INDEPENDENT AUDITORS' REPORT

The Board of Directors
Warren County Local Development Corporation:

We have audited the accompanying financial statements of Warren County Local Development Corporation (the Corporation) (a nonprofit organization), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities and cash flows for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Warren County Local Development Corporation as of December 31, 2020 and 2019 and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

As discussed in note 7 to the financial statements, the Corporation restated its December 31, 2019 financial statements to correct a misunderstanding of support fee revenue from Warren County. Our opinion is not modified with respect to this matter.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 30, 2021, on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

WARREN COUNTY LOCAL DEVELOPMENT CORPORATION

(A Component Unit of Warren County)

Notes to Financial Statements

December 31, 2020 and 2019

(1) Summary of Significant Accounting Policies

(a) Nature of Activities

The Warren County Local Development Corporation (the Corporation) was incorporated in 1986 under the Not-for-Profit Law of the State of New York for the purpose of relieving and reducing unemployment by promoting and providing job opportunities for low to moderate income residents of Warren County. This is accomplished through the Corporation's community development and housing programs as follows:

Community Economic Development - Administration and management of small business lending programs, economic development loans, and economic development grant programs that benefit low and moderate income persons. This is accomplished through grants and loans made to qualifying employers.

Housing - Administration and management of grants to eligible homeowners who need funds to make health and safety related repairs to their homes.

Warren County contracts with the Corporation to administer a revolving loan program funded by the repayments of low interest loans issued by the Warren County Community Development Program. The County Board of Supervisors assigned all loans to the Corporation for no consideration. The Corporation is a component unit of Warren County and is included as such in the County's financial statements.

(b) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(c) Basis of Presentation

The Corporation reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. Net assets without donor restrictions represents resources available for the general support of the Corporation's activities. Net assets with donor restrictions are those whose use has been limited by donor-imposed stipulations and either expire by passage of time or can be fulfilled by actions of the Corporation. The Corporation had only net assets without donor restrictions in 2020 and 2019.

(d) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

WARREN COUNTY LOCAL DEVELOPMENT CORPORATION

(A Component Unit of Warren County)

Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Cash and Equivalents

For purposes of the statements of cash flows, the Corporation considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash and equivalents.

(f) Revenue Recognition

The Corporation's primary sources of revenue are from interest payments received on loans issued by the Corporation through its Micro-Enterprise Loan Program and from grants administered by New York State and the U.S. Department of Housing and Urban Development. Revenue is recognized when earned.

(g) Loans Receivable

Loans receivable are stated at the amount management expects to collect from outstanding balances. Management provides for uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual loans. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance.

(h) Expense Allocation

The costs of providing programs and other activities have been adequately detailed in the statements of activities. Allocation of management and general expenses between program and supporting services is not considered significant to the operations of the Corporation, therefore, no such allocation has been made.

(i) Contributed Services

During the years ended December 31, 2020 and 2019, the value of contributed services meeting the requirements for recognition in the financial statements was not material and has not been recorded. However, many individuals volunteer their time and perform a variety of tasks that assist the Corporation.

(j) Subsequent Events

The Corporation has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

The United States is presently in the midst of a national health emergency related to the COVID-19 virus. The overall consequences of the COVID-19 virus on a national, regional and local level are unknown, but has the potential to result in a significant economic impact. The impact of this situation on the Corporation and its future results and financial position is not presently determinable.

(k) Income Taxes

The Corporation is exempt from income taxes under Section 501(c)(4) of the Internal Revenue Code. As a result, no provision for income taxes is reflected in the accompanying financial statements. The Corporation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

WARREN COUNTY LOCAL DEVELOPMENT CORPORATION

(A Component Unit of Warren County)

Notes to Financial Statements, Continued

(2) Liquidity

The Corporation has approximately \$1,022,125 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures, consisting of \$492,963 of cash - operations, \$512,495 of investments in a certificate of deposit and \$16,667 of accounts receivables at December 31, 2020. None of these financial assets are subject to donor or contractual restrictions that make them unavailable for general expenditure within one year of the 2020 statement of financial position.

(3) Concentration of Credit Risk

Financial instruments which potentially expose the Corporation to concentrations of credit risk consist primarily of loans receivable. Management considers the loans, net of allowances, to be fully collectible.

The Corporation had funds on deposit at two banks totaling \$492,963 and \$629,834 at December 31, 2020 and 2019, respectively. These deposits were fully secured by Federal Deposit Insurance Corporation insurance and letters of credit at December 31, 2020.

The Corporation invested idle cash in a certificate of deposit which matured February 12, 2021, recorded at \$510,286 plus accrued interest at a variable rate of \$2,209 as of December 31, 2020, which was secured with a letter of credit.

(4) Fair Value Measurements

A framework has been established for measuring fair value of its loans receivable. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Corporation has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

WARREN COUNTY LOCAL DEVELOPMENT CORPORATION
(A Component Unit of Warren County)
Notes to Financial Statements, Continued

(4) Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Corporation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Loans Receivable

The Corporation maintains a revolving loan program. The loans, which are considered to be level 3 assets as described in note 4, have varying interest rates ranging from 3% to 6% and have repayment terms ranging from 3 to 15 years. The loans are collateralized by a priority security interest in any equipment, machinery, furnishings or fixtures refinanced or purchased from loan proceeds. An allowance for doubtful accounts of \$182,558 has been established as of December 31, 2020 and 2019.

The table below sets forth a summary of changes in the fair value of the Corporation's Level 3 assets for the years ended December 31, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Balance at beginning of year	\$ 729,403	996,277
Add loans issued	180,013	-
Less amounts repaid	<u>(38,150)</u>	<u>(266,874)</u>
Balance at end of year	871,266	729,403
Less current portion	<u>(158,090)</u>	<u>(117,950)</u>
Loans receivable, net of current portion	\$ <u>713,176</u>	<u>611,453</u>

WARREN COUNTY LOCAL DEVELOPMENT CORPORATION
(A Component Unit of Warren County)
Notes to Financial Statements, Continued

(5) Loans Receivable, Continued

Expected repayments on the loans receivable at December 31, 2020 are as follows:

2021		\$ 158,090
2022		116,918
2023		112,418
2024		91,374
2025		42,505
Thereafter		<u>349,961</u>
Total		\$ <u>871,266</u>

(6) Related Party Transactions

An agreement between the Corporation and Warren County requires the County to pay a support fee for services rendered in administrating the development grants of the County. The support fee revenue amounted to \$50,000 for the year ended December 31, 2020. No payment was made in 2019.

The Corporation contracts for administrative and management services with Economic Development Corporation (EDC) Warren County at a cost of \$50,000 per year. These costs are included in expenses - administrative on the statements of activities.

(7) Restatement of 2019

The Corporation recorded anticipated revenue from the County of \$50,000 which needed to be reversed under the actual circumstances. Adjustments to the 2019 financial statements were required in order to properly state the financial position of the Corporation. A summary of the restatement is as follows:

	As previously stated	<u>Adjustments</u>	<u>Restated amounts</u>
Accounts receivable	\$ <u>50,000</u>	(50,000)	<u>-</u>
Net assets	\$ <u>1,736,695</u>	(50,000)	<u>1,686,965</u>
Warren County support fee	\$ <u>50,000</u>	(50,000)	<u>-</u>

WARREN COUNTY LOCAL DEVELOPMENT CORPORATION

(A Component Unit of Warren County)

Notes to Schedule of Expenditures of Federal Awards

December 31, 2020

(1) General

The schedule of expenditures of federal awards presents the activity of all federal financial assistance programs of Warren County Local Development Corporation. The Corporation's reporting entity is defined in the notes to the financial statements. All federal financial assistance received directly from federal agencies, as well as federal assistance passed through from other government agencies is included in the schedule. At December 31, 2020, the amount reported as federal expenditures represents the amount of loans receivable financed by the Community Development Block Grant Program (CDBG) and usage of program income received in 2020.

(2) Basis of Accounting

The schedule of expenditures of federal awards is presented using the accrual basis of accounting as described in the notes to the financial statements.

(3) Subrecipients

The Corporation did not provide federal awards to any subrecipients.

(4) Loan Programs

The Corporation has included \$909,416 in loans funded with CDBG funds in the schedule of expenditures of federal awards.

Loan activity:

Balance at beginning of year	\$ 729,403
New loans issued	180,013
Less amounts repaid	<u>(38,150)</u>
Balance at end of year	\$ <u>871,266</u>

(5) Indirect Costs

Indirect costs are included in the reported expenditures to the extent such costs are included in the federal reports used as the source for the data presented. The Corporation does not use the 10% de minimis selection.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Board of Directors
Warren County Local Development Corporation:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Warren County Local Development Corporation (the Corporation) (a non-profit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to financial statements, and have issued our report thereon dated March 30, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Corporation's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

EFPR Group, CPAs, PLLC

Williamsville, New York
March 30, 2021

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

The Board of Directors
Warren County Local Development Corporation:

Report on Compliance for the Major Federal Program

We have audited Warren County Local Development Corporation's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on Warren County Local Development Corporation's major federal program for the year ended December 31, 2020. Warren County Local Development Corporation's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for Warren County Local Development Corporation's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Warren County Local Development Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Warren County Local Development Corporation's compliance.

Opinion on Each Major Federal Program

In our opinion, Warren County Local Development Corporation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of the Warren County Local Development Corporation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Warren County Local Development Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Warren County Local Development Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
