joan Sady, Clerk of the Board, replied that she did not believe a specific resolution to this effect had been adopted. Chairman Stec suggested adopted of a resolution of this nature, noting that it should be sent to Congressman Gibson and any other pertinent parties; Mr. McDevitt suggested that a copy also be sent to Congressman Owens. Chairman Stec asked if the task force was sufficient to complete the level of eradication work that could be funded by both the grant funding and the County contribution and Mr. Wick replied affirmatively. Additionally, Chairman Stec advised that someone at the Governor's Office needed to be made aware of the efforts being implemented and the concerns and frustrations of Warren County, who although should not have to, were preparing to assist with the eradication efforts financially. Chairman Stec said he was not sure the Governor's Office was aware of the urgency with which this issue should be addressed and they should be advised on the issue as the costs of the eradication efforts increased the longer the work was delayed. Mr. Wick responded that he was scheduled to have a teleconference with the Assistant Secretary for the Environment later that day and said he would be sure to relate these concerns.

Mr. Girard stated that no matter how much funding the County committed it would likely not be enough to sustain the complete eradication. He asked if a plan could be mapped out to increase the eradication efforts for all invasive species in Lake George, and implement enforcement procedures to ensure new invasives were not introduced, and account for all of the anticipated costs that would be associated with these measures to provide a true picture of a program that should be implemented to sustain the health of Lake George. Mr. Girard advised that in order to provide a sustainable program, a funding mechanism needed to be determined; he continued that due to the tax cap imposed by the State of New York, there seemed to be no means for financial support other than occupancy tax funding, which would mean that area events could not be funded, or a sales tax increase which he found preferable as it could be dedicated solely to supporting costs such as the eradication effort, and other necessary costs such as road maintenance, and would be contributed to considerably by the tourism industry. Mr. Girard stated that almost every other county in New York State had already increased their sales tax and this would provide a valid source of funding for certain expenses that were necessary but not being funded due to a lack of money. He advised that the increase could be attributed to specific expenses in order to rule out any concerns with regard to frivolous spending.

Chairman Stec encouraged Mr. Wick to relay the concerns and frustrations of the Warren County Board of Supervisors on the invasive species issue to the appropriate parties at the State level to bring the severity of the situation to their attention and hopefully prompt their

assistance with the eradication effort. He added that the matter of funding to be provided by Warren County would be discussed further in a joint meeting of the Occupancy Tax and Finance Committees and he requested that Mr. Wick be notified when the meeting was scheduled.

Motion was made by Mr. Bentley, seconded by Mr. Dickinson and carried unanimously to waive the Rules of the Board requiring that a resolution be presented in writing. Mrs. Sady advised this would be Resolution No. 564.

Motion was made by Mr. Monroe, seconded by Mr. Conover and carried unanimously to authorize a letter of support to the Regional Economic Development Council relative to the Lake George Watershed Coalition's Consolidated Funding Application in the amount of \$850,000 for the invasive species management program. Mrs. Sady noted that this would be Resolution No. 565.

Mr. Wick surmised that from the comments made at the meeting, there seemed to be support for the proposed implementation of mandatory boat inspections and decontaminations on Lake George and he requested that the Board consider the idea of possibly adopting a resolution of support for the initiative at a future meeting. He said that when the Lake George Park Commission eventually met with State officials to present the mandatory boat inspections and decontamination scenario, a letter of support from the Warren County Board of Supervisors would be tremendously helpful. Mr. Wick thanked the members of the Board, once again, for their time and support of the eradication efforts being undertaken.

Motion was made by Mr. Mason, seconded by Mr. Dickinson and carried unanimously to waive the Rules of the Board requiring that a resolution be presented in writing. Mrs. Sady stated that this would be Resolution No. 566.

Motion was made by Mr. Mason and seconded by Mr. Dickinson to support the Lake George Park Commission's initiative to impose and enforce mandatory boat inspections on Lake George. Mrs. Sady advised this would be Resolution No. 567.

Mr. Westcott requested clarification as to whether the boat inspection proposal would make it the State's responsibility to enforce and fund the boat inspections and Mr. Auffredou stated his concern that before taking action on this matter, more discussion needed to be held relative to the costs associated with the inspection and decontamination process and the enforcement thereof, as well as how it would be funded. He continued that the authority for this could be related to the Lake George Park Commission through a State Legislative effort. Mr. Wick advised the Lake George Park Commission did not intend for the County to be responsible for the inspection and decontamination costs, nor the enforcement, and he clarified that he was seeking a resolution of support for the Lake George Park Commission's initiative to move in that direction.

Alexander Gabriels, Town of Bolton Resident, advised that during his tenure as Supervisor for the Town of Bolton, he had been heavily involved with the eradication efforts of invasive species in Lake George. He noted that one of the ways to protect Lake George was to employ a multi-tiered approach for preventing invasive mussels, which he felt should be a State-wide program, rather than focusing only on Lake George; he added that it would be acceptable for the State to use Lake George as an example for the scientific and enforcement aspects of the program. Mr. Gabriels stated it was not clear that the Park Commission's proposal to mandate boat inspections and decontaminations was going to be acceptable as it had not even received final approval from the members of the Lake George Park Commission itself; therefore, he said he did not feel it was appropriate for the Board of Supervisors to act on the issue without further consideration and discussion with their respective constituents. Furthermore, he expounded, the economic impact of the boat inspection and decontamination process should be considered, as well, because he said he was sure the new procedures would have a negative impact on the area's economy and it remained to be seen whether those effects would be reversed in subsequent years. In closing, Mr. Gabriels stated that he would welcome the opportunity to attend the joint Occupancy Tax and Finance Committee meetings proposed to discuss the matter further. Speaking as the

current Supervisor of the Town of Bolton, Mr. Conover stated that the boat inspections and decontaminations were key to maintaining the health of Lake George and preventing new invasive species from being introduced. He continued that if some type of regulatory maintenance procedures were not implemented, all of the funding expended for the eradication effort would be wasted, allowing current and new invasive species to make a resurgence in the Lake and continue the contamination threat for other bodies of water, as well. Mr. Conover cited that the economic impact and inconvenience resulting from the boat inspection and contamination process would pale in comparison to the effects incurred if the Asian Clam and other invasive species were permitted to continue to infest Lake George.

Chairman Stec said that although there did not seem to be a lack of support for the initiative, he agreed that further consideration on this matter was necessary before taking action, especially in light of the fact that the Lake George Park Commission had yet to finalize and approve their plan for boat inspections and enforcement. Mr. Thomas said he was not comfortable taking action on an issue that the Lake George Park Commission had not officially recommended and agreed the issue warranted further discussion. Mr. Dickinson countered that the point of the resolution was to show the Board of Supervisors' support for boat inspections, in general, that the Lake George Park Commission could use for leverage in their discussions with State officials. Mr. Monroe commented that he also believed the issue should be discussed further at the Committee level before any action was taken, and a number of other Supervisors agreed. Mr. Geraghty questioned how long a boat inspection took and Mr. Wick advised that the pilot program currently in place required about half an hour to perform both the inspection and the decontamination process; he added that the inspection, itself, took about five minutes with the remaining time being used for the decontamination, if necessary.

Mr. Mason said that he would withdraw his motion to support the Lake George Park Commission's initiative to impose mandatory boat inspections, but because Mr. Dickinson declined to withdraw his second to the motion, Mr. Dusek advised it would have to be voted on. Chairman Stec called the question and the motion failed with Supervisors Monroe, McDevitt, Taylor, Kenny, Frasier, Stec, Westcott, Sokol, Thomas, Wood and Geraghty voting in opposition.

Chairman Stec reiterated that although the motion had failed, he did not believe there was a lack of support for the initiative itself, but rather due to the fact that all of the details for the program were not available, nor had it been approved by the Lake George Park Commission. He said the matter would be discussed further at the Committee level, following which a decision would be made.

Resuming the agenda review, Chairman Stec proceeded with his report, acknowledging the County had entered into the preliminary stages of reviewing all of its options relative to the future of the Westmount Health Facility. Due to the length of the meeting, Chairman Stec stated that unless there was pressing information to provide, he would suggest foregoing the Committee Chairman Reports portion of the meeting in the interest of time. As all of the Board members were in agreement, no Committee Chairman Reports were provided. Proceeding to the County Administrator's Report, Mr. Dusek advised he had no information to present either.

Mr. Auffredou announced that he had one item to present, that being a proposed resolution entitled "Authorizing the Warren County Attorney to Commence Legal Proceedings Against Parties Identified by the Warren County Attorney Responsible for Leaking Windows and Related Incomplete or Defective Conditions at the Human Services Building", copies of which were distributed to the Board members in draft format; *a copy of the proposed resolution is also on file with the minutes*. Mr. Auffredou explained some of the windows at the Human Services Building were leaking and although they had reached out to the contractor they believed was responsible for the defective condition, an acceptable response had not been provided. Therefore, he added, he suggested approval of the aforementioned resolution which would authorize his Office to commence legal actions against the responsible parties identified, which might actually be multiple contractors. Mr. Auffredou advised he had been working closely with Kevin Hajos, Deputy Superintendent of Public Works, to resolve the issue and

although the potential for an alternate reconciliation existed, the proposed resolution would allow pursuance of the appropriate litigation, if necessary. Mrs. Sady advised this would be Resolution No. 568.

Chairman Stec called for the reading of Communications and Mrs. Sady read them as follows:

Minutes from:

Warren/Washington Counties I.D.A. and Executive/Park Committee.

Monthly Report from:

Weights & Measures.

Capital District Off-Track Betting, June 30 and July 31, 2012 Financial Reports as well as July and August surcharge in the amounts of \$9,434 and \$15,248, respectively.

Communications, resolutions and reports ordered placed on file.

Continuing with the agenda review, Chairman Stec called for a reading of resolutions and discussion.

Mr. Geraghty requested a roll call vote for proposed Resolution No. 557, Authorizing Acceptance of Settlement for Resident at Westmount Health Facility. Mr. Taylor requested a roll call vote for proposed Resolution No. 550, Rescinding Resolution No. 550 of 2010 and all Prior Resolutions Including Resolution Nos. 577 of 2008 and 889 of 2009 with Regard to Re-Bidding and Advertising for the Sale of Two (2) County-Owned Parcels (Portion of Tax Map Parcel No. 2.-1-49 and Tax Map Parcel No. 288.-1-62) Located in the Town of Queensbury. Mr. McDevitt requested a roll call vote for proposed Resolution No. 556, Authorizing Execution of Client Acceptance of Year Seven Annual Guaranteed Savings Report for Siemens Industry, Inc. Mr. Westcott requested roll call votes for proposed Resolution Nos. 536, Authorizing Agreement with C&S Companies, Inc. to Provide Professional Engineering and Consulting Services for the T-Hangar Paving Project, and 537, Awarding Bid and Authorizing Agreement with Kubricky Construction Corporation for T-Hangar Apron Paving Project at the Floyd Bennett Memorial Airport Queensbury, New York (WC 047-12).

Mr. Monroe said that although he had not requested to make a Committee Chairman Report, he would like to advise that a decision had been made by the Gaslight Village Ad Hoc Committee to offer the sale of one-half of the County's ownership interest in the former Gaslight Village property to the Town of Lake George for the sum of \$673,611.16, as represented by proposed Resolution No. 530. Mr. Dickinson stated that the Town of Lake George required additional time to review and consider whether they were able to purchase the property for the amount indicated; therefore, he said, he would respectfully request that the resolution be tabled.

Motion was made by Mr. Monroe, seconded by Mr. Dickinson and carried unanimously to table proposed Resolution No. 530 of 2012.

With respect to proposed Resolution Nos. 536 and 537, Mr. Westcott questioned the total construction costs anticipated in relation to both resolutions and Ross Dubarry, Airport Manager, replied that a cost of \$48,500 was anticipated for the engineering and consulting services (*Resolution No. 536*) and \$182,000 for the construction (*Resolution No. 537*). Mr. Westcott then asked how many airplanes were currently housed in the t-hangars for which the paving was being done and Mr. Dubarry advised that the t-hangars would not be built until the paving work was complete, but noted that the foundation for the structures was already in place to sustain ten aircraft in each t-hangar. In response to a question posed by Mr. Westcott as to how many t-hangar buildings were currently in place and if those t-hangars were full, Mr. Dubarry responded that ten t-hangar buildings had been constructed and were used by various tenants. Mr. Dubarry explained the capacity of the t-hangars varied as the bays could either house two small aircraft or one larger model; he added that all of the bays in the two t-hangar buildings being constructed had already been rented and there was a list of pilots waiting for a bay to become available for rental. Mr. Westcott noted that proposed Resolution Nos. 536 and 537 represented a combined cost of \$230,500 and he questioned whether that funding could be better used to maintain the County's highway infrastructure, given the tenuous budget

situation and Jeffery Tennyson, Superintendent of Public Works, responded that the work would be funded primarily by FAA (Federal Aviation Administration) funding that could only be used for Airport related expenses. He further advised that the t-hangar buildings were being constructed by private entities and the paving project was just to support the t-hangars which the County received rental revenues for. Mr. Westcott questioned why the grant funding could not be used to cover other fees and Mr. Tennyson advised the FAA grant funding was specific to Airport projects because it was contributed to by a tax attached to airline tickets.

Mrs. Sady announced that proposed Resolution Nos. 524 through 558 were mailed. She advised proposed Resolution No. 524 was mailed and subsequently corrected, while proposed Resolution No. 548 was mailed and then withdrawn; therefore, she said, a resolution was necessary to approve both of the aforementioned actions.

Motion was made by Mr. Geraghty, seconded by Mrs. Wood and carried unanimously to approve the changes to both proposed Resolution Nos. 524 and 548.

Mrs. Sady announced that the resolutions relating to the filling of vacant positions were proposed Resolution Nos. 553, 554 and 555 and unless a roll call vote was requested, all would be approved in the collective vote. She then advised a motion was necessary to bring proposed Resolution Nos. 523 and 559 through 561 and 568 to the floor.

Motion was made by Mr. Dickinson, seconded by Mr. Taylor and carried unanimously to bring proposed Resolution Nos. 523 and 559 through 561 and 568 to the floor.

Relative to proposed Resolution No. 523, Making Supplemental Appropriations, Mr. Kenny advised he intended to vote against the resolution because the transfer requested for the Westmount Health Facility totaled more than \$100,000 and would lead to a deficit in their operating budget.

Chairman Stec called for a vote on resolutions. Resolution Nos. 523 - 568 were approved, with the exception of Resolution No. 530, which was tabled, Resolution No. 548, which was withdrawn, and Resolution No. 567, which failed. A Proclamation pertaining to National Youth Court Month and a Certificate of Appointment naming members of the Saratoga-Warren-Washington Counties Workforce Investment Board were submitted.

RESOLUTION NO. 551 OF 2012

Resolution introduced by Supervisors Thomas, Taylor, Sokol, Monroe, Bentley, Wood, Kenny, Merlino and Conover

**EXPRESSING WARREN COUNTY'S OPPOSITION TO THE CLEAN WATER ACT
DRAFT GUIDANCE PROPOSED BY THE ENVIRONMENTAL PROTECTION AGENCY**

WHEREAS, the Warren County Board of Supervisors recognize and affirm their commitment to environmental stewardship and the protection of our natural resources, and the need to harmonize municipal land use and development programs and municipal services with the legislative intent and objectives of the Clean Water Act (CWA), and

WHEREAS, the Environmental Protection Agency (EPA) and the United States Army Corps of Engineers (Corps) have developed draft guidance which greatly expands the identified waters protected by the CWA (draft guidance) and which draft guidance purportedly clarifies the EPA's and Corps understanding and definition of the CWA that will apply to all of the EPA's regulatory programs and policy actions, and

WHEREAS, the draft guidance greatly expands the number of projects subject to jurisdiction or determination of CWA permitting and which projects do not currently require EPA or Corps oversight and at great expense to the taxpayers of Warren County with little, if any, environmental benefit while diverting scarce resources from other programs that provide environmental protection and conservation benefits, and

WHEREAS, the draft guidance creates uncertainty, confusion and, if implemented by EPA will include within EPA's purview a significant number of public works activities, transportation infrastructure, agricultural activities and commercial and residential development activities which, heretofore have not been subject to CWA's costly, time consuming permitting and regulatory protocols, and

WHEREAS, the Warren County Board of Supervisors maintains that the CWA was never intended to extend EPA's regulatory oversight to road side ditches, storm-water drains, culverts, farm and stock ponds, seeps, wet areas, isolated man-made ponds or channels for intermittent waterflow, and

WHEREAS, the financial impact of the draft guidance to Warren County and its towns and villages will be significant with road side ditch projects and on-going maintenance alone causing additional fiscal stress on Warren County which is already experiencing difficulties due to unfunded State mandates and a State imposed tax cap, and

WHEREAS, the Warren County Board of Supervisors maintains that it is improper to so significantly change and expand the scope of CWA without legislative authorization by the United States Congress or through the formal Federal rule making process and absent any public and stakeholder comments on this critically important and complex issue, and the unilateral action by EPA presents serious separation of powers concerns as well as questions about the authority of a Federal Agency to initiate and implement without any legislative or public input expansive new authority, now, therefore, be it

RESOLVED, that the Warren County Board of Supervisors urges EPA and the Corps to withdraw the draft CWA guidance immediately, work collaboratively with state and local governments to enforce the current scope of the CWA while respecting the authority of state and local governments in ensuring the protection of our water resources, and be it further

RESOLVED, that the Warren County Board of Supervisors urges its Congressional and State representatives to intercede and request the EPA to report to them on their response and adaptations regarding the aforementioned concerns, and be it further

RESOLVED, that the Clerk of the Board of Supervisors be, and hereby is, authorized and directed to forward copies of this resolution to Senator Charles E. Schumer; Senator Kirsten E. Gillibrand, Congressman Christopher Gibson, EPA Administrator Lisa Jackson, New York Governor Andrew Cuomo, Senator Elizabeth O'C. Little, Assemblywoman Teresa Sayward and EPA Region 2 Administrator Judith Enck.

Concluding the agenda review, Chairman Stec asked if there were any announcements to be made, following which Mr. Geraghty advised the Town of Warrensburg would be holding their annual "World's Largest Garage Sale" on September 29-30. Mrs. Frasier announced the Town of Hague planned to hold an Octoberfest celebration over the upcoming weekend of September 22-23. Mr. Taylor thanked Amanda Allen, Deputy Clerk of the Board, for forwarding the resolutions not included in the original mailed packet prior to the Board meeting via email; he said that having them available for perusal prior to the meeting was very helpful, and many other Board members agreed. Mr. Strainer stated his appreciation for the landscaping work done by the Buildings and Grounds crews around the Municipal Center Building which was very pleasing to see. Mr. McDevitt commented that the Adirondack Balloon Festival had begun on the prior evening, drawing a considerable crowd for the festivities held and he noted that the balloon launch from Crandall Park that morning had provided a beautiful panoramic vista, as well. Mr. Vanselow apprised that over the Columbus Day holiday weekend, October 6-7, a Harvest Festival was planned to be held at Gore Mountain in the Town of North Creek which would include food, music and a number of other attractions.

There being no further business to come before the Board of Supervisors, on motion made by Mr. Strainer and seconded by Mr. Bentley, Chairman Stec adjourned the meeting at 1:02 p.m.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, OCTOBER 19, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:10 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Dickinson.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 20.

Motion was made by Mr. Sokol, seconded by Mr. Thomas and carried unanimously to approve the minutes of the September 21, 2012 Board Meeting, subject to correction by the Clerk of the Board.

Commencing with the agenda review, privilege of the floor was extended to Lloyd Mott, Chairman of the Warren County Safe & Quality Bicycling Organization (WCSQBO) who distributed a number of handouts to the Board members which included the WCSQBO Mission Statement, an Accomplishments Report, a listing of the members of the WCSQBO Citizens Advisory Committee, a book of maps outlining biking trails/routes in Warren County, and a number of brochures pertaining to area biking activities; Mr. Mott then proceeded with a review of the documentation provided, copies of which are on file with the Board meeting minutes. He spoke on the history of the WCSQBO which was developed about two and a half years earlier in an effort to promote safe biking opportunities for both accomplished road and mountain bicyclers, as well as for families seeking safe routes to travel by bicycle with their children, and to educate both bicyclists and motorists on the safe sharing of roadways. Mr. Mott noted several newspaper articles in support of the efforts being made by the WCSQBO, as well as one recent editorial which highlighted the importance of bicycling and connecting trails which provided an alternate means of transportation and promoted a healthier lifestyle. He advised that in developing and distributing their biking maps and brochures, the WCSQBO had worked with several County Departments and he thanked Jeffery Tennyson, Superintendent of Public Works; Paul Butler, Director of the Parks, Recreation & Railroad Division; Tanya Brand and Joanne Conley, both of the Tourism Department; and Sheri Norton, former GIS Coordinator for the Planning & Community Development Department, for their assistance. Mr. Mott stated that the WCSQBO was in the process of updating their website with the ultimate goal being to lessen the amount of printed brochures, maps and information distributed in favor of providing the same in an electronic format via their website. He reminded the Board members of the Master Plan document developed by the Adirondack/Glens Falls Transportation Council which had been presented during the spring of 2012; Mr. Mott said they were very proud of this document and noted that it would be helpful when applying for grant funding to further their efforts. Mr. Mott apprised that the Towns of Lake Luzerne and Queensbury had adopted resolutions designating certain roads as connector routes for safer bicycle travel which would be highlighted on future maps. He stated that these efforts could be used as models for other municipalities and he said the WCSQBO sought to meet with representatives from the other Towns to encourage similar actions.

John Strough, Member of the WCSQBO Board of Directors/Queensbury Town Councilman, spoke on the connector trails being established, specifically highlighting the Rush Pond Trail being developed near West Mountain Road in the Town of Queensbury which would provide a safe transportation means for families and children, connecting various neighborhoods to the Queensbury School system properties. Mr. Strough pointed out that improved connector trails would also help to promote area tourism as bicycling was quickly becoming a more prominent activity amongst locals and visitors, alike. He said they intended to erect tasteful signage along the trails directing users to area convenience stores and

restaurants in an effort to benefit both bicyclists and business owners. Mr. Strough advised they were working with local groups, as well as State and Federal organizations to develop additional connections with other bicycling routes and he said he felt the WCSQBO was a worthwhile and useful organization that was trying to do a lot for the region.

With respect to the WCSQBO Citizens Advisory Council, Mr. Mott advised each Township in Warren County was represented by a Council member. He continued that it had been very difficult to schedule a meeting where all members were able to attend and as another means to accomplish this important connection, Mr. Mott said they would be willing to attend Town meetings, or schedule meetings with individual Town Supervisors, to encourage communication on how best to promote and facilitate safe biking practices in each township.

Mr. Conover congratulated the WCSQBO on the work they had done so far and said he encouraged them to continue their efforts. Mr. Monroe agreed, and noted that additional means for transportation was very important, especially for the northern area of Warren County where additional trails could be developed; he pointed out that similar efforts had been made in the state of Vermont, leading to the development of an extensive bike trail system. Mr. McDevitt stated his support for the WCSQBO's efforts, as well, advising that many County taxpayers also felt this was a worthwhile venture. Mr. Mott acknowledged Mr. Monroe's comment about the Vermont bike trail system, advising that he would like Warren County to be considered in the same manner.

Resuming the agenda review with the Report by the Chairman of the Board, Chairman Stec said he had nothing to report. He then called for reports by Committee Chairman on the past month's activities or meetings and the following gave verbal reports: Supervisor Merlino, Tourism; Supervisor Strainer, Community College; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Geraghty, Budget; Supervisor Conover, Personnel; Supervisor Monroe, Legislative & Rules and Real Property Tax Services; Supervisor Girard, County Facilities; Supervisor McDevitt, Mental Health; Supervisor Taylor, Economic Growth & Development; Supervisor Loeb, Social Services; Supervisor Kenny, Occupancy Tax; and Supervisor Bentley, Public Works.

Mr. Merlino apprised that the Planning Guides prepared by the Tourism Department had been delivered and the Travel Guides would be available on October 25th.

Mr. Strainer advised he had attended the ribbon cutting ceremony for SUNY Adirondack's new Wilton Campus; he added that he intended to provide more definitive information at the next Board meeting, but recalled from the presentation made indications that the number of classes provided, as well as the number of participating students, had more than doubled with the Campus relocation.

Mr. Thomas advised that pursuant to the Finance Committee meeting held on October 10th, several resolutions had been approved, as represented by proposed Resolution Nos. 599, 601-604, 605, 622, 623 and 624, which he proceeded to outline briefly.

Mrs. Wood advised the Public Safety Committee had met and approved a few resolutions pertaining to routine business items. She noted that a press release had been held during the prior week to launch a website commemorating Warren County's 2013 Bicentennial celebration, www.warrenny200.org She thanked everyone who had attended the event, as well as those who had been involved in organizing it.

Mr. Geraghty reported that several Supervisors had attended a meeting of the Inter-County Legislative Committee of the Adirondacks on the prior day in Plattsburgh, NY, where some interesting information had been presented relative to the anticipated impact of the State mandated tax cap in future years. He encouraged each Supervisor to visit the NYSAC (New York State Association of Counties) website to review this information which indicated that the tax cap did not seem to be achieving the desired results and noted a number of Counties suffering financial situations worse than Warren County's. Mr. Geraghty said that during the Inter-County meeting they had visited the former Plattsburgh Air Force Base where a presentation had been made relative to the economic impact proposed for Clinton County in

relation to the expansion project they were currently undertaking to provide additional terminal space for commercial airlines. He commented that the Inter-County meetings were typically very informative and allowed Supervisors from different Counties in the Adirondack region to meet and discuss their concerns. Mr. Geraghty apprised that the Budget Team continued to work on the 2013 Budget, a process that was becoming more challenging in light of increasing benefit costs. He stated that although the budget situation was somewhat alarming, he was confident that an acceptable budget would be developed.

Chairman Stec agreed that the powerpoint presentation available on the NYSAC website was very telling about the impact of State mandates in relation to the imposed tax cap. He said he recalled that the tax cap would allow a cumulative levy increase of \$131 million for all of the counties in NY State, while the nine mandates identified by NYSAC as comprising the largest portion of unfunded State mandates would incur a cumulative increase of \$244 million; essentially, he summarized, the tax cap allowance would be overcome by increases in State mandates, the largest being an increase in retirement costs, which would cause counties to cut other areas of their budgets. Chairman Stec pointed out that the increase in retirement costs alone was estimated at \$135 million, which consumed all of the 2% tax cap levy (\$131 million) allowed. He continued that for Warren County, alone, retirement costs were anticipated to increase by \$1.1 million to \$7.6 million for 2013, consuming almost all of the \$1.3 million increase allowed by the 2% tax cap. Chairman Stec stated that the retirement cost increase was non-negotiable and therefore, increases in all other costs such as health insurance costs, gas prices and any remaining mandates, had to be offset in other areas. He concluded that Warren County was not alone in suffering with these issues, as many other counties were dealing with the same budgetary constraints.

Mr. Geraghty noted that all of the Counties located in the Adirondack region, except for one, had benefitted from an increase in sales tax collections during the third quarter of 2012, while most Counties located in western NY had suffered a decrease. He further noted that although the increase in sales tax had been considered to be a positive economic indicator for the area, NYSAC had cautioned it should be noted that the unemployment rate had increased from 8% to 9% State-wide and the Counties should not be lulled into a false sense of security that the sales tax trend would continue, especially since they were seeing sales tax decreases in other areas of the State.

Respective to the Personnel Committee meeting held on October 10th, Mr. Conover advised that several resolutions had been approved, represented by proposed Resolution Nos. 585-590.

Motion was made by Mr. Conover, seconded by Mr. Monroe and carried unanimously to table proposed Resolution Nos. 586-589.

Mr. Monroe advised the Legislative & Rules Committee had met for the main purpose of discussing a proposal presented by the Lake George Park Commission (LGPC) to institute mandatory boat inspections for transient boaters visiting Lake George in order to stop the spread of invasive species; he pointed out that proposed Resolution No. 618, Supporting the Initiative of the Lake George Park Commission to Implement Mandatory Boat Inspections on Lake George, had been approved as a result. Subsequent to the meeting, Mr. Monroe advised further discussion on the matter had been held with the LGPC and the County Attorney's Office during which it had been advised that the LGPC's rule making process was long and tedious and it was suggested that the adoption of a County Local Law would be much quicker to implement. In response to Mr. Monroe's indication that the idea warranted further consideration, Chairman Stec suggested that the idea of possibly introducing a Local Law to require mandatory boat inspections for transient boaters on Lake George be referred back to the Legislative & Rules Committee.

Continuing with his Committee report, Mr. Monroe pointed out proposed Resolution No. 619, Requesting the United States Senate and Congressional Representatives of New York State to Seek Federal Funding for the Eradication of Invasive Species in Lake George. He noted that Lake Tahoe, which was also threatened by an Asian Clam infestation, although on

a much grander scale, received Federal funding for its invasive species eradication efforts and because the issues were comparable they felt that Federal funding should be provided for Lake George, as well. Mr. Monroe pointed out two additional resolutions approved at the Legislative & Rules Committee meeting, those being proposed Resolution Nos. 620, Requesting New York State Legislators to Allow all Counties to be Given the Option to Support any Legislation Relating to Casino Gambling, and 621, Supporting the Concept of Transferring Building Rights on Parcels Included in New York State's Purchase of 69,000 Acres of Former Finch Pruyn Forest Lands to Other Parcels Suitable for Building. With respect to the recent meeting of the Real Property Tax Services Committee, Mr. Monroe noted the upcoming tax foreclosure auction would be held on October 20th, and he apprised of a disturbing fact that the listing of delinquent properties identified for the foreclosure auction had doubled in comparison to the number auctioned in 2011.

Mr. Girard announced that a meeting of the County Facilities Committee had been held wherein several resolutions had been approved, represented by proposed Resolution Nos. 601-611. He then thanked Chairman Stec for his involvement in resolving a dispute between the City of Glens Falls and the Town of Queensbury regarding a sewer treatment contract and for keeping interested parties apprised of the situation. Mr. Girard stated that the matter was handled in a very straightforward and professional manner which helped resolve the disagreement favorably. In return, Chairman Stec relayed his appreciation for Mr. Girard's assistance, as well, and he credited City of Glens Falls Mayor Jack Diamond and the City Common Council, for their cooperation in settling the matter; he advised later that day he and Mayor Diamond would be holding a joint press conference to officially announce that the dispute had been resolved. Chairman Stec stated that in the future, a simpler billing process would be implemented to avoid recurring misunderstandings.

The most recent meeting of the Mental Health Committee had been held at The Prospect School in the Town of Queensbury, Mr. McDevitt announced, where a representative from Governor Cuomo's Office had spoken about more efficient ways to deliver social service benefits in NY. He said the discussions had been a bit confusing and he was still undecided on the matter, but he advised that he would continue to provide updates when available.

Mr. Taylor pointed out that proposed Resolution No. 572, Ratifying the Actions of the Chairman of the Board of Supervisors with Regard to the Execution of an Agreement with Fountains Spatial, Inc. for GIS Services, had been approved by the Economic Growth & Development Committee at their last meeting. He said the agreement with Fountains Spatial, Inc. would provide GIS services to the County and would not result in an increase to the 2012 Budget. Mr. Taylor noted that Ms. Norton, who had previously served as the County's GIS Coordinator, had chosen to resign from the position for another opportunity. He then presented some good news on behalf of the Warren-Washington Counties Industrial Development Agency (IDA), advising that they had approved an inducement resolution with Morris Products which would essentially add 30,000 sq. ft. to their existing business; he added that through this expansion, Morris Products planned to employ an additional ten people and Mr. Taylor said this was a good sign for the local economy, as was the increase in the number of inquiries relating to the availability of property for development in the Industrial Park.

Mr. Loeb apprised that at the last meeting of the Social Services Committee proposed Resolution No. 592, Authorizing Execution of Client Acceptance of Year Five Annual Guaranteed Savings Report for Siemens Industry, Inc. for Countryside Adult Home, had been approved. He noted that annual reports provided in the past for both the Countryside Adult Home and the Westmount Health Facility had led to a lot of questions regarding the savings identified therein, as well as requests for "real" numbers representing those savings. Mr. Loeb said he was happy to announce that an updated savings report reflecting these requests had been provided and would be reviewed in detail at the next Social Services Committee meeting; he added that if the report was successful in answering the Committee's questions, he anticipated that the same revised format would be provided for the Westmount Health Facility in their future reports.

Mr. Kenny stated that the Occupancy Tax Committee had met twice during the past month, once independently and once jointly with the Finance Committee. During the Occupancy Tax Committee meeting, he said that David Kenny, owner of the Adirondack Outlet Mall located on Route 9 in Lake George, had proposed renting space to the Tourism Department for use as a satellite location for tourism promotion and he said that issue had been referred to the Tourism Committee for further discussion. Additionally, he advised Mr. Geraghty had asked the Occupancy Tax Committee to consider the use of occupancy tax funds to fund expenses associated with overtime incurred by the Sheriff's Office in connection with special events and the matter would be discussed at the next Committee meeting. Mr. Kenny apprised that responses to the Occupancy Tax Event Survey had been tallied at a 17% response rate with the overwhelming sentiment being that the Americade Event was the most popular. Relative to the joint meeting of the Occupancy Tax and Finance Committees, he said extensive discussion had been held on the Asian Clam eradication effort, following which motions were made to allocate funds in the amounts of \$500,000 and \$325,000 from the occupancy tax reserve fund to the eradication effort, both of which failed. Mr. Kenny advised that a subsequent motion to allocate funding in the amount of \$270,000 from the occupancy tax reserve to the Asian Clam eradication effort had been approved, as represented by proposed Resolution No. 623, Authorizing a Supplemental Intermunicipal Agreement Providing Additional Funding to the Village of Lake George to Assist in the Eradication of Asian Clam Infestation. He also noted proposed Resolution No. 622, Temporarily Suspending Resolution No. 178 of 2011 and Removing Contingencies Until a Minimum Balance of \$500,000 in the Occupancy Tax Reserve is Met, which would allow the \$270,000 allocation from the occupancy tax reserve fund.

Mr. Bentley advised that several resolutions had been approved pursuant to the last Public Works Committee meeting, as represented by proposed Resolution Nos. 614 - 617, 625 and 626, which he proceeded to outline briefly.

Chairman Stec called for the Report by the County Administrator and Paul Dusek, County Administrator, advised he had nothing to report. Martin Auffredou, County Attorney, requested an executive session to discuss attorney/client privilege information relating to a matter to be considered later in the meeting.

Motion was made by Mr. Monroe, seconded by Mr. Taylor and carried unanimously to declare executive session pursuant to the Public Officer's Law.

Executive session was held from 10:54 a.m. to 11:35 a.m.

Upon reconvening, Chairman Stec advised no action had been taken during the executive session.

Chairman Stec called for the reading of communications and Joan Sady, Clerk of the Board, read them aloud, as follows:

Minutes from:

Warren/Washington Counties IDA and Executive/Park Committee.

Monthly Reports from:

Probation;

Weights & Measures.

Annual Report from:

Warren County Dept. of Public Works for 2011, copies available upon request.

NYS Dept. of Civil Service, Second Quarter 2012 Empire Plan Experience Report.

Communications, resolutions and reports ordered placed on file.

Continuing with the agenda review, Chairman Stec called for a reading of resolutions and discussion. Mrs. Sady apprised that proposed Resolution Nos. 570 through 624 were mailed and a motion was needed to bring Resolution Nos. 569, 625 and 626 to the floor.

Motion was made by Mr. Bentley, seconded by Mr. Dickinson and carried unanimously to bring Resolution Nos. 569, 625 and 626 to the floor.

Mr. McDevitt requested a roll call vote for proposed Resolution No. 592, Authorizing Execution of Client Acceptance of Year Five Annual Guaranteed Savings Report for Siemens Industry, Inc. for Countryside Adult Home.

Mr. Westcott requested roll call votes for several proposed resolutions, as follows:

- * Resolution No. 601, Amending Resolution No. 369 of 2012; Increasing the Grant Amount with Regard to the Submission of a Grant Application to the Federal Aviation Administration/New York State Department of Transportation for Runway 1 End Obstruction Removal;
- * Resolution No. 607, Authorizing Agreement with C&S Companies, Inc. to Provide Technical Support Services for the Avigation Easement/Land Acquisition for Two Parcels in the Runway 12 & 19 Approach - Phase I;
- * Resolution No. 608, Authorizing Agreement with C&S Companies, Inc. to Provide Professional Engineering, Consulting and Technical Support Services for the Runway 1-19 Environmental Assessment and Preliminary Engineering Project;
- * Resolution No. 609, Authorizing Agreement with C&S Companies, Inc. to Provide Professional Engineering and Consulting and Technical Support Services for the Runway 1 End Obstruction Removal Project; and
- * Resolution No. 611, Authorizing the Chairman of the Board of Supervisors to Execute a Letter Making a Formal Offer to Forest Management Enterprises, Inc., the Owner of Tax Map Parcel No. 303.11-1-4 in the Town of Queensbury for Purchase by Warren County for Fee Title/Avigation Easement Acquisition for the Approach to Runway 1 at the Floyd Bennett Memorial Airport.

Mr. Westcott requested that one combined roll call vote be held for all of the resolutions previously noted and upon Mr. Auffredou's consent, Chairman Stec agreed.

Mr. Merlino pointed out that proposed Resolution No. 598, Authorizing Agreement with Mary Elizabeth Moran to Provide Occupational Therapy Services for the Health Services Department, listed several service rates and he questioned whether these represented an hourly charge, to which Mr. Sokol replied in the negative, advising the amount represented a per visit fee.

Respective to proposed Resolution No. 577, Authorizing Agreement with Northeastern Mobile Dental Services, (Daniel F. Kana, DDS) to Provide Dental Services to Inmates at the Warren County Correctional Facility, Mr. Taylor questioned whether it was necessary to provide dental services to inmates and Mrs. Wood replied that she believed it was; Bud York, Warren County Sheriff, confirmed that the County was mandated by the State of New York to provide dental services to inmates within the Warren County Correctional Facility.

Chairman Stec advised that Mr. Auffredou had suggested an amendment to proposed Resolution No. 623, Authorizing a Supplemental Intermunicipal Agreement Providing Additional Funding to the Village of Lake George to Assist in the Eradication of Asian Clam Infestation. Mr. Auffredou stated that he would recommend the inclusion of an additional paragraph to the resolution, as follows: "Whereas, tourism, and the promotion thereof, is a critical component of the economy of Warren County and the Warren County Board of Supervisors finds that the allocation of occupancy tax funds to the Asian Clam eradication project for Lake George continues to enhance the general economy of Warren County through the promotion of Lake George and the enhancement of the environment of Lake George as a tourist activity and is directly related and supportive thereof."

Motion was made by Mr. Girard, seconded by Mr. Loeb and carried unanimously to amend proposed Resolution No. 623 as recommended by Mr. Auffredou.

Although it was not standard operating procedure, Chairman Stec advised that before proceeding with the vote on resolutions, they would pause to allow for any public comment on proposed Resolution No. 623.

Privilege of the floor was extended to Michael Consuelo, Executive Director of the Lake George Regional Chamber of Commerce and Convention & Visitor's Bureau (CVB), who read aloud a resolution adopted by the Lake George Regional Chamber of Commerce and CVB in support of the Lake George Park Commission's Invasive Species Management Plan, but opposing the use of the occupancy tax reserve as a funding source and calling for "the "surplus occupancy tax" fund to be frozen and that the Warren County Tourism Promotion

Citizens Advisory Committee (TPCAC) be reactivated in its original state to further advise the Warren County Supervisors on the disbursement of all occupancy tax money including the "surplus occupancy tax" account as was originally intended when the Local Law Imposing a Hotel and Motel Occupancy Tax was enacted in 2003". *A copy of the resolution adopted by the Lake George Regional Chamber of Commerce and CVB is on file with the minutes.*

Mr. Dickinson directly questioned whether the Lake George Regional Chamber of Commerce and CVB was opposed to using occupancy tax reserve funds in connection with the Asian Clam eradication efforts and Mr. Consuelo replied affirmatively. In response, Mr. Dickinson stated that he was amazed, shocked and disappointed by the Chamber's actions.

Privilege of the floor was then extended to Brian Straughter, Vice President of Turf Hotels (*which owns and operates the Holiday Inn Hotel located in Lake George*), who read aloud a letter written by Mike Hoffman, President of Turf Hotels; *a copy of Mr. Hoffman's letter is on file with the meeting minutes.* Mr. Hoffman's letter cited that he was generally opposed to the use of the occupancy tax reserve to fund the Asian Clam eradication efforts, and instead suggested imposing a multi-pronged approach to fund the effort which would include taxing the boaters that use the lake, local businesses and residents, but not visitors to the area. Another solution suggested in Mr. Hoffman's letter, related to action taken by the Saratoga County Board of Supervisors to enact a law making online travel agencies liable for the portion of the occupancy tax that they collected but did not remit; he roughly estimated that this action could bring additional revenues of \$50,000 per year which could be dedicated solely to the invasive species eradication efforts. Mr. Hoffman's letter concluded that for more information, Jan Chesterton, President of the New York State Hospitality and Tourism Association, could be contacted.

Mr. Kenny asked Mr. Straughter for his opinion as to whether the hotelier and tourism industries in Lake George would be negatively affected if the Asian Clam species was allowed to infest Lake George, leading to the closing of all beaches and Mr. Straughter responded that, put in this prospective, there would definitely be a negative effect. Mr. Straughter clarified that his opposition to the issue was based on the idea that there was not supposed to be an occupancy tax reserve at all, as the occupancy tax monies collected were intended for tourism promotion and were supposed to be re-distributed for that purpose. He continued that the bulk of the visitors to Lake George traveled there by car and did not bring boats with them; therefore, he added, they were not responsible for the pollution of the Lake and should not be penalized just because they are a captive audience. For these reasons, Mr. Straughter said he did not believe it was fair to use funds from the occupancy tax reserve to assist with the Asian Clam eradication efforts.

Mr. Bentley pointed out that the Asian Clam infestation was created by transient boaters traveling to Lake George from other areas and Mr. Straughter reasserted that the majority of the visitors to Lake George were not boaters so it was unfair to essentially tax all of them by using occupancy tax funds for the cleanup work. Mr. Taylor advised that using monies from the occupancy tax reserve to fund the eradication work as proposed would have no effect on the amount of money available annually for tourism promotion or events because they would be using surplus funds from other years. Once again, Mr. Straughter pointed out that the rules employed when creating the occupancy tax did not include provisions for a surplus fund and it was his understanding that all of the funds collected, regardless of the amount, should be re-distributed for tourism promotion and there should be no surplus funds to consider.

Mr. McDevitt stated that he had been to the Lake George Holiday Inn on a number of occasions and believed it to be a wonderful property and a prime example of a business that constantly used its profits for facility improvements. He continued that the health of Lake George and the tourism/hotelier industry were closely related and he used the Centurion Cycling event to illustrate this relationship, advising that the Lake George area had provided a picturesque backdrop for the Cycling event which had drawn hundreds of visitors to the area, many of whom had stayed at the Holiday Inn. He stated that while he fully supported the allocation of \$270,000 from the occupancy tax reserve to fund eradication efforts during the

current fall season, he felt that an alternate source of funding needed to be determined for future ongoing treatments and he said he appreciated the solutions identified in Mr. Hoffman's letter as a means to preserve Lake George. In response, Mr. Straughter agreed that while the initial \$270,000 to fund the eradication efforts seemed somewhat reasonable, he was concerned that conceding to this use once might open a Pandora's Box of sorts, leading to use of the reserve funds for highway and road projects in the future under the premise that roads were necessary to bring tourists to the area. He stated that he was in favor of a means to implement a shared burden to fund the eradication efforts but he did not feel the occupancy reserve fund was the proper solution.

Mr. Girard thanked Messrs. Consuelo and Straughter for stating their positions on the funding issue and he said he found their opinions on the matter, as well as the suggestions made for alternate funding means, to be very interesting. He noted that as a County Supervisor, he represented a section of the City of Glens Falls that housed a cement factory, a paper factory, and a sewer treatment plant, and was populated by many constituents that rarely visited Lake George. Mr. Girard stated that he understood the value of Lake George to Warren County's tourism industry and the need to assist with the invasive species eradication efforts, as well as the points presented about why occupancy tax reserve funds should not be used; however, he continued, there was no other funding available to assist with the eradication effort and they did not want to raise another tax. He apprised that the members of the Board of Supervisors had held extensive discussions regarding whether the eradication of invasive species related to tourism promotion and the prevailing opinion was that it did. Mr. Girard stated that he agreed with the popular opinion and was in favor of using occupancy tax reserve funds to support the Asian Clam eradication efforts to protect Lake George and Warren County's tourism industry. That being said, he noted that opposing opinions from respected organizations and properties, such as those presented today, made it difficult to maintain his decision and justify it to his constituents. Mr. Girard advised that he had no problem with changing his mind on the matter, but he did not feel that altering his vote would be conducive to Warren County as the Board worked together collectively to make decisions in the best interest of the County as a whole. He concluded that he agreed with Mr. Straughter's prior comment that building upon this situation to apply occupancy tax reserve funding to cover road work and other projects was not appropriate.

Privilege of the floor was extended to Gary Thornquist, owner of the Lake George RV Park, who noted that prior to the adoption of the occupancy tax, the County had funded the promotion of tourism using \$1 million from the general fund. With the enactment of the occupancy tax, he continued, those funds were returned to the general fund and the taxes collected from area lodging facilities were used instead to fund the promotion of tourism for Warren County. Mr. Thornquist said that along with the occupancy tax rules and regulations, the Tourism Promotion Citizens Advisory Committee (TPCAC) had also been created with the intention that its membership would be comprised of area business owners who would provide input and advisement on how the occupancy tax funds collected should be spent; he added that the TPCAC had only met a few times and was eventually disbanded by the Board of Supervisors, although he did not know the reasons why, and no input from business owners had been sought for occupancy tax expenditures since. Mr. Thornquist questioned whether the Board of Supervisors would be willing to expend \$270,000 from the general fund to support the Asian Clam eradication efforts if the occupancy tax reserve was not available and he said he would venture to guess that they would not. He expounded that the occupancy tax funding had never been intended for use as a "slush" fund, but rather to be used solely for the promotion of tourism, as it was originally designed and presented to both the area businesses owners and the members of the Board of Supervisors when the occupancy tax legislation was adopted. Mr. Thornquist concurred with the Lake George Regional Chamber of Commerce and CVB's opinion that the occupancy tax reserve fund should be frozen until input from area business owners was sought because it seemed clear that many of the Supervisors had not polled their constituents, nor the business owners in their Towns with respect to the matter.

In closing, Mr. Thornquist noted there were several organizations, such as the Fund for Lake George, that had millions of dollars in funding available to address environmental issues like the Asian Clam infestation and he questioned whether they had been approached with a request to provide funding, rather than using dollars intended for tourism promotion.

Privilege of the floor was extended to Bill Dutcher who noted that the Americade event he organized contributed approximately \$250,000 to the occupancy tax fund annually. Speaking as a member of the Lake George Association, and an owner of lake front property, he said he did not question the urgency of the Asian Clam issue and he supported the Board's determination that immediate action was necessary to prevent the further spread of invasive species in Lake George; however, he said, he was troubled by the open-ended nature of the use of occupancy tax reserve funds to address the issue. Mr. Dutcher commented that the County had an emergency fund of some sort in existence to address unforeseen issues requiring immediate action and he suggested using those funds, as the Asian Clam infestation represented a true threat and should be addressed in the same manner as any other emergency. He suggested that there might be a way to loan funds to the effort from the occupancy tax reserve to support the necessary work without depleting the fund. Mr. Dutcher advised that he was also concerned that approving the expenditure proposed would lead to the use of occupancy tax reserve funds for other issues purported to be a threat to the tourism industry, such as road projects and repairs, which was inappropriate.

Mr. Monroe advised he had been involved in the debate held when the occupancy tax legislation was originally approved and at that time he had been very concerned about the impact on the towns located in northern Warren County that did not have the same type of tourism infrastructure as the towns surrounding Lake George. He said he had advocated for the idea of using some of the funds collected through the occupancy tax to fund capital projects aimed at enhancing the tourism infrastructure and did not believe the fund should be used solely for tourism promotion. Mr. Monroe added that it was very important to forward the Asian Clam eradication effort immediately in order to contain the infestation and prevent it from spreading into other parts of Lake George. He said that he agreed an alternate source of funding should be identified to fund the eradication efforts for future years, but supported the proposed use of \$270,000 in occupancy tax reserve funding to provide for immediate eradication actions and he noted that the occupancy tax legislation adopted was broad enough to allow such use. Mr. Monroe advised of a suggestion made by Mr. Conover to create an Ad Hoc Committee to seek out alternate funding sources for the invasive species eradication efforts and he said he supported this initiative.

With respect to Mr. Thornquist's prior comments regarding the TPCAC, Mr. Kenny confirmed that when the occupancy tax legislation was adopted, the TPCAC had been created to provide input from local business owner's as to how the funds collected should be expended. He apprised that although the TPCAC had been comprised of 17 members, attendance at their scheduled meetings consistently declined until after ten months in existence, only one person continued to attend and that was Mr. Hoffman. Due to a lack of participation, Mr. Kenny stated that the Board of Supervisors had elected to dissolve the TPCAC.

Chairman Stec commented that the Asian Clam infestation issue was of an emergency nature and was recognized by the Board of Supervisors as such. Unfortunately, he continued, the State, who was the property owner for Lake George and the party truly responsible for funding the eradication efforts, continued to neglect their duty to protect the Lake. Mr. Monroe agreed with this statement, advising that the Environmental Protection Fund (EPF) had been established to address and fund issues such as the invasive species problem. Chairman Stec advised the Board of Supervisors was not opposed to the State assuming the eradication effort, nor a multi-pronged approach to the process incorporating several funding streams; however, he said, they would lose the invasive species battle if they waited for the State to assume their responsibilities to the Lake. He expounded that time was not an ally in this case due to the reproductive ability of the Asian Clam species which allowed them to grow in

number very rapidly, and he said the Board of Supervisors had deliberated the issue many times before determining that the use of occupancy tax reserve funds was the best course to address the urgent issue, allowing immediate treatments to begin during the current fall season while they continued to press State officials to develop a long-term plan to maintain the health of Lake George. Chairman Stec concluded that the members of the Board of Supervisors were respectful of the opposing opinions presented, and although they were not thrilled with the idea of the expenditure of occupancy tax reserve funds either, they felt it was the best course of action for the time being.

Chairman Stec called for the reading of resolutions. Prior to casting his vote for the combined roll call vote called for proposed Resolution Nos. 601, 607-609 and 611, Mr. Loeb commented that in reviewing FAA (Federal Aviation Administration) documentation relative to runway length requirements, he had found that the 1,000 ft. runway extension proposed for Runway 1-19 would lengthen it to 6,000 ft., which was the bare minimum for the larger class of aircraft desired for the Airport. He continued that a 7,600 ft. runway was preferable, and unless there was a land feature preventing them from doing so, they should incorporate a more lengthy runway extension. Mr. Loeb concluded that if they were pursuing a 1,000 ft. runway extension only to benefit a few personalities, they should not do it at all and he advised that because the minimal extension proposed would not really meet the needs of the aircraft they hoped to attract, he would be voting against proposed Resolution Nos. 601, 606-609 and 611.

Mr. McDevitt observed that the County's portion of the Airport projects in question was 2.5%, with the remainder being funded by FAA grant monies which were contributed to by a tax on airline tickets and only eligible for use in association with airport-related projects. He further noted that these were long-term projects with the purpose and motivation behind them being to ensure that rural airports across the Country remained competitive and he said he was in support of the projects because he felt they would prove to be of economic benefit to Warren County.

Chairman Stec called for a vote on resolutions; Resolution Nos. 569 - 626 were approved, with the exception of Resolution Nos. 586 - 589, which were tabled. The Report of Committee on Assessment Rolls was submitted.

WHEREAS, in Resolution No. 508 of 2012 the Warren County Board of Supervisors expressed their opposition to New York State's \$50,000,000 expenditure to purchase the former Finch Pruyn Forest lands ("State purchase") and noted the transfer of these lands to the State Forest Preserve will permanently remove the lands from wood and job production, will result in an estimated loss of 300 jobs and will result in the elimination of 200 camps leased for recreational purposes and will otherwise have far reaching and devastating economic consequences to the region, and

WHEREAS, a mechanism to mitigate to some degree the impact the State's purchase of the 69,000 acres of former Finch Pruyn Forest lands would be to transfer the development rights as established by the Adirondack Park Act overall land use intensity guidelines and as set forth on the Adirondack Park Land Use and Development Plan Map to other lands that are

Chairman Stec called for Announcements and the following were made:

Relative to the Adirondack Balloon Festival event held in September, Mr. Strainer advised that he, Mr. Bentley and Mr. Girard and several other County employees had volunteered to help park cars during the event and he thanked Mr. Auffredou; Patricia Nenninger, Second Assistant County Attorney; Mike Swan, County Treasurer; Suzanne Wheeler, Acting Commissioner of Social Services; and Dianna Bentley, of the Self-Insurance Department, for their assistance which had helped to reduce the amount of overtime incurred by the Public Works and Airport staff. He also thanked the Public Works and Sheriff's Office staff for their assistance and commended them on their ability to provide crowd control for attendance levels some times reaching over 45,000 people with only a minimal number of staff. Mr. Strainer stated that although the weather had not been cooperative for all portions of the event, the 2012 Adirondack Balloon Festival was considered to be a success.

With regard to prior notations on the increase in retirement contributions charged to the County, Mr. Merlino noted that although the amounts paid by each individual town were less, they were still facing the same rate of increase for their retirement costs and the taxpayers were essentially paying these costs at both the town and County level.

Mr. Sokol apprised that a Communities Against Cancer Night fundraiser for the Glens Falls Hospital was being held that evening at The Tavern restaurant in the Town of Queensbury and he invited everyone to attend and help a good cause.

Privilege of the floor was extended to Dr. Fredd Senser-Lee who spoke on the Botanical Blossomings on the Bikeways - USA project, which he had founded. He noted articles had been printed in the *Saratogian*, *Glens Falls Business Journal* and *The Lake George Mirror* regarding his efforts and he introduced his friend and relentless supporter, Lieutenant Colonel John "Jack" Swift, who retired from the United States Air Force after serving in both World War II and the Vietnam War, who was mentioned in each of the articles. Dr. Senser-Lee apprised he had created a non-profit organization to facilitate his vision of including flower and shrub plantings along bikeways across the United States and was working to develop a business plan to attract grant funding to further this effort, noting that thus far, his efforts had been funded with his own personal income, which was minimal, and loans he had received. He reported that he had worked with Rose Harvey, Commissioner of the New York State Department of Parks and Recreation, to gain permissions to plant flowers at all of the uprights and historical sites along the Bikeway; additionally, he noted, two private corporations had stated their support of his project and had provided permission to plant on 5,000 sq. ft. of the property they owned abutting the Gerald B. Solomon Bridge site, and he had also been given permission to plant along nine miles of the Zim Smith Bike Trail located in Saratoga County, NY. Dr. Senser-Lee stated that this was a "community unity opportunity" which would link neighborhoods through joint maintenance and planting efforts and would eventually become a national project as it expanded to other counties and states. He said that he had desired to birth his vision in his native area, making the State of New York the road map for the rest of the nation. Speaking to the Asian Clam eradication effort, Dr. Senser-Lee stated that while he agreed that the invasive species issue was critical and required emergency action, he did not feel it should be addressed in a way that would negatively affect the tourism industry by using funds intended for tourism promotion.

There being no further business to discuss, on motion made by Mr. Kenny and seconded by Mrs. Frasier, Chairman Stec adjourned the meeting at 12:35 p.m.

**WARREN COUNTY BOARD OF SUPERVISORS
SPECIAL BOARD MEETING
FRIDAY, NOVEMBER 2, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:04 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Merlino.

Roll called, the following members present:

Supervisors Conover, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 18.

Supervisors Monroe and Girard, Absent - 2.

Chairman Stec acknowledged and stated his appreciation for the preparatory efforts made by Brian LaFlure, Fire Coordinator/Director of the Office of Emergency Services, his staff, and all of the other professional and volunteer Emergency Responders who served the County in anticipation of Hurricane Sandy during the prior week and throughout the weather event. He said that Warren County had been very lucky to have avoided incurring any serious damages, but noted that other portions of the tri-State area had not been as fortunate. Mr. Kenny also thanked Mr. LaFlure for his efforts and commended Amy Drexel, Deputy Director of the Office of Emergency Services, as well, advising that they had done a fantastic job of keeping everyone updated throughout the storm situation.

Commencing with the agenda review, privilege of the floor was extended to Kevin Geraghty, Budget Officer, who proceeded to make the 2013 Budget Message, as follows:

"Mr. Chairman, Members of the Board of Supervisors and to all those in attendance, I hereby formally present the 2013 Budget for Warren County.

"The 2013 budget maintains important programs and services to our residents and continues to strengthen Warren County's financial position.

"Sales Tax revenue has been increased to a \$45.8 million to make the budget more realistic. This is \$3.7 million more than budgeted for 2012. Although sales tax revenue was increased, we must be cautious about future growth by monitoring this revenue stream as well as the economic outlook.

"Mortgage tax receipts have been improving. Therefore, I believe it is safe to increase the budgeted revenue by \$100,000. This brings our revenue budget to \$1.6 million.

"There is an increase of \$50,000 to the Jail Services revenue. We expect that the acceptance of federal inmates will enhance this revenue stream in 2013.

"The County anticipates net revenue of \$50,000 for the Beach Road Parking Lot parking fees. This is a new revenue source for the County.

"Cost increases were mainly due to benefit increases such as retirement and health insurance. These two budget lines alone contributed to an increase of \$2.125 million for 2013. Other increases include overtime salaries, debt service, federal aid projects and auto gas and oil.

"Equipment spending by departments saw a minimal increase this year but due to our deteriorating vehicle fleet \$225,000 was allocated to a balance remains at a level so the County can avoid the cost of borrowing to meet its operating obligation throughout the year.

"This budget continues the fiscal conservative approach that I have presented throughout my years as budget officer. Right now is the time to look at our future. The multi-year plan has been presented to the Budget Committee and steps must be taken in order to ensure our financial goals. Plans should be put in place now to address projected deficits in the future. Any change takes time and I caution the Board to think about changes before financial realities have to be dealt with. Our fiscal conservative approach is not enough without extensive financial planning.

"Finally, I would like to thank our Department Heads and Budget Team for working together to present a realistic budget. We depend on the knowledge and expertise that everyone brings to the table. These individuals are dedicated public employees with an understanding of the needs of the public they serve.

"As I have said in the past, from the Department Heads to their employees, Warren County has a work force that is second to none and demonstrates an attitude and willingness to work with what they have. This dedication and attitude, together with the Board's initiatives outlined in the 2013 budget, will serve Warren County well. Thank you."

Following the Budget Message, Mr. Geraghty provided a power point presentation on the 2012 County Budget, a copy of which is on file with the minutes. The presentation indicated the 2013 proposed County Budget included a 1.99% increase (\$799,797) in the amount to be raised by taxes, as compared to the 2012 County Budget, and outlined the Budget Officer's recommendations which included appropriating \$1.786 million in surplus funds to the 2013 Budget; implementing layoffs in the Social Services, DPW and Youth divisions; reducing full-time staffing in the Probation Department to part-time; funding County Road Projects only to the extent of the CHIPS (Consolidated Highway Improvement Projects) funding provided; and closing completed DPW Capital and Road Projects with any excess funds being transferred to support new projects proposed for 2013.

Referring to the 2013 Equalization & Apportionment Table - Tentative document which was distributed to the Board members (*a copy is also on file with the minutes*), Mr. Dickinson noted that the Town of Lake George was listed as having a tax rate decrease of 31.52% compared to 2012 and Mr. Geraghty advised this statistic was due to the fact that the Town of Lake George had recently performed a property assessment re-evaluation.

Mr. Westcott noted that as per the power point presentation, one of the significant items driving higher appropriations was health insurance costs, estimated at \$1,004,274 for 2013; he recalled that a decrease in health insurance costs had been achieved for the 2012 Budget and he questioned why the anticipated costs were so much higher for 2012. Paul Dusek, County Administrator, responded that several meetings with the County's Health Insurance Broker had been held to discuss this issue. He explained that for 2012, lower health insurance costs had been achieved based on the favorable claims experience anticipated, by implementing a minimum premium payment policy and by agreeing to a \$1 million opt-out penalty if the County decided to leave the current insurance company before the end of their contract term. Mr. Dusek advised that in 2012, half of the penalty (\$500,000) had been included in the 2012 Budget to build a reserve of sorts; however, he added, they had chosen not to include the other half of the penalty in the 2013 Budget in order to keep the totals as low as possible. He said that they did feel there was a potential available to incur insurance savings by switching to another insurance carrier, and if they decided to do so at the end of 2012, they were confident that the savings due to the delay in payments and the way structures worked between different companies to allow payment of the remaining half of the opt-out penalty. Mr. Dusek apprised that another reason for the health insurance rate increase was due to the 2012 claims experience, which had not been as good as anticipated and he advised that depending on the claims experience for 2013, the rates could either decrease, or increase further for 2014. He pointed out that the employee sharing amount for the health

insurance costs was still subject to collective bargaining negotiations and it was possible that the County portion of the costs could decrease based on those results. Short of making significant coverage changes, such as including substantial deductible increases, Mr. Dusek said he did not foresee a great decrease in insurance coverage costs. He apprised that the Supervisors of a few Towns that had been successful in switching to a CDPHP based health insurance program to reduce related costs had questioned why the County was not doing the same; Mr. Dusek stated that employee health insurance changes could not be made without the consideration and approval of the collective bargaining units, and even if they were immediately approved, the coverage was not available to the County due to their claims experience ratings. Mr. Dusek pointed out that it was very difficult to obtain the consent of collective bargaining units for insurance coverage deductible and coverage changes. Finally, he noted that he had asked the County's Insurance Broker to compare Warren County's insurance costs to other surrounding municipalities and they had found that while the County's costs had jumped considerably for 2013, they were similar to those being incurred by other municipalities and in some cases, the per policy rate projected for Warren County was lower. Mr. Dusek suggested that they continue to implement all of the cost savings strategies available to lower future health insurance costs and said he felt they had done a remarkable job of lowering insurance costs in prior years and were currently suffering the results of a bad year of claims experience.

As there was no further comment from the members of the Board of Supervisors, privilege of the floor was extended for public comment. Travis Whitehead, Town of Queensbury resident, noted that the 2013 Equalization & Apportionment Table - Tentative document indicated an increase of 4.53% in the 2013 Tax Rate and he questioned how this figure was derived. Mr. Geraghty responded that a complicated formula was used to determine this figure which was based on changes in assessed values and equalization rates. Mr. Whitehead then noted that the 1.99% increase in the amount to be raised by taxes projected for 2013 seemed to be fortuitous as a 2% increase would meet the State imposed tax cap requiring an overriding vote. Mr. Geraghty advised that the tax cap increase figure was somewhat misleading because although the State had imposed a 2% tax cap, there were a number of contributing factors to be considered, including a growth factor, which actually allowed a 3.25% increase for Warren County. He noted that if Mr. Whitehead was interested in obtaining further information on the formula used to derive the tax cap figure, he could visit the Treasurer's Office to do so.

Mr. Kenny noted that information presented at a prior Budget Committee meeting had indicated an increase in overtime expenses for the Sheriff's 911 Center from \$23,000 to \$40,000 for 2013 and he questioned why this was necessary. Mr. Geraghty responded that in prior years they had not included sufficient overtime funding in the Budget for these costs and the increase was included to provide appropriate funding levels. Mr. Kenny noted that, over time, the overtime costs incurred by the Correction's Division had increased from \$220,000 to \$350,000 and he suggested new methods be considered to reduce overtime costs, such as employing part-time Correction's Officers. Mr. Geraghty noted that the overtime costs for the Corrections Division were driven by mandated costs and uncontrollable factors like hospital and suicide watches and meeting minimum staffing levels; he advised that he and Bud York, Sheriff, had discussed the possibility of using more part-time staff to reduce overtime costs.

Chairman Stec called for the reading of resolutions and discussion. Joan Sady, Clerk of the Board, advised a motion was needed to bring proposed Resolution Nos. 627 and 628 to the floor.

Motion was made by Mr. Bentley, seconded by Mr. Strainer and carried unanimously to bring proposed Resolution Nos. 627 and 628 to the floor.

Chairman Stec called for a vote on resolutions.

Resolution Nos. 627 and 628 were approved.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, NOVEMBER 16, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:00 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Merlino.

Roll called, the following members present:

Supervisors Conover, McDevitt, Taylor, Loeb, Kenny, Frasier, Bentley, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 18. Supervisors Monroe and Girard absent - 2.

Motion was made by Mr. Merlino, seconded by Mr. Bentley and carried unanimously, to approve the minutes of the October 19, 2012 and November 2, 2012 Board Meetings, subject to correction by the Clerk of the Board.

Commencing with the agenda review, Chairman Stec declared the Public Hearing for the Warren County Sewer District (Industrial Park) Assessment Roll for 2013 open at 10:03 a.m. and he requested that Joan Sady, Clerk of the Board, read the Notice of Public Hearing for the record; Mrs. Sady read the Notice of Public Hearing aloud, a copy of which is on file with the meeting minutes.

There being no comment on the 2013 Sewer District Assessment Roll, Chairman Stec closed the Public Hearing at 10:05 a.m.

Chairman Stec declared the Public Hearing for adoption of the 2013 Tentative Warren County Budget open at 10:06 a.m. and he requested that Mrs. Sady read the Notice of Public Hearing for the record; Mrs. Sady read the Notice of Public Hearing aloud, a copy of which is on file with the meeting minutes. Chairman Stec noted that a powerpoint presentation regarding the 2013 Tentative County Budget was made by Mr. Geraghty, Budget Officer, at the November 2nd Special Board meeting, at which time a resolution setting the public hearing for same was approved.

As no one present wished to comment on the 2013 Tentative Warren County Budget, Chairman Stec closed the Public Hearing at 10:07 a.m.

Proceeding with his report, Chairman Stec thanked the Budget Officer, Budget Team and the support staff that had assisted in developing the 2013 Tentative County Budget and he said that although it had been difficult, they had been successful in delivering a budget well within the State imposed tax cap. He pointed out that there were not many members of the public in attendance and no comments had been made about the Tentative Budget; Chairman Stec said he did not feel this conveyed a lack of interest in the budgetary situation, but rather indicated that County residents and taxpayers understood that a tremendous effort had been made to develop an acceptable budget while working within the confinements imposed by the State of New York and the local economy. He advised that throughout 2013, individual purchases and expenses would be considered through the typical Committee review process, allowing opportunities for debate as to how budgeted funds should be spent. With respect to his recent election to the New York State Assembly, Chairman Stec thanked the members of the Board of Supervisors for their support and he said he was proud of the things Warren County had accomplished during his tenure and the bipartisan manner in which decisions were typically made in the best interest of Warren County. Chairman Stec then offered condolences on behalf of the Board of Supervisors to Mr. Strainer on the loss of his sister, Patricia Ann Strainer, who had recently passed away. He said he had known Ms. Strainer for many years and was saddened by her passing. Mr. Strainer responded with appreciation and said that one of his sister's last wishes had been to cast her vote for Chairman Stec in his State Assembly bid and he had been able to fulfill that wish on her behalf; Chairman Stec replied that he was very touched to hear this.

Chairman Stec called for reports by Committee Chairman on the past month's activities or meetings and the following gave verbal reports: Supervisor Merlino, Tourism; Supervisor Sokol, Health Services; Supervisor Thomas, Finance; Supervisor Wood, Public Safety; Supervisor Geraghty, Budget; Supervisor Conover, Personnel; Supervisor Taylor, Economic Development; Supervisor Kenny, Occupancy Tax Coordination; and Supervisor Dickinson, Inter-County Legislative Committee of the Adirondacks.

Mr. Merlino advised the Tourism Committee had met on October 24th and approved proposed Resolution No. 631, Accepting Proposal and Authorizing Agreement with Benchmark Printing, Inc. to Print the 2013 Whitewater Rafting Brochure. He advised the Committee had also discussed the possibility of introducing a satellite Tourism promotion booth at the Adirondack Outlet Mall in Lake George, NY using monies from the occupancy tax reserve fund. He further advised that the matter had been referred to the Occupancy Tax Coordination Committee to consider the expenditure of funds for this purpose, following which proposed Resolution No. 665, Authorizing the Appropriation of Funds from the Occupancy Tax Reserve to the Tourism Budget; Amending 2012 Warren County Budget, was approved to provide \$10,000 to establish the satellite location. Mr. Merlino said they would begin construction of the Tourism location at the Adirondack Outlet Mall in December and they intended to keep it in place for one year to determine if the additional promotion would provide a positive effect on area tourism.

With respect to the Health Services Committee, Mr. Sokol apprised that during their October 26th meeting proposed Resolution Nos. 632 - 638 were approved, all of which pertained to typical business matters. He advised that a special Health Services Committee had been held earlier that morning to discuss the future of the Westmount Health Facility. Mr. Sokol continued that several scenarios had been discussed before the Committee determined the best course of action for the taxpayers of Warren County, as well as for the patients in residence at Westmount, was to pursue the sale of the Facility. He pointed out proposed Resolution No. 680 of 2012, Resolution Authorizing Issuance of Request for Proposals for the Sale of the Westmount Skilled Nursing Facility and the Retention of Consulting Services in Connection with the Development of the Request for Proposals and/or Analysis of Responses, Selection of the Successful Proposal and Assistance with Transfer, and said he hoped the Board members would support the resolution.

Mr. Thomas apprised that during the November 7th Finance Committee meeting, several resolutions had been approved as represented by proposed Resolution Nos. 659-672, 677 and 679, which he proceeded to briefly outline. With respect to proposed Resolution No. 667, Amending Resolution No. 506 of 2012; Resolution Establishing a Capital Reserve Fund to Finance a "Type" Capital Improvement, Mr. Thomas stated that he did not feel the resolution correctly reflected the intentions of the Finance Committee and should be changed.

Referring to the Public Safety Committee meeting held on October 26th, Mrs. Wood advised Brian LaFlure, Fire Coordinator/Director of the Office of Emergency Services, had provided an extensive update on Hurricane Sandy which had been forecast to affect the area. She said that Warren County had been lucky to avoid any serious damage from the storm, but others had not been as fortunate and she relayed her sympathy to those areas. Mrs. Wood commented on discussion held at the Finance Committee meeting regarding separate requests made by the Sheriff's and Treasurer's Offices for software maintenance contracts with New World Systems. She apprised that due to the costs projected for the Sheriff's contract, which were significantly higher than the ones indicated for the Treasurer's Office, the Committee had tabled the request and asked that the County Attorney's Office contact New World Systems to determine if a lesser contract price could be negotiated in light of the fact that the County was seeking out multiple software maintenance contracts. Mrs. Wood noted that Martin Auffredou, County Attorney, had been able to secure a savings of approximately \$10,000 through his negotiating efforts, which was a significant amount. Mr. Auffredou confirmed that working jointly with C. Shawn Lamouree, Undersheriff, he had been able to negotiate a lower rate for the Sheriff's New World Systems contract, as reflected in proposed

Resolution No. 670, Authorizing Agreement With New World Systems to Provide Software Maintenance Package for the Sheriff's Department. Mr. Auffredou stated that no changes to the cost of the software maintenance contract for the Treasurer's Office had been made.

Speaking as Budget Officer, Mr. Geraghty reiterated the Comments made by Chairman Sec, thanking the Budget Team for all of the hard work and dedication they had put into the process to develop the 2013 Budget. He noted that the spending plans submitted by the Department Heads for 2013 had been especially helpful because they were already very fiscally prudent and did not require a lot of revision and he said he appreciated those efforts, as well. Mr. Geraghty advised that the development of the 2013 Budget had been challenging and he anticipated that future budget years would be difficult also. He thanked all of the support staff at the County who had helped with the budget process and he said their assistance had been invaluable; he also thanked the members of the Board of Supervisors for their approval of the 2013 Budget.

Mr. Conover advised the Personnel Committee had met on November 7th and approved proposed Resolution Nos. 651 - 655. He pointed out proposed Resolution No. 651, Implementing a Hiring Freeze Until Further Resolution of the Warren County Board of Supervisors and Requesting that all Department Heads Review and Evaluate their Staffing in Preparation for Position Abolishment Either Through Attrition or Layoff, noting that the hiring freeze imposed would apply to the filling of all positions involving new staffing. He said this action was necessary because there were currently no labor agreements in place for Union employees and therefore they had no way to determine or plan for future employment costs. Mr. Conover noted that the proposed resolution indicated it was "requesting" that all Department Heads review their staff and he questioned whether this was actually a request or a directive. Paul Dusek, County Administrator, replied that the review of positions by Department Heads had already taken place and a draft plan for position layoffs had been developed.

Pursuant to the meeting of the Economic Growth & Development Committee meeting held on October 31st, Mr. Taylor advised proposed Resolution Nos. 648 - 650 had been approved, all relating to GIS (Geographic Information System) services. He proceeded to briefly outline the resolutions, during which he noted that the GIS Coordinator previously employed by the County had decided to leave for another position, necessitating the extension of a contract with Fountains Spatial, Inc. to provide GIS services, as indicated by proposed Resolution No. 649.

In relation to the Social Services Committee, Mr. Loeb apprised that Deanna Park, Administrator of the Countryside Adult Home, had printed an advertisement for the facility which was distributed to all County employees with their paychecks. He said this was an inexpensive and effective way to market the services offered by Countryside Adult Home to a group of people who might have friends or relatives seeking care.

Mr. Kenny stated that the Occupancy Tax Coordination Committee had met on October 24th, during which they had discussed the use of occupancy tax reserve funding to support the introduction of a Tourism booth at the Adirondack Outlet Mall, as eluded to earlier in the meeting by Mr. Merlino. He noted that the original request had been to appropriate an amount not to exceed \$50,000 in funding from the occupancy tax reserve to sustain the satellite location for all of 2013; however, he said, they were only permitted to earmark funds for expenditure in 2012. Mr. Kenny continued that proposed Resolution No. 665 would provide \$10,000 in occupancy tax reserve funding to support the introduction of the satellite location and additional actions would be necessary to appropriate the funding necessary in the 2013 Budget, once adopted, to sustain anticipated expenses for 2013. He advised the Committee had also considered a referral from the Budget Officer to consider use of occupancy tax reserve funds to cover overtime costs incurred by the Sheriff's Office in relation to special events. Mr. Kenny said motions were made to this effect, but were defeated due to a lack of Committee support for the initiative.

Mr. Dickinson advised the monthly meeting of the Intercounty Legislative Committee of the Adirondacks had been hosted by Warren County earlier that week at the Inn at Erlowest in Lake George and he said the meeting was very informative. With respect to proposed Resolution No. 666, Establishing the Invasive Species Sub-Committee for Warren County and Appointing Members, Mr. Dickinson suggested adding Mr. Loeb to the Committee, as well as Village of Lake George Mayor Robert Blais as a non-voting member. He commented that Mr. Loeb was very interested in the invasive species initiative and he felt he would be a valuable member of the Committee, and as a Supervisor for the City of Glens Falls, he was able to provide the prospective of a person residing outside of the immediate Lake George area. When asked if he would like to serve on the Committee, Mr. Loeb responded that he would be honored to do so.

Motion was made by Mr. Dickinson, seconded by Mr. Conover and carried unanimously to amend proposed Resolution No. 666 to include Mr. Loeb as a member of the Invasive Species Sub-Committee for Warren County, as well as Mayor Blais as a non-voting member of the Committee.

Proceeding to the next agenda item, Chairman Stec called for the report by the County Administrator. Mr. Dusek noted that another meeting of the Budget Committee would be required in the near future to continue discussions on the multi-year budgeting plan and to approve a resolution outlining the plan they intended to employ to close the budget gap anticipated for future years. He explained that the multi-year budgeting plan was intended to consider anticipated budgetary issues and determine a plan of action as to how best to address them; he further explained that the plan could be modified as necessary. With respect to the New World software maintenance contract requested by the Sheriff's Office, Mr. Dusek commended Mr. Auffredou and the Sheriff's staff on their ability to continue negotiations with the software vendor to gain additional savings on behalf of the County. He apprised that although the members of the Board of Supervisors were not always aware of them, these types of cost savings initiatives were being sought out and implemented by the Department Heads and staff on a daily basis and he said those efforts were commendable and appreciated.

Chairman Stec called for the reading of communications and Mrs. Sady read them aloud as follows:

Minutes from:

Warren/Washington Counties I.DA Executive/Park, Civic Development Corporation and Audit & Finance Committees.

Capital District Off-Track Betting, Third Quarter Benefit Distribution in the amount of \$16,246., September 2012 Surcharge in the amount of \$7,677;

Warren/Washington Counties IDA and Civic Development Corporation, Proposed 2013 Budgets;

City of Glens Falls Industrial Development Agency, Notices of Public Hearing and Contemplated Deviation from the Agency's Tax Exemption Policy with regard to two proposed projects in the City.

Continuing with the agenda review, Chairman Stec called for the reading of resolutions. Mrs. Sady advised that proposed Resolution Nos. 630 - 672 were mailed; however, she noted, proposed Resolution No. 639 had been corrected after mailing and a motion was necessary to approve the amendments made.

Motion was made by Mr. Dickinson, seconded by Mrs. Wood and carried unanimously to approve the amendments to proposed Resolution No. 639.

Mrs. Sady advised that the resolutions relating to the filling of vacant positions were proposed Resolution Nos. 652 and 653. She further advised that unless a roll call vote was requested, they would be approved in the collective vote. Mrs. Sady said that a motion was necessary to bring proposed Resolution Nos. 629 and 673 - 680 to the floor.

Motion was made by Mr. Bentley, seconded by Mr. Mason and carried unanimously to bring proposed Resolution Nos. 629 and 673 - 680 to the floor.

Mr. Thomas requested a roll call vote for proposed Resolution Nos. 640, Authorizing Agreement with Hudson Headwaters Health Network to Provide Medical and Nursing Services to Inmates at the Warren County Correctional Facility, and 654, Ratifying Actions of the Chairman of the Board in Executing Agreements with Delta Dental of New York, Inc. And Blue Shield of Northeastern NY for Health and Dental Insurance Coverage for Certain Warren County Officers and Employees. Additionally, Mr. Thomas noted that he felt corrections to proposed Resolution No. 667, Amending Resolution No. 506 of 2012; Resolution Establishing a Capital Reserve Fund to Finance a "Type" Capital Improvement, were necessary. He said he believed the intent of the resolution was to maintain the \$100,000 threshold budgeted for the Environmental Testing Reserve Fund, with the source of funding to be revenues realized from the tax foreclosure auction after payment of outstanding taxes due to the County, and change the verbiage of the prior resolution to indicate that they would also retain an additional \$75,000 over the \$100,000 minimum in 2012. Mike Swan, County Treasurer, commented that the initial resolution had indicated that \$100,000 would be taken from the revenues received from the tax foreclosure auction to maintain the Environmental Testing Reserve Fund and that 50% of any revenues in excess of \$100,000 would also be retained in 2012 and 25% of any revenues received in excess of \$100,000 would be retained for future years. He advised that the amendment requested would indicate that a flat amount of \$75,000 would be retained for 2012, in excess of the \$100,000 budgeted. Since the matter seemed to be causing some confusion, Mr. Swan advised that the amendment was not critical to the course of business and the request could be tabled until the next Board meeting.

Motion was made by Mr. Thomas, seconded by Mrs. Wood and carried unanimously to table proposed Resolution No. 667.

Mr. Conover commented that proposed Resolution No. 666, Establishing the Invasive Species Sub-Committee for Warren County and Appointment Members, took yet another step in highlighting the seriousness of the invasive species issue in Lake George. He said this action followed a number of others already taken by the Board of Supervisors, including the allocation of over \$500,000 to fund eradication efforts in the past two years, underscoring the importance of the issue and the threat it represented.

Mr. Loeb questioned why Mr. Thomas had requested roll call votes for proposed Resolution Nos. 640 and 654 and Mr. Thomas replied that he had done so because he believed the premium amounts associated with the health care coverage were far too high for dental and medical coverage.

With respect to proposed Resolution No. 675, Adopting Budget for Fiscal Year 2013, Mr. Merlino commented that while there were some things in the budget that he did not approve of, he would vote in favor of it because it was good for the County. He then thanked the Budget Team and the Budget Committee for all of their hard work in developing the 2013 County Budget. Mr. McDevitt said he agreed with Mr. Merlino's comments.

Chairman Stec called for a vote on resolutions and Resolution Nos. 629 - 680 were approved, with the exception of Resolution No. 667, which was tabled. The following documents were submitted: Proclamation commemorating the 100th Anniversary of the Big Cross Street School; Estimate of Sales Tax; Mortgage Tax Report; and the Report of Equalization and Apportionment of County Tax Levy.

**WARREN COUNTY BOARD OF SUPERVISORS
BOARD MEETING
FRIDAY, DECEMBER 21, 2012**

The Board of Supervisors of the County of Warren convened at the Supervisors' Room in the Warren County Municipal Center, Lake George, New York, at 10:00 a.m.

Mr. Daniel G. Stec presiding.

Salute to the flag was led by Supervisor Strainer.

Roll called, the following members present:

Supervisors Conover, Monroe, Girard, McDevitt, Taylor, Loeb, Kenny, Frasier, Vanselow, Dickinson, Merlino, Stec, Mason, Strainer, Westcott, Sokol, Thomas, Wood and Geraghty - 19. Supervisor Bentley

Absent - 1.

Motion was made by Mrs. Wood, seconded by Mr. Thomas and carried unanimously, to approve the minutes of the November 16, 2012 Board Meeting, subject to correction by the Clerk of the Board.

Chairman Stec declared the Public Hearing for Local Law No. 1 of 2013 open at 10:01 a.m. and requested Joan Sady, Clerk of the Board, read the Notice of Public Hearing.

Chairman Stec requested a moment of silence for the 26 victims of the Sandy Hook Elementary School shootings, whose lives had been cut tragically short.

The next order of business, Chairman Stec announced, would be to honor four members of the DPW staff, three of whom were in attendance, for their heroic actions to assist a passenger of an overturned vehicle. He noted that Senator Betty Little was also in attendance to honor these gentlemen on behalf of the New York State Senate.

Senator Little stated that it was a pleasure to be back in Warren County where she had previously served as a Supervisor for the Town of Queensbury, and she expressed her appreciation for the opportunity to join the meeting and be in the presence of three heroes, particularly Mr. Dennis Daly who had personally saved a young woman's life by assisting her to exit the overturned, smoking vehicle in which she was trapped. Senator Little said that in the wake of the incidents at the Sandy Hook Elementary School, she had pondered what made people commit certain acts and she recalled the actions of the School Principal who had confronted the gunman in an attempt to stop him, only to lose her own life; she continued that Mr. Daly had similarly provided assistance to a young lady in need, with no thought to possible consequences or peril to himself, and she concluded that for some people, these heroic actions were based on instinct. Senator Little stated that she was proud to have Mr. Daly, as well as the other three DPW employees who had assisted during the accident, as employees and citizens of Warren County and to represent people of their caliber. She then presented a resolution which would be enacted when the Senate returned to active session, reading a portion aloud, as follows:

"...Dennis Daly should be meritoriously commended for remaining calm under pressure and for showing valor and true courage while performing a life saving deed, which he would probably describe as being normal. Through his spontaneous and heroic actions, Dennis Daly demonstrated his character and his compassion for the welfare of others, personifying by virtue of his actions the collective concern of ordinary citizens across the community of New York State who voluntarily respond without thought of danger or reward when others are in need of help. And therefore be it resolved that we recognize Dennis Daly, an individual worthy of praise and admiration."

Additionally, Senator Little presented Mr. Daly with the New York State Senate Liberty Award on behalf of the people of the State of New York for exceptional valor and dedication, honoring Mr. Daly in recognition of his heroic actions on November 26, 2012 to aid a fellow citizen. A round of applause and a standing ovation were given by the members of the Board of Supervisors and those in attendance.

Chairman Stec also presented Mr. Daly with awards from the County and the New York State Assembly. He read the Proclamation from the County aloud, as follows:

"Whereas, on Monday, November 26, 2012, Dennis Daly, an employee with the Warren County Department of Public Works, came upon the scene of a serious motor vehicle accident on Call Street in Lake Luzerne, and

Whereas, the victim, an 18 year old college student named Chelsea Barton, was trapped upside down in the smoking vehicle. While his co-workers, Jack Wells, Joe Abrahams, and Jeff Fish took immediate action to direct traffic on the busy road, Dennis Daly made the decision to enter the vehicle to free Miss Barton, and

Whereas, Dennis Daly was successful in his attempt to not only help the victim out of the car, but also returned to retrieve her purse, minutes before the vehicle burst into flames, and

Whereas, Dennis Daly's actions can only be described as heroic and selfless, undoubtedly saving the life of this young woman; now, therefore, be it

Resolved, that I, Daniel G. Stec, Chairman of the Warren County Board of Supervisors, on behalf of the residents and employees of Warren County, and the entire Board of Supervisors, wish to recognize and applaud Dennis Daly for his actions on November 26, 2012, epitomizing the definition of a true hero while giving Chelsea Barton and her family the best Christmas gift they could ask for."

On behalf of Assemblywoman Teresa Sayward, who regretfully could not be present, Chairman Stec presented Mr. Daly with another citation, reading a portion aloud as follows:

"...Resolved, that as a duly elected member of the State Assembly of New York, I recognize that in Dennis Daly we have an outstanding citizen, worthy of public recognition and commendation, fully confident that such praise mirrors his noble accomplishments and selfless bravery."

Certificates of Appreciation from Warren County and Assemblywoman Sayward were also given to the other DPW staff members who had assisted in directing traffic during the incident to maintain a safe traffic environment, Joe Abrams, Jeff Fish and Jack Wells (*Jeff Fish was not in attendance*). Applause was given between each award.

Continuing with the agenda review, Chairman Stec announced that Peter Kehoe, President of the New York State Sheriff's Association, was in attendance to make a presentation to the Sheriff's Office. Speaking as Chairman of the Public Safety Committee, Mrs. Wood expounded that Mr. Kehoe would be presenting a re-accreditation for the Sheriff's 911 Communications Center, and she said she was very pleased to have him in attendance. Mr. Kehoe thanked Chairman Stec and Mrs. Wood for their introductions and for providing him with the opportunity to make this presentation. Additionally, he thanked Chairman Stec for all of the wonderful work he had done for Warren County and his Town of Queensbury constituents; he also congratulated Chairman Stec on his election to the New York State Assembly and wished him luck in this new endeavor.

Mr. Kehoe stated it was his pleasure to attend the meeting on behalf of all the Sheriff's of New York State to recognize and honor Bud York, Warren County Sheriff, along with all of the men and women employed by the Warren County Sheriff's Office on the occasion of re-accreditation of the Sheriff's 911 Communications Center. He apprised that only 12 of the 62 Counties in New York State had qualified for the accreditation, signifying that this was no easy accomplishment. Furthermore, Mr. Kehoe said, Sheriff York and his staff maintained similar accreditations for both the Corrections and Civil Divisions from the New York State Sheriff's Association, and for the Law Enforcement and Road Patrol Divisions from the New York State Law Enforcement Accreditation Council, meaning that the Sheriff's Office had obtained every accreditation available. He stated that these achievements were a great testament to Sheriff York and his staff and clearly demonstrated their pursuit of excellence in their profession. Mr. Kehoe commended Warren County on having an outstanding Sheriff's Office which had long been respected across the State, and he said both the Warren County Board of Supervisors, and the residents of Warren County who provided the funding for law enforcement operations,

should be proud of these accomplishments. He apprised that the accreditation process was comprised of 70 individual components which were submitted to scrutiny by an outside Board of Assessors to ascertain whether the Communications Center met their demanding standards; he continued that subsequent to their review, the Board had determined that Warren County's Communications Center met, or exceeded, every standard. Mr. Kehoe congratulated Sheriff York and his staff and applauded them for their accomplishments, noting that it took a considerable amount of hard work by a lot of people to achieve the accreditation, and therefore, he said, the entire staff of the Communications Center should be recognized. He said he wanted to take a moment to recognize a couple of staff members who had devoted a great deal of extra time and effort to the many administrative and operational details required to successfully document and demonstrate that the Warren County Sheriff's Office was deserving of this recognition. Mr. Kehoe proceeded to present certificates of appreciation to Larry Jeffords, Communications Supervisor; Mark Zahn, Senior Communications Officer; and Brian Engle, Senior Communications Officer, thanking them for their tremendous effort. A round of applause was given. Mr. Kehoe then presented Sheriff York with a plaque honoring the Sheriff's 911 Communication Center on the achievement of their re-accreditation, following which another round of applause was given.

Sheriff York noted 2012 was the first year Messrs. Jeffords, Zahn and Engle had been involved in the accreditation effort, and although it had been a difficult learning process, all three staff members had proceeded very quickly and professionally, leading one member of the Board of Assessors to assert that this was one of the best assessments they had done. Sheriff York personally thanked Messrs. Jeffords, Zahn and Engle for their hard work and dedication.

Resuming the agenda review, Chairman Stec announced that Kelli Kennedy, President of the CSEA, was in attendance to address the Board of Supervisors. Ms. Kennedy advised that after many months of negotiations, the CSEA was pleased to have reached what they felt was a fair contract, given the current fiscal climate faced by both the CSEA workers and the taxpayers of Warren County. She said during their negotiations, the CSEA had maintained that meaningful savings could be achieved while preserving vital services, and they felt the tentative agreement did just that. Through a respectful, collaborative process, Ms. Kennedy advised an agreement had been reached that achieved needed savings and preserved services for Warren County citizens while also offering needed job security for CSEA members. She thanked Kevin Geraghty, Budget Officer, and Paul Dusek, County Administrator, for their commitment to wrapping up the negotiations and she also extended her appreciation to the members of the CSEA Negotiating Committee for all of their hard work. In closing, Ms. Kennedy offered congratulations to Chairman Stec on his election to the New York State Assembly and she asked him to keep in mind that Warren County had the "best of the best" employees. A round of applause was given.

Chairman Stec thanked Ms. Kennedy for all of her hard work, advising the Board of Supervisors was pleased with the CSEA Negotiating Team's dedication to achieving a reasonable and fair outcome for residents and taxpayers, as well as for the employees that the County tried to do their best by in this difficult economy. He advised that further discussion on the collective bargaining agreement would be held later in the meeting.

Chairman Stec called for discussion on the Public Hearing for Local Law No. 1 of 2013; there being none, he declared the Public Hearing closed at 10:18 a.m.

The next agenda item, Chairman Stec advised, pertained to a request from John Currie who desired to address the Board of Supervisors on behalf of the Warren County Conservation Council (WCCC). He noted that prior to the meeting, Mr. Currie had questioned whether there were any resolutions to be addressed regarding the invasive species issue and Chairman Stec pointed out proposed Resolution No. 732, Proclaiming Warren County's Commitment to Reduce and End the Infestation and Spread of Aquatic Invasive Species in Publicly Accessible Water Bodies Throughout Warren County, which was included in the packet of resolutions to be voted on that day.

Mr. Currie thanked the Board for the opportunity to address them on this important issue. He said he was a member of the WCCC and a life-long resident of the Warren County area who was very interested in maintaining the ability to fish local waterways. He then proceeded to read aloud a memo from the WCCC which briefly outlined the purpose of the WCCC, listed the many clubs they represented, and stating their position on the boat decontamination program intended to control the introduction or further proliferation of invasive species and the \$40 per boat fee proposed by the Lake George Park Commission (LGPC) to offset the program costs; *a copy of the memo is on file with the minutes*. In summary, the WCCC was opposed to the \$40 inspection fee as many of the people the organization represented owned small fishing boats, canoes or other such vessels which were taken in and out of the water with each use, amounting to multiple cleaning fees. The memo also included the WCCC's recommendation for a three point program based on training and testing to qualify boat owners and operators to self-inspect their boats prior to launch and following removal from the water; self-certification that the boat has been inspected as required; and enforcement to be conducted by the New York State Department of Environmental Conservation (NYSDEC) as well as other authorized agencies. In closing, the WCCC's memo relayed their opinion that by working together in a cooperative spirit, they could develop and implement the most cost effective program to protect the quality of the water and fisheries of Warren County, as well as other neighboring Counties that influenced local lakes and streams due to proximity, shared borders and transient sportsmen.

Mr. Dickinson stated that he was pleased to welcome the assistance of the WCCC in putting together a program to address the invasive species issue and he said they were correct in their assessment that a cooperative effort was needed. He continued that he agreed with many of the points made in the WCCC's memo and the directives sought, but indicated some of the statements made were a bit skewed by misinformation. Mr. Dickinson noted that the \$40 boat cleaning fee proposed by the LGPC was simply a general suggestion for a means to support the program and he further noted that the program could turn out to be free. He stated that one of the guidelines adopted by the Invasive Species Sub-Committee, of which he served as Chairman, was to promote education and cooperation in determining a means to achieve eradication of invasive species in local water bodies and stop them from being spread to other waterways. Mr. Dickinson continued that they needed to be sure that noone inadvertently introduced new invasives to Lake George and surrounding water bodies which could ruin them. He said the points made by the WCCC were valid and he agreed the smaller vessels used by their members, which were able to be transported on top of ones vehicle, were not as likely to introduce or spread the invasive species; however, he noted, the problem with a self-certification program was that many people who thought they were effectively cleaning their boats, might not be doing so. Mr. Dickinson advised that everyone involved in the decision making process for the future of the boat washing program had the interests of the fishermen and women in mind and he advised that he and other members of the Invasive Species Sub-Committee would welcome the opportunity to meet with WCCC representatives and discuss the matter further.

Mr. Geraghty said it was very important that everyone understood the invasive species issue and the problems it presented and he applauded the WCCC for taking the time to provide their opinions on the matter. Mr. Westcott thanked Mr. Currie for his presentation, as well, and suggested that proposed Resolution No. 732 be amended to include the three point self inspection proposal. Mr. Dickinson pointed out that the purpose of the proposed resolution was simply to show a united front when petitioning for assistance at the State and Federal levels, as well as to any other organization where funding might be sought; he added that the resolution indicated there was an issue about which there was great concern and a desire for resolving actions to be taken.

Upon suggestion made by Joan Sady, Clerk of the Board, Chairman Stec advised that it did not seem appropriate to amend proposed Resolution No. 732, and he recommended the issue be referred to the Invasive Species Sub-Committee for further discussion. Mr. Conover

also agreed that the matter should be referred to the Committee level for further consideration as education and awareness were important facets of any program. He added his suggestion that the Invasive Species Sub-Committee review the proposal with WCCC representatives and try to include some of their suggestions in the program they were trying to develop. Mr. Dickinson confirmed that the Committee would discuss the matter at their next meeting and respond to Mr. Currie with respect to the suggestions made by the WCCC.

Mr. Strainer pointed out that proposed Resolution No. 732 called for the resolution to be sent to Warren County's representatives at the State level, and he said that since this seemed to be a State-wide problem, maybe the resolution should be forward to all New York State Legislative representatives. Mr. Mason stated that the resolution was flexible as it was written and should be left as it was, without including additional inspection facets.

Rich Haag, Secretary of the WCCC, questioned whether it was possible to be notified of upcoming meetings of the Invasive Species Sub-Committee so that they might attend. He said that WCCC representatives had been invited to participate in meetings held by other area organizations with respect to the invasive species issue to relay their position on the matter and he advised they would like to do the same at the County level. Chairman Stec advised that if Mr. Haag left his contact information with Mrs. Sady, she would be sure to advise him of upcoming Invasive Species Sub-Committee meetings.

Privilege of the floor was extended to Brian LaFlure, Fire Coordinator, who indicated that posters had been distributed to the Board members promoting volunteer firefighting recruitment. He said there was a State-wide initiative being undertaken by the Firemen's Association of the State of New York to promote recruitment and retention of volunteer firefighters and emergency medical services (EMS) responders. Mr. LaFlure advised that volunteerism was very important in Warren County because if they were unable to attract the appropriate number of volunteers, they would be forced to institute salaried positions for emergency personnel. He asked that the Supervisors take the posters back to their Towns and hang them in areas where they could be seen by the public. Mr. LaFlure congratulated Chairman Stec on his election to the New York State Assembly and he presented him with a bright red cell phone attachment which he said would be sure to help Chairman Stec stand out in any crowd. Chairman Stec responded in appreciation.

Continuing the agenda review with the report by the Chairman of the Board, Chairman Stec apprised that as he prepared to assume his elected position in the New York State Assembly, he had taken some time to reflect on his position as Chairman over the last couple of years and the accomplishments made. He noted that Warren County had been successful in maintaining small tax increases and employing minimal appropriations of their general fund balance, all before the State imposed their tax cap regulations, which had allowed Warren County to successfully abide by the regulations without the struggles faced by other surrounding Counties. Chairman Stec said that a lot of big projects had been undertaken, such as the Corinth Road Project which had been underway for a decade but was finished in 2011, and he noted that despite reductions in funding, the Department of Public Works had continued to operate efficiently, successfully completing four bridge replacement projects during the last year.

Warren County had taken great strides to address the invasive species in Lake George, Chairman Stec said, regardless of the fact that the State was the responsible party, providing funding to the effort and considering the adoption of a local law based on a similar version that the State was unable to get in place. He opined that the State could learn a lot from the County in this area and he would be happy to bring this message and mission along with him to the State Assembly. He said it was encouraging to note that every Board member, while having a different view on the end result, realized that the invasive species eradication in Lake George was a problem that had to be addressed.

Chairman Stec recalled that the Board of Supervisors had worked through difficult personnel situations within the Department of Social Services, compounded by the fact that municipal issues were publicly aired and could not be addressed as quietly as they could be

in a private industry setting. He said that although it had been a lengthy process, he felt they had achieved a good result in appointing Suzanne Wheeler as Commissioner of the Department of Social Services; Chairman Stec added that the Board appreciated the patience of both Ms. Wheeler and her staff during the interim period when they had performed due diligence measures to ensure prior personnel related errors were not repeated, and he said he felt the end result was well worth the wait. He stated that Warren County had many great employees and he recalled awards presented earlier that morning to DPW staff for honor and valor, as well as those presented to staff of the Sheriff's Office for outstanding accomplishments. Another positive employee-related accomplishment, Chairman Stec advised, was the ability to achieve what was perceived to be a fair and reasonable labor agreement with the CSEA for Union employees, and he recognized and appreciated the effort involved in that process.

Chairman Stec said Mr. Geraghty would be nominated as the next Chairman of the Board and he was confident that Mr. Geraghty would do a fine job in the position. He stated that in his experience, it was his personal opinion that in many cases, serving as Budget Officer, as Mr. Geraghty had done for the past couple of years, was more difficult than serving as Chairman of the Board in light of the level of work required to maintain the County Budget. Chairman Stec said Mr. Geraghty had been a good friend to him over the years and an excellent Budget Officer, and he wished him the best of luck in his future Chairmanship.

Chairman Stec thanked each member of the Board of Supervisors for their fellowship, support and encouragement during his tenure as Chairman and he said he was very proud of the work they had accomplished together; he added that each Board Member and Department Head should be similarly proud of the achievements made during these trying times. Chairman Stec stated that it was a great honor to be elected to public office, and he was deeply honored to have been re-elected as many times as he had to the Town of Queensbury Supervisor position and he was both humbled and honored to have been elected to the State Assembly. He further stated that he said he wanted the members of the Board of Supervisors to know how much it meant to him to be elected by them as Chairman of the Board.

In closing, Chairman Stec invited everyone to his swearing in ceremonies which would be held on January 1st at noon in the Warren County Supreme Court Room and on January 8th at 2:00 p.m. at the New York State Assembly Legislative Office Building, Hearing Room C, in Albany, NY. He advised that he had received his Assembly Committee assignments which consisted of the Banks, Local Government, Tourism, Social Services and Environmental Conservation Committees.

Chairman Stec called for reports by Committee Chairman on the past months meetings or activities and the following gave verbal reports: Supervisor Sokol, Health Services; Supervisor Thomas, Finance, Soil & Water Conservation District; Supervisor Wood, Public Safety; Supervisor Geraghty, Budget; Supervisor Conover, Personnel; Supervisor Monroe, Legislative & Rules and Gaslight Village Ad Hoc; Supervisor Girard, County Facilities; Supervisor Taylor, Economic Growth & Development and Support Services; Supervisor Loeb, Social Services; Supervisor Kenny, Occupancy Tax Coordination; Supervisor Dickinson, Invasive Species Sub-Committee; and Supervisor Merlino, Tourism.

With respect to the Health Services Committee, Mr. Sokol announced that the last meeting had been held at the Westmount Health Facility, following which a tour of the Co-Gen Facility was provided. He noted that several resolutions had been approved for the Public Health Division to address typical business items, as represented by proposed Resolution Nos. 705 - 711; he pointed out that the Public Health Division was on target to incur a 3% budget savings for Warren County, on top of the 4% savings achieved for 2011.

Mr. Sokol advised proposed Resolution Nos. 760 and 761 sought to ratify actions taken by the Personnel Committee with regard to the hiring freeze in authorizing vacant nursing positions to be filled within the Public Health Division and the Westmount Health Facility in order to maintain operations and he said he hoped these resolutions would be supported. In closing, Mr. Sokol wished Chairman Stec the best of luck at the New York State Assembly,

commending him for the work he had done at the County level over the years he had served as Supervisor for the Town of Queensbury, and stating that he would be missed.

Mr. Thomas advised the Finance Committee had met on December 12th, approving a number of the proposed resolutions being presented. He pointed out proposed Resolution Nos. 735, Authorizing Agreement with NTS Data Services, LLC to Provide Full Document Imaging Technology, which pertained to the Board of Elections; 736, Authorizing Renewal of the Agreement with Hess Corporation as Preferred Supplier for Natural Gas Through the Municipal Electrical & Gas Alliance (MEGA) and Ratifying Execution and Fixed Price Agreement; 739, Authorizing Interfund Advance to Westmount Health Facility to Cover Cash Flow, which would provide funding in an amount not to exceed \$1.5 million to the Facility while they awaited receipt of IGT (inter-governmental transfer) monies, with the borrowed funds to be repaid within one year at an interest rate of .25%; 742, Authorizing Payments to SUNY Adirondack; 743, Authorizing Payment to the Warren County Soil & Water Conservation District of 2013 in the Amount of \$284,000; 745, Resolution Setting the Hours of the Warren County Treasurer's Office to be Open to the Public, which would alter hours of operation in an effort to curtail overtime use; and 748, Consenting to Deviation of Uniform Tax Exemption Policy of the City of Glens Falls Industrial Development Agency, pertaining to the redevelopment of buildings located at 21 Bay Street in the City of Glens Falls. Mr. Thomas noted that the agenda packet also included a number of proposed resolutions requesting budget amendments and supplemental appropriations to take care of necessary end of the year transfers to keep budget codes in balance. He apprised that earlier in the week, the Soil and Water Conservation District had held their annual meeting, during which they typically presented their Conservationist of the Year Award. Mr. Thomas advised that for 2012, they honored two recipients, Bill Lupo, of the NYSDEC, and Warren County. He said the Board of Directors of the Warren County Soil & Water Conservation District felt that over the years, Warren County and all of its Departments had greatly supported the Conservation District.

Mrs. Wood advised that the Public Safety Committee had met on November 29th to address typical business items. She noted that proposed Resolution No. 779, Awarding Bids and Authorizing Agreements with Warren Tire Service Center, Inc., Warrensburg Car Care, LLC and Maltbie's Garage Co. Inc. for Routine Maintenance of Warren County Sheriff and District Attorney's Office Vehicles (WC 56-12), had been approved after the Committee meeting, subsequent to the bid opening. Mrs. Wood said it was her understanding that both Martin Auffredou, County Attorney, and Sheriff York had reviewed the bids and recommended proceeding with the businesses listed in the resolution.

Mr. Geraghty apprised that Governor Cuomo's Executive Chamber had acknowledged the letter sent with regard to increasing retirement costs and indicated they would take this under advisement. He thanked Chairman Stec for the kind words offered about his future Chairmanship and said it had been a pleasure working with him.

Several meetings of the Personnel Committee had been held since the last Board meeting, Mr. Conover stated. He said the first meeting was held on December 12th, represented by proposed Resolution Nos. 756 - 763, and the second was held on December 19th, where proposed Resolution Nos. 784 - 786 were approved. Mr. Conover pointed out proposed Resolution Nos. 785, Authorizing Public Employment Agreement Effective January 1, 2012 Through December 31, 2016, and 786, Lifting Hiring Freeze and Authorizing the Filling of Vacant Positions Tabled at October 19th Board of Supervisors Meeting.

Mr. Monroe commented that the Legislative & Rules Committee had met jointly with the Invasive Species Sub-Committee where proposed Resolution No. 731 was approved, Ratifying the Actions of the Chairman of the Warren County Board of Supervisors in Requesting the Adirondack Park Agency Modify the General Permit for Invasive Species Control Regulations, in order to address some of the permitting limitations. Mr. Monroe advised that Gaslight Village Ad Hoc Committee had also met, approving proposed Resolution Nos. 753 - 755 which pertained to use of the Festival Space for upcoming events. He apprised that although he had not yet received a formal confirmation, he had received an email from Robert Blais, Mayor of

the Village of Lake George, indicating that \$750,000 in grant funding had been awarded for use in connection with the Festival Space on the former Gaslight Village Property, as well as an additional \$150,000 grant from the Wood Foundation. Chairman Stec indicated that he had received this information, as well, and said this was excellent news.

Relative to the last meeting of the County Facilities Committee meeting, Mr. Girard pointed out the items approved as being proposed Resolution Nos. 726 - 729, which he proceeded to outline briefly. He stated that it had been a pleasure to work with Chairman Stec over the years and he appreciated all of the support given to both Warren County and the City of Glens Falls through his advocacy of the Glens Falls Civic Center. Mr. Girard expounded that Chairman Stec had a good understanding of the workings of Warren County and he had helped him to gain a better understanding of them, as well. He opined that Chairman Stec had a great family background and was one of the hardest working politicians he knew; he added that he looked forward to seeing Chairman Stec in action at the State Assembly level, noting that he was one of the best candidates to represent the area at the State level. Finally, and most importantly, Mr. Girard stated that he was happy to call Chairman Stec a friend and he wished him the best of luck in his new endeavor.

Mr. McDevitt stated that he had no Committee report to provide, but said he also wanted to offer Chairman Stec his congratulations and well wishes. He noted that he would miss the political banter he and Chairman Stec had shared over the past few years and he recalled an instance when Chairman Stec had been able to point out an error on a roll call vote when although it had initially be thought that the vote had passed, it had actually failed. Mr. McDevitt advised this situation had occurred when he first joined the Board of Supervisors and the weighted vote process was still elusive to him; he recalled that he had been very impressed with Chairman Stec's ability to make this determination just from listening and quickly calculating the votes himself. Mr. McDevitt concluded that he had enjoyed working with Chairman Stec and wished him luck in his new position as Assemblyman.

Mr. Taylor began by stating that he appreciated Chairman Stec's sense of humor and his ability to make serving on the Board of Supervisors a fun job, as well as his work ethic. He said his advice to Chairman Stec would be to maintain his sense of humor and work ethic in his position as State Assemblyman. Moving on to his Committee report, Mr. Taylor apprised the Economic Growth & Planning Committee had met and approved two resolutions, proposed Resolution Nos. 693 and 694, both of which were intended to improve the GIS services previously provided by the County's GIS Coordinator position which had been eliminated upon resignation of the prior incumbent in order to reduce Departmental costs. He continued that the Support Services Committee had met, as well, approving proposed Resolution Nos. 775 - 777, all of which were new Local Laws, and proposed Resolution Nos. 781 - 783, which pertained to renewals of the County's insurance policies.

Concerning the prior meeting of the Social Services Committee, Mr. Loeb advised proposed Resolution Nos. 684, 685, 688 and 763 had been approved and he proceeded to outline them briefly, placing special emphasis on proposed Resolution No. 763, which sought to appoint Suzanne Wheeler as Commissioner of the Department of Social Services. Mr. Loeb congratulated Ms. Wheeler on this nomination, noting that she had been doing an excellent job working as Acting Commissioner. He questioned whether a roll call vote was necessary to approve this resolution, due to the compensation package offered with the position, and Chairman Stec replied in the negative but advised a roll call vote could be requested, if desired. In conclusion, Mr. Loeb offered Chairman Stec his best wishes in his future endeavors and said he felt that Chairman Stec had done an excellent job of serving the Chairman position and he felt Mr. Geraghty would do just as well.

Mr. Kenny commented that the Occupancy Tax & Coordination Committee had met on December 10th to hold their annual workshop meeting where determinations were made as to the distribution of occupancy tax funding. He said that during this meeting they had reviewed several applications with a cumulative funding request of \$666,000 and subsequently awarded funding to 51 applicants at a total of \$391,500 (*with \$41,500 coming from the occupancy tax*

reserve fund). Mr. Kenny thanked the Occupancy Tax Committee members for doing their due diligence in sitting for several hours to review the applications, prior to meeting to make these funding determinations. He also offered his congratulations to Chairman Stec and wished him luck in his new position.

Both Mrs. Frasier and Mr. Vanselow advised they had no Committee report, but said they wished to present Chairman Stec with a gift they had prepared. In honor of Chairman Stec's familiar analogy comparing increases in State mandates on Local Governments to hiking with a backpack becoming increasingly full of rocks, Mrs. Frasier and Mr. Vanselow gifted Chairman Stec with a backpack full of rocks on which they had painted the names of several unfunded State mandates. Mr. Vanselow stated that they hoped this would serve as a reminder of his promises to advocate the County's unfunded mandate concerns and attempt to address these issues at the State level in his new position. Chairman Stec thanked Mrs. Frasier and Mr. Vanselow for their gift, and a round of applause was given.

Mr. Dickinson apprised that the Invasive Species Sub-Committee had met and approved proposed Resolution No. 732, Proclaiming Warren County's Commitment to Reduce and End the Infestation and Spread of Aquatic Invasive Species in Publicly Accessible Water Bodies Throughout Warren County. He mentioned he had read in a local newspaper that his position as Chairman of the Invasive Species Sub-Committee had been termed as the "kiss of death", and he said he did not believe this would be the case. Mr. Dickinson stated that he had worked longer with Chairman Stec's father than he had with the Chairman, himself, but said that he had developed the same positive impression. In closing, Mr. Dickinson quoted the graduation speech given by Dr. Seuss at a college graduation commencement ceremony, for which, he said, Dr. Seuss was paid very handsomely, "Good Morning...Good Job...Good Luck...Goodbye".

The Tourism Committee had met and approved proposed Resolution Nos. 699-704, Mr. Merlino announced, all of which pertained to agreements for brochures, media operations and things of that nature. He advised that each Town Supervisor had been provided with a copy of the large poster pertaining to their municipality that would be placed in the satellite Tourism Office located at the Adirondack Factory Outlet Mall, along with brochures for events and attractions in each respective Town. Mr. Merlino thanked Chairman Stec for being so friendly and helpful to him when he joined the Board of Supervisors and for assisting him whenever necessary. He said that many Town Supervisors contacted Chairman Stec for counsel or advice with issues in the Towns and Chairman Stec was always very good about returning those calls quickly. Mr. Merlino stated that he also appreciated Chairman Stec's humor and wit and said he would miss working with him and seeing his Dad at Board meetings.

Mr. Merlino pointed out two items he hoped the Board would address in 2013, the first being the Town agreements with Time Warner Cable which had been signed five to seven years ago for cable television which allowed the Towns to receive a certain amount of revenue for the services provided. He said that since the contracts were signed, Time Warner had increased the services provided to include telephone and internet, which the Towns had no control over, but continued to receive complaints from citizens due to rising costs. Mr. Merlino noted it was possible that the Towns were being short changed on the amount of revenues received and he suggested that a small Committee be developed in 2013 to review and address these issues. Additionally, Mr. Merlino apprised that according to a recent newspaper article, it appeared the Saratoga County Board of Supervisors had adopted a resolution supporting gambling in their County and, although he said he was not for or against the introduction of gambling institutions in this area, he believed the Warren County Board of Supervisors should adopt a similar resolution in order to state their interest in this possibility due to the potential revenue stream, leaving it up to the citizens of Warren County to make a final decision on the matter. Mr. Merlino pointed out that the Budget Officer had already done a great job of reducing expenses in the County Budget wherever possible; however, he said, tough budgetary situations were projected for the coming years which could be aided by developing new funding streams such as this. He advised Governor Cuomo would be tasked

with identifying seven areas of New York State where allowances would be made to attract gambling establishments and he thought a small Committee should be established to address this issue as well, in an effort to assist Warren County in becoming one of the areas to be considered. Chairman Stec agreed that gambling was an issue that the Board of Supervisors would have to take a position on in the coming year, and it was likely that a position would have to be adopted at the State level, as well.

Chairman Stec thanked everyone for their kind words, and he also thanked his parents, wife and son, Peter, for their support during his tenure with the Warren County Board of Supervisors, as well as in his pursuit for his State Assembly position. He said he was very blessed to have such a tremendous amount of support from his family.

Resuming the agenda review, Chairman Stec called for the report by the County Administrator. Mr. Dusek apprised that, as previously noted by Ms. Kennedy, he had served as a member of the Labor Negotiating Team, providing a report on the final agreement to the Personnel Committee, where it was approved and he said he felt the summarization of the agreement written and published by Don Lehman, of *The Post Star*, was very good and accurate. Mr. Dusek stated he appreciated that the CSEA realized the financial challenges the County would face in future years, as well as the economic realities faced by residents and taxpayers of Warren County and he felt an agreement had been reached which was beneficial to both the County and the CSEA members and he thanked Ms. Kennedy for her assistance in reaching this agreement. Mr. Dusek commented that it had been a pleasure to serve as County Attorney, and later County Administrator, during Chairman Stec's tenure on the Board of Supervisors and under his leadership as Chairman, and he was sure that Chairman Stec would be quite successful in the State Assembly and he offered his own personal well wishes.

Chairman Stec noted there was a litigation matter to be reported on and he questioned whether an executive session would be necessary. Mr. Auffredou advised that an executive session would not be necessary, and he reported briefly on the pending McNaughton litigation case which had been in existence since 2005 and concerned the foreclosure process employed by the County for a parcel located in the Town of Chester. He apprised that when the case was heard at both the Supreme Court and Appellate Division levels, the County's foreclosure process had been upheld and he said he was pleased to report that on December 11th notification had been received from the Court of Appeals affirming the Appellate Division's ruling that the County had appropriately notified all interested parties in their foreclosure proceedings. Mr. Auffredou advised a copy of the decision was available in his Office for anyone wishing to peruse it and he said that although it had been a long battle, he was happy to say that the County had been successful.

Chairman Stec called for the Reading of Communications, which Mrs. Sady proceeded to read aloud as follows:

Minutes from:

Warren/Washington Counties Mental Health Subcommittee;

Warren/Washington Counties IDA, Executive/Park Committee and Civic Development Corporation.

Monthly Report from:

Probation.

Capital District Regional Off-Track Betting Corp., October and November 2012 surcharge in the amounts of \$6,341 and \$6,427, respectively;

Southern Adirondack Library System, Letter thanking the Board for their continued funding for the County's libraries;

Warren/Washington Counties Industrial Development Agency, 2013 Adopted Budget.

Chairman Stec then called for the reading of resolutions. Mrs. Sady advised proposed Resolution Nos. 682 - 777 were mailed and a motion was needed to bring proposed Resolution Nos. 681 and 778 - 791 to the floor.

Motion was made by Mr. Conover, seconded by Mr. Girard and carried unanimously to bring proposed Resolution Nos. 681 and 778 - 791 to the floor.

Chairman Stec called for discussion on resolutions.

Mr. Loeb noted there were several resolutions relating to tax levies and he asked for an explanation as to their purpose. Mike Swan, County Treasurer, advised that all of these resolutions related to the Real Property Tax Services Law for collection of taxes. He explained that there were agreements between the school districts, towns and County that the County would serve as the enforcing agent and would make the towns whole for the collection of unpaid school taxes, water rents, etc., levied on the tax bills sent to the property owner, following which the County would begin their own collection/foreclosure process (*Resolution No. 769*). Because the City of Glens Falls was its own entity, he advised the City was removed from this process and was responsible for collecting their own taxes. Mr. Swan noted that the County served as the City's vendor for printing tax bills and the County allowed the City to put water rents and levies unpaid on the January tax bill that went to the City in an effort to collect the unpaid amounts (*proposed Resolution No. 766*). The resolution pertaining to omitted items (*Resolution No. 770*), Mr. Swan advised, addressed items that were omitted at some time in the past that the school district/town/city felt needed to be added in the future in order to correct a mistake or address some other type of issue. One example of an omission requiring correction, he said, was a case in the Town of Chester where a building had been deemed uninhabitable and demolition and removal of the building had been ordered with the costs subsequently being added to the January tax bill to recoup the demolition costs. Mr. Swan stated that while this was not an unusual occurrence, he noted that it did not happen all the time. Mr. Loeb thanked Mr. Swan for the clarification.

With referenced to proposed Resolution No. 722, Authorizing the Deletion of Items from the Waste Management CL8160 Asset Inventory, Mr. Kenny questioned what items were being deleted and where they had gone. Mr. Swan advised the Waste Management CL8160 Asset Inventory consisted of containers purchased using grant funds when solid waste operations were decentralized to the towns. Jeffery Tennyson, Superintendent of Public Works, interjected that approximately 200 containers had been purchased and over the years, they had been picked up by various haulers for solid waste removal through town contracts, leaving a number of containers unaccounted for because they were either lost or destroyed. Mr. Tennyson advised there were approximately 16 containers to be removed from the Inventory in order to maintain an accurate listing of the inventory available. In the future, he said, they intended to explore other options in which the hauling company would provide containers because it was virtually impossible to continue maintaining the inventory when the containers were being transferred all over. Mr. Kenny then asked what they intended to do with the remaining container inventory and Mr. Tennyson responded those items would either be auctioned off and any unusable items scrapped.

Regarding proposed Resolution No. 727, Resolution Approving Fees Charged by the Fixed Based Operator at Floyd Bennett Memorial Airport, Mr. Mason advised that although he was a member of the County Facilities Committee and had voted in favor of the resolution at that time, he had recently received some new information that he felt the Committee should review and asked that the resolution be tabled and the item referred back for further discussion.

Motion was made by Mr. Mason, seconded by Mr. Girard and carried by majority vote, with Mr. Thomas voting in opposition, to table proposed Resolution No. 727 and refer the issue back to the County Facilities Committee for further discussion.

Mr. Westcott requested a roll call vote for proposed Resolution No. 726, Authorizing the Chairman of the Board of Supervisors to Execute a Letter Making a Formal Offer to Charon Trust; Queensbury 400 Properties, Inc.; and George L. Sicard and Charles O. Sicard, Owners for Purchase by Warren County for Fee Title/Avigation Easement Acquisition of the approach to Runway 30 at the Floyd Bennett Memorial Airport. He questioned if the properties identified within the resolution were being purchased by the County or if they were standard avigation easements for the operation of the Airport and Ross Dubarry, Airport Manager, responded that this was a combination of property and easement acquisitions. Mr. Dubarry explained the

landowners had indicated their preference to sub-divide their parcel in a manner which would allow the County to purchase a portion of the property and gain avigation easements over the remaining sections.

Mr. Strainer requested a roll call vote for proposed Resolution No. 763, Appointing Suzanne Wheeler as Commissioner of the Warren County Department of Social Services, and Mr. Thomas requested a roll call vote for proposed Resolution No. 712, Authorizing Acceptance of Settlement for Resident at Westmount Health Facility.

With reference to proposed Resolution No. 726, Mr. Girard pointed out that the land/avigation easements sought related to Runway 30, which was the shorter of the two Airport runways. He apprised that if the easements were not achieved, they would be able to use less than half of that runway in the future, and Mr. Dubarry advised this was a correct assessment. Mr. Westcott commented there were other options available other than purchasing the property and he suggested securing avigation easements over the entire property, rather than purchasing it. Mr. Dubarry interjected that the property owners were not willing to voluntarily offer avigation easements over all of the property and if the County preferred to proceed in this manner they would need to employ a condemnation action to acquire the necessary avigation easements.

Concerning proposed Resolution No. 702, Authorizing Lease Agreement with Adirondack Factory Outlet Center, Inc. Relative to Office Space for a Satellite Tourism Office, Mr. McDevitt asked if there was a way to ensure the costs associated with the satellite office were justified. Mr. Merlino replied affirmatively, noting that they received very few visitors to the Tourism Office located in the Municipal Center and in just the last month or so since they had started offering information at the new satellite location, he estimated that more brochures were distributed than were picked up in a whole year at the Municipal Center Office. He pointed out the initial contract was only for a one-year trial period but said that in the limited time it had been in place, the satellite office had received many more visitors because it presented a more visible location. Mr. McDevitt thanked Mr. Merlino for his comments and said he felt the one-year trial period was fair.

With respect to proposed Resolution No. 712, Authorizing Acceptance of Settlement for Resident at Westmount Health Facility, Mr. Taylor commented that although he would vote in favor of the resolution because he felt it was in the best interest of Warren County, he understood the sentiments of those who chose to vote against it. Mr. Loeb said that he also would vote for the resolution, but agreed with Mr. Taylor's comments, as did Chairman Stec, who also voted in favor of the resolution.

Chairman Stec called for a vote on resolutions, following which Resolution Nos. 681 - 791 were approved as presented, with the exception of Resolution No. 727, which was tabled, as previously noted.

**WESTMOUNT HEALTH FACILITY
Compliance Manual**

INTRODUCTION

Westmount Health Facility ("Westmount") is dedicated and committed to meeting high ethical standards and compliance with all applicable laws in all activities regarding the operation of Westmount. This commitment and dedication is essential to Westmount meeting its mission and is critically important because a significant portion of Westmount's services are reimbursed through governmental programs which require that Westmount's business be conducted with complete integrity.

To assure that Westmount's operations are being conducted in compliance with applicable law and the highest ethical standards, Westmount has established a Compliance Program ("Program") under the direction of a Compliance Officer. A Compliance Committee has been established to oversee the implementation and operation of the Program.

CODE OF CONDUCT

It is the policy of Westmount to provide services in compliance with all state and federal laws governing its operation and consistent with the highest standards of business and professional ethics. This policy is a solemn commitment to our residents, our community, to those governmental agencies that regulate Westmount and to ourselves.

All Westmount employees, as well as those professionals who enjoy professional staff privileges, must carry out their duties for Westmount in accordance with this policy. To assist employees and professional staff with their obligation to comply with this policy, this Manual includes standards of conduct in a number of specific areas. Conduct that does not comply with these standards is not authorized by Westmount and is outside the scope of employment or professional staff membership at Westmount.

Any violation of applicable law, the standards contained in this Manual, or deviation from appropriate ethical standards, will subject an employee or independent professional to disciplinary action, which may include oral or written warning, disciplinary probation, suspension, demotion, dismissal from employment or revocation of privileges. These disciplinary actions also may apply to an employee's supervisor who directs or approves the employee's improper actions, or is aware of those actions but does not act appropriately to correct them or who otherwise fails to exercise appropriate supervision.

If, at any time, an employee or professional staff member becomes aware of any apparent violation of Westmount's policies, he or she must report it in accordance with the reporting requirements of this Manual. All persons making such reports are assured that such reports will be treated as confidential to the extent permissible and that such reports will be shared only on a bona fide need to know basis. Westmount will take no adverse action against persons making such reports in good faith and without malicious intent whether or not the report ultimately proves to be well founded. If an employee or professional staff member does not report conduct violating Westmount's policies, the employee or professional staff member may be subject to disciplinary action up to and including termination of employment or revocation of privileges.

The laws affecting the operation of Westmount's activities are complex and many. In addition, this Manual addresses, in general terms, only several of the more important legal and ethical principles affecting Westmount's activities. Their mention in this Manual is not intended to minimize the importance of other applicable laws, professional standards, or ethical principles. It is not expected that each employee will be fully versed in all laws of permissible activities involved in their work. Therefore, if an employee has a question regarding the legality or propriety of a course of action, the employee should seek guidance from his or her supervisor or from the Compliance Officer before taking any action.

STANDARD OF CONDUCT

A. Resident Care and Resident Rights

It is Westmount's policy to provide the highest quality of care to its residents. Westmount believes that state and federal regulations governing Westmount's operation provide a minimum baseline of care standards which Westmount strives to exceed in the provision of care and services to Westmount's residents.

Each resident will receive services in accordance with a comprehensive plan of care developed by an interdisciplinary care team based on periodic comprehensive assessments of the resident's condition. Each plan of care is designed to ensure that Westmount provides the necessary care and services to attain or maintain a resident's highest practicable physical, mental and psychosocial well-being.

Each resident is entitled to a dignified existence, self determination and the provision of care and services in a manner and in an environment that promotes the maintenance or enhancement of a resident's quality of life. It is Westmount's policy to protect, promote and foster for each resident his/her rights as a resident of the Westmount.

Westmount has developed policies and procedures to ensure quality of care and the protection and promotion of resident rights which are to be adhered to by Westmount's staff.

It is not the intent of this Manual to set forth all such policies and procedures but to identify several of the more significant ones which are:

1. Comprehensive assessments for each resident will be conducted in accordance with applicable federal and state laws and regulations;
2. All resident plans of care will be developed by an interdisciplinary care team based upon the periodic comprehensive assessment of the resident's condition which shall include measurable objectives and timetables to meet the resident's medical, nursing, mental and psychosocial needs;
3. All services and care required by a resident's plan of care will be provided to the resident by qualified staff;
4. Residents are free from verbal, mental, sexual or physical abuse, corporal punishment or involuntary seclusion.

Westmount's policies and procedures with regard to resident rights and resident care are available from the Compliance Officer, the Administrator's office, the Director of Social Services or the Director of Nursing.

B. Referrals

Federal and state law prohibit Westmount and its employees from (1) soliciting or accepting or (2) offering or paying remuneration in exchange for referrals of patients eligible for Medicare, Medicaid or another federal health care program. Federal and state law also prohibit (1) the offering or payment or (2) the soliciting or receipt of remuneration in return for directly purchasing, leasing, ordering, or recommending the purchase, lease or ordering of any goods, facilities, services or items covered under the benefits of Medicare, Medicaid or other federal health programs. The term "remuneration" broadly covers the transferring of anything of value in any form or manner whatsoever. Remuneration is not limited to bribes, kickbacks and rebates. These federal and state laws are broadly written to prohibit Westmount and its employees from knowingly and willfully offering, paying, asking or receiving any money or other benefit, directly or indirectly, overtly or covertly, in cash or in kind. These laws are violated even if only one purpose of a payment arrangement is to influence referrals or the procuring of goods or services.

There are many transactions that may violate these laws. It is impossible to list each and every potential violation of these laws. For your benefit, the following examples are illustrative of prohibitive activity under these laws:

1. Receiving free goods or services from a vendor in exchange for the purchase of other goods and services;
2. The routine waiver of co-insurance payments and deductibles;
3. The offering or making of gifts, loans, rebates, services or payments of any kind to an individual or entity that is an actual or prospective referral source;
4. Entering into a professional service, management service or consulting service agreement where payment is based on other than fair market value or is based on the volume of referrals, i.e., percentage of revenue generated.

Federal regulations known as the "Safe Harbor" regulations provide that certain payment practices will not violate these laws if the regulatory requirements for such payment practices are adhered to. The "Safe Harbor" regulations are intended to help providers protect against abusive payment practices while permitting legitimate ones. If an arrangement fits within a "Safe Harbor" it will not create a risk of criminal penalties and exclusion from the Medicare, Medicaid or other federal health care programs. "Safe Harbor" protection is available for certain payment practices, including the following:

1. Investment interest;
2. Space rental;
3. Equipment rental;
4. Personal service and management contracts;
5. Sale of practice;
6. Referral services;

7. Warranties;
8. Discounts;
9. Payments to employees;
10. Group purchasing organizations;
11. Certain waivers of beneficiary co-insurance and deductible amounts by hospital;
12. Increased coverage, reduced cost sharing amounts or reduced premium amounts offered by health plans;
13. Price reductions offered to health plans.

Analysis of payment practices under these laws and the "Safe Harbor" regulations is complex and depends on the specific facts and circumstances of each transaction. Employees should not make unilateral judgments on the availability of a "Safe Harbor" for a payment practice, investment, discount or other arrangement. These situations should be brought to the attention of the Compliance Officer for review with legal counsel.

As a result of the foregoing, **all contracts and arrangements with actual or potential referral sources and all contracts and arrangements with vendors must comply with applicable state and federal laws and regulations. All personal service, management service and consulting service agreements must comply with applicable state and federal laws and regulations. Moreover, any other financial or other business arrangement between Westmount and other health care professionals or providers must be structured to comply with all applicable state and federal laws and regulations.**

If questions arise regarding whether a proposed business arrangement, financial arrangement, or contract is in compliance with federal or state law, an employee is required to seek guidance from the Compliance Officer who in turn may seek appropriate guidance from legal counsel.

C. Billing and Claims; Cost Reports

Westmount has an obligation to its residents, third party payors and the state and federal government to exercise diligence, care and integrity when submitting claims for payment. The right to bill the Medicare and Medicaid programs carries a responsibility that may not be abused. Westmount is committed to maintaining the accuracy of every claim it processes and submits. Many employees have responsibility for entering charges and procedure codes. Each of these individuals is expected to monitor compliance with applicable billing rules. Any false, inaccurate, or questionable claims should be reported immediately to the employee's supervisor or the Compliance Officer.

False billing is a serious offense. Medicare and Medicaid rules prohibit knowingly and willfully making or causing to be made any false statement or representation of the material fact in an application for benefits or payment. It is also unlawful to conceal or fail to disclose the occurrence of an event affecting the right to payment with the intent to secure payment that is not due. Examples of false claims include:

1. Claiming reimbursement for services that have not been rendered;
2. Filing duplicate claims;
3. "Upcoding" a resident's condition to a higher RUGs category;
4. Including inappropriate or inaccurate costs on cost reports to be submitted under the Medicare or Medicaid programs;
5. Billing for services or items that are not medically necessary;
6. Failing to provide medically necessary services or items;
7. Billing excessive charges.

With respect to the submission of claims to the Medicare or Medicaid program, it is Westmount's policy that claims must: (1) be accurate and timely submitted; and (2) be only for items or services that (a) are medically necessary, (b) fall within the coverage guidelines contained in applicable laws, rules and regulations, and (c) are documented in the resident's medical record. In this regard:

1. Prior to submitting a claim for payment, it is necessary to verify that all documentation for services reflected on the claim, such as physician orders and certificates of medical necessity, are available in a proper and timely manner;

2. Claims may only be submitted when appropriate documentation supports the claim and only when such documentation is maintained and available for audit and review;
3. Documentation which serves as the basis for a claim must be appropriately organized in legible form so that such documentation may be audited and reviewed;
4. Diagnosis and procedures reported on reimbursement claims must be based on the medical record and other documentation;
5. Documentation necessary for accurate code assignment must be made available to all employees with coding responsibility; and
6. Compensation for billing department coders and billing consultants shall not provide for any financial incentive to improperly upcode claims.

With regard to the filing of cost reports, it is Westmount's policy that all Medicare and Medicaid cost reports must be prepared utilizing generally accepted accounting principles based upon documents and reports that are maintained in Westmount's day to day business. Cost reports must document only those costs which Westmount's employees and/or agents believe in good faith are allowable. Employees and agents must provide accurate and complete documentation and reports to the business office in connection with the preparation of cost reports.

With regard to claim submissions and cost reporting, the following conduct is specifically prohibited:

1. Claims for payment or reimbursement of any kind that are false, fraudulent, inaccurate or fictitious;
2. Falsified medical records, time cards or other records used as the basis for submitting claims;
3. For services that must be coded, use of a code that does not accurately describe the documented service when there is a more accurate code that could have been used. This includes post-dating orders or signatures. Late entries should include an explanation of reason for delay in entry;
4. Bills submitted to Medicare, Medicaid or applicable insurance plan for items or services which are known are not covered by Medicaid, Medicare or applicable insurance plan;
5. Filing claims for the same item or service to more than one payor source whereby Westmount will receive duplicate or double payments;
6. Submission of claims without the availability of adequate documentation;
7. Falsification of any report or document used to document the cost of utilization of services by payor source;
8. Failure to report a known error or inaccuracy in any cost report or underlying document used to prepare a cost report; and
9. Recording inappropriate, inaccurate, or non-allowable costs on a cost report.

Any employee or professional staff member who discovers an error or inaccuracy in any claim for payment for health care services that has been submitted or will be submitted should alert his or her supervisor, the Chief Fiscal Officer or the Compliance Officer. Any employee who discovers an error or inaccuracy in any cost report that has been submitted or will be submitted should alert his or her supervisor, the Chief Financial Officer or the Compliance Officer.

D. Non-Discrimination in Resident Services and Charges

It is Westmount's policy, as required by state and federal law, not to discriminate in the admission, retention and care of residents because of race, color, blindness, national origin, sex, sexual preference, religion, sponsorship or source of payment. Each resident will receive medically necessary items and services that, in the opinion of the interdisciplinary care group and as set forth in the resident's plan of care, are required to assure the resident attains or maintains the highest practicable physical, psychosocial and mental well-being.

Such medically necessary items and services shall be offered to the resident regardless of the resident's source of payment. Charges for all items and services provided shall be based upon Westmount's usual and customary charges. Nothing of value, including but not limited to the offer of free of services, shall be offered to residents or prospective residents to induce them to utilize Westmount's services.

Under appropriate circumstances, Westmount may provide financial accommodation (such as allowing monthly payments over time) or may waive resident co-insurance payments or deductible amounts based on an assessment of the individual resident's financial condition and a determination that the payment of such co-insurance payment or deductible amount would cause a financial hardship for the resident. Any such financial accommodation must be based on financial hardship, documented in writing and approved by Westmount's Chief Financial Officer and the Compliance Officer. Any approved waiver of resident co-insurance payment or deductible amounts must be appropriately disclosed to all third party payors responsible for the resident's bill.

In addition, it is Westmount's policy, as required by state and federal law, not to charge, for any service provided to a resident under Medicaid, money or other consideration at a rate in excess of Westmount's established Medicaid reimbursement rate. Moreover, it is Westmount's policy not to charge, solicit, accept or receive in addition to any amount otherwise required to be paid under Medicaid any gift, money, donation or other consideration (other than a charitable, religious, or philanthropic contribution from an organization or from a person unrelated to the patient) - (a) as a precondition of admitting a resident or (b) as a requirement for the resident's continued stay at Westmount.

The following activities are specifically prohibited under this Standard of Conduct:

1. Failure to provide services that are either (a) ordered by the resident's physician; (b) indicated as necessary by the resident's most recent MDS assessment; and/or (c) contained in the resident's plan of care.
2. Rendering care based upon the resident's payor source without regard for the resident's needs and/or state of preferences;
3. Waiver of resident deductibles and/or co-insurance payments without advanced written approval of the Compliance Officer;
4. The offering or payment of anything of value, including but not limited to free services, to any resident or prospective resident to induce such individual to utilize Westmount's services;
5. Discounts, credits, charity care or other arrangements that have not been approved in writing by the Compliance Officer;
6. Discriminating in the admission, retention and care of residents on the basis of race, color, blindness, national origin, sex, sexual preference, religion, sponsorship or source of payment;
7. Charge a Medicaid resident for Medicaid covered services provided by Westmount any money or consideration at a rate in excess of Westmount's established Medicaid rate; and
8. Charge, solicit, accept or receive any gift, money, donation or other consideration as (a) a precondition of admitting a resident to Westmount or (b) as a requirement for a resident's stay at Westmount, except for charitable, religious or philanthropic contributions from an organization or a person unrelated to the resident.

E. Confidentiality

Employees and professional staff members possess sensitive, privileged information about residents and their care. Residents properly expect that this information will be kept confidential. Westmount takes very seriously any violation of a resident's confidentiality. Discussing a resident's medical condition or providing any information about a resident to anyone other than hospital personnel who need the information or other authorized persons will result in disciplinary action. Employees and professional staff should not discuss residents outside Westmount or with their families.

Westmount is required to maintain the confidentiality of each resident's medical record. In this regard, medical records may not be released except with the authorization of the resident unless otherwise required or permitted by law. Special confidentiality requirements apply with regard to medical records relating to HIV infection and AIDS. Medical records should not be physically removed from Westmount, altered or destroyed. Employees who have access to medical records must exercise their best efforts to preserve their confidentiality and integrity and no employee is permitted access to the medical record of any resident without a legitimate reason for doing so. If a question arises as to the permissibility of the release of a resident's medical record or any information contained therein, the employee should seek guidance from the employee's supervisor or the Compliance Officer.

Additionally, employees are to treat as confidential Westmount's proprietary business assets including: valuable ideas, business plans, and other information about Westmount's business. Westmount's employees should respect Westmount's assets as they would their own. No employee shall divulge to unauthorized persons, either during or after their employment, any information of a confidential nature connected with the business of Westmount. Examples of confidential business information include: personnel information, such as job title, level, duties, skill or salary; or any information disclosure of which could adversely affect the business interests of Westmount.

F. Business Entertainment or Gifts

Westmount recognizes that business dealings may include shared meals or other similar social occasions which may be proper business expenses and activities. More extensive entertainment, however, only rarely will be consistent with Westmount's policy and should be reviewed and approved in advance by the Compliance Officer before the employee may partake of or offer such entertainment.

Employees may not receive any gift under circumstances that could be construed as an improper attempt to influence Westmount's decisions or actions. Moreover, employees may not receive any gift from any vendor who provides services to Westmount or is seeking to provide services to Westmount or from any actual or potential patient referral sources. When an employee receives a gift that violates this policy, the gift should be returned to the donor and reported to the Compliance Officer. Gifts may be received by employees when they are of such nominal value that they would not reasonably be perceived by anyone as an attempt to effect the judgment of the recipient, for example, token promotional gratuities from suppliers, such as advertising novelties marked with the donor's name, are not prohibited under this policy.

No employee may make a cash gift or non-cash gift of more than nominal value to any officer, director or employee of a firm or entity or any individual that is an actual or prospective vendor of Westmount or an actual or potential source of referrals.

Under no circumstances may an employee of Westmount pay for the meals, refreshment, travel, lodging expenses or give anything of value to a government employee (state, federal or local) who in the course of his or her official conduct may investigate, survey or otherwise deal with Westmount.

Moreover, no employee may charge, solicit, accept or receive in addition to any amount otherwise required to be paid by third party payors, any gift, money or other consideration from a resident or organization or person related to a resident as a pre-condition of admission or as a requirement for continued stay at Westmount.

Further, no employee may request and/or accept any remuneration, tip, gratuity or gift in any form from a resident, resident's family or sponsor for any services provided or arranged for or for denial of services by Westmount other than specified fees ordinarily paid for care excluding donations, gifts and legacies given in behalf of Westmount.

If an employee has any question as to whether (1) the receipt of a gift or offering of a gift or (2) the participation in an entertainment event or the offering to another the opportunity to participate in an entertainment event violates this policy, the employee is required to seek guidance from the Compliance Officer.

G. Conflicts of Interest

No employee should place himself or herself or allow himself or herself to be placed in a situation where the employee's personal interests might conflict with the interests of Westmount. Westmount recognizes and respects an individual employee's right to invest or participate in activities outside of his/her employment provided that these in no way conflict with Westmount's interests or welfare and do not interfere with the employee's responsibilities to Westmount or the effectiveness of the employee's job performance.

Although it is difficult to set forth all possible situations which might be considered as conflicting with Westmount's interests, the following are examples of situations which employees, including members of their immediate families, must avoid:

1. No employee should perform any outside employment or engage in any outside activities which interfere with the effective performance of the employee's duties as a Westmount employee;
2. No employee shall have a financial interest in a firm or entity which is doing, or seeking to do, business with Westmount or which is a competitor of Westmount. However, ownership of less than 1% of the securities of a publicly traded company shall not be considered significant or contrary to this policy;
3. No employee should render services in any capacity, such as a director, officer, employee or consultant to any person or firm that is competitive with Westmount, provides services to Westmount or is a third-party payor with regard to services provided at Westmount;
4. No employee should use their position at Westmount for personal gain such as by soliciting or accepting for personal benefit business opportunities that might otherwise accrue to the benefit of Westmount;
5. No employee should use for his or her personal benefit, or disclose to unauthorized persons, any confidential or proprietary information about Westmount or its operation;
6. No employee should borrow money from individuals or firms (other than banks and/or lending institutions) doing, or seeking to do, business with Westmount;
7. No employee should compete with Westmount by selling or leasing or offering to sell or lease services or products similar to those services or products offered by Westmount;
8. No employee should purchase services or products for Westmount from their family members or from business organizations with which they or their family members are associated, without first obtaining written permission from the Compliance Officer;
9. No employee or member of their immediately family should accept significant gifts, discounts or other preferred personal treatment from any person associated with a present or prospective customer, competitor or supplier of Westmount;
10. No employee should have outside employment or business interests that place the employee in a position of appearing to represent Westmount; and
11. No employee may use Westmount's assets for personal benefit or personal business purposes.

Any personal or business activities by an employee that may raise concerns along these lines must be reviewed with and approved in advance and in writing by the Compliance Officer.

H. Governance

Westmount is committed to being compliant with applicable laws pertaining to its governance, including, but not limited to, the New York Not-for-Profit Corporation Law, the New York Public Health Law, the rules and regulations of the New York State Department of Health, the Internal Revenue Code and the pertinent regulations of the Internal Revenue Service. EDUCATION AND TRAINING

To ensure that all employees, professional staff members, executives and governing authority members are familiar with their responsibilities under Westmount's Compliance Program, Westmount will implement an ongoing educational and training program. All employees, professional staff members, executives and governing authority members will be required to participate in initial and annual training sessions. Additionally, periodic training sessions will be required, as determined by the Compliance Committee, for employees of certain departments with responsibilities for purchasing, billing and coding or any other responsibilities that the Compliance Committee determines appropriate for periodic training.

An individual may make a report of a suspected violation anonymously. Failure to report a suspected violation may result in disciplinary action.

B. Examples of Activities to be Reported

The following list of activities that should be reported is not an all-inclusive list but is designed to illustrate the types of conduct that should be reported:

- (1) the acquisition of any information that gives an individual reason to believe that an employee, professional staff member or contractor is engaged in or plans to engage in any conduct prohibited by applicable law, ethical standards or the policies of Westmount, including the Standards of Conduct contained herein (hereinafter collectively "Standards");
- (2) the acquisition of any information indicating that any other person or entity associated with Westmount plans to violate any of the foregoing Standards; and
- (3) an employee is instructed, directed or requested to engage in conduct which violates any of the foregoing Standards.

C. Confidentiality

To the extent permissible, Westmount shall treat all reports of suspected violations of Standards as confidential. However, it must be recognized that under certain circumstances the name of the individual making the report will be communicated to the Compliance Officer, if the report is made originally to the employee's supervisor, to an individual responsible for conducting an investigation of the suspected violation or to a governmental agency investigating any such suspected violation. Any such disclosure will only be made on a bona fide need to know basis.

D. Investigations

It is important to the integrity of Westmount's operation that all suspected violations of Standards be thoroughly reviewed and investigated so that appropriate action can be taken as necessary. Westmount will promptly and thoroughly investigate any suspected violation and take appropriate disciplinary action if warranted. Investigations may be conducted internally by the Compliance Officer or externally by either accountants or lawyers engaged by Westmount. Employees, professional staff members, executives and governing authority members are required to cooperate with the individual or individuals conducting an investigation of a suspected violation. Such cooperation may involve being interviewed by the individual or individuals conducting the investigation or supplying such individual or individuals with requested documentation. Failure to cooperate in an investigation of a suspected violation may result in disciplinary action being taken.

E. Non-Retaliation

To ensure employee cooperation, neither Westmount nor its respective employees, professional staff members, executives and governing authority members shall take any retaliatory action or retribution against any employee who has submitted a report of a suspected violation or who has participated in an investigation of a suspected violation. Any employee, professional staff members, executives and governing authority members who takes retaliatory action or retribution against another employee who has either reported a suspected violation or participated in an investigation of a suspected violation will be subject to disciplinary action.

DISCIPLINARY PROCEDURES

All employees, professional staff members, executives and governing authority members are required to comply with applicable state and federal law, ethical standards and Westmount's policies, including the standards of conduct contained in this Manual (hereinafter collectively "Standards"). Any employee or professional staff member or executive who violates any of the foregoing Standards will be subject to disciplinary action, up to and including termination of employment or termination of professional staff privileges.

Disciplinary action will be taken against an employee or professional staff member who:

- A. Authorizes or participates directly in a violation of a Standard;
- B. Deliberately fails to report a violation of a Standard;
- C. Deliberately withholds relevant and material information concerning a violation of a Standard;
- D. Deliberately fails to cooperate in an investigation of a suspected violation of a Standard;
- E. Retaliates or seeks or causes retribution against any individual or professional staff member who has either reported a suspected violation of a Standard or participated in an investigation of a suspected violation of a Standard;
- F. Encourages, directs, facilitates or permits either actively or passively non-compliant behavior; and
- G. Fails to participate in required training programs.

Disciplinary action may also be taken against any supervisory personnel who direct or approve an employee's actions which result in a violation of a Standard, is aware that an employee's actions which violate a Standard but fails to take appropriate corrective action or who otherwise fails to exercise appropriate supervision.

Disciplinary action may include oral or written warning, probation, suspension, demotion, termination from employment or suspension or termination of staff privileges. Disciplinary action will be taken in accordance with Westmount's personnel policies and procedures. Disciplinary action will be taken on a fair, equitable and consistent basis. Disciplinary action will be appropriate to the level of the employee's culpable conduct, that is, the more serious the level of culpable conduct (intentional conduct or reckless non-compliance) will result in more significant disciplinary action. Notwithstanding the foregoing, this statement is not a guaranty of progressive discipline and Westmount reserves the right to terminate an employee at any time for any lawful reason.

MONITORING AND AUDITING

Westmount will have in place a system for routinely identifying compliance risk areas and for self evaluation including internal and external audits as needed. It is intended that this process will result in continuous improvement in professional, business and operational practices of Westmount.

The Centers for Medicare and Medicaid Services, the Office of the Inspector of General, the New York State Department of Health and the New York State Office of the Medicaid Inspector General, have made information on the Medicare and Medicaid programs available on their respective websites and Facility will utilize such resources in operating its compliance program and continuing to monitor the progress of its compliance program.

Employees, professional staff members executives, governing authority members, and, to the extent applicable, vendors and agents will be required to cooperate with the compliance responsibilities and activities of Facility.

SUBPOENAS AND SEARCH WARRANTS

There may come a time during your employment at Westmount when you are served with either a subpoena or a search warrant. It is important for you to understand what you should do if you are ever served with a subpoena or a search warrant.

A. Subpoenas. There are two types of subpoena. A general subpoena or a judicial subpoena requires an individual to appear and to testify at a given time and place. A subpoena duces tecum requires the production of documents and records at a given time and place and may also require the individual served with the subpoena to testify as to the documents and records to be produced.

Subpoenas may be issued in both civil proceedings and criminal proceedings. Subpoenas may be issued by a court, a clerk of the court, an attorney representing a party in an action, an administrative agency in connection with an administrative proceeding or investigation or a grand jury. Subpoenas typically provide a time period of several days to several weeks before a person is required to testify or produce documents and records. Generally, a failure to comply with a subpoena is enforceable in New York by a contempt proceeding. However, not all subpoenas are required to be complied with and an individual or entity served with a subpoena has the right to go to court to ask the court to withdraw the subpoena. Reasons that a subpoena may be withdrawn include but may not be limited to the confidential nature of the materials requested or that the scope of the subpoena is overly broad and burdensome, unreasonable or oppressive.

If you are served with a subpoena, you should undertake the following actions:

1. Document the time and date of service of the subpoena upon you, by whom the subpoena was served, the time, place and date that either testimony is to be given or documents and records are to be produced, the identity of the court, governmental agency or other entity who has issued the subpoena;
2. Immediately notify your supervisor and the compliance officer of the fact that you have been served with a subpoena and provide each with a copy of the subpoena; and
3. Await further instructions from the compliance officer as to what steps, if any, you will be required to undertake in connection with complying with the subpoena.

The compliance officer, upon receipt of a subpoena, will immediately contact Westmount's attorney to advise Westmount's attorney of the fact that a subpoena has been served and provide the attorney with the following information:

1. The date and time the subpoena was served and upon whom the subpoena was served;
2. The court, governmental agency or individual who issued the subpoena;
3. The scope and nature of the information requested by the subpoena;
4. The time, date and place where either testimony or the production of documents and records is to take place;
5. The level of effort required to comply with the subpoena.

The compliance officer will advise you as to what actions will be taken to comply with the subpoena or whether Westmount's legal counsel will seek to ask a court to withdraw the subpoena. If you are required to give testimony in compliance with the subpoena, you have the right to have an attorney present during your testimony. Depending upon the circumstances, Westmount may provide an attorney to accompany you during your testimony.

It should be kept in mind that the service of a subpoena by a governmental agency may be the prelude to a broader investigation and that you may be contacted either at Westmount or at home by the government investigator. Should you be contacted by a governmental investigator, you should be aware that you have the right to either talk to the investigator or not talk to the investigator, you have the right to consult with an attorney before answering any questions and to have an attorney present during any interview. Should you agree to an interview, it is of critical importance that you tell the truth.

When served with a subpoena that affects Westmount's business or operations, you should not discuss the subpoena, its contents or the nature of any materials or documents required to be produced pursuant to the subpoena with the press.

B. Search Warrants. A search warrant is a written court order entitling a law enforcement officer to search a specified place and take specified documents. A search warrant must be signed by a judge or a magistrate, it must be directed to a named law enforcement officer and direct him or her to search the specified place and it must describe the materials to be taken.

A search warrant is different from a subpoena in that there is no advance notice. The search and the taking of documents will occur at the time the search warrant is served upon you.

The service of a search warrant generally infers that an investigation is taking place which is serious in nature. In this regard, if you are served with a search warrant, you should take the following steps immediately:

1. Locate the person in charge of executing the warrant and ask to see his or her identification;
2. Ask for a copy of the search warrant and a copy of any affidavit submitted to the Court or magistrate to obtain the warrant and read the warrant and affidavit carefully;
3. Immediately contact the compliance officer or in the absence of the compliance officer, the administrator and in the absence of the compliance officer and the administrator, your immediate supervisor and provide them with the copy of the warrant and the affidavit. These individuals will be responsible for contacting Westmount's legal counsel to advise counsel of service of the search warrant.

The compliance officer, Westmount's administrator or your supervisor will be responsible for monitoring the search. However, you may be asked questions by the individuals conducting the search. If you are asked any questions, you should be aware that you have the right to either talk to or not talk to these individuals, consult with counsel before deciding to talk to these individuals and have counsel present at any interview if you so choose. If you do speak with the investigators, it is critical to remember that you should be truthful at all times.

Under no circumstances is an employee of Westmount to interfere with a search conducted pursuant to a search warrant. Moreover, employees should not discuss the search warrant or any related events with the press.

When a search is being conducted pursuant to a search warrant, one employee of Westmount will be designated to deal with the individuals conducting the search. This will generally be the compliance officer, unless the compliance officer is absent in which event it will be the compliance officer's designee or Westmount's administrator. In dealing with the search, this individual should:

1. Monitor the search but not interfere with it;
2. Be businesslike and courteous but no volunteer information before consulting with counsel;
3. Take careful notes of the type and location of the materials taken, including any documents, computer records, physical items, photographs, videotapes and audio-recordings;
4. If documents taken are considered privileged, advise the individual of the privileged nature of the documents and request that such documents be sealed in an envelope and segregated from other items taken;
5. Obtain a detailed receipt for all documents and other materials taken; and
6. Ask for an opportunity to copy all documents or records taken.

FEDERAL FALSE CLAIMS ACT

A. False Claims and Penalties

The Federal False Claims Act ("Act") imposes civil liability upon any person (individual or entity) for knowingly making a false claim to the United States government ("Government"). Specifically, the Act sets forth seven circumstances for which civil liability will be imposed for false claims. These seven circumstances are:

1. To knowingly present, or cause to be presented, to the Government a false or fraudulent claim for payment or approval;

2. To knowingly make, use, or cause to be made or used, a false record or statement to get a false or fraudulent claim paid or approved by the Government;
3. To conspire to defraud the Government by getting a false or fraudulent claim allowed or paid;
4. To have possession, custody or control of property or money used, or to be used, by the Government and, intending to defraud the Government or to willfully conceal the property, to deliver or cause to be delivered, less property than the amount for which the person receives a certificate or receipt;
5. To authorize the making or delivery of a document certifying receipt of property used, or to be used, by the Government and, intending to defraud the Government, to make or deliver the receipt without completely knowing that the information on the receipt is true;
6. To knowingly buy, or receive as a pledge of an obligation or debt, public property from an officer or employee of the Government who lawfully may not sell or pledge the property; or
7. To knowingly make, use, or cause to be made or used, a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the Government.

The civil monetary penalty that can be imposed for a false claim under the Act is not less than \$5,000.00 and not more than \$10,000.00, **PLUS** three times the amount of damages which the Government sustained because of the false claim. A Court may impose a lesser penalty of not less than two times the amount of damages sustained by the Government where the Court finds the following:

1. The person committing the violation furnished governmental officials responsible for investigating false claims with all information known to the person about the violation within thirty (30) days after the date on which the person first obtained the information;
2. The person fully cooperated with any governmental investigation of the violation; and
3. At the time the person furnished the Government with the information about the violation, no criminal prosecution, civil action, or administrative action had been commenced with respect to the violation and the person did not have actual knowledge of the existence of an investigation into the violation.

The Act defines the term "Claim" and the terms "Knowing" and "Knowingly". A Claim is defined for purposes of the Act as follows:

Claim includes any request or demand, whether under a contract or otherwise, for money or property which is made to a contractor, grantee, or other recipient if the United States government provides any portion of the money or property which is requested or demanded or if the Government will reimburse such contractor, grantee or other recipient of any portion of the money or property which is requested or demanded.

The terms "Knowing" and "Knowingly" are defined as:

That a person, with respect to information:

1. has actual knowledge of the information;
2. acts in deliberate ignorance of the truth or falsity of the information; or
3. acts in reckless disregard of the truth or falsity of the information, and no proof of specific intent to defraud is required.

In essence, civil monetary penalties may be imposed upon a person for making a false claim to the Government where the individual knows the information in the claim is false, or acts in deliberate ignorance of the truth or falsity of the information in the claim or acts in reckless disregard of the truth or falsity of the information in the claim. Civil monetary penalties are imposed even where there is no specific intent to defraud the Government.

The Act applies to claims submitted under Medicare, Medicaid, other federal health care programs and other state health care programs funded, in whole or in part, by the federal government. Examples of false claims include, but are not limited to:

1. Filing a claim for payment knowing that the services were not provided or were medically unnecessary;
2. Submitting a claim for payment knowing that excessive charges are being billed;
3. Submitting a claim for payment knowing that a higher billing code which does not reflect the services provided is used;
4. Filing a claim knowing that the claim is for duplicate services.

The Act has been used as a basis to impose civil monetary penalties upon nursing homes in situations involving egregious substandard quality of care, that is, the resident's condition is so bad that the services billed for could not have been provided.

B. Civil Actions Under the Act

Enforcement of the Act is the responsibility of the United States Attorney General. However, private individuals have the ability to bring a civil action for a violation of the Act. These private actions are known as "Qui Tam" actions.

Qui Tam actions are brought by private individuals in the name of the Government. When the complaint in an action brought by a private individual is filed with the Court, it remains under seal for a period of sixty days and cannot to be served upon the defendants named therein until ordered by the Court. Under seal means that the action remains confidential and is not subject to disclosure. The private individual must serve a copy of the complaint and written disclosures of substantially all material evidence and information the individual possesses on the Government. Within sixty days of the Government's receipt of the complaint and written disclosures, the Government shall either intervene and proceed with the action, in which case, the action shall be conducted by the Government, or notify the Court that it declines to take over the action, in which case, the private individual bringing the action shall have the right to proceed with the action.

If the Government elects to proceed with the action brought by a private individual, the private individual shall receive at least 15% but not more than 25% of the proceeds of the action or settlement of the claim, depending upon the extent to which the private individual contributed to the prosecution of the action. If the Government does not proceed with the action, and the private individual is successful in the action or settles the action, the private individual is entitled to an amount not less than 25% and not more than 30% of the proceeds of the action or settlement which shall be paid out of the proceeds of the action or settlement. In addition, the private individual is entitled to receive an amount for reasonable expenses necessarily incurred in the action plus reasonable attorneys' fees and costs. On the other hand, if the private individual is unsuccessful in prosecuting the action, the Court, upon a finding that the action was clearly frivolous, clearly vexatious or brought primarily for purposes of harassment, may award the defendant in the action its reasonable attorneys' fees and expenses. If the private individual in the action is a person who planned or initiated the violation of the Act, the Court, where appropriate, may reduce the amount of the award to the private individual. Moreover, if such private individual is convicted of a crime arising from his or her role in the violation, the person will not receive any share of the proceeds of the action.

A civil action under the Act may not be brought:

1. More than six years after the date on which the violation of the Act is committed; or
2. More than three years after the date when facts material to the right of action are known or reasonably should have been known by an official of the Government charged with responsibility to act in the circumstances but in no event more than 10 years after the date on which the violation is committed, whichever occurs last.

31 U.S.C. §3801 Et. Seq.

31 U.S.C. §3801 imposes additional civil penalties for the filing of false claims or statements with the federal government. The term "Claim" is defined as:

Any request, demand or submission - -

- (A) made to [the Government] for property, services or money (including money representing grants, loans, insurance or benefits);

- (B) made to a recipient of property, services or money from [the Government] or to a party to a contract with [the Government] - -
 - (i) for property or services if the United States - -
 - (I) provided such property or services;
 - (II) provided any portion of the funds for the purchase of such property or services; or
 - (III) will reimburse such recipient or party for the purchase of such property or services; or
 - (ii) for the payment of money (including money representing grants, loans, insurance or benefits), if the United States - -
 - (I) provided any portion of the money requested or demanded; or
 - (II) will reimburse such recipient or party for any portion of the money paid on such request or demand; or
- (C) made to [the Government] which has the effect of decreasing an obligation to pay or account for property, services or money, except that such term does not include any claim made in any return of tax imposed by the Internal Revenue Code of 1986.

The term "Statement" is defined as:

Any representation, certification, affirmation, document, record or accounting or bookkeeping entry made - -

- (A) with respect to a claim or to obtain the approval or payment of a claim (including relating to eligibility to make a claim); or
- (B) with respect to (including relating to eligibility for - -
 - (i) A contract with, or a bid or proposal for a contract with; or
 - (ii) A grant, loan or benefit from, an authority, or any State, political subdivision of a State, or other party, if the United States Government provides any portion of the money or property under such contract or for such grant, loan or benefit, or if the Government will reimburse such State, political subdivision or party for any portion of the money or property under such contract or for such grant, loan or benefit,
 except that such term does not include any statement made in any return of tax imposed by the Internal Revenue Code of 1986.

Specifically, civil monetary penalties under 31 U.S.C. §3801 et. seq. will be imposed against:

1. Any person (individual or entity) who makes, presents, or submits, or causes to be made, presented or submitted, a claim that the person knows or has reason to know:
 - (A) is false, fictitious or fraudulent;
 - (B) includes or is supported by any written statement which asserts a material fact which is false, fictitious or fraudulent;
 - (C) includes or is supported by any written statement that:
 - (i) omits a material fact;
 - (ii) is false, fictitious or fraudulent as a result of such omission; and
 - (iii) is a statement in which the person making, presenting or submitting such statement has a duty to include such material facts; or
 - (D) Is for payment for the provision of property or services which the person has not provided as claimed; or
2. Any person who makes, presents or submits, or causes to be made, presented or submitted, a written statement that:
 - (A) The person knows or has reason to know:
 - (i) asserts a material fact which is false, fictitious or fraudulent; or
 - (ii) is false, fictitious or fraudulent as a result of such omission;

- (B) in the case of a statement described in clause (ii) of subparagraph (A) is a statement in which the person making, presenting, or submitting such statement has a duty to include such material fact; and
- (C) contains or is accompanied by an express certification or affirmation of the truthfulness or accuracy of the contents of the statement.

The term "knows or has reason to know" means that:

A person, with respect to a claim or statement - -

- (A) has actual knowledge that the claim or statement is false, fictitious or fraudulent; or
- (B) acts in deliberate ignorance of the truth or falsity of the claim or statement; or
- (C) acts in reckless disregard of the truth or falsity of the claim or statement, and no proof of specific intent to defraud is required.

Civil monetary penalties under 31 U.S.C. §3801 et. seq. are not more than \$5,000 for each false claim or statement. Also, in lieu of damages sustained by the federal government, an assessment of not more than twice the amount of such claim(s) may be imposed. An individual or entity against whom civil monetary penalties are sought under 31 U.S.C. §3801 et. seq. is entitled to notice, an opportunity for a hearing and judicial review.

ADDITIONAL CIVIL AND CRIMINAL PENALTIES AND EXCLUSIONS FOR FALSE CLAIMS

In addition to the Act and 31 U.S.C. §3801 et. seq., the federal government may, pursuant to 42 U.S.C. §1320a-7a, impose civil monetary penalties for false claims. Such additional civil monetary penalties may be up to but not exceed \$10,000 for each item or service which is the subject of a false claim.

In addition to civil monetary penalties, the federal government may, pursuant to 42 U.S.C. §1320a-7, exclude an individual or entity from participation in federal and state health care programs (including Medicare and Medicaid) for certain false claims or actions. Generally, exclusion is mandatory in cases where the individual is convicted of a felony relating to health care fraud, otherwise, exclusion is permissive, that is, subject to the discretion of the Government.

Pursuant to 42 U.S.C. §1320a-7b, criminal sanctions may be imposed against an individual or entity for making or causing to be made false statements or representations. Specifically, criminal sanctions will be imposed against an individual or entity who:

1. Knowingly and willfully makes or causes to be made any false statement or representation of a material fact in any application for any benefit or payment under a federal health care program;
2. At any time knowingly and willfully makes or causes to be made any false statement or representation of a material fact for use in determining rights to such benefits or payments;
3. 4. Having made application to receive any such benefit or payment for the use and benefit of another and having received it, knowingly and willfully converts such benefit or payment or any part thereof to a use other than for the use and benefit of such other person;

6. For a fee knowingly and willfully counsels or assists an individual to dispose of assets (including by any transfer in trust) in order for the individual to become eligible for medical

assistance under [Medicaid] if disposing of the assets results in the imposition of a period of ineligibility for such assistance.

In addition, criminal sanctions will be imposed against any individual or entity who knowingly and willfully makes or causes to be made, or induces or seeks to induce the making of, any false statement or representation of a material fact with respect to the conditions or operations of any institution, facility or entity in order that such institution, facility or entity may qualify (either upon initial certification or upon recertification) as a hospital, critical access hospital, skilled nursing facility, nursing facility, intermediate care facility for the mentally retarded, home health agency, or other entity for which certification is required under Medicare or a state health care program or with respect to information required to be provided under 42 U.S.C. §1320a-3a (disclosure requirements for other providers under Medicare Part B).

NEW YORK STATE FALSE CLAIMS LAWS

A. NY False Claims Act (State Finance Law §§187-194)

The NY False Claims Act closely tracks the federal False Claims Act. It imposes penalties and fines on individuals and entities that file false or fraudulent claims for payment from any state or local government, including health care programs such as Medicaid. The penalty for filing a false claim is \$6,000-\$12,000 per claim and the recoverable damages are between two and three times the value of the amount falsely received. In addition, the false claim filer may have to pay the government's legal fees.

The Act allows private individuals to file lawsuits in state court, just as if they were state or local government parties. If the suit eventually concludes with payments back to the government, the person who started the case can recover 25-30% of the proceeds if the government did not participate in the suit or 15-25% if the government did participate in the suit.

B. Social Services Law, Section 366-b

Section 366-b of the Social Services Law makes it a Class A misdemeanor for any person who, with intent to defraud, does any of the following:

C. Article 177 of the Penal Law

Article 177 of the Penal Law became effective November 1, 2006. Article 177 of the Penal Law establishes the crime of health care fraud. The crime of health care fraud in the fifth degree is a Class A misdemeanor and a person is guilty of this crime when:

With intent to defraud a health plan, [includes the State Medicaid program], he or she knowingly and willfully provides materially false information or omits material information for the purpose of requesting payment from a health plan for a health care item or service and, as a result of such information or omission, he or she or another person receives payment in an amount that he, she or such other person is not entitled to under the circumstances.

Health care fraud in the fourth degree is a Class E felony. A person is guilty of health care fraud in the fourth degree when the person commits the crime of health care fraud in the fifth degree on one or more occasions and the payment or portion of payment wrongfully received from a single health plan [including Medicaid] in a period of not more than one year, exceeds \$3,000 in the aggregate.

Health care fraud in the third degree is a Class D felony. Health care fraud in the third degree is committed where the wrongful payments exceed \$10,000 in the aggregate in a one-year period. Health care fraud in the second degree is a Class C felony and is committed

where the wrongful payments exceed \$50,000 in the aggregate in a one-year period. Health care fraud in the first degree is a Class B felony and is committed where the wrongful payments exceed more than \$1,000,000 in the aggregate one year period.

Article 177 of the Penal Law provides for an affirmative defense for individuals serving as a clerk, bookkeeper, or other employee of a health care provider who, without personal benefit, was merely executing the orders of his or her employer or a superior employee generally authorized to direct his or her activities. The affirmative defense is not available to any employee charged with the active management and control, in an executive capacity, of the affairs of the corporation.

D. Social Services Law §145-b, False Statements

It is a violation to knowingly obtain or attempt to obtain payment for items or services furnished under any Social Services program, including Medicaid, by use of a false statement, deliberate concealment or other fraudulent scheme or device. If repeat violations occur within 5 years, a penalty up to \$7,500 per violation may be imposed if they involve more serious violations of Medicaid rules, billing for services not rendered or providing excessive services.

E. Social Services Law §145-c, Sanctions

If any person applies for or receives public assistance, including Medicaid, by intentionally making a false or misleading statement, or intending to do so, the person's, the person's family's needs are not taken into account for 6 months if a first offense, 12 months if a second (or once if benefits received are over \$3,900) and five years for 4 or more offenses.

False statements are:

- 2. Inducing or seeking to induce the making of any false, fictitious or fraudulent statement or misrepresentation of a material fact.

WHISTLEBLOWER PROTECTION

A. Federal False Claims Act

No employee because of lawful acts done by the employee in furtherance of a civil action under the Act, whether brought by the Government or a private individual, including investigation for, initiation of, testimony for, or assistance in any such action may be discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of such actions. Any employee who has been discharged, demoted, suspended, threatened, harassed or in any other manner discriminated against in the terms and conditions of employment because of such lawful acts shall be entitled relief necessary to make the employee whole, including, reinstatement with the same seniority status such employee would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees.

B. State Laws

Article 20-C of the New York Labor Law prohibits retaliatory action by employers. Section 740 of Article 20-C applies to all employers. Section 741 of Article 20-C applies to health care employers, including, but not limited to, providers licensed under Article 28 (i.e., hospitals,

nursing homes and diagnostic and treatment centers) and Article 36 (i.e., long term home health care programs, certified home health care agencies, and licensed home care service agencies) of the Public Health Law. In addition, the New York False Claim Act provides additional protection to employees.

I. Section 740

Under Section 740 an employer is prohibited from taking any retaliatory personnel action (discharge, suspension, demotion or other adverse employment action taken against an employee in terms and conditions of employment) against an employee because the employee does any of the following:

- (i) discloses, or threatens to disclose to a supervisor or to a public body an activity, policy or practice of the employer that is in violation of law, rule or regulation which violation creates and presents a substantial and specific danger to the public health or safety or which constitutes health care fraud;
- (ii) provides information to, or testifies before, any public body conducting an investigation, hearing or inquiry into any such violation of a law, rule or regulation by the employer; or
- (iii) objects to, or refuses to participate in any such activity, policy or practice in violation of a law, rule or regulation.

With respect to disclosures to a public body only, protection against retaliatory personnel actions is unavailable unless the employee has first brought the activity, policy or practice in violation of law, rule or regulation, to the attention of a supervisor of the employer and afforded the employer a reasonable opportunity to correct the activity, policy or practice.

An employee who has been subject to a retaliatory personnel action may institute a civil action for the following relief within one year after the alleged retaliatory personnel action was taken:

- (i) An injunction to restrain continued violation of Section 740;
- (ii) Reinstatement of the employee to the same position held before the retaliatory personnel action, or to an equivalent position;
- (iii) Reinstatement of full fringe benefits and seniority rights;
- (iv) Compensation for lost wages, benefits and other remuneration; and
- (v) Payment by the employer of reasonable costs, disbursements and attorneys' fees.

If the Court determines that a civil action under Section 740 was without basis in law or fact, the Court, in its discretion, may award reasonable attorneys' fees and court costs and disbursements to the employer.

II. Section 741

Under Section 741, an employer is prohibited from taking retaliatory action (discharge, suspension, demotion, penalization or discrimination against an employee, or other adverse employment action taken against an employee in terms and conditions of employment) against an employee because the employee does any of the following:

- (i) discloses or threatens to disclose to a supervisor, or to a public body an activity, policy or practice of the employer or agent that the employee, in good faith, reasonably believes constitutes improper quality of patient care ("improper quality of patient care" means any practice, procedure, action or failure to act of an employer which violates any law, rule, regulation or declaratory ruling adopted pursuant to law, where such violation relates to matters which may present a substantial and specific danger to public health or safety or a significant threat to the health of a specific patient); or
- (ii) objects to, or refuses to participate in any activity, policy or practice of the employer or agent that the employee, in good faith, reasonably believes constitutes improper quality of patient care.

The protections under Section 741 are not available to an employee unless the employee has brought the improper quality of patient care to the attention of a supervisor and has

afforded the employer a reasonable opportunity to correct such activity, policy or practice. However, the inapplicability of Section 741 for failure to provide an employer an opportunity to correct does not apply to disclosures or threatened disclosures to a supervisor or public body where the improper quality of patient care presents an imminent threat to public health or safety or to the health of a specific patient and the employee reasonably believes in good faith that reporting to a supervisor would not result in corrective action.

An employee may bring a civil action under Section 740 for the relief identified in Section 740. However, instead of the one-year period in which to bring such action, a health care employee may bring such action within two years after the alleged retaliatory personnel action was taken. In addition to the specific relief identified in Section 740, if the Court determines that a health care employer acted in bad faith in a retaliatory action under Section 741, the Court may assess a civil penalty of an amount not to exceed \$10,000 against the health care employer which is to be paid to the Improving Quality of Patient Care Fund established under the State Finance Law.

III. NY False Claim Act (State Finance Law §191)

The False Claim Act also provides protection to *qui tam* relators who are discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of their employment as a result of their furtherance of an action under the Act. Remedies include reinstatement with comparable seniority as the *qui tam* relator would have had but for the discrimination, two times the amount of any back pay, interest on any back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees.

BE IT ENACTED, by the Board of Supervisors of the County of Warren, New York, as follows:

SECTION 1. Title. This Local Law shall be entitled "A Local Law Amending, Superceding and Consolidating Local Law No. 4 of 1981 - Rules and Regulations for the Administration of the Warren County Self-Insurance Plan and as subsequently amended"

Membership of a participant in the Plan shall be effective upon approval of the Warren County Self-Insurance Plan Insurance Administrator ("Administrator"). Any participant may withdraw from the Plan effective January 1st by filing a written notice with the Administrator by the preceding July 1st. The notice of withdrawal from the Plan must be in the form of a certified copy of a resolution of the governing body of the participant electing to withdraw. As a condition of withdrawal from the Plan, the participant must enter into a withdrawal agreement with Warren County and must agree to pay in a lump sum or installments, an equitable share of the outstanding liabilities of the Plan as of the date of withdrawal. If payment of the equitable share of the outstanding liabilities of the Plan is to be made in installments, an installment payment plan and other necessary terms and conditions shall be set forth in the withdrawal agreement. For purposes of this paragraph, the phrase "equitable share of outstanding liabilities of the Plan" shall mean all of those current and open compensation cases originating from the participant and included in the Plan on or before the effective January 1st of the participants withdrawal from the Plan and all those compensation cases originating from the participant which are closed as of the date of withdrawal but, which in the judgment of the Administrator are likely to be re-opened after the January 1st withdrawal date. In accordance with the provisions of Workers' Compensation Law §63, in the event the withdrawing participant is a town, city or village and there is a volunteer fire department(s) or volunteer ambulance workers organized and operating within the withdrawing town, city or village who is also a participant in the Plan, the volunteer fire department(s) or volunteer ambulance workers must also withdraw from the Plan at the same time as the town, city or village withdraws from the Plan.

Payment by lump sum or in installments of the equitable share of the outstanding liability of such volunteer fire department(s) or volunteer ambulance workers organized and operating within the withdrawing town, city or village must be made in accordance with the provision set forth herein above. All withdrawal agreements shall be subject to the approval of the Warren County Board of Supervisors.

Participants in the Plan shall cooperate with the Administrator by filing all required reports, by aiding in the investigation of claims, and by developing and enforcing safety programs and by furnishing any additional aid or information that may be required to carry out the provisions of the intent of the New York State Workers' Compensation Law.

H. PENALTIES

Resolution introduced by Supervisors Conover, Kenny, Sokol, Merlino, Taylor, Strainer, Dickinson, Girard and Mason

**ESTABLISHING HEALTH INSURANCE BENEFITS FOR NEW EMPLOYEES
NOT PART OF ANY COLLECTIVE BARGAINING UNIT**

RESOLVED, that health insurance benefits for new full-time non-bargaining unit employees beginning work with Warren County on December 21, 2012 and following the adoption of this resolution shall be as follows:

1. The County shall offer health insurance to new full-time employees commencing the first day of the month immediately following full-time employment with the County on an individual, two-person or family coverage basis (depending on the qualifications and election of the employee) provided that the employee contributes 20% of the health insurance premium.
2. All health insurance coverage shall be afforded with the maximum co-pay of 25/40 for office co-pays and 10/30/50 for drug plan co-pays.
3. The County will offer health insurance Medicare Advantage plans or similar plans to full-time non-bargaining unit employees who retire, provided that said employee a) retires from the New York State Retirement Plan; b) had insurance coverage in the previous ninety (90) day period; c) is sixty-five (65) years of age or older; d) has at least twenty (20) years total full-time county service; e) pays a percentage equal to that shared percentage being contributed by active full-time employees commencing work on or after December 21, 2012., as may be increased or otherwise changed from time to time. If the employee leaves County service before reaching the age of sixty-five (65), the employee shall not be entitled to continue health insurance through Warren County. Once the employee who leaves the County reaches sixty-five (65) years, assuming all other eligibility criteria outlined above are met, the employee may then elect to receive benefits outlined above.
4. Two members of the same family employed by the County may only be enrolled in one (1) health insurance plan. However, if two (2) members of the same family employed by the County are eligible to be enrolled in a two-person plan, each employee may enroll in their own individual plan provided that the employee contributes the required 20% and provided further that the individual plans are equal to or less than the cost of the two-person plan. If the two-person plan shall be of a less cost, the employees will be eligible only for the two-person plan.

and be it further

RESOLUTION NO. 793 OF 2012
Resolution introduced by Supervisors Girard and Loeb

**EARLY CLOSING OF COUNTY OFFICES ON
DECEMBER 24, 2012 AND DECEMBER 31, 2012**

RESOLVED, that the Warren County Board of Supervisors authorizes the early closing of County Offices at 3:00 p.m. on December 24, 2012 and December 31, 2012.

Adopted by unanimous vote.

Chairman Stec pointed out that in prior years, the Board of Supervisors had adopted a resolution allowing County Offices to close early on December 24th and 31st and he asked if the Board was in favor of doing the same for 2012.

Motion was made by Mr. Conover, seconded by Mr. Monroe and carried unanimously to waive the Rules of the Board requiring a resolution be presented in writing. Mrs. Sady advised this would be Resolution No. 792.

Motion was made by Mr. Girard, seconded by Mr. Loeb and carried unanimously to authorize County Offices to close at 3:00 p.m. on December 24th and 31st. Mrs. Sady advised this would be Resolution No. 793.

Concluding the agenda review, Chairman Stec called for announcements.

Mr. Strainer stated that he was also going to miss working with Chairman Stec and said he had enjoyed having him serve as Chairman of the Board. He commented that he was proud of the way that Chairman Stec had worked and campaigned his way to the State Assembly, as any public official should, and he said he felt Chairman Stec would do an excellent job in his Assembly position.

Chairman Stec announced that Kate Hogan, District Attorney, had left a small gift for each Supervisor outside of the Board Room.

Mr. Geraghty wished everyone a Merry Christmas and said that he and Mr. Thomas had a gift they wished to present to Chairman Stec on behalf of the Board of Supervisors. Mr. Geraghty said it had been a pleasure to work with Chairman Stec over the past seven years and watch as he learned the art of compromise. Mr. Thomas advised it had been a privilege to serve the Board of Supervisors with Chairman Stec, during which time they had developed a friendship. He thanked Chairman Stec for his service to Warren County and said he would miss his leadership, and laughingly, his brevity. Messrs. Geraghty and Thomas wished Chairman Stec luck in his future endeavors and presented him with a clock engraved with his name and dates of service to Warren County. A round of applause was given.

Mr. Geraghty invited everyone to congregate for cake and coffee in the Supervisor's Kitchen directly following the meeting.

Mr. Loeb wished everyone a Merry Christmas and a Happy New Year.

There being no further business to discuss, Chairman Stec adjourned the meeting at 12:02 p.m.
